Hq. MTCUSA Adm Memo Number 1 (cont'd).

2. It will be noted that the above revisions change the routing of Shipping Tickets covering Lend-Lease Transfers from the Special Staff Sections MTCUSA to the Special Staff Sections P.B.S. where the Report of Lend-Lease Transfers, Form No. DDA7B will be prepared and forwarded to the Office of the Fiscal Director MTCUSA.

3. Special attention is directed to the procedure prescribed in War Department Memo 35-45 dated 22 October 1945 transmitted as attachment to MTCUSA letter AG 400.3295/424 LIB-0 dated 31 October 1945 which specifies the preparation of two series of Forms DDA7B, Report of Lend-Lease Transfers, for each reporting period. The first series will reflect transfers accomplished prior to 2 September 1945 while the second series will reflect transfers accomplished on or subsequent to 2 September 1945. The effective cut off date for Lend-Lease is definitely interpreted to be 0001 hours, 2 September 1945.

4. The second series of Forms DDA7B referred to in paragraph 3 above are further divided into four sections as described in War Department Memo 35-45 dated 8 November 1945. The headings of the respective sections will be as follows:

- Section 1. Material Transferred Under Authority of Presidential Policy Applicable to "Hardship" Cases.
- Section 2. Material Transferred for the Purpose of Maintaining Lend-Lease Equipment.
- Section 3. Material Previously Programmed and Subsequently Transferred in Accordance with Current Agreement Between United States and Recipient Foreign Government.
- Section 4. Material Transferred Under "Q" Requisitions.

5. Present procedure prescribes the preparation of Forms DDA7B on a cumulative basis. Because of the transfer of the preparation of this report from MTCUSA to P.B.S. it may not be possible for all the Services of P.B.S. to prepare DDA7B on a cumulative basis. In such event the Services of P.B.S. may prepare Forms DDA7B on a non-cumulative basis. The first reports to be submitted will be for the bi-monthly period of November and December 1945, which are due in the Office of the Fiscal Director MTCUSA, APO 512, on or before the 15 January 1946.

6. In order to recover the cost of intra-theater transportation of materials and equipment transferred under the terms of lend-lease or transferred on a cash reimbursable basis subsequent to the termination of lend-lease it will be necessary to add three and four tenths percent (3.4%) to the cost of all materials transferred. This increase plus the increase of twenty-five percent (25%) added to cover transportation costs to the theater amounts to a total increase of twenty-eight and four tenths percent (28.4%) which is to be added to the cost of all material transferred. The Office of the Fiscal Director MTCUSA has added the percentages stated above to the cost of all material transfers reported up to and including the 31 October 1945. The various Services of P.B.S. are requested to add the same percentage increase to all transfers of material and equipment transfers

II - LOCAL RESOURCES IN ITALY, MAINLAND AND ISLANDS

1. The following instructions are hereby rescinded:
 - Section III, AFHQ Administrative Memorandum No. 42, 1944
 - Section III, AFHQ Administrative Memorandum No. 46, 1944
 - AFHQ Administrative Memorandum No. 52, 1944

2. Consequent upon the termination of the activities of the Allied Force Local Resources (Italian) Board the procedures outlined herein will be adopted in obtaining local commodities within Italian territory.
3. The following definitions as applied to commodities/materials required by the procurement services and agencies of the Allied Forces will be adopted in all communications regarding local resources.
 - a. Controlled Items are those items which are not available to the civilian population until the Allied Forces needs have been satisfied.
 - b. Restricted Items are those which can only be procured by the Allied Forces after the essential needs of the civilian population have been met.

Schedules of controlled and restricted items are attached to Appendix "A". 1808

RESTRICTED

RESTRICTED

AFHQ Adm Memo # 54 (cont'd).

4. Procedure

Any known stocks of controlled items will be made available by the appropriate Ministry of the Italian Government to meet the needs of US/Br Military Services.

Procuring agencies desirous of obtaining supplies of restricted items in any portion of Italy except VENEZIA GIULIA will approach the appropriate Ministry of the Italian Government to ascertain whether surpluses exist above essential civilian needs. If in the opinion of the Italian Authorities there are no surpluses no purchase will be made without prior reference to the CAO's Office as set forth in paragraph 3, Section I. In VENEZIA GIULIA, all transactions relative to the procurement of local resources will be handled by the military procuring agencies directly with the proper AMG representatives in that area. Detailed procedure in respect of locally produced foodstuffs is given in paragraph 5 below.

