HEADQUARTERS ALLIED COMMISSION
APO 394
Office of the Executive Commissioner

Ref: 210/EC.

3 October 45.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 2 OCTOBER 45.

1. Minutes of Last Meeting.

(a) - 1(c). Release of American Officers. Ex C stated that a memorandum had been prepared by Ext Sec showing the status of all American officers in AC/ASC. A direction had been issued that officers retained would b only those in Class A (term of service duration of emergency plus six months) and Class B (term of service until 6 March 46 or until such earlier time as the officer wished). Ext Sec reported that up to the present there had been no great response to this.

(b) - 2. Sicily. Ex C stated that unfortunately the Liaison Officer had discussed the matter with the High Commissioner and the local police. A telegram had therefore been despatched ordering him to cease enquiries.

(c) - 3. Press Digest. PRO considered that it would be difficult to coordinate the British Embassy and AC press digests, but he would discuss the matter with Mr. Stewart of the British Embassy. Poland (B) suggested that one of Public Relations' press readers should go to the Embassy and work with the staff there.

(d) - 4. Venezia Giulia - Rations. Ex C read a letter from AFHQ which stated that the ration scale in Venezia Giulia should not be increased. He would pass the file to Room Sec for action at their meeting this morning.

2. Handover of Territory. Ex C reported that CC had received and rejected a request from HCs in the North for a partial handover of territory in view of the shortage of staff. A telegram had been sent to HCs telling them they must stay on and that AFHQ had been requested to send a follow up to CCS.

3. Naples. Ex C said the situation had improved. On Saturday evening 600 CC.SS raided the village of Nola, arrested a number of people, and took possession of a quantity of Allied arms and ammunition.

4. AFHQ - Reorganisation. Ex C stated that [illegible]

(b) - 2. Sicily. Ex C stated that unfortunately the Liaison Officer had discussed the matter with the High Commissioner and the local police. A telegram had therefore been despatched ordering him to cease enquiries.

(c) - 3. Press Digest. PRO considered that it would be difficult to coordinate the British Embassy and AC press digests, but he would discuss the matter with Mr. Stewart of the British Embassy. Polad (B) suggested that one of Public Relations' press readers should go to the Embassy and work with the staff there.

(d) -4. Venezia Giulia - Rations. Ex C read a letter from AFHQ which stated that the ration scale in Venezia Giulia should not be increased. He would pass the file to Econ Sec for action at their meeting this morning.

2. Handover of Territory. Ex C reported that CC had received and rejected a request from RCs in the North for a partial handover of territory in view of the shortage of staff. A telegram had been sent to RCs telling them they must stay on and that AFHQ had been requested to send a follow up to CCS.

3. Naples. Ex C said the situation had improved. On Saturday evening 600 CC.RB raided the village of Bola, arrested a number of people, and took possession of a quantity of Allied arms and ammunition.

4. AFHQ - Reorganisation. Ex C stated that as from to-day AFHQ was divided into three parts. Col. Parkin would deal with MCCUSA; Col. Jones would deal with General HQ., CMF., and AC would deal with AFHQ itself.

5. Excelsior Hotel, Naples. VP CA Sec said there was a possibility that we should lose the use of this hotel on the turnover. Ex C directed Est Sec to look into this and to ensure that at least five rooms were reserved for AC. Ex C told Polad (B) that the Metropole Hotel, Naples, had been handed back to the Italians.

2757

6. Consular Representation in Venezia Giulia. (West of the Morgan Line). Ex C said that XIII Corps had confirmed the desirability of a British Consular Representative in Trieste. Foreign Office had proposed the title "British Political Officer." U.S. title was "Representative of the U.S. Political Adviser at Caserta." Ex C agreed no further action necessary.

7. Venezia Giulia - Population. Ex C referred to the alleged deportation of Italians and their replacement by Yugoslavs. A telegram was being sent to AFHQ on this matter suggesting the possibility of establishing liaison officers in the ports on the West coast of Istria. It was also being pointed out in this telegram that AC were not in a position to supply the liaison officers.

Declassified E.O. 12356 Section 3.3/NND No. 785015

8. XIII Corps Liaison Officer for Rome. Ex C stated that SCAO Venezia Giulia had proposed that a liaison office should be set up in Rome. Econ Sec thought it was desirable to have a liaison officer on the economic side and all were in agreement that representation would be useful. CSO to Ex C was directed to follow up.

9. Supplies for Venezia Giulia. Econ Sec confirmed that Venezia Giulia was included in the plan for the North. There was considerable discussion on the economic and political implementations of military responsibility for supplies for Venezia Giulia and Udine. Ex C and Polads emphasized the importance from a political point of treating Udine and Venezia Giulia as separate entities. Ex C directed Econ Sec to send him the telegrams on the supply side and he would deal with the political side.

10. Handover of the Italian Army. Land Forces S/C had no further news of this. Gen. Morgan was discussing with Gen. Browning to-day.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 28 AUGUST.

1. Minutes of Last Meeting.

(a)-1(a). Office Hours. Ex C stated that CC had ruled Wednesday and Saturday afternoons would take the place of the second day a week off. The training parade for HQ would be on Thursday instead of Wednesday in future. Ist Sec pointed out certain complications in regard to midday meal and payment of civilian employees. Ex C directed that HQ Commandant be instructed to clear these.

(b)-1(b). French Liaison Officers. Ex C said the French Liaison Officer was still at Emilia, and this should be reported to AFHQ.

(c)-1(c). Italian Government Election Law. We were still waiting to hear from the Prime Minister. After discussion with Polads, Ex C said he would recommend to CC that the letter prepared by CA Sec should go forward.

(d)-1(f). Hidden Arms Dumps. Ex C said that AFHQ were very concerned over this matter. They had instructed No. 2 District to take every step to recover hidden arms. Ex C directed CA Sec to send a paraphrase of the AFHQ signal to RCs. CA Sec pointed out the difficulties encountered by reason of shortage of police and staff. Ex C suggested a DO letter might be sent to RCs asking them to get in touch with military commanders with regard to hidden arms.

(e)-4. Future of Italian Army. Ex C said No. 2 District wanted to know about future relations with the Italian Army and had asked who was going to guard the dumps if the Italian soldiers now engaged on this duty were withdrawn for other employment.
Ex C would discuss with Gen. Browning this morning.

(f)-8. MTD & IPW S/C. CA Sec raised the question of allocation of staff, stating that most of the staff were going to Leon Sec. Ex C agreed that Ist Sec should hold a meeting on the reorganisation of this Sub-Commission at 1000 hrs on Thursday, 30 August 45.

(g)-9. POW Camp at Modena. Land Forces S/C said that this camp had not been promised to the Italian Government. MTOUSA were offering an alternative camp near Pisa.
Ex C directed CA Sec to inform G-5 AFHQ that they had heard this unofficially and to [illegible]

future. Ist Sec pointed out certain discrepancies in regard to midday meal and payment of civilian employees. Ex C directed that HQ Commandant be instructed to clear these.

(b)-1(b). French Liaison Officers. Ex C said the French Liaison Officer was still at Emilia, and this should be reported to AFHQ.

(c)-1(c). Italian Government Election Law. We were still waiting to hear from the Prime Minister. After discussion with Polads, Ex C said he would recommend to CC that the letter prepared by CA Sec should go forward.

(d)-1(f). Hidden Arms Dumps. Ex C said that AFHQ were very concerned over this matter. They had instructed No. 2 District to take every step to recover hidden arms. Ex C directed CA Sec to send a paraphrase of the AFHQ signal to RCs. CA Sec pointed out the difficulties encountered by reason of shortage of police and staff. Ex C suggested a DC letter might be sent to RCs asking them to get in touch with military commanders with regard to hidden arms.

(e)-4. Future of Italian Army. Ex C said No. 2 District wanted to know about future relations with the Italian Army and had asked who was going to guard the dumps if the Italian soldiers now engaged on this duty were withdrawn for other employment.
Ex C would discuss with Gen. Browning this morning.

(f)-8. MED & IPW S/C. CA Sec raised the question of allocation of staff, stating that most of the staff were going to Econ Sec. Ex C agreed that Ist Sec should hold a meeting on the reorganisation of this Sub-Commission at 1000 hrs on Thursday, 30 August 45.

(g)-9. POW Camp at Modena. Land Forces S/C said that this camp had not been promised to the Italian Government. MTOUSA were offering an alternative camp near Pisa.
Ex C directed CA Sec to inform G-5 AFHQ that they had heard this unofficially and to try to obtain the camp before the handover.

2. Ex C's Visit to the North. Ex C stated that he had sent round notes of a few points of his tour. In general Regions and their Staffs were fully appreciative of the necessity for the turnover. He impressed upon Sections and their Sub-Commissions the importance of giving all possible help to make the turnover as tidy as possible. He drew CA Sec's attention to the very good job Brig. Graham, ACRA, was doing in his area, which was worthy of study. From the economic point of view, the supply of coal was helping stability and Prefects generally had more confidence in the future.

2756

3. Economic Liaison Groups. RCs had sent in recommendations by names for Liaison Groups to be set up in the North after the handover. CC was now anxious to tackle HQ. Two cuts of 25% could be made at intervals or the thinning out could be a more gradual process. Taking care of the officers made surplus after the handover was an important point which CC did not wish to be overlooked and there was discussion on this.
Ex C would meet Ist Sec on Thursday to discuss the matter in order to clear the air for Ex C's next meeting on Friday.

Declassified E.O. 12356 Section 3.3/NND No. 785015

4. Strength of Carabinieri. Arising out of statements made by the Prime Minister on Italian elections, there was discussion on the possibility of increasing the strength of the CC.RR. CA Sec thought that as the CC.RR were not too popular in the North, other police agencies should be strengthened as an alternative. Ex C directed them to obtain the views of Public Safety S/C. Poland(S) stated that Parri had been making speeches containing vague inferences and Ex C said he would discuss this matter with CC.

5. Office Accommodation in Milan. Col. Fiske said that his offices in Milan were being asked for by the Town Major and there was difficulty in finding alternative accommodation. Ex C said he would recommend to CC that Col. Fiske's office should move into the Lombardia Region building soon after the turnover. Difficulties in respect to telephones were discussed and Ex C directed Communications S/C to take up this matter.

6. Derequisitioning of Hotels for the Italian Government. Nat Sec had now taken over this matter. Delay had been caused because of the failure of the Italian Government to let us know what accommodation they required in various towns. Nat Sec would submit draft letters to Ex C to-day.

7. Oil Refinery at Fiume. Noon Sec had received a letter from the Italian Ministry for Foreign Affairs asking us to intercede in respect of an oil refinery at Fiume. There was discussion on the procedure to be followed in such matters and Ex C said this raised the whole question of Italian Government approach to the Yugoslav Government. Ex C directed Noon Sec to write to the Embassies giving them full particulars of the case so that they could take necessary action.

8. Director of Coal Field. Noon Sec said that two months ago a director of a coal field made a visit North and was taken prisoner by the Yugoslavs. Ex C directed that the matter be passed to the Embassies with full details.

9. Pay of Civil Servants in Venezia Giulia. With reference to a previous discussion with Noon Sec, Ex C now rules that this matter be put up to the Embassies.

10. Export of Silk. Noon Sec had received a report from RC Lombardia Region on silk. Ex C directed that this be put up to the Embassies with our recommendations.

11. Allied Business Representatives. Col. Fiske raised the question of feeding and accommodation of Allied business representatives. The case of a group of ten men who had come to Italy on special invitation had been authorised. Ex C said that in principle the costs would be recovered from the business interests involved, but how this was to be done was a matter for the Embassies to decide. After discussion, Ex C directed Nat Sec to go into the question of derequisitioning rooms in certain hotels so that they could be made available for commercial visitors on a cash basis.

