DETAILED REPORT OF INSPECTION:

The ratings given are as follows:

<u>ORGANIZATION</u>	<u>OFFICE SET-UP</u>	<u>SUPERVISION</u>	<u>CONDITION OF SERVICE RECORDS</u>
Co "C" 2675th Reg't AGO	Excellent	Excellent	Excellent

REMARKS:

There were 121 Service Records on hand at time of inspection. The "turn over" of enlisted men is greater than in most organizations, some Records being in the clerks possession for only two weeks. In spite of this all Service Records have had attention and correction at this headquarters and are very neatly kept. About 40 Records will require correspondence to be able to make proper indorsement of transfer of soldier from last organization to present organization. This action is being initiated. "Occupational Qualification" need amplification and dates of Campaigns were omitted from Remarks administrative.

SUBJECT: Office Arrangements: Sunday

TO : Headquarters Allied Commission.

1. I propose, subject to your concurrence, to change the method of staffing this office on Sunday.

2. The present plan is that the office is fully staffed on Sunday, and that officers and other members of the staff take, in rotation, one day off a week.

3. Experience has proved that, in the circumstances, which now obtain in Southern Region, the amount of the work which can be done on Sunday is limited. Italian governmental offices are, for the most part, closed on that day. On the other hand, it is inconvenient to have senior officers absent on odd days during the week.

4. As from tomorrow, Monday, Southern Region will work a normal week of six eight hour working days. On Sunday, the office will be staffed by a duty officer, clerk, and skeleton staff in the message center. In addition, the Regional Commissioner, or Executive Officer, or in the absence of both these, a nominated senior officer not below the rank of Lt. Colonel, will be at half hours call, in order to deal with any important matters of policy which may arise.

5. Should your find, by experience, that this new procedure gives you inefficient service, I shall immediately revert to the present practice.

c. The Communications Sub-Commission in Rome is an independent Sub-Commission. In Southern Region, for convenience, it will be regarded as within the Economic Section.

d. The Economics and Supply Division will comprise the Sub-Divisions of Economics, Food, Commerce and Industry.

e. Property Control is a Sub-Division of Finance.

3. It is not intended to establish heads of the two Sections, occupying positions analogous to those of the Vice-Presidents at H.Q. Allied Commission. There may, however, be occasions when the Regional Commissioner will ask the senior officer of each Section to speak on behalf of the whole Section.

4. The work now carried out by the Assistant's Office will be divided and simplified. Below the Executive Officer will be two officers (not necessarily of the same rank); one will be the Staff Officer (Administration), the other the Staff Officer (Secretariat).

5. a. The detailed division of duties between these two officers is shown on attached Appendix. (Sent only to officers concerned.)
- b. Briefly, the Staff Officer (Administration) will be concerned with all administrative matters affecting personnel and material, American, British and civilian, on the strength of Southern Region. He will coordinate, as may be necessary, the work of the Company Commander, Company "C," 2675th Regiment, and the Commander, British Detachment, Southern Region.

- f. The style "Adjutant" will only be used when it is necessary to give effect to U.S. regulations.
- g. Nothing in this reorganization will alter the present direct correspondence between Company "C" and H.Q. 2675th Regiment, and between Commander, British Detachment, and 7-1 and 7-4 British, H.Q. Allied Commission.
6. It will be clear that the work of these two officers (Administrative and Secretariat) must be carefully coordinated. A Staff Conference will be held two weeks after the initiation of the scheme, to discuss progress and any improvements suggested by experience.

TO : Regional Commissioner, Sardegna Region

1. Reference your PRIORITY cable No. 124 of 21 November 1944, in which you refer to the electric light bulb situation in Sardegna.
2. Your original request for bulbs was telephoned to the D.C.R.E. of this area, who promised to supply 50 from a restricted allotment he expected to receive. The number fell below his expectations and he was therefore unable to meet our demand. A.P.H.Q. was then asked to supply them, and a copy of their reply authorizing No. 3 District to do so, (which arrived the same day as your cable under reference), is attached.

SUBJECT: Regional Administration.

TO : Regional Commissioner, KULLIA Region.

1. This will confirm the discussion between the Acting Chief of Staff and yourself on the administration of that portion of your Region still under Eighth Army control, when approval was given to the following arrangement.

2. It is appreciated that in the event of the battle becoming static for a period of some duration a departure from the normal method of administering the Regional territory still under Army control would be desirable, with a view to developing the area to an extent greater than is usually possible by AEC Army.