5. Allocation of Locally Produced Foodstuffs

a. In principle, locally produced foods which are readily stored or transportable, and for which transportation can be secured, will not be made available for allocation to the Allied Forces. Specifically, the following are not so available:

Dried Vegetables
Dried Fruits

b. Priorities and Procedure

(1) Hospital Requirements. The certified minimum requirements for hospitals for patients only, both British and American, will be met, and nothing in this instruction is to be read as limiting the necessary minimum supply of locally produced products to hospitals.

(2) Ship's Crews, Italian Armed Forces and Midshift Meal Requirements.

The requirements of foodstuffs for:

(a) The victualling of the Allied Navies which are operating from Italian ports and are unable to obtain their requirements elsewhere.

(b) The provision of the locally produced element of the mid-shift meal for Italian civilian employees of the Allied Forces, will be made available as a second priority after meeting the needs of hospitals (see sub-paragraph (1) above). S & T, GHQ GEF, and QI, PBS, (both incorporating the needs of such other Allied services as they supply) will notify the Ministero Alimentazione of the Italian Government by the 10th of each month of their intended purchase during the following month of foodstuffs to meet the priority requirements as authorized in sub-paragraphs (1) and (2) above, stating quantities and areas of requirement.

RESTRICTED

AFHQ Adm Memo # 54 (cont'd).

- (3) Normal Maintenance. The Ministero Alimentazione will forward to S & T, GHQ CMP, and QM, PBS, by the 20th of each month a declaration of the anticipated surpluses of foodstuffs above the essential needs of the civilian population, after deduction of the amounts notified in sub-paragraphs (1) and (2) above. The Ministero Alimentazione will not withhold from declared surpluses any commodities for use outside the area in which they are produced unless it has been established that they can be delivered in good condition in the areas in which they are required. Such surpluses may be purchased by Allied procuring agencies to meet the normal maintenance requirements of the Allied Forces. Allied Naval shore personnel, MWT and WSA vessels, and Allied Naval ships which can obtain their requirements elsewhere, will be considered in the same priority as the Allied Armies. S&T, GHQ CMP, and QM, PBS, will agree the proportions which each will obtain, taking into account the needs of other consumers (i.e. RM, USN, EPI, etc.) and will notify the Ministero Alimentazione of the allocations so made. Any case of dispute on allocations will be submitted to the office of the CAO, AFHQ for settlement.

c. Spot Surpluses

Surpluses additional to the declared anticipated surpluses referred to in paragraph a(3) above may arise in some localities. These will be known as "spot" surpluses. SPERAL'S (Sezione Provinciale Alimentazione) in Italian Government Territory and the Regional Supply Officers in AMG/AC Territory are responsible for ascertaining whether spot surpluses are required or not for civilian consumption in other areas and can be moved. If they are not required or cannot be moved, Allied Purchasing Agencies may procure such surpluses without reference to the Ministero Alimentazione.

d. Exchanges

When the surplus of green or root vegetables above civilian needs is inadequate to meet Allied Force requirements, Allied Services may offer the equivalent food value of preserved vegetables to the Ministero Alimentazione in substitution for such green and root vegetables as they require to be made available.

6. Italian Government Controlled Materials

The Italian Government is exercising a control over certain materials which do not necessarily appear on the "Controlled" or "Restricted" list of AFHQ.

A list of all materials controlled by the Italian Government is given at Appendix "B".

It is not the intention that the control by the Italian Government of the items enumerated shall in any way prevent duly authorized agents of the Allied Forces from obtaining supplies as required.

To assist the Italian Government in its task and to avoid delay, all purchasing orders or similar documents of authority issued by Services in respect of any of the items listed at Appendix "B" must be endorsed prior to presentation to the person or firm holding the item concerned, by the Italian Provincial Offices of Industry and Commerce (Uffici Provinciali dell'Industria e Commercio).

RESTRICTED

7. Italian Civil Import Programme

No items which are included in the Italian Import Programme or articles manufactured from items included in the Import Programme will be procured without prior reference to the CAO as set forth in paragraph 3, Section I.

III- ELECTRIC POWER

1. The control of electric power in Central and Southern Italy will be returned to the Italian Government by 30 November 1945 subject to priority of military requirements.