12. Passengers in Taxis. Communications S/C had been informed by Dispatch Office that Italian civilians could no longer ride in taxis during the day unless accompanied by military personnel. Ex C directed Nat Sec to take

7. Oil Refinery at Fiume. Deon Sec had received a letter from the Italian Ministry for Foreign Affairs asking us to intercede in respect of an oil refinery at Fiume. There was discussion on the procedure to be followed in such matters and Ex C said this raised the whole question of Italian Government approach to the Yugoslav Government. Ex C directed Deon Sec to write to the Embassies giving them full particulars of the case so that they could take necessary action.

8. Director of Coal Field. Deon Sec said that two months ago a director of a coal field made a visit North and was taken prisoner by the Yugoslavs. Ex C directed that the matter be passed to the Embassies with full details.

9. Pay of Civil Servants in Venezia Giulia. With reference to a previous discussion with Deon Sec, Ex C now ruled that this matter be put up to the Embassies.

10. Export of Silk. Deon Sec had received a report from RC Lombardia Region on silk. Ex C directed that this be put up to the Embassies with our recommendations.

11. Allied Business Representatives. Col. Pisko raised the question of feeding and accomodation of Allied business representatives. The care of a group of ten men who had come to Italy on special invitation had been authorised. Ex C said that in principle the costs would be recovered from the business interests involved, but how this was to be done was a matter for the Embassies to decide. After discussion, Ex C directed Dat Sec to go into the question of derequisitioning rooms in certain hotels so that they could be made available for commercial visitors on a cash basis.

12. Passengers in Taxis. Communications S/C had been informed by Dispatch Office that Italian civilians could no longer ride in taxis during the day unless accompanied by military personnel. Ex C directed Dat Sec to take up.

13. Road Transport. It was said that under a recent AFHQ ruling no car would be despatched on a trip if a courier service was available. This affected officers who had to make journeys involving several stoppages. It was not possible to break the journey when travelling by train or plane. Ex C directed Dat Sec to represent this to AFHQ.

14. Clothing of CC.RR. Land Forces S/C said that the supply of green battle dresses for CC.RR was in hand, and there were sufficient available now to supply Florence.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 24 AUGUST.

Col. Fiske was in the Chair in the absence of Ex C on duty.

1. Minutes of Last Meeting.

(a) - 1(a). Office Hours. There was further discussion on the second day a week off. Ex C asked Sections to consider the suggestion of VP CA Sec that Wednesday and Saturday afternoons be off duty periods. He stressed the importance of uniformity throughout the HQ.

(b) - 1(b). French Liaison Officers. Ex C stated that AFHQ had now approved French Military Liaison representation at District level. There would be one French Liaison Officer at Turin.

(c) - 1(d). Italian Government Election Law. CA Sec were still waiting to hear from the Prime Minister following the recent discussion in Rome.

(d) - 2. Correspondence to and from Prime Minister. Ex C had discussed this matter with CC, who considered that while we should endeavour to keep correspondence on a lower level, it was not advisable to approach the Italian Government on this matter.

(e) - 4. Activities of Albanian Troops. Although we had now received a communication from the Italian Government informing us of the occupation and putting on record that the Island was Italian territory, Ex C confirmed that no action would be taken by AC.

(f) - 5. Hidden Arms Dumps. A letter from Saxmod had been passed to CA Sec. [illegible] discussion and Ex C agreed that

(f) - 5. Hidden Arms Dumps. A letter from Saomed had been passed to CA Sec. There was discussion and CA Sec agreed that considerable quantities of arms were still hidden, and energetic measures were required to find them. Ex C arranged to confer with CA Sec, Polads and Land Forces S/C after the present meeting.

(g) - 7. Corps for ex-Balkan Troops. IPW S/C raised the question of the Tukor Corps, Toronto passing from control of Land Forces S/C. Ex C confirmed that the responsibility for this corps should now pass to IPW S/C.

(h) - 8. U.S. Consular Staff. Polad (A) had ascertained the position regarding U.S. Consular and Diplomatic Staff. If accommodation was available at military hotels they could go in on a commercial basis.

2754

Declassified E.O. 12356 Section 3.3/NND No. 785015

(1) - 10. Supplies for Venezia Giulia. Econ Sec said the consensus of opinion was that military responsibility for supplies to Venezia Giulia should not be withdrawn. There was discussion on how the withdrawal of AMG would affect the situation.

2. Economic Section Representation in Milan. Brig. Anderson had received a message from Brig. Lush concerning the Economic Board in Milan. The question of coordination between Milan and Sub-Commissions at AG was discussed and it was agreed that the situation was satisfactory.

3. Disposal of Surplus Military Material. The Army and Navy Liquidation Commission had communicated with Econ Sec and asked if AC wished to exercise controls over the distribution of surplus goods which the Italian Government might buy from that Commission. There was discussion on the several factors involved, including the buying of goods by other nationals, and the financial aspect.
Lx C said that on principle AC should not attempt to exercise controls.

4. Future of Italian Army. Land Forces S/C reported that Gen. Browning felt that the Italian Army should be handed over to the Italian Government concurrently with the hand back of territory, and the hand back of the latter should be postponed until 30 September to ensure this.
Lx C said this point had been covered at the recent Regional Commissioners' meeting, and he had then expressed the same views as Gen. Browning. Owing to the formalities involved in the hand over of territory, the transfer of the Italian Army and territory should practically coincide.

5. Check on Visitors to AC. PRO asked if it was still necessary to have receptionists at the doors at the main entrance checking visitors to AC. Dot Sec said some measure of control must be exercised to keep out unauthorised callers and Lx C ruled that the present practice should continue.

6. Bolzano Material. AMG S/C reported that they had now received a list of material, and Fifth Army were handing this over direct to AC by 30 August. A meeting was being held at AFHQ regarding disposal of the material held at Livorno.

7. Restoration of Italian Property. Econ Sec had received a letter asking for a car to be restored to an Italian family, this car having been taken by the enemy. AMG S/C explained the procedure for making claims for return of property, and Econ Sec would pass the letter to them for action.
It was stated that Econ Sec were receiving a large number of requests for trucks from people who had lost their vehicles [illegible]

goods by other nationals, and the financial aspect.
Dx C said that on principle AC should not attempt to exercise controls.

4. Future of Italian Army. Land Forces S/C reported that Gen. Browning felt that the Italian Army should be handed over to the Italian Government concurrently with the hand back of territory, and the hand back of the latter should be postponed until 30 September to ensure this.
Dx C said this point had been covered at the recent Regional Commissioners' meeting, and he had then expressed the same views as Gen. Browning. Owing to the formalities involved in the hand over of territory, the transfer of the Italian Army and territory should practically coincide.

5. Check on Visitors to AC. PRO asked if it was still necessary to have receptionists at the desks at the main entrance checking visitors to AC. Dst Sec said some measure of control must be exercised to keep out unauthorised callers and Dx C ruled that the present practice should continue.

6. Bolzano Material. MSD S/C reported that they had now received a list of material, and Fifth Army were handing this over direct to AC by 30 August. A meeting was being held at AFHQ regarding disposal of the material held at Livorno.

7. Restoration of Italian Property. Econ Sec had received a letter asking for a car to be restored to an Italian family, this car having been taken by the enemy. MSD S/C explained the procedure for making claims for return of property, and Econ Sec would pass the letter to them for action.
It was stated that Econ Sec were receiving a large number of requests for trucks from people who had lost their vehicles due to the war. This matter was discussed and it was agreed that all such enquiries should go to the Ministry of Industry and Commerce.

8. MSD & DPW S/C. Dst Sec asked if a meeting could be arranged to discuss the reorganisation of the MSD & DPW S/C. Dx C said he would see Lt. Col. Campbell after the present meeting and let Dst Sec know when a meeting would take place.

9. POW Camp at Modena. CA Sec said that arrangements had been made for the Italian Government to take over a large camp at Modena for the accommodation of neo-fascists. It had been found that the camp had been completely dismantled on 20 August, three days before the hand-over was due to take place. Land Forces S/C would take action.

Declassified E.O. 12356 Section 3.3/NND No. 785015

10. War Crimes Commission. CA Sec stated that AFHQ had ruled that AC would be responsible for transport and accomodation of War Crimes Commissions. Proposals of a Yugoslav War Crimes Commission had been forwarded to AFHQ for comment, and had been returned as a staff study, AFHQ asking for our views. CA Sec considered that the responsibility for War Crimes Commissions belonged to AFHQ and would like to discuss the whole matter with Polish at an early date. Ex C approved.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 7 AUGUST.
- -

1. Minutes of Last Meeting.

(a) - 4. Regional Personnel. VP CA Sec said that RC Piemonte Region had complained that he was 25% under strength in personnel. Ex C directed Hst Sec to study the matter and report.

(b) - 5. Transport in Milan. Hst Sec confirmed that Venezia Giulia were getting top priority for transport. Ex C directed them to look into the question of drivers.
Ex C wanted to see the plan of disposal of ex-Emilia transport, which he had asked Hst Sec for at the last meeting.

(c) - 6. Office Hours. Ex C announced that it had been decided to have a day and a half off per week instead of one day. Hst Sec to work out a plan and submit it to Ex C.

2. Handback in the North. Hst Sec had not yet received the proposals from RCs (except Liguria and Emilia) on the retention of liaison officers in the North, and Ex C instructed them to press for these. Ex C would go through with Hst Sec the ideas they had at the moment and hold a meeting with VPs on Friday, 10 August, to get out a directive for RCs. Subject to CC's approval he would call a small meeting of RCs on Monday, 13 August, to discuss the whole problem of the handback of territory.

3. Visit to the North by VP CA Sec. VP CA Sec reported that the general feeling was that if AMG did not continue for another six months the turnover should take place as soon as possible. On the surface there was a great improvement in law and order, although some observers considered this was a lull before the storm.

4. French Liaison Officers. VP CA Sec asked the position. Ex C stated that we had recommended to AFHQ that there should be no French military liaison representation below District level.

5. French Incidents in the North. Polad (B) asked if more detailed reports could be given by RC Piemonte Region regarding the alleged incidents following the departure of French troops, so that we could give more information to the French Embassy. Ex C agreed and directed that a letter be sent to the RC.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 31 JULY 1945.

1. Minutes of Last Meeting.

(a) - 1(b). Maintenance of Italian Army. Ex C stated that AFHQ had sent an advance copy of the Log Plan on the administration of the Italian Army after it had been handed over to the Italian Government. A briefing meeting had been arranged for 1500 hrs, Wednesday, 1 August 45, with Gen. Browning and Loon Sec, prior to the meeting at AFHQ on 2 August 45, at which CC and Gen. Browning would represent AC. Ex C said he would appreciate the presence of the Political Advisers at this meeting. CC was seeing the Prime Minister this morning. It was stated the Prime Minister had requested the strength of the Italian Army be increased to 160,000 men. Ex C said any such request must be made officially by the Ministry for War. Land Forces S/C had this matter in hand.

(b) - 1(c). Hotel Accomodation. 1st Sec reported that Dep Ex C had made a temporary arrangement, pending final decision by AFHQ, that the Continentale in Milan be an AC hotel. Ex C said it was hoped that this matter would soon be settled and when AC had gained control of the Continentale part of the hotel would be for civilians.

(c) - 10. Commercial Communications. Loon Sec referred to signal FAN 640 dated 22 July 45. They pointed out that certain classes of commercial communications would still have to be screened but apart from that the intention of the signal was to put commercial relations into Italian hands.
Ex C directed that Loon Sec circulate the signal referred to to Polads and VP CA Sec. Loon Sec had prepared a letter to the Italian Government for signature of CC based on the telegram.

2. Retention of AMG. Ex C read a letter from Gen. Hamblen referring to FAN 536 dated 28 April 45, in which COS had decided that AMG should be retained in certain territory in N.E. Italy. Ex C would discuss with Polads and CA Sec.

