1. In view FAN 601 and FAN 608, it is thought desirable to report the present status of plans for the future of AFHQ and its associated headquarters. (This is REF 1075).

2. GMA, CMF, is being activated effective 1 October 1945 to conduct purely British Army matters in this theatre. United States matters will continue to be handled by HQ MTCUSA. AFHQ as such will then become a comparatively small integrated HQ whose activities will be restricted to essentially Allied matters.

3. HQ MTCUSA will be dissolved about 1 December 1945. Subject any directions that you or the US Joint Chiefs of Staff may give as a result of the review of the appointment Supreme Allied Commander foreshadowed in FAN 608, it is understood that a detachment of U.S. personnel under the administrative control USFET will then be provided to play their part in the remaining Allied activities in ITALY.

4. Meanwhile the British Naval Headquarters of C in C MEB is already in the process of moving to MALTA and HQ RAF MEXEM will have completed its move to MIDEAST by the end of October, leaving a small subordinate air headquarters in ITALY. GMA, CMF, will also decrease in size as British commitments in ITALY are reduced.

5. Location in ROME of the military headquarters responsible for ITALY would have substantial military advantages and would facilitate closer contact with ALLIED

COMMISSION and its sub commissions and with British and United States Ambassadors. Up till now however practical difficulties moving and accommodating headquarters so large as AFHQ has prevented such a step.

6. After dissolution of AFHQ these difficulties will no longer be serious. It is estimated location headquarters in ROME would then involve at the most the move of the following approximate numbers of personnel:

AFHQ British personnel 150 all ranks AFHQ U.S. personnel 100 all ranks GCHQ, CIP, and associated units (additional British personnel 4500 all ranks air HQ RAF ITALY 750 all ranks.

7. My U.S. and British political advisers have pointed out that move to ROME raises political issues which State Department and Foreign Office will represent to you. I do not however consider these factors override military advantage which I have referred to above. Moreover in the event of reduction function of the ALLIED COMMISSION location Allied military headquarters in ROME would be all the more desirable in order contact would be made with the Italian Government through the appropriate channels.

8. It is therefore intended that unless you issue instructions to the contrary headquarters listed in paragraph 6 above should after dissolution HQ AFHQ move to ROME.