2. Interested sections of this headquarters, when necessary, initially will deal directly with the proper agency of the Italian Government on controversial matters relating to electric power. These sections may, if deemed necessary, convene such committees as may be desired to consider electric power matters. Matters having Allied implications will be submitted, for final action, to the Office of the CAO which will be responsible for the necessary Allied and/or Italian coordination.

3. The following HQs and Services will be represented on any central committee which may be established by the Italian Government to coordinate the distribution and utilization of electric power:

PBS (representing both PBS and MROUSA)
HQ AFHQ Corps
HQ 3 District
HQ 2 District
HQ Rome Area Allied Command
HQ Allied Commission
Director of Works GHQ CMF
Director of Military Railway Service

IV - INDUSTRIAL COORDINATION

1. Controversial matters formerly handled by the Industrial Coordination Committee of AFHQ Board will be referred, for final action, through the G-5 Section to the Office of the CAO which will be responsible for the necessary Allied and/or Italian coordination.

2. To effect the procedure outlined in paragraph 1 immediately above, subparagraphs c, d and e of paragraph 4 of AFHQ Administrative Memorandum Number 14, 1945 are rescinded, and the following substituted therefor:

"c. Allied Commission then may submit the matter, for final action, to the Office of the CAO which will be responsible for the necessary Allied and/or Italian coordination."

3. AFHQ Administrative Memorandum Number 14, 1945 is amended as follows:

So much of paragraph 2, as reads, "Section III AFHQ Administrative Memorandum Number 14, 1945," is amended to read, "Section III of AFHQ Administrative Memorandum Number 54, 1945".

V -- ALLIED FORCE LOCAL RESOURCES SECTION

1. The Allied Force Local Resources Section will be inactivated by 31 December 1945.
2. Upon inactivation of AFLRS, Section II of AFHQ Administrative Memorandum Number 28, 1945 is rescinded.
3. Matters formerly referred to the AFLRS will be taken up initially with that section of AFHQ, GHQ CNF or MIOUSA having primary interest therein. Accommodation for Italian Armed Forces I
Conditions of Employment, Wage Scales, Bonuses and Allowances, for civilians
employed by the Allied Forces in Italy, Sicily and Sardinia II

I -- ACCOMMODATION FOR ITALIAN ARMED FORCES

1. The bulk of the Italian Army is shortly to be returned to the control of the Italian Government, when it will become responsible for the preservation of law and order over the mainland of ITALY (with certain exceptions) and the islands of SICILY and SARDINIA. In these circumstances it is logical that the Italian War Ministry should be able to locate Italian units from an operational point of view.

2. a. Formation, District, and US major commands will therefore insure that Italian Commanders are given assistance in finding suitable accommodation in the areas required for their troops.

b. Urgent consideration will also be given to releasing to the Italian authorities barracks and other Italian military accommodation which may be in Allied occupation.

c. TRANSFER OF WAR CORRESPONDENTS TO CIVILIAN STATUS

1. Effective 1 November 1945, the following procedures will be followed with respect to accredited political and war correspondents in CEF exclusive of AUSTRIA.

3. Cessation of military responsibilities - The military will no longer be responsible for providing facilities to correspondents. However, facilities may be made available to correspondents at the discretion of the Military Commander in situations indicated in subparagraphs a to c below:

b. Correspondents will normally use civil signals communications channels but where this is impracticable the military may provide such facilities free as may be required from time to time. In view, however, of the inevitable curtailment of signal facilities in the theater, such requests must be kept to an absolute minimum.

4. WD Vehicles

a. WD vehicles held on charge by British war correspondents will be returned to Ordnance Returned Vehicle Parks unless correspondents wish to retain any presently held by them in which case application should be made through Public Relations Office to GHQ, CEF for permission to acquire them on repayment terms.

b. US Army vehicles loaned to US correspondents will be withdrawn by Ordnance or by the agency loaning the vehicle in question.

5. Officers Shop - British Officers Shop facilities will not be available to war correspondents after 31 October 1945. Ration cards now held may be used until expiration date but renewals will not be issued.