3. Elections in Venezia Giulia. Polad (B) reported that Tito had asked for local elections on both sides of the border.

to the meeting at AFHQ on 2 August 45, at which CC and Gen. Browning would represent AC. Ex C said he would appreciate the presence of the Political Advisers at this meeting.
CC was seeing the Prime Minister this morning. It was stated the Prime Minister had requested the strength of the Italian Army be increased to 160,000 men. Ex C said any such request must be made officially by the Ministry for War. Land Forces S/C had this matter in hand.

(b) - 1(c). Hotel Accommodation. Est Sec reported that Dep Ex C had made a temporary arrangement, pending final decision by AFHQ, that the Continentale in Milan be an AC hotel. Ex C said it was hoped that this matter would soon be settled and when AC had gained control of the Continentale part of the hotel would be for civilians.

(c) - 10. Commercial Communications. Econ Sec referred to signal FAN 640 dated 27 July 45. They pointed out that certain changes of commercial communications would still have to be scrutinized but apart from that the intention of the signal was to put commercial relations into Italian hands.
Ex C directed that Econ Sec circulate the signal referred to to Polads and VP CA Sec. Econ Sec had prepared a letter to the Italian Government for signature of CC based on the telegram.

2. Retention of AMG. Ex C read a letter from Gen. Hamblen referring to FAN 536 dated 26 April 45, in which CCS had decided that AMG should be retained in certain territory in N.E. Italy. Ex C would discuss with Polads and CA Sec.

3. Elections in Venezia Giulia. Polad (B) reported that Tito had asked for local elections on both sides of the border.

4. Northern Italy Industrial Council. Econ Sec said that the first meeting had been held yesterday in Milan.

5. Food Situation in the North. Econ Sec reported that the Italian Government had requested a meeting in Milan between Regional and Provincial food officers, prefects and Segrels, to iron out a number of food problems. Ex C agreed to this meeting being held.

28 July 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 27 JULY 1945.

1. Minutes of Last Meeting.

(a) - 2. Ex C's Visit to Venezia Giulia.

Channels of Communication. AFHQ had prepared a directive supplementary to that sent to Eighth Army. CC had told C-5 that he thought the present directive was sufficient.

Increase in Ration. CC had ruled that this matter be dropped.

Personnel. Ex C had circulated a list of officers ex Emilia Region requested by SCAO Venezia Giulia. Ex C wanted all these officers to be transferred if this could be done and Lt Sec were directed to let him know the names of any who could not be sent. Lt Sec were arranging for the transfer of 24/Gn.

(b) - 6. Maintenance of Italian Army. Lt Col Sec had written a memorandum to Land Forces S/C and Ex C asked that a copy of this be sent to him.
Land Forces S/C pointed out that the 65,000 CC.RR would have to be taken into account in addition to the 140,000 Italian Army. Lt Col Sec agreed this would be done and stated that unless the civilian ration was impaired a large amount of food would have to be imported.

(c) - 6. Derequisitioning of Hotel Accommodation for the Italian Government. A letter had been sent to the Ministry of the Interior asking what accommodation they required.
Ex C had arranged that a telegram should be sent to Fifth Army asking for release of the Diana Hotel, Milan. Lt Sec to check that this telegram had gone.

2. Prisons. CA Sec were directed to send a weekly telegram to C-5, AFHQ on the derequisitioning of prisons.

3. Hand Back of Territory. Ex C stated that approval had been given by AFHQ for the handing back of Emilia Region, and the Provinces of Lucca and Apuania on 4 August 45. The Communes of Naples and Ancona would remain under A.C. Ex C would ask CC's approval of this.

2. Prisons. CA Sec were directed to send a weekly telegram to G-5, AFHQ on the derequisitioning of prisons.

3. Hand Back of Territory. Ex C stated that approval had been given by AFHQ for the handing back of Emilia Region, and the Provinces of Lucca and Apuania on 4 August 45. The Communes of Naples and Ancona would remain under AFHQ. Ex C would ask CC's approval of this.

4. Phase II. CSO to Ex C was directed to ask G-5, AFHQ to send Fifth Army a telegram stating that they had no AMG jurisdiction as from 15 July 45.

5. Liaison Officers in Emilia Region. RC had recommended that six officers be left behind. Ex C would send a copy of RC's letter to Heads of Sections for comment.

6. French Liaison Officers. Polad(B) reported that No. 2 District had asked for a French Liaison Officer in Aosta, Ventimiglia and Tenda. Local AMG were not in favour of this.
CSO to Ex C was directed to send telegrams to No. 2 District, RCs and AFHQ.

7. Italian Government Archives. Polads raised this subject again. (See Minute 6 of Ex C's Meeting of 17 July 45). CA Sec reported that the movement of archives down to Rome was well in hand, and the Italian Government had been requested to make the archives available to any inspecting Allied agents. It was also intended to recommend to AFHQ that the archives held by PWB and

OSS should be handed over to the Italian Government and that similarly they should make these available to inspecting Allied agents.
Poland (A) pointed out, however, that there might be some archives held by PWB and OSS which should be seen by the Allies before being handed over to the Italian Government.

8. Italian Army. Land Forces S/C raised the question of the handover of the Italian Army to the Italian Government. Ex C said it had already been recommended that the Italian Army be handed over at the same time as the hand back of territory.
Land Forces S/C suggested that a special instruction would be necessary from AFHQ which would certainly have to include an operational paragraph from MCIA. Ex C agreed and thanked Land Forces S/C for drawing the matter to the attention of the meeting.

9. Regulations regarding Foreign Trade. Econ Sec reported a visit from Italian journalists on this matter. Ex C directed that PRO should see journalists before they went to see a Director of a Sub-Commission.

10. Commercial Communications. Comms S/C said a lot of pressure was being brought to increase commercial communications. The only commercial commercial communications permitted were to US and UK and these were severely restricted.
Econ Sec were directed to put up a memorandum in consultation with Comms S/C to AFHQ and the Embassies, and ask for action by all three, pointing out how the question of commercial relations was lagging behind.

11. Liaison Officer at San Marino. CA Sec asked if the Liaison Officer was to be retained. Poland said there was no need for this and ex C agreed.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 24 JULY 1945.

1. Minutes of Last Meeting.

(a) - 1(s). Administration. Ist Sec had started to order out vehicles and personnel from AMG Fifth Army and Econ Sec had been furnished with a list of Fifth Army officers.

2. Ex C's Visit to Venezia Giulia. Ex C was of the opinion that a considerable degree of stability in administration in Venezia Giulia had already been achieved. There had been a well organised general strike on the day he arrived but no trouble.
Ex C was favourably impressed by the work being done by the Area Commissioners. On the economic side there had been confusion in regard to food but the situation had now been cleared.

Channels of Communication. Ex C had discussed this matter with XIII Corps and obtained agreement that we could work on the directive sent by AFHQ to Eighth Army.

Increase in Ration. Ex C had discussed with Col. Bowman the possibility of increasing the basic bread ration to 300 grams and making a special case of Venezia Giulia for political reasons. Econ Sec pointed out that, from a practical standpoint, the flour was not available to provide an increase in the ration.

Personnel. Ex C had agreed with SCAO, subject to approval of VPs, that as soon as Emilia Region closed down the bulk of the personnel, both officers and OR, should be transferred to Venezia Giulia. Ist Sec were directed to take action to ensure that all WD vehicles ex Emilia be handed over in an efficient state.

Special Police Force. A special force composed of Allied Military Police and indigenous civil police was being formed. The force would be under the command of the Corps Commander for administration and training but under the SCAO, through his Area Commissioners, for operations. This point had been specifically cleared with BGS XIII Corps who was in agreement. The scheme was a good one, but would want careful watching.

Telephone to Trieste. Ex C wanted the telephone to be used as much as possible. No. 1 District had a direct line to XIII Corps and early morning was the best time to ring.

Communications S/C had asked for a private line from HQ AC to Trieste but

Communications S/C had asked for a private line from HQ AC to Trieste but it was thought this was not justified.

Udine, Treviso and Venice. On 25 July 45 XIII Corps would take over from Eighth Army the Provinces of Udine, Treviso and Venice in addition to Venezia Giulia. The AMG side of XIII Corps would not, however, be extended outside Venezia Giulia and it had been agreed that it be known as AMG Venezia Giulia.

3. Regina Coeli Prison. CA Sec stated that order had been restored and a large number of the prisoners were being evacuated. Ex C said the situation provided a first class opportunity of asking AFHQ to return the fourteen prisons to the Italian Government, and he directed CA Sec to send a signal in strong terms.

2749

Declassified E.O. 12356 Section 3.3/NND No. 785015

5. Imports. Econ Sec had received a paper from Mr. Harlan Cleveland setting out a tentative plan on the spending of $100 million on food, POL and coal. This paper was being rimeographed and would be distributed for comments. Econ Sec stated that there was no world shortage of wheat but transport was the problem. The shipping situation was getting more acute. They said that four times the amount of shipping was required to maintain a soldier in the Pacific as to maintain a soldier in Europe. Econ Sec had instructed their Sub-Commissions to stress the realities of the situation in their conversations with the Italian Government.

6. Maintenance of Italian Army. Ex C said that the interim Italian Army of 140,000 men would have to have priority of civilian supplies available, it being the responsibility of the Italian Government to feed their army, even at the expense of the civilian population. It was agreed that the army ration would have to be cut, but Ex C said this should be done gradually. Econ Sec were working out a plan on these lines.

7. Italian News Agencies. PRO stated that permission had now been obtained for representatives of three Italian news agencies to go to Trieste.

8. Requisitioning of Hotel Accommodation for the Italian Government. CA Sec read a memorandum from CC on this subject which showed that AFHQ were sympathetic towards the Italian requirements. Ex C said it was necessary to ask the Italian Government which hotels they required and in which towns and the information could be passed to AFHQ. He directed CA Sec to contact the Ministry of the Interior on this matter and liaise with Econ Sec.

9. Archives. CA Sec said they were getting an increasing number of communications from AFHQ on the subject of Archives. Ex C said these should be referred to Archives Section, who would have to be given increased staff if necessary.

10. Rehabilitation of Devastated Areas in Emilia Region. Ex C instructed CA Sec to put the matter up to the Italian Government, pointing out to them that the area would shortly be under their jurisdiction.

11. Decree of Duration of Directors and Management. CA Sec reported that the Italian Government would pass this decree in seven to ten days.

12. Handing over of Padula. VP CA Sec had discussed this with the Italian Government, and it had been agreed that the internment camp at Padula would be handed over.

13. Movement of Officers. Ist Sec reported that all moves had now been completed.

14. Visit of Inspector General MTOUSA. Ist Sec stated that a check was being made on all funds and records, including Messes.

15. U.S. Officers. In answer to Ex C, Ist Sec said that most of the U.S. officers who would become surplus on the handover of the Northern Regions would go to U.S., although not necessarily for discharge. Specialist officers might be transferred to other theatres. Ex C said [illegible]

In answer to Ex C, Ist Sec said that most of the U.S. officers who would become surplus on the handover of the Northern Regions would go to U.S., although not necessarily for discharge. Specialist officers might be transferred to other theatres. Ex C said Ist Sec should work out a scheme to protect the future of officers, both American and British, who would be surplus to AC requirements on 1 September 45, so as to avoid long wasteful periods of waiting at replacement centres.

Ref: 210/EC. 18 July 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING
17 JULY 1945.

1. Minutes of Last Meeting.

(a) - 4. Administration. Although 5 Army AMG ceased to exist on 15 July they had stated that they would still retain certain AMG functions. The Ex.Com said that on his visit to AFHQ yesterday he had discussed this question with the CAO and G-5 Sec who had stated that 5 Army AMG would have no jurisdiction whatever under Phase II and if necessary an order would be issued to this effect. Personnel would be re-assigned from 5 Army and Est Sec was instructed to compile a list of officers required, for submission to AFHQ.