3. It is therefore agreed that an Administrative HQ be set up, comprising selected specialist officers from the Region who would have the active cooperation of certain specialist officers from AEC Eighth Army. This HQ would be commanded by Lt. Col. Bartley and would be under the direction and control of the SCMO Eighth Army. It would be concerned only with that part of KULLIA Region still under Army control and it is understood that, in the event of signs of impending movement by the Army, the territory would revert to the normal administration of the SCMO, the Administrative HQ being disbanded.

4. All Regional personnel will, of course, remain assigned to you. You will provide any transport necessary for them and continue to maintain their personal records.

5. It is understood that in the remainder of your Region, not under Army control, you are solely responsible.

6. You will inform me of the date it is proposed to put the administrative HQ into operation. I shall be glad if you will also discuss with SCMO Eighth Army the point of the responsibility for deciding when the HQ must be discontinued. Presumably the SCMO will decide this, and notify this HQ.

1. It is my considered opinion, after discussions with Lt. Col. Spencer, Senior Supply Officer 8th Army Allied Military Government, Lt. Col. Tondani, Senior Supply Officer 5th Army Allied Military Government, and Lt. Col. Ruck, my Regional Food Officer, that neither

MAJOR A. McLAUGHTON WRIGHT 38160(B)AGSH, nor

1st Lt. NORMAN F. McLOUGHLIN 01296235 Inf (A)

is suitable to hold the post of Provincial Supply Officer, or is likely, even after further training and/or practical experience, to prove fitted for such work.

2. Major McLaughton Wright has, moreover, expressed his preference for work of a different nature.

3. It is therefore requested that these officers be no longer carried upon the strength of the Food Division of this Region.

22 October 1944

TO: Chief of Staff, Headquarters, A.C.G.

1. Attached is a typewritten copy of an informal longhand memorandum report received by me a day or two ago from my executive officer who is now at East Headquarters maintaining liaison with AMI 5th Army pending my return to that area early this week.

2. The memorandum indicates that Group Captain Benson has advanced a modified version of his proposal of a month ago that the Regional Commissioner, Sicilia Region take over immediate administration of the liberated areas in the 5th Army sector, reporting and being responsible, however, to the JCSG 5th Army rather than to A.C.G.

3. The memorandum is ambiguous and the ambiguity is increased rather than diminished by the Blue pencil deletion. I shall not know exactly what the proposal is until I again establish contact with AMI 5th Army at my East Headquarters. It is evidently the intention to eliminate the objection to the original plan, that I would be required to devote my personal time and efforts entirely to the eastern areas of the Region and of necessity be forced to neglect the 5th Army Areas. However, other objectionable features of the original proposal inherent in making Region Sicilia, as such, responsible to the Army rather than to its natural parent, the Commission, are apparently still present.

4. I express no opinion as to the feasibility or desirability of the proposal at the present time because I cannot be sure exactly what it is. Neither shall I accept or reject it without approval of this Headquarters after full consideration of the Chief of Staff and his interested staff officers.

5. I suggest that the appropriate time to discuss and settle the matter would be the next meeting of Regional Commissioners, forward Regions, which I understand will be held at Siena on November 1. Meanwhile this memorandum will serve as a reminder that a proposal, at least some of the terms of which are indicated, will be made; and that I shall, before either accepting or rejecting it, wish to have your advice and imprimatur.

Alfred C. Bowman

Dear Colonel

(Deleted

Group Capt Benson to-day told me that in the event of our all having to winter in our present positions, his staff was not equipped for nor capable of long-term administration. He wished to avoid a repetition of last winter when he tried to handle long-term projects with his own staff. He therefore proposed to us that, should winter quarters become necessary, Region 8a should take over the administration of most of its territory, the regional and provincial staff being supplemented by his 8th Army officers who would serve under the regional Commissioner, who in turn would be responsible to SCAG 8th Army. I replied that this was a matter which the Regional Commissioner alone could decide, but that I was myself in favour of the suggestion, provided it was understood that only a skeleton Region R.A. such as already existed at Nicolson could be made available, owing to the fact that the Region had commitments on the 5th Army side as well. This was clearly appreciated. You will be asked for a decision upon your return here next week. In the meantime I have agreed to work out with Wing Commander Beer a tentative T/O for a regional R.A. showing what specialists we would provide and what specialists the 8th Army would provide. I said that actual names would be worked out later in the event of your agreeing to the scheme. I also stressed that it would be desirable to change our officers from time to time between here and Saltino, particularly the Heads of Divisions, because they are responsible for the all-over picture. This was agreed.

You are in no way bound by anything which I have said or propose to do. But my own feeling is that the idea is workable and I am in favour of it. Yours, in great haste to catch the mail.

(signed) H. H-S. Bartley

P.S. Wing Commander Beer has seen this and agreed it with the exception of the words scratched out in blue pencil on the first page. These words he asked me to cut out because it was on that rock that the previous suggestion foundered.