Use of German POW and Surrendered Personnel 1
Joint Disposal Committee 11

I--- USE OF GERMAN POW AND SURRENDERED PERSONNEL

1. It is the policy of this headquarters to make full use of German POW and Surrendered Personnel. At the same time, due consideration of the effect of such labor on Italian labor and economy will be given, provided it does not impede the progress of the redeployment program. To insure uniformity of procedure and policy the following will govern:

a. Presently hired civilians will not normally be discharged in order to permit replacement by POW/SP. This is not intended to prevent replacement with POW/SP in the case of employees who are discharged for cause or who leave employment voluntarily.

b. Italian Cooperator Service Units will be replaced by POW/SP labor, except that the loss of skilled, key personnel caused by the withdrawal or demobilization of Italian Cooperator Service Units may, in so far as is practicable, be avoided by the hiring of such individuals as civilian employees.

c. Where an Italian business, factory or facility is presently operating or may in the future be operated by or for the Allies the civilian employees of such concern will not in general be replaced by POW/SP. Augmentation of labor may be by civilian labor or POW/SP as considered preferable.

d. POW/SP's and civilian labor will not be intermingled in work gangs. POW/SP work gangs may, however, work on the same job with civilian laborers provided it is practicable to avoid close contact. Individual POW/SP's may work on administrative and clerical duties in offices provided avoidance of close contact with civilian employees is practicable.

e. On new projects, such as depots and rest areas, the use of POW/SP will be the general rule. Consideration will be given to the local civilian unemployment situation in all such cases. If such situation is acute, civilian labor should where practicable be employed at least on a supplementary basis, but the mere availability of local labor imposes no urgent obligation to hire.

2. When specific questions arise which are not covered by these instructions, the following generalities will be given consideration. Italian civilian labor has been of great assistance to the Allies. Faithful workers should not suffer by the introduction of free labor. The Allies are definitely concerned that there shall be no wide spread disturbances because of Italian unemployment. The adoption of a fair employment policy, and consideration of the right of the individual will do much not only to inculcate a receptive attitude toward Allied democratic institutions but also to introduce such policies into Italian labor relations.

4. Rates of Pay

a. Allied Forces Basic Wage Scale - Employees throughout Italy, Sicily and Sardinia will be paid a basic wage below or within the rates set forth in the schedules attached as Appendices "A", "B", "C", "D", "E", "F" and "G", which shall be designated the "Allied Forces Basic Wage Scale" and become effective from the date of issue of this memorandum.

b. Monthly Rates of Pay - For the purpose of calculating payment for periods of less than one month, monthly rates of pay are related to an average of 26 working days per month at 8 hours per day; 30 days per month at 12 hours per day in case of hotel, mess and club employees.

c. Procedure in respect of New Grades - Provisional rates for grades not listed may be established by appropriate Labor Officers in conjunction with AC/ANG. They will confirm in writing to AFLRS and notify the Chairman of the Local Sub-Committee of Labor and Wages Control Committee (AFLR (Italian) Board) concerned the classification and provisional rate of pay fixed. Application will then be made through normal channels to the Allied Force Local Resources (Italian) Board for approval.

d. Pay on Engagement - Italy, Sicily and Sardinia

(1) All labor will be engaged at or below the minimum rate of pay laid down in Appendices "A", "B", "C", "D", "E", "F" and "G" and will be paid at this rate for at least seven (7) days. During this period they will be trade tested and thereafter receive a rate of pay commensurate with their skill and ability below or within the limits set out in Appendices "A", "B", "C", "D", "E", "F" and "G", due regard being given to the local prevailing rates for similar work in industry.

(2) All labor which has been employed previously by the Allied Forces may, at the discretion of the employing service, be reengaged at the same rate of pay on production of a certificate from the previous employing unit stating reasons for discharge and the latest rate of pay in issue.

e. Pay for Night Shifts - The daily basic rate of all persons employed on night shift may be increased by 10 lire. This applies only to workers engaged on a night shift, and not to those working through the day shift into the night. Overtime for such workers will be paid at one and one half times the increased base rate.

f. Differential between Male and Female Employees - The scale and rates of pay for female employees will be 15% less than the comparable rates and scales for male employees except where separate female classifications are listed.

5. Hours of Work and Overtime

a. Hours of Work per Day - All employees will be expected to work a minimum of eight (8) hours per day or forty-eight (48) hours per week, exclusive of meal times or time required to travel to and from the place of employment.

b. Days of Work per Week - They will normally be expected to work a minimum of six (6) consecutive days per week.