2. Future of the Commission.

(a) Ex.Com reported that he had discussed this matter with the CAO and G-5 Section who agreed that until the peace treaty it would be desirable for the AC to carry on, though in a progressively liquidating form and they endorsed the recommendations made in the CC's paper. The CAO also endorsed the recommendation that some Allied officers should be retained in the field to assist with the elections. CA Sec was instructed to put up recommendations in this respect.

(b) With regard to the Italian Army, Log Plans AFHQ were putting up a paper on this subject. Ex.Com had told AFHQ that he was of the opinion that after a certain date (say October/November) the Italian economy would be able to feed and support an Italian Army of 140,000 plus 65,000 CC.RR. Econ Sec were instructed to advise Log Plans further on this point by telephone today. Ex.Com had impressed on AFHQ that it was essential that the Italian Army should be placed at the entire disposal of the Italian Government by the time they took over the Northern Regions on September 1st. The question of the retention of SLO's with the Italian Army after the hand over was then raised. Ex.Com said he would discuss with COC, Land Forces Sub-Com.

2. Future of the Commission.

(a) Ex.Com reported that he had discussed this matter with the CAO and C-S Section who agreed that until the peace treaty it would be desirable for the AC to carry on, though in a progressively liquidating form and they endorsed the recommendations made in the CC's paper. The CAO also endorsed the recommendation that some Allied officers should be retained in the field to assist with the elections. CA Sec was instructed to put up recommendations in this respect.

(b) With regard to the Italian Army, Log Plans AFHQ were putting up a paper on this subject. Ex.Com had told AFHQ that he was of the opinion that after a certain date (say October/November) the Italian economy would be able to feed and support an Italian Army of 140,000 plus 65,000 CC.RR. Econ Sec were instructed to advise Log Plans further on this point by telephone today. Ex.Com had impressed on AFHQ that it was essential that the Italian Army should be placed at the entire disposal of the Italian Government by the time they took over the Northern Regions on September 1st. The question of the retention of MLO's with the Italian Army after the hand over was then raised. Ex.Com said he would discuss with GOC, Land Forces Sub-Com.

(c) On the economic side the recommendations made by the Chief Commissioner had been endorsed by AFHQ. Ex.Com asked A/VP Econ Sec to prepare a paper for the CC giving a picture of the Econ Sec as at Sept 30th showing (i) the economic organisation required in the North; (ii) the economic organisation required at HQ.

3. Allied Publications Board. Mr.Hopkinson reported that the APB had been closed down by AFHQ without prior notification to AC with the result that the newspapers in the North were at the moment uncontrolled. Ex.Com stated that the CC had asked that the matter be raised at the next SACMED's Political Conference. Polads and PRO would brief the CC before this meeting.

4. Check-up of Arms held by Civilians. Mr.Hopkinson said that G-2 AFHQ had suggested that there should be a check-up on the number of arms handed in against the number estimated to have been held. It was considered that this information may prove useful in the future and it was agreed that G-2 should be asked to carry out the check.

-1-

2748

Declassified E.O. 12356 Section 3.3/NND No. 785015

5. Entry into Italy. CA Sec said that a suggestion had been put forward that the Italian Government should be made responsible for the accommodation and feeding, etc., of private citizens entering Italy. AC had no facilities for looking after such people and neither had the Italian Government. It was suggested that anyone wishing to enter the country should be required to sign a statement to be attached to his visa to the effect that neither AC nor the Italian Government would accept responsibility for his welfare whilst in Italy, and Econ Sec were instructed to draft a reply on those lines to include a statement that the two Embassies agreed with the suggestions.

6. Italian Government Archives. CA Sec reported that the British and US Governments propose to send out missions for research work in connection with Fascist Government archives found in the North and instructions were to be issued to formations in the North to freeze any such archives until the arrival of the missions. CA Sec were instructed to reply to AFHQ to the effect that such archives were already in process of being turned over to the Italian Government who would be asked to place all available information and documents at the disposal of the research missions. No freezing of archives in the North could be contemplated.

7. Price of Bread in the North. Ex.Com said that the CC felt very strongly that we should tell the Italian Government quite definitely that if they wish to control the economic price of bread in the North it will be a matter entirely for their own budget. It will not be possible for the AC to raise the ration. Econ Sec were instructed to write to the Italian Government to this effect.

8. Telephone Calls to MILAN. Comms Sub-Com said that there had been complaints from Rome Long Distance that too many calls were being put through to MILAN from this HQ. AC had a direct line to Lombardia HQ which included Col. Hake's office and this should be used in preference to Long Distance.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 14 JULY.
- -

RCs Liguria, Lombardia, Piemonte (Col. Birchett representing Col. Marshall), Venezie, and Emilia were present at the request of Ex C. Ex C said he would arrange distribution of Minutes of Executive Commissioner's meetings to RCs in future.

Minutes of Last Meeting.

1. (a) - 8. Polish Coal for Italy. Ex C directed ENO to delete this item of news from the Weekly Bulletin.

(b) - 13. Boots for Carabinieri. CA Sec had written a letter on this matter and Ex C would take up with Gen. Browning.

2. Ex C's visit to London. Ex C gave a brief report of his visit to London. Matters were still very much sub judice. It was planned that UNRRA were to take over the procurement and distribution of food and raw materials as from 1 October 45. In order to do this UNRRA would have to alter their charter and Ex C thought it very doubtful if they could be ready by that date. There was agreement in London as to the broad policies contained in CC's paper regarding the problems of Italy. We would doubtless have a clearer picture after the Potsdam meeting. Ex C had particularly stressed the importance of AC being told of any developments at an early date.
AFHQ representation in London to work with the Supply for Liberated Areas Committee had been proposed. This would include AC. Ex C would discuss with C-5, AFHQ.

3. Visit of MP. Pol Adviser (B) reported that Mr. Ivor Thomas, a British Labour MP and Chairman of the Anglo-Italian Committee of the House of Commons, had arrived in Italy. He wanted to visit the North, including Trieste. Ex C did not think there would be any objection to Mr. Thomas going to Trieste, and would recommend to CC that this be allowed.

4. Administration. Ex C stated that Eighth Army AMG as regards Italy had ceased to exist. SCAO Venezia Giulia therefore came under XIII Corps direction for operational control and under AC direction for technical control.
On 15 July 45 Phase II would begin in the North West and Regions would thus come directly under AC. Fifth Army and IV Corps AMGs would cease to exist on the same date.
Ex C stated that Col. Fiske had the matter of the reassignment of Fifth Army and IV Corps personnel [illegible]

news from the Weekly Bulletin.

(b) - 13. Boots for Carabinieri. CA Sec had written a letter on this matter and Ex C would take up with Gen. Browning.

2. Ex C's visit to London. Ex C gave a brief report of his visit to London. Matters were still very much sub judice. It was planned that UNRRA were to take over the procurement and distribution of food and raw materials as from 1 October 45. In order to do this UNRRA would have to alter their charter and Ex C thought it very doubtful if they could be ready by that date. Ex C had particularly stressed the importance of AC being told of any developments at an early date.
AFHQ representation in London to work with the Supply for Liberated Areas Committee had been proposed. This would include AC. Ex C would discuss with G-5, AFHQ.

3. Visit of MP. Pol Adviser (B) reported that Mr. Ivor Thomas, a British Labour MP and Chairman of the Anglo-Italian Committee of the House of Commons, had arrived in Italy. He wanted to visit the North, including Trieste. Ex C did not think there would be any objection to Mr. Thomas going to Trieste, and would recommend to CC that this be allowed.

4. Administration. Ex C stated that Eighth Army AMG as regards Italy had ceased to exist. SCAO Venezia Giulia therefore came under XIII Corps direction for operational control and under AC direction for technical control.

Ex C stated that Col. Fiske had the matter of the reassignment of Fifth Army and IV Corps personnel in hand.
Ex C directed Ast Sec to take up the question of disposal of 15 Army Group personnel and transport.

5. Venezia Giulia. There was discussion on the appropriation of coal by the Yugoslavs. Ex C stated that he would put the matter on paper for the Pol Advisers to consider.

6. Giunta Communale. CA Sec said that in some Provinces there were more Giunta Communale personnel than was authorised by law. It was important that the numbers should be reduced to the correct amount before the territory was handed over to the Italian Government.
Ex C directed RCs to take action.

Declassified E.O. 12356 Section 3.3/NND No. 785015

7. Elections. CA Sec said that electoral lists were progressing satisfactorily. RCs were being asked to send fortnightly reports on the situation.
Ex C stated that interest was being shown in London in Italian elections and it had been urged that pressure be put on the Italian Government to hold both local and national elections this year.
Ex C mentioned that a very good U.S.I.S. paper on educating the Italians regarding elections had been issued and he asked Pol Adviser (B) to send a copy to London to catch Mr. Michael Stewart there since a similar paper from M.O.I. was desirable.

8. Closing of PWB. PRO stated that PWB were closing down on 15 July 45, with the exception of APB and the Film Section. A U.S. film representative was due to arrive here on 1 August to arrange film distribution throughout the country and a period of 60 days after that would be necessary before the Film Section could close.
PRO stated that there was bound to be a period after PWB had closed down of paucity of news in the papers since News Agencies in Rome would take some time in entering into contracts in the North.
The opening of MOI offices was discussed and Ex C stressed the importance of their early functioning. It might be arranged for RCs to allocate some transport for the use of MOI. This should be taken up with APM.

9. Atrocity Films. RC Veneto Region had received a report from one of his PCs that the showing of PWB films of German atrocities was being overdone. It tended to affect the equilibrium of Italian audiences and was not thought desirable in present circumstances.
PWB would consider the matter.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 10 JULY.

Dep Ex C was in the Chair in the absence of Ex C on duty, and introduced Mr. W. Jones, Political Adviser (A) to the meeting.

1. Registration of Methane Gas Containers. Econ Sec stated that as Regions had issued or were just about to issue Regional Orders on this matter, a General Order was not necessary. A/Ex C agreed but stated that in most cases a General Order was advantageous, as it gave uniformity everywhere.

2. AC Liaison Officer with FBS. A/Ex C announced that the CC had appointed Col. Hensley to be AC Liaison Officer with FBS. He explained that FBS were taking over certain work previously handled by Fifth Army. Col. Hensley would be stationed at Livorno.

3. Accommodation in Milan. A/Ex C stated that the forward echelons of Industry and Commerce S/Cs had practically filled the small building allocated for AC and that he was going to ask for the IV Corps HQ building to be made available.
To solve the billeting problem, a telegram was being sent to-day asking that the Continental Hotel be reserved for AC when IV Corps moved out. He proposed that the Continental be run on similar lines to the Grand Hotel in Rome, i.e. for the use of AC and Italian civilians. Pol Adviser (B) strongly supported this. There would have to be double feeding arrangements, as in the Grand.

4. Regional Commissioners' Meeting. Econ Sec reported that an RCs' meeting was being held on Friday, 13 July 45, at the request of the Italian Government. There was a very broad agenda on unemployment, wages and prices. RCs had been signalled and told the agenda and asked what staff they would bring to the meeting, so that hotel accommodation could be provided. Dot Sec very instructed to provide cars for RCs.
Although it was largely an economic meeting, Econ Sec thought that CA Sec should be represented.

5. Surrender of Arms. Land Forces S/C asked if CA Sec were satisfied with the situation in regard to the handing in of arms. In reply CA Sec said that a large number of arms had been handed in though a large number were known to be still hidden. In answer to Pol Adviser (B), CA Sec said they had a fairly comprehensive list of arms surrendered in the North, and they

[illegible] Commissioners. Deon Sec stated that as Regions had issued or were just about to issue Regional Orders on this matter, a General Order was not necessary. A/Ax C agreed but stated that in most cases a General Order was advantageous, as it gave uniformity everywhere.