RESTRICTED

AFHQ Adm Memo #34 (cont'd)

c. Overtime - Overtime may be paid at the rate of time-and-one-half for all completed hours worked over forty-eight (48) in any normal pay week and for those whose employment commenced or terminated within any normal pay week for each completed hour in excess of an average of eight (8) hours per day. Excepted from these conditions are those employees specifically designated in the Appendices as being ineligible for overtime pay. Overtime rates may also be paid in any locality for the seventh consecutive day of working, whether Sunday or a week-day. Overtime should be discouraged in the interests of efficiency and the employment of surplus labor.

6. Cost-of-Living Bonus

a. AFHQ Administrative Memorandum Number 62, 1944, as amended by AFHQ Administrative Memorandum Number 18, 1945, is superseded by the following, effective with the commencement of the first pay period subsequent to the date of issue of this memorandum.

b. The following provisions are applicable to Southern Italy, Sicily and Sardinia only, at the discretion of District, Base Section or equivalent commanders for the territory under their control.

(1) Italian civilians directly employed by the Allied Forces may be paid, in addition to the amounts established in paragraph 4 above, all or part of a cost-of-living bonus as set forth in Appendix "H" hereto.

(2) The maximum permissible bonus which may be paid is determined by the basic wage applicable to the individual. For this purpose, the basic wage is the remuneration due to an individual upon completion of eight (8) hours work if paid on a daily basis; 26 days work if paid on a monthly basis; or 30 days work in the case of Hotel, Mess and Club employees. The cost-of-living bonus is not part of the basic wage and will be excluded, for example, from the computations and adjustments for overtime pay and female differential.

(3) In the case of an employee who does not work a full pay period, the proportion of the bonus which may be paid is to correspond with the proportion of basic wages, excluding overtime, earned during that period.

c. In Northern Italy no bonus is authorized for payment with the exception of that authorized:

(1) Under sub-paragraph d below:

(2) By Local Sub-Committees established in accordance with AFHQ Administrative Memorandum Number 25, 1945, and subsequent amendments, application of which is hereby extended to Northern Italy, with the proviso that for Northern Italy the powers of Local Sub-Committees as defined in paragraph 6, AFHQ Administrative Memorandum Number 25, 1945, shall be limited to granting so much as may be necessary of a cost-of-living bonus as set forth in Appendix "H" hereto.

d. Essential key personnel who have been previously employed in Southern Italy, Sicily and/or Sardinia, and who have been trained for a specific job may continue to receive their present rates of pay, including bonuses.

Annual leave with pay will be granted to employees whose service has been satisfactory, and if the exigencies of the service permit. Annual leave with pay is not a basic right and cannot be allowed except in the above circumstances. No extra expense to the military unit or installation for the employment of a substitute will be allowed. In no circumstances will pay in lieu of leave be given.

This only applies to Hotels which are taken over and where the management is responsible for the entire administration and supply of labor, and not to Hotels, Messes and Clubs which are requisitioned and direct labor employed by the Armed Forces.
3. The rates for Hotel Grades will apply to the whole of Italy and no increase is therefore payable in respect of Rome Province.
4. These rates represent reasonable rates which should be used as the basis of remuneration in all classes of Hotels. The scales for the various grades are sufficiently wide to allow for differentiation between different classes of Hotels without any separate deduction. Should the grading of hotels in any particular area be necessary for special local reasons it should be arranged at the discretion of the local area Commander within the limits of remuneration laid down.

POWERS AND RIGHTS OF ALLIED FORCES IN ITALIAN GOVERNMENT TERRITORY

AFHQ Administrative Memorandum Number 57, 1944, is rescinded and the following substituted therefor:

1. General

a. It is the policy of the Allied Governments, as military exigencies permit and as the Italian Government is able to take on the responsibility, to hand back to its jurisdiction and administration territory formerly subject to Allied Military Government. In such territory Allied Military Government ceases on the hand-over and the Italian Government assumes jurisdiction and administration.

b. In handing back territory to the Italian Government, certain rights are reserved to the Allied Forces by agreement with the Italian Government. It is necessary that Allied troops in these areas should be aware of the most important of these rights and the manner in which they are to be exercised.

c. For the purposes mentioned herein the territory which may from time to time be included in that handed back to the Italian Government is termed Italian Government Territory. At the present time such territory comprises the Islands of Sicily and Sardinia and all provinces on the mainland south of the northern boundaries of the provinces of Viterbo, Rieti and Teramo with the exception of the comune of Naples which is still under Allied Military Government.

2. Requisitioning - The Allied Forces have retained the power to requisition private and public property and services in Italian Government territory but it is emphasized that this must be exercised sparingly and only for reasons of genuine military necessity. This will be exercised through the Italian authorities. The usual formalities of requisitioning will be followed.

3. Process in Italian Courts - No members of the Allied Forces, Allied followers of such forces, or British or US Merchant Seamen will be subject to jurisdiction of Italian Courts.

4. Crimes against Allied Forces

a. In Italian Government territory crimes committed by Italian nationals, will normally be tried under Italian Law and in Italian courts.

b. The Allied Forces however, have reserved to themselves the right to hold Allied Military Courts in Italian Government Territory for the trial of Italian nationals who commit acts seriously hostile to the Allied Forces such as cases of espionage or sabotage and to punish them in accordance with the Italian penal code. The reservation of this right is not intended however to encourage the trial of Italian offenders by Allied Military Courts but is to enable them to deal with the most serious offences against Allied personnel or property which cannot effectively be dealt with by Italian Courts.

R E S T R I C T E D

AFHQ Administrative Memo #31 (Cont'd)

c. The procedure to be followed, if it is desired that an offense should be tried by an Allied Military Court, will be for the military authorities to give a full statement of the facts to Headquarters Allied Commission with a request that an Allied Military Government Court be convened to hear the charges. It will be the responsibility of Allied Commission to frame the charges and constitute the Court. It is emphasized that only in the most exceptional circumstances such as mentioned in paragraph (b) will any case in Italian Government Territory be referred to Allied Military Courts and then only on order of Allied Commission.

d. There is reserved to the Allied Forces the power to arrest any persons who are believed to have committed offences against Allied personnel or property. High ranking Italian officials and officers of the Italian Armed Forces should, however, only be arrested in collaboration with the appropriate Italian official (e.g. the Prefect or the Commanding Officer of the officer concerned).

e. Apart from cases mentioned in this paragraph and in paragraph 7 the Allied Forces have no power of arrest in Italian Government Territory.

5. Military Zones

a. The right is reserved by the Supreme Allied Commander, Mediterranean Theater to declare specific areas of Italian Government Territory to be Military Zones. By the issue of such a declaration, the exercise of the powers of Military Government in the Zone in question is assumed by the Supreme Allied Commander, Mediterranean Theater. Should the situation in any area become such as to convince the District Commander that the establishment of Zones is necessary, he should, after consulting the Headquarters Allied Commission where possible, report accordingly to this headquarters, giving full reasons to justify his view.

b. The right is also reserved by the Supreme Allied Commander to have made available to the Allied Forces such facilities, utilities and installations as may be required by him or his agents for such dispositions, use or operation as may be determined.

6. Use of troops in aid of the Civil Power

In the event that the local Italian authorities ask for the assistance of Allied troops in quelling civil disturbances, the local commander will point out that the quelling of civilian riots or disturbances is a matter for the Italian authorities and he will refuse such assistance, unless he is of the opinion that it is necessary for the protection of Allied military interests. Furthermore, before rendering such assistance, the local commander will warn the local official requesting his assistance that the territory in question will be liable to be made forthwith an Allied Military Zone. If time permits, the local commander will consult his superior commander before giving assistance. In any event, if the decision is made to grant the assistance required, the first troops to be used will be such Italian troops as may be under command of District/Case Section Commanders. Allied Commanders will inform their superior Commander without delay of any requests made to them and of the action taken thereon.

7. Military and Civilian Internees - The Allied Forces may continue to hold

or require the Italian Government to hold in custody military or civilian internees in Italian Government territory. If the Allied Forces require to arrest any person for security or similar reasons such arrest should be carried out in collaboration with Italian officials unless, in any particular case, it is thought that a request to the Italian police to arrest a suspect would be ineffective. In all such cases Allied Force Headquarters will be notified as soon as possible after the arrest has taken place, and an information copy of such notification will be forwarded to Headquarters, Allied Commission.

8. Allied Commission Liaison Officers - Details of the disposition and functions of Headquarters Allied Commission Liaison Officers stationed in Italian Government Territory together with information for the use of Commanders concerning the Italian civil organization and the Italian officials who should be approached by them in their dealings with the Italians has been issued separately by AFHQ letter file AG 091.1/081 GEC-0, dated 29 March, 1945, subject: "Withdrawal of Allied Commission Personnel from Italian Government Territory".