2. AC Liaison Officer with FMS. A/Ax C announced that the CC had appointed Col. Munsley to be AC Liaison Officer with FMS. He explained that FMS were taking over certain work previously handled by Fifth Army. Col. Munsley would be stationed at Livorno.

3. Accommodation in Milan. A/Ax C stated that the forward echelons of Industry and Commerce H/Qs had practically filled the small building allocated for AC and that he was going to ask for the IV Corps' HQ building to be made available.
To solve the billeting problem, a telegram was being sent to-day asking that the Continental Hotel be reserved for AC when IV Corps moved out. He proposed that the Continental be run on similar lines to the Grand Hotel in Rome, i.e. for the use of AC and Italian civilians. Pol Adviser (B) strongly supported this. There would have to be double feeding arrangements, as in the Grand.

4. Regional Commissioners' Meeting. Deon Sec reported that an RCs' meeting was being held on Friday, 13 July 45, at the request of the Italian Government. There was a very broad agenda on unemployment, wages and prices. RCs had been signalled and told the agenda and asked what staff they would bring to the meeting, so that hotel accommodation could be provided. Dep Sec Corp instructed to provide ours for RCs.
Although it was largely an economic meeting, Deon Sec thought that CA Sec should be represented.

5. Surrender of Arms. Land Forces S/C asked if CA Sec were satisfied with the situation in regard to the handing in of arms. In reply CA Sec said that a large number of arms had been handed in though a large number were known to be still hidden. In answer to Pol Adviser (B), CA Sec said they had a fairly comprehensive list of arms surrendered in the North, and they would circulate the list.
A/Ax C stated that CC was concerned at the position and felt that before territory was turned over to the Italian Government a more serious effort should be made to get in arms. There was discussion on ways by which this could be done. Pol Adviser (B) suggested that an announcement from London and Washington that the continuation of acts of violence and the secreting of arms would affect the supply of goods to Italy might have a good effect.
A/Ax C directed CA Sec to take up the matter with Public Safety S/C and to raise the subject on 13 July with the RCs.

2746

6. Move of Garibaldi Division. Land Forces S/C reported that the Garibaldi Division were moving to Trani, near Bari, to-day.

7. Appointment of Commissari for Newspapers in the North. CA Sec drew attention to a report in the Official Gazette and asked if appointments had been made. PRO had no knowledge of this and CA Sec said they would let PRO know details.

8. Coal for Italy. Pol Adviser (B) said the Polish Ambassador in Moscow had approached the Italian Ambassador there and opened negotiations for the supply of 80,000 tons of coal a month to Italy. Another offer to supply coal to Italy had been received from the Czechs.
Econ Sec said that the Coal Division were studying this.

9. Repatriation of IPOW. Dir IPW S/C reported that as a result of his visit to London it was clear that no policy had been decided in regard to the repatriation of IPOW from England and the British Empire. The question of cooperators and non-cooperators was involved.
In France SHAEF were doing everything they could to clear Italians from Germany. 5/6,000 Germans a day were being repatriated to Germany and a corresponding number of Italians returned to Italy. It was considered this number was the maximum that could be expected.

10. Venezia Giulia. CA Sec drew attention to the shortage of UM/OR clerical personnel in AMG Venezia Giulia. No civilian staff could work there and the situation was critical. A/Dr C said we could get UM from AMG Fifth Army and probably most of Company "C", 2675th Regiment could be transferred to Venezia Giulia. Est Sec were directed to take action.

G-1(A)
+ G-5 O(P)

11. Italian Red Cross. IPW S/C reported that SHAEF had now agreed to accept four Italian Red Cross workers for Germany.

12. Hand-Back of Territory. A/Dr C said that CC had agreed that preliminary steps should be taken to hand back to the Italian Government on 31 July the following:- Emilia Region; Provinces of Forli, Ravenna, Massa and Lucca and the Communes of Naples and Ancona. Whether or not the hand-back takes place must depend on the public safety situation.

13. Boots for Carabinieri. A/Dr C said that CC had asked if supplies could not be made available from the German captured stocks in the North. CA Sec stated that an allotment from German stock of 60,000 pairs had been made for the CC.RR. The Ministry of War approved of this, but it was being opposed by NGILA, who said the boots must be given to the Italian Army to distribute.
Land Forces S/C were instructed to investigate urgently.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 26 JUNE.

1. Minutes of Last Meeting.

(a) - 1(f). Balkans Situation. Brig. Anderson read a signal from Fifth Army regarding the allocation of material from dumps, the Army having preference over ASC. COD S/C did not consider the situation satisfactory and Ex C directed that they get a full report from CC. Meanwhile Brig. Anderson would send a copy of the Fifth Army signal to AFHQ.

(b) - 1(g). POL in Venezia Region. Venezia Region were issuing an order on the registration of methane gas containers. Ex C said we must convince AFHQ that we were using methane gas to the greatest possible extent in order to get our allocation of POL and he directed Econ Sec to initiate a general order on the registration of methane gas containers on the lines of the Lombardia Region order, a copy of which DSC to Ex C would pass to Econ Sec.

(c) - 2. Regional Orders. Ex C stated that all Sections and Sub-Commissions should watch carefully to ensure that there is coordination in Regional orders.

(d) - 3. M.G.I. Film in Italy. Pol Adviser (B) stated that this film had not arrived in Italy yet.

(e) - 6. Applications for Civil Affairs. Brig. Anderson stated that ninety names had been selected from the list. Ex C directed Est Sec to follow up.

(f) - 7. American Officers. Est Sec were directed to put up a draft letter to C. to sign giving the history of the repeated failures to obtain personnel.

(g) - 9. Air Courier Service. Est Sec were directed to investigate the problem of air travel to Venezia Giulia.

(f) - [illegible] Brig. Anderson read a signal from Fifth Army regarding the allocation of material from dumps, the Army having preference over AMG. CMD S/C did not consider the situation satisfactory and Ex C directed that they get a full report from AC. Meanwhile Brig. Anderson would send a copy of the Fifth Army signal to AFHQ.

(b) - 1(g). POL in Venezia Region. Venezia Region were issuing an order on the registration of methane gas containers. Ex C said we must convince AFHQ that we were using methane gas to the greatest possible extent in order to get our allocation of POL and he directed Econ Sec to initiate a general order on the registration of methane gas containers on the lines of the Lombardia Region order, a copy of which CSO to Ex C would pass to Econ Sec.

(g) - 9. Air Courier Service. Est Sec were directed to investigate the problem of air travel to Venezia Giulia.

2. Venezia Giulia. Ex C stated that CC and he attended a meeting at AFHQ on 25 June and an agreement had been reached on the directive for AMG in Venezia Giulia. Ex C said that Venezia Giulia is under the technical control of AC, and under the operational control of Eighth Army.

3. Employment of Patriots in the North. CA Sec stated they were finding it difficult to get patriots to work in the North at the present rate of pay of 85 lire per day. Econ Sec said this matter was under discussion by Fifth Army.

2745

4. Enemy Diplomats. It was ruled that the disposal of enemy diplomats was an AMG responsibility.

5. AC Liaison Officers in Italian Government Territory. Ex C directed Dat Sec to circulate the names and locations of all Liaison Officers.

6. Typhus. CA Sec reported three cases of typhus in Pisa Province - two of them endemic and one doubtful.

7. AC Weekly Bulletin. PRO said that he had received several requests from the Press for copies of the AC weekly bulletin. Ex C stated he would leave it to the discretion of PRO as to the giving of extracts from the bulletin, but the whole copy should not be supplied.

8. Display of Daily Papers. Ex C suggested that daily papers should be laid out for perusal on a table in the main Conference Room. PRO would arrange this.

9. Return of IPW. IPW S/C estimated that the number of Italian POW repatriated was in the region of 100,000. Press reaction was mostly directed at the prisoners returned from the Balkans and France, and there was some dissatisfaction at the treatment on arrival of returned prisoners. Ex C said that if the Italians were not doing all possible for their returned countrymen pressure should be put on them, through the medium of the press in the first instance.
IPW S/C stated that if the programme went through as planned all prisoners from U.S. and U.K. should be repatriated by 1 Feb 46.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 19 JUNE.

1. Minutes of Last Meeting.

(a) - 1(a). Regional Commissioners Meeting. Col. Fiske was asked to telegraph or telephone Fifth Army and IV Corps on behalf of CC to obtain their agreement to the proposed meeting.

(b) - 1(b). Venezia Giulia. Ex C stated that SCAC XIII Corps had submitted another request for personnel and CC was anxious to meet the request as far as possible. Ex C told Asst Sec to let him know the exact personnel situation in AMG XIII Corps so that a decision could be made.
Ex C said that in view of the present state of public security in the North, public safety strength must be maintained in the Northern Provinces. To help to meet SCAC XIII Corps requirements he suggested that S.C.(M) officers could be employed under police officers, thus releasing up to 6 Police officers for Venezia Giulia.
CA Sec to get Public Safety S/C's opinion on this suggestion.

(c) - 1(d). Closing of Hotel Colonna. Ast Sec reported that the owner of the Hotel Colonna would feed and lodge the AC civilian employees. The hotel would be decrequisitioned.

(d) - 1(c). Alteration in Office Hours. Ast Sec put forward a proposal for office hours to be from 0830 to 1730 hrs daily, with a 1½ hrs lunch period. Ex C was absent at this point, having been called in to the CC, and CSO to Ex C pointed out that Ex C had ruled that any plan put forward should be based on an 8 hr working day.

(e) - 2. Accommodation in Milan. Col. Fiske stated that there was an office available, with telephone, and a small motor pool for journeys within the city. Visiting officers requiring transport for journeys outside Milan should apply to HQ, Lombardia Region, who had requisitioned 20 cars.

(f) - 5. Communications. Communications S/C said the private line from Rome to Milan had been assigned but was not yet working. They reported that there was considerable sabotage of signal wire and cable going on all over the country, [illegible]

Declassified E.O. 12356 Section 3.3/NND No. 785015

CC to obtain their agreement to the proposed meeting.

(b) - 1(b). Vercelli Giulia. Ex C stated that SCAC XIII Corps had submitted another request for personnel and CC was anxious to meet the request as far as possible. Ex C told Asst Sec to let him know the exact personnel situation in ACC XIII Corps so that a decision could be made.
Ex C said that in view of the present state of public security in the North, public safety strength must be maintained in the Northern Provinces. To help to meet SCAC XIII Corps requirements he suggested that S.C.(M) officers could be employed under police officers, thus releasing up to 6 Police Officers for Vercelli Giulia.
CA Sec to get Public Safety S/C's opinion on this suggestion.

(c) - 1(d). Closing of Hotel Colonna. Asst Sec reported that the owner of the Hotel Colonna would feed and lodge the AC civilian employees. The hotel would be derequisitioned.

(d) - 1(e). Alteration in Office Hours. Asst Sec put forward a proposal for office hours to be from 0830 to 1730 hrs daily, with a 1½ hrs lunch period. Ex C was absent at this point, having been called in to the CC, and CSO to Ex C pointed out that Ex C had ruled that any plan put forward should be based on an 8 hr working day.

(e) - 2. Accommodation in Milan. Col. Fiske stated that there was an office available, with telephone, and a small motor pool for journeys within the city. Visiting officers requiring transport for journeys outside Milan should apply to RC, Lombardia Region, who had requisitioned 20 cars.

(f) - 3. Communications. Communications S/C said the private line from Rome to Milan had been assigned but was not yet working. They reported that there was considerable sabotage of signal wire and cable going on all over the country, but mostly in the centre between Naples and Florence. Ex C directed CA Sec to draw the attention of Public Safety S/C to this.

4. Electoral Lists. Ex C said we should set a target date for the elections and work to it. CA Sec stated that this date could not be before December. It was suggested that the Embassies should approach the new Italian Government with a view to getting them to change the 1918 law, which was undemocratic. A memorandum would be prepared by CA Sec and a meeting would be called at an early date.
CA Sec asked for assistance in transport in conveying electoral papers to Regions. MTAC had given some assistance. Ex C directed Room Sec to give this very high priority, stating that the paper must be moved.

2744

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. POL. Ex C stated that there was a grave shortage of POL. He had discussed this with Gen. Robertson. If AC could get a 20% increase on the June allocation this would cover immediate requirements. The total amount required was 15,000 tons a month. Econ Sec were directed to follow up the conversation with Gen. Robertson (who was sympathetic to the request for a higher allocation of POL) by putting up a strong case to the CAC.
There was criticism of the number of private cars in the North. RC Lombardia Region reported that by 1 July a licence system would be in operation, which would considerably reduce the number on the road.

4. Regional Orders issued from Milan. Ex C had told Piemonte Region and would write to Liguria and Venezia Regions that, as Milan was the centre of the North they should study every Regional Order issued in Milan with a view to adopting it in their own Regions without further instructions.

5. Flags. The question of the flying of Italian flags other than the national flag was discussed. It was agreed that the taking down of flags was to be avoided. No instruction would, therefore, be given on this matter.

6. British Consul General. Pol Advisor (B) announced that the British Consul General had arrived and was moving into Milan. Ex C said that Lombardia Region would help as to accommodation. AFHQ had approved the opening of Consulates in the North.

7. Reports of Murders and Outrages in the North. Pol Advisor (B) read an article from the Italian press and expressed concern at the situation. CA Sec were directed by Ex C to make a full report and Ex C would raise at the VPs meeting.

8. Ex-members of Italian Fascist Army. Ex C said there was considerable confusion as to the status of Neo-Fascists. CA Sec were told to study and report.

9. Germans who deserted to the Partisans. Ex C confirmed that the Partisans had to hand over to the Allies the Germans who had been fighting with them. These men would be screened at the first opportunity and probably be returned to Germany. CA Sec to take action through Patriots Branch.

10. Bolzano Situation. G5 S/C reported that Allied and Italian officers sent to Bolzano had not been allowed by the Fifth Army authorities to examine warehouses and dumps and consequently had no control over the material, which was melting away very fast. Econ Sec would contact Brig. Anderson at AFHQ to-day to try to clear the matter.

11. Italian POW. PW S/C stated that the Italian Government were complaining about French treatment of Italian POW. Italians who had escaped from Germany and found their way into France had been made POW by the French authorities. Col. Piako (in absence of Ex C) suggested that PW S/C take up with SHAEF and the Joint Committee AFHQ/SHAEF.

12. German Transport. G5 S/C reported the Italian Government had asked that up to

5. Flags. The question of the [illegible] taking down of flags was to be Flag was discussed. It was agreed that the avoided. No instruction would, therefore, be given on this matter.

6. British Consul General. Pol Adviser (B) announced that the British Consul General had arrived and was moving into Milan. Ex C said that Lombardia Region would help us to accommodation. AFHQ had approved the opening of Consulates in the North.

7. Reports of Murders and Outrages in the North. Pol Adviser (B) read an article from the Italian press and expressed concern at the situation. CA Sec were directed by Ex C to make a full report and Ex C would raise at the VPs meeting.

8. Ex-members of Italian Fascist Army. Ex C said there was considerable confusion as to the status of Neo-fascists. CA Sec were told to study and report.

10. Bolzano Situation. MED S/C reported that Allied and Italian officers sent to Bolzano had not been allowed by the Fifth Army authorities to examine warehouses and dumps and consequently had no control over the material, which was melting away very fast. Lcon Sec would contact Brig. Anderson at AFHQ to-day to try to clear the matter.

11. Italian POW. IPW S/C stated that the Italian Government were complaining about French treatment of Italian POW. Italians who had escaped from Germany and found their way into France had been made POW by the French authorities. Col. Pisko (in absence of Ex C) suggested that IPW S/C take up with MMLO and the Joint Committee AFHQ/SCAEF.

12. German Transport. MED S/C reported the Italian Government had asked that up to 10,000 vehicles needing repair should be assigned to an Italian Industrial Group for repair, thus providing employment for their factories.

13. POL in Venezia Region. CA Sec reported that a representative of AFHQ Petroleum Section stated at Brig. Dunlop's meeting that the supply of petrol for Venezia would be cut by 9,000 barrels on 1 July, and that an equivalent amount of methane gas would be supplied. A transport breakdown would take place in the Region unless the containers necessary for methane gas could be made available immediately. Lcon Sec were instructed to take the matter up urgently.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 15 JUNE.

1. Minutes of Last Meeting.

(a) - 1(a). Regional Commissioners Meeting. Ex C read a draft paper which gave the terms of reference and a proposed agenda for the RCs meeting 27/28 June. Ex C said he was visiting Milan and Turin over the weekend and would discuss the paper up there.
Ex CAF (S) was also going North and would discuss and explain to RCs the terms of reference of the meeting and would obtain their ideas as to what should be included in the agenda. He would also get particulars of the Italians whom RCs would bring down.

(b) - 1(b). Venezia Giulia. Pol Adviser (B) said that it was important to have a special report with names and particulars of all Italians deported by the Yugoslavs, with full information as to the circumstances of their deportation, the way they were treated, and the plans made for their reception when repatriated. CSO to Ex C was instructed to obtain such a report.

(c) - 1(c). Captured Enemy Material. Econ Sec pointed out that there would not be sufficient POL in the North to run the trucks if they were obtained. Ex C stressed, however, that it was important to get the trucks under our control to avoid the wastage by cannibalisation etc.

(d) - 1. Closing of Hotel Colonna. CA Sec said that the Italian civilians at this hotel would have difficulty in obtaining alternative accommodation. Lab Sec had received a report from HQ Commandant that MAAG were making a survey of all requisitioned hotels and they would undoubtedly require AC to close the Hotel Colonna on 1 July. Ex C directed Lab Sec to take the matter up with the Italian Government with a view to the Italians requisitioning the hotel themselves.

(e) - 11. Alteration in Office Hours. Ex C ruled that we should maintain an eight hour working day, with holidays and time off to conform with [illegible] and AFHQ. Lab Sec were instructed to work out a

(a) - 1(a). Regional problems. [illegible] gave the terms of reference and a proposed agenda for the RCs meeting 27/28 June. Ex C said he was visiting Milan and Turin over the weekend and would discuss the paper up there. Ex CCF (B) was also going North and would discuss and explain to RCs the terms of reference of the meeting and would obtain their ideas as to what should be included in the agenda. He would also get particulars of the Italians whom RCs would bring down.

(b) - 1(b). Venezia Giulia. Pol Adviser (B) said that it was important to have a special report with names and particulars of all Italians deported by the Yugoslavs, with full information as to the circumstances of their deportation, the way they were treated, and the plans made for their reception when repatriated. CSO to Ex C was instructed to obtain such a report.

(c) - 1(c). Captured enemy Material. Econ Sec pointed out that there would not be sufficient POL in the North to run the trucks if they were obtained. Ex C stressed, however, that it was important to get the trucks under our control to avoid the wastage by cannibalisation etc.

(d) - 8. Closing of Hotel Colonna. CA Sec said that the Italian civilians at this hotel would have difficulty in obtaining alternative accommodation. Asst Sec had received a report from HQ Commandant that MAAC were making a survey of all requisitioned hotels and they would undoubtedly require AC to close the Hotel Colonna on 1 July. Ex C directed Asst Sec to take the matter up with the Italian Government with a view to the Italians requisitioning the hotel themselves.

(e) - 11. Alteration in Office Hours. Ex C ruled that we should maintain an eight hour working day, with holidays and time off to conform with 3 District and AFHQ. Asst Sec were instructed to work out a plan on these lines and submit it to Ex C.

2. Accommodation in Milan. Pol Adviser (B) reported that the Diana Hotel had been taken over by Fifth Army as a rest house. There was thus no accommodation for Italian Government officials visiting Milan and very limited accommodation for visiting AC officers: the Principe e Savoia being now the only hotel available. Ex C said the time had passed when accommodation for troops had first priority and directed Asst Sec to telephone SCAD Fifth Army with a view to the retention of the Hotel Diana as an AC Hotel. If this failed Ex C would ask CC to take the matter up himself.
Ex C had received a letter from Lombardia Region asking for a ruling on the reception and billeting of the many Italian officials, AC officers and secretaries who were visiting Milan. Ex C would pass the letter to Asst Sec for action.

3. Political Meetings. It was decided that publicity should be given to the new policy regarding the holding of political meetings in the Army area. CA Sec were directed to send a memorandum to AMG Fifth Army and IV Corps on this matter and to coordinate with PWB.

4. Letter from MYCUSA. Ist Sec had received a letter from MYCUSA regarding the eventual cessation of military supplies to certain organisations, including AC, UNRRA, American Red Cross, etc. Ex C said Ist Sec should give careful study to the matter, not forgetting the problem of POI.

5. Communications. Communications S/C reported that teletype communication with the North had been set up. A private line from Rome to Milan would operate from Monday. AC would have the use of this line from 0830 to 1930 hrs, and the Italian Government would have the use of it during the night.

6. Deputy Executive Commissioner. It was announced that the Deputy Executive Commissioner's address in Milan was 7, Via Appiani, Telephone 12091-2-3-4.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 12 JUNE.

1. Minutes of Last Meeting.

(a) - 4. Regional Commissioners Meeting. Ex C stated that CC wanted the meeting to be short and on a high level and did not want discussion of points on which clear directives should have been given. He would recommend to CC that the meeting last two days, the second day to be given up to sub-committee meetings on specific subjects. Ex C would send an officer, with terms of reference of the meeting cleared with Heads of Sections, to RCs to get points that RCs wished to raise. A provisional date was fixed as 27/28 June.

(b) - 5. Venezia Giulia. Ex C confirmed that Col. N. Morfort had been appointed SCAO 13 Corps and would be RC, Venezia Giulia Region. His deputy would be Lt. Col. Robertson (E).

(c) - 8. Tyres. WMD S/C said that of 150,000 tyres 45,000 had been made available for AC. These tyres had been allocated and some had gone to CA Sec for malaria control work. Ex C stated that while the collection of tyres was the responsibility of WMD S/C, their distribution was a matter for Econ Sec. Econ Sec stated that a signal had been sent to AFHQ, asking that the manufacture of Michelin tyres should

Ex C stated that while the collection of tyres was the responsibility of WMD S/C, their distribution was a matter for Econ Sec. Econ Sec stated that a signal had been sent to AFHQ, asking that the manufacture of Michelin tyres should not be interrupted. No reply had yet been received.

(d) - 9. Agricultural Policy for North. Zoon Sec had this matter in hand and stated that the implementation of General Order No. 40 was one of the questions for discussion at the POs meeting.

(e) - 10. Captured Enemy Material. Ex C said he had considerable doubt as to whether the AFHQ policy that AC should get any vehicles surplus to operational requirements was being implemented. He was of the opinion that vehicles were being put into dumps, being cannibalized and their spare parts looted. Zoon Sec were instructed on the return of Mr. Taylor to consider the matter and if necessary to make approach to AFHQ so that AC got their rightful share of transport available. In the meantime, Zoon Sec were instructed to ask Col. Fiske to approach local military commanders with a view to guarding the dumps.
WMD S/C said the Italian Government had applied for 4,000 vehicles that needed repair so that they could give work to their factories in the North. Ex C stated that this was an excellent idea and instructed Zoon Sec to follow it up.

(f) - 12. WD Vehicles. Zoon Sec had ascertained that it was not necessary to put WD vehicles not wanted by the Armies on charge to a military unit but that approval had to be obtained to transfer such vehicles to the Italian Government.

2. Civilianisation of Motor Pool Drivers. Land Forces S/C asked Zoon Sec if a plan had been prepared. Zoon Sec stated that civilianisation was due to take place, one-third on 1 July, one-third on 15 July and the remainder on 1 August, but a letter had been sent to AFHQ asking them to review the situation. Ex C directed that Zoon Sec and Land Forces S/C cooperate on this.

3. Use of Todt Organisation. Ex C agreed with Brigadier Anderson that the equipment only of the Todt organisation be handed over to the Italian Government.

4. Coal. Zoon Sec raised the question of coal in Venezia Giulia. Ex C stated that the matter was being discussed by Brig. Gen. Spofford at an AFHQ meeting to-day and directed Zoon Sec to contact Eighth Army and inform them of this.

3. Use of Todt Organisation. Ex C agreed with Brigadier Anderson that the equipment only of the Todt organisation be handed over to the Italian Government.

4. Coal. Econ Sec raised the question of coal in Venezia Giulia. Ex C stated that the matter was being discussed by Brig. Gen. Spofford at an AFHQ meeting to-day and directed Econ Sec to contact Eighth Army and inform them of this.

5. Labour Policy. Ex C stated that a PWB signal had gone out containing the statement that a CLN decree would remain in force. This was wrong as no CLN decree had any validity in law. Econ Sec to take up with Labour S/C and get the sentence deleted.

6. Labour Policy in the North. It was considered important that an attempt should be made to educate employers and employees in the North as to modern labour conditions and practices, and Ex C directed Econ Sec to ask Labour S/C to prepare some articles on these lines which could be submitted to Public Relations Branch with a view to being published in the press.

7. Offices in Milan. Est Sec reported that office accomodation was available for officers visiting Milan but they would have to bring any clerical staff required. Ex C directed Est Sec to issue a short memorandum indicating the arrangements that had been made. 20 cars had been requisitioned for the use of visiting officers.

Declassified E.O. 12356 Section 3.3/NND No. 785015

8. Closing of Hotel Colonna. Ent Sec reported that there were 31 Italian civilians in this hotel. They were eating British rations and HQ Commandant now wanted to close the hotel and stop the issue of rations. Ex C agreed but directed that the occupants should be given one month's notice.

9. Change of Status of Italian Cooperators. IPW S/C reported that the change of status had been agreed to take effect on 31 July.

10. 2675 Regiment Strength. It was stated that 2675 Regiment was over strength, and yet Sub-Commissions were mostly under strength in American officers. Ex C directed Ent Sec to look into this question and report where the over strength existed.

11. Port of Livorno. Ex C had received a report that APHQ or PBS had closed the port of Livorno for civilian supplies. Econ Sec were directed to take up with Food S/C.

12. Alteration of Office Hours. It was suggested that during the hot weather the office hours should be altered so as to afford a two or three hours rest period in the middle of the day. Ent Sec were instructed to study this question and report at the next meeting.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 8 JUNE.

1. Minutes of Last Meeting.

(a) - 6. Courier for the North. Ex C said that the air courier should take the place of the motor courier as far as possible.

(b) - 7. Requests for Transport. CA Sec stated that most of their applications for transport were classified Priority B.

(c) - 9. Hand Back of Territory. CA Sec stated that AFHQ had now agreed the hand over of territory ad at 0001 hrs 19 June. Florence, Pistoia, Pisa and Livorno would be handed back, but the communes of Pisa and Livorno would not be handed back. Ex C stated that it was not necessary to have any AMG personnel in Pisa, and ruled that the provinces of Apuania and Lucca should become part of Liguria Region.

2. Communications. Ex C said that he had gained the impression that communications were very bad, not only between Rome and the North, but East and West. He considered that the Army lines and exchanges were bad and an improvement should result when the change-over to the civilian system took place. Communications S/C gave a brief review of the situation and the difficulties that were being encountered. When the underground cables were completed communications would improve.

3. Contacts with the North. Ex C stated that the CC had decided to send Col. Pinks to the North as his representative. CC had written to Generals Truscott and Crittenberger on this matter.

4. Regional Commissioners Meeting. Ex C said that RCs would like to have a RCs meeting in Rome and bring Italian representatives who could talk on various subjects with their opposite numbers in Rome. He thought this was a very good suggestion and would emphasise that it is the Italian Government in Rome which is the government of the country. Ex C would ask for CC's approval for a meeting in about ten days time.

3. Contacts with the North. Ex C stated that the CC had decided to send Col. Pieke to the North as his representative. CC had written to Generals Truscott and Crittenberger on this matter.

4. Regional Commissioners Meeting. Ex C said that RCs would like to have a RCs meeting in Rome and bring Italian representatives who could talk on various subjects with their opposite numbers in Rome. Ex C would ask for CC's approval for a meeting on about ten days time.

5. Venezia Giulia. Ex C stated that Col. N. Monfort had been appointed Regional Commissioner, Venezia Giulia, which was a separate Region.

6. Repatriation of Italians and Germans. CA Sec said there was an important meeting being held at Bolzano and they had been asked to send representatives. Subject to CC's approval, Brig. Upjohn, Col. Pidaley, Col. Findley and Col. Campbell would attend the meeting. CSO to Ex C to submit these names for approval.

2139

7. Bolzano Decree. CA Sec drew attention to a decree proposed by the Prefect of Bolzano that every German had got to leave Bolzano in three weeks. It was pointed out that this was impracticable, and Ex C directed that Fifth Army and RC should be informed. CA Sec to take action. Ex C agreed the suggestion that CC should write to the Prime Minister. CA Sec to draft.

Declassified E.O. 12356 Section 3.3/NND No. 785015

8. Tyres. CA Sec had asked for 2,000 tyres, mainly for malaria control work. They had received a letter from G-5 stating that this was an internal matter for AC and that AC had a great quantity of tyres available. CA Sec would take up with Econ Sec and WMD S/C.
Ex C asked the position on Michelin tyres, which had been frozen by AFHQ. Econ Sec would take up with AFHQ.

9. Agricultural Policy for North. CA Sec said there had been signals sent by Venezia Region asking for the Amassing Decree to be implemented. CA Sec pointed out that decrees could not be implemented in one AMG Region alone. Ex C said that what RCs wanted was an Agricultural policy - either General Order No. 40 or the implementation of the Italian Amassing decree.
Econ Sec to take action.

10. Captured Enemy Material. WMD S/C said a meeting had been held in Florence and the main question of interest to AC was transport. Ex C said that RCs were asking the policy on German vehicles and AC must take the initiative in getting them. Econ Sec to coordinate with WMD S/C.

11. PWB in the North. PRO had attended a meeting regarding the turn over of PWB and control of the press in the North. A compromise was agreed that press officers would stay in the North in an advisory capacity to the RCs. A draft directive on control was being sent to AFHQ for approval. PWB would like to withdraw from Northern Italy by 15 July if possible.

12. WD Vehicles. There was considerable discussion on the question of WD vehicles no longer wanted by the Armies. AFHQ had ruled that all WD vehicles should be on charge to a military unit. Econ Sec would take up with Est Sec and WMD S/C.

13. Harvesting. It was confirmed that at the previous meeting Land Forces S/C drew attention to PWB Bulletin No. 69 of 24 May, wherein it was reported that there were at the moment - presumably in Southern Italy only - 38,000 males unemployed and that a large number were trying to enrol for the 15,000 Italian labourers required for Ceylon. The bulletin continued that the majority of these personnel were in urgent need of a job and were prepared to take on one at almost any price. Land Forces S/C therefore felt that sufficient civilian labourers should be forthcoming for the Foggia harvest in June. Econ Sec had thanked Land Forces S/C for this information but doubted whether harvesting could be considered an attractive job.
CSO to Ex C accepted full responsibility for having omitted this information from the previous minutes.

14. Departure of Mr. Antolini. VP Econ Sec stated that he would be leaving AC on Monday. Ex C on behalf of all present thanked him for the excellent work he had done

Office of the Executive Commissioner

Ref: 21C/115/EC.

29 May 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 29 MAY.

Mr. Antolini presided in the absence of the Ex C on duty.

1. Salvaged Vehicles. Mr. Antolini said he had received a visit from a representative of an Italian syndicate of automobile manufacturers which had been formed to purchase Allied salvage equipment. This had the support of the Committee of Reconstruction and had been approved in principle by the Prime Minister. WMD S/C thought that the Italian Government should have first offer of salvaged materials and only goods rejected by them should be sold on the open market. Econ Sec would send the letter outlining the proposed plan to WMD S/C for action.

2. Captured Equipment in BOLZANO. Mr. Antolini stated that Col. Fiske had reported there was a vast quantity of stolen material at BOLZANO and the team of industrialists should be strengthened. Brig. Gen. McKinley was asked to consider this.

3. Confiscation of Property. CA Sec reported that Toscana Region had confiscated some property on the Economic Boundary line. After discussion, it was agreed that this property should be returned to the owners, as the economic boundary no longer existed and there was no law under which property could be confiscated. CA Sec undertook to inform Toscana Region.

4. Comisarii in the North. CA Sec pointed out that the Italian Government were appointing Comisarii for industrial concerns in the North without consultation with AC. These orders were therefore not being implemented by CA Sec. This was unsatisfactory and Econ Sec agreed to take up the matter with the Italian Government.

5. Flora Hotel. CA Sec stated that some ATS officers were being moved from the Flora Hotel. Est Sec were instructed to take up with HQ Commandant.

6. Courier for the North. Est Sec said that the road courier service for the North would have to be curtailed. The round trip comprised 1,800 miles and 35,000 miles had already been [illegible] at present in use

7. Requests for Transport. Est Sec complained that the priority system for transport was being abused. Practically every application was marked Priority A and Heads of Sections were requested to investigate.

8. Office Hours. Ex C had expressed concern at the general non-compliance with office hours by all personnel. Est Sec wanted to retain the present office hours of 0830 to 1800 hrs with a lunch period from 1230 to 1400. Heads of Sections were instructed again to draw the attention of their staffs, ~~military and~~ civilian, to the official office hours.

9. Hand Back of Territory. PRO asked if further territory had been turned back. CA Sec had not received a reply to the signal they had sent. On the recommendation of RC, Lucca Province would not be turned back and would become part of Liguria Region.

10. Telephone Communications. Communications S/C reported that civil telephone communications were available to Bologna. It was expected to have military telephones to Milan by 7 June.

26 May 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 25 MAY.

1. Minutes of Last Meeting.

1 (b). Civilianisation of AC. Exec Offr (B) stated that the situation did not seem to be clearly understood by British officers in the early release groups. Ex C would send a further note to Heads of Sections and RCs explaining the policy.

No. This refers to the Release scheme for

2. Transmission of Signals. It was pointed out that although hostilities were ended, signals from AFHQ, War Department and War Office were still subject to the old procedure. Ex C asked Brig. Gen. McKinley to discuss with Gen. Hamblen this afternoon.

3. Meeting at 15 Army Group. Ex C outlined the main points discussed at a meeting on Thursday at 15 Army Group.

(a) German Equipment. Fifth Army had requested that a strong team of industrialists and technical experts go to Bolzano to inspect the vast amount of German equipment there. Ex C understood this matter was in hand and directed Zoon See to follow up.

(b) Surrendered German Army. Camps were now being formed around Rimini area. Only 1,000 Italians would have to be moved.

(c) Disarmament of Patriots. This was a major problem. An order had been made by Gen. Critterberger that all patriots must be disarmed by 7 June. A number of nocturnal murders were still going on. Public Safety S/C must watch this situation carefully.

4. Politics

4. Political Situation in the North. Pol Adviser reported that agreement in principle had been reached in Milan with regard to the Italian Government but there was as yet no agreement on persons.

5. Officers Visiting the North. Ex C had received a request from Col. Marshall that officers going North should give notice in good time of their intended time of arrival.

6. Interviews with Ministers and Government Officials. Ex C stated that CC had directed that a short record be made of important interviews with Ministers and Italian Government officials.

7. N.W. Italy. Ex C read a minute he had prepared for the CC as a result of the meeting in Florence yesterday. The consensus of opinion was that Fifth Army should remain in command until the situation was more settled. No. 2 District were concerned about frontiers and wanted Allied troops. Fifth Army and IV Corps expressed a desire to be free of civil responsibility as soon as practicable.
The possibility of control of Regions by CC as CCAO was mentioned.
Ex C had maintained that the frontier question of Piedmonte be regarded as a separate problem.
As far as the start of Phase II was concerned we were no nearer a solution until the French situation was clear and until all Germans were rounded up.
Col. Morfort had suggested that IV Corps be put directly under AFHQ. CC would take the matter up further with AFHQ.

8. Visit of Maj.Gen. Anderson. Maj.Gen. Anderson was visiting AC on Monday and would like to meet Heads of Sections and Sub-Commissions.

9. Next Meeting. Ex C said that he was going away for a week. The next meeting would be on Tuesday, 29 May, with Mr. Antolini in the chair.

19 May 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 18 MAY.

1. Minutes of Last Meeting.

(a) - 1 (a). Situation in the North. Ex C stated that all reports from the North showed the urgent necessity of getting to Phase II or Regional Control as quickly as possible. He pointed out the difficulties that confronted the Armies and said it was not easy for them to give up responsibility. The views of AFHQ and Fifth Army had been canvassed.
Brigadier ANDERSON had submitted an illuminating document on the coal situation, which would be sent to Econ Sec and Wns. Even after taking into account the present anticipated imports and local production of coal, the situation would be such that our unemployment figure could not be less than 3½ millions. This matter would have to be given the most careful consideration and an overall telegram had been sent off pointing out the grave implications of the coal shortage.
TRIESTE. There was little news other than the newspaper reports. Although the Italian press reports of the withdrawal of TITO's troops were somewhat premature, there had been some withdrawal. The TRIESTE team was ready to go and Nat Sec were directed to ensure it was up to full strength.
Ex C expressed concern at the number of requests for personnel from Northern Regions. He said that Nat Sec must constantly review the officers in the North and ensure that every officer was fully employed. He had given instructions that no officer was to be withdrawn from the Northern Regions without his authority.
Fifth Army had been able to supply a number of combat officers, who had been allocated to Regions.
Ex C emphasized that EMILIA Region could not afford to lose any officer personnel, in view of the German POW concentrations and other commitments. CC had sent a policy telegram to HQ EMILIA Region laying down that

Phase II or Regional Control as quickly as possible.
He pointed out the difficulties that confronted the Armies and said it was not easy for them to give up responsibility. The views of AFHQ and Fifth Army had been canvassed.
Brigadier ANDERSON had submitted an illuminating document on the coal situation, which would be sent to Econ Sec and Vice. Even after taking into account the present anticipated imports and local production of coal, the situation would be such that our unemployment figure could not be less than 2½ millions. This matter would have to be given the most careful consideration and an overall telegram had been sent off pointing out the grave implications of the coal shortage.
TRIESTE. There was little news other than the newspaper reports. Although the Italian press reports of the withdrawal of TITO's troops were somewhat premature, there had been some withdrawal. The TRIESTE team was ready to go and Ext Sec were directed to ensure it was up to full strength.
Ex C expressed concern at the number of requests for personnel from Northern Regions. He said that Ext Sec must constantly review the officers in the North and ensure that every officer was fully employed. He had given instructions that no officer was to be withdrawn from the Northern Regions without his authority.
Fifth Army had been able to supply a number of combat officers, who had been allocated to Regions.
Ex C emphasised that EMILIA Region could not afford to lose any officer personnel, in view of the German POW concentrations and other commitments. CC had sent a policy telegram to RC EMILIA Region laying down that minimum disruption of Italian economy would take place and a telegram had been sent to Fifth Army in similar terms with the request that this policy be adopted.
Colonel POLETTI had taken up his post.
Brigadier CARR was settled at LIGURIA.
Pol Adviser stated that the Prime Minister, with seven members of the Government and four party leaders, had left for the North and some had already arrived.
Attention was drawn to Italian press reports that BONOMI had originally indicated unofficially that he would resign when the North was liberated. Ex C pointed out that this was a long standing arrangement and the ROME Government had been set up as temporary until the whole of ITALY had been freed.

Declassified E.O. 12356 Section 3.3/NND No. 785015

(b) - 1 (b). Civilianisation of AC. Executive Officer (B) stated that under the British Government release scheme 107 officers were due to go by 16 June. Ex C was putting out a letter to-day to the effect that in view of the AC situation the services of all these officers was required until 31 July. Another 152 officers were due to go by August, but a certain number from both batches had volunteered to stay on.
Districts were issuing instructions to all Officers in Release Group 1 to go to NAPLES and Ex C directed that these instructions did not apply to AC officers.
Very few American officers were due for release under the U.S. scheme, and the release of approximately 250 British officers would mean a parity of British and American officers in the future working of AC.
Ex C was preparing a memorandum on the future of AC which would be sent to Heads of Sections for discussion at an early date.

(c) - 1 (c). Control of Movement. CA Sec complained that this position was still obscure. Land Forces S/C were acting on 15 Army Group instructions while Navy S/C were working on different instructions. Ex C ruled that Land Forces S/C should coordinate with Service S/Cs in matters of this kind. CA Sec had sent a signal to Fifth Army and were awaiting a reply. Ex C directed CA Sec to instruct Public Safety S/C to speak to Fifth Army on the telephone, and when this was done, to give widespread publicity to the fact that a Questore pass was all that was required as authority to travel North.

(d) - 1 (e). Hand-Back of Further Territory. Econ Sec had approved the proposed hand-back and CA Sec had sent a telegram to 15 Army Group asking for their views.

(e) - 1 (f). Italian Decree DLL 148 (Wage Control etc.) Econ Sec had prepared a draft letter for the Prime Minister. This would be submitted for CC's approval and signature.

(f) - 3. Telephone Communication with the North. Communications S/C reported that civilian telephone facilities from the South to the North would not be available until the middle of June. There are a considerable number of telephones working locally in the North.
In answer to PRO, Communications S/C stated that very little use could be made of radio facilities.

(g) - 6. Guards for PWAC. Econ Sec reported that this matter was in hand. Transportation S/C were obtaining information.

(h) - 10. Italian Army Personnel for Harvesting. Econ Sec had a telegram representing the views of the Ministries of War and Agriculture.

(d) - 1 (e). Hand-Back of Further Territory. Econ Sec had approved the proposed hand-back and CA Sec had sent a telegram to 15 Army Group asking for their views.

(e) - 1 (f). Italian Decree DLI 148 (Wage Control etc.) Econ Sec had prepared a draft letter for the Prime Minister. This would be submitted for CC's approval and signature.

(f) - 3. Telephone Communication with the North. Communications S/C reported that civilian telephone facilities from the South to the North would not be available until the middle of June. There are a considerable number of telephones working locally in the North.

(g) - 6. Guards for PWAC. Econ Sec reported that this matter was in hand. Transportation S/C were obtaining information.

(h) - 10. Italian Army Personnel for Harvesting. Econ Sec had a telegram representing the views of the Ministries of War and Agriculture. Ex C stated that they had suggested the use of German POW. Land Forces S/C were still awaiting instructions to provide personnel. Ex C considered that from administrative, national and Italian points of view, Italian soldiers should work their own harvest and he would recommend this to CC.
Ex C stated that the amount of wheat amassed was 94% of the target figure, which was very good.
Econ Sec said that Brig. Gen. McKINLEY had asked Labour and Agriculture S/Cs to put in their requirements on amassing after harvest. The question of Allied help was discussed at some length. Eventually, the services of 200 Italian officers was asked for. CA Sec suggested that Italian reserve officers could be used, which would not affect the strength of the Italian Army.
Ex C said it was not a question of shortage of personnel but of getting men of authority. He was very much opposed to the Italian Army being used to enforce civil law, and ruled that this year we must leave the amassing in Italian Government territory entirely to the Italians, and do everything we could in [illegible] territory. Land Forces S/C agreed.

Declassified E.O. 12356 Section 3.3/NND No. 785015

(i) - 13. Postal Services to the North. Communications S/C had obtained four trucks from Econ Sec. Ex C suggested that the remaining four required could be obtained from the Fiat Works at TURIN. Econ Sec would follow up.

2. Increase in CC.RR. CA Sec pointed out the strength of the CC.RR had been increased to 65,000 but the ration situation wanted clarifying. Food S/C were being asked to work out an increased ration scale. Ex C directed Econ Sec to follow up. He said we had been given an assurance by CAO that 500 tons a day would be delivered at PARMA and other places. This promise had not been implemented.

3. Tyres. CA Sec had been promised by Mr. ANTOLINI on 16 April that they would get 2,000 tyres for the anti-malarial teams. They had now been told that a Government organisation had been set up and the tyres would not be forthcoming for two or three months. Ex C directed CA Sec to send him a memorandum and he would issue an instruction. He suggested that German POW might be used for anti-malarial work.

4. Italian Army Vehicles. The question of the return to the Italian Army of the 102 vehicles repaired by private individuals was again raised by Econ Sec. WD S/C said the vehicles had been reconditioned from scrap and the repairers were entitled to some compensation at least. Land Forces S/C said their view was that the vehicles should be returned to the Italian Army. There had been much negotiation during the last few months, including discussions between Ex C and General BROWNING. Ex C directed WD S/C to put up the papers to him.

5. POW from the North. IPW S/C reported that they had set up a camp in ROME and MMIA had provided staff. Ex C stressed that there should be no duplication of work with Displan S/C and that the Italian Government were to get the credit for looking after Italian POW.

6. Return of Italian Cooperators from Abroad. IPW S/C had a telegram from AFHQ stating that AGWAP wanted to return to ITALY 33,000 Italian ex-POW personnel and wanted to know if they would be accepted as units. Ex C stated that in fact IPW S/C should have consulted Land Forces S/C but agreed that as IPW S/C had already telephoned AFHQ the matter should rest with them.

7. Booty in the North. WD S/C said there was a considerable amount of Italian and some German equipment in the North and the Army was still in control of it. There were a number of vehicles that had been used as ambulances which could be used for anti-malarial work. There were serviceable tyres on many other vehicles. Ex C said this was a matter for local RCs. He asked for a minute on the situation to put up to CC.

memorandum and he would issue an instruction. He suggested that German POW might be used for anti-malarial work.

4. Italian Army Vehicles. The question of the return to the Italian Army of the 102 vehicles repaired by private individuals was again raised by Zone Sec. WMD S/C said the vehicles had been reconditioned from scrap and the repairers were entitled to some compensation at least. Land Forces S/C said their view was that the vehicles should be returned to the Italian Army. There had been much negotiation during the last few months, including discussions between Ex C and General BROWNING. Ex C directed WMD S/C to put up the papers to him.

5. IPOW from the North. IPW S/C reported that they had set up a camp in ROME and MMIA had provided staff. Ex C stressed that there should be no duplication of work with Diaper S/C and that the Italian Government were to get the credit for looking after Italian POW.

6. Return of Italian Cooperators from Abroad. IPW S/C had a telegram from AFHQ stating that ACSAB wanted to return to ITALY 33,000 Italian ex-POW personnel and wanted to know if they would be accepted as units. Ex C stated that in fact IPW S/C should have consulted Land Forces S/C but agreed that as IPW S/C had already telephoned AFHQ the matter should rest with them.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 15 MAY.

Ex C welcomed Brigadier HENN, Deputy Chief of Staff, G-5, AFHQ, to the meeting.

1. Minutes of Last Meeting.

(a) - 1 (b). Situation in the North. Ex C reviewed the situation to date. Battle reports were coming in. Brigadier DUNLOP had taken over as RC of the Provinces of VENEZIE GIULIA in Eighth Army area and he had written to Fifth Army suggesting that he should take over the Fifth Army Provinces but had not yet had a reply. Brigadier DUNLOP had also taken over as SCAO Eighth Army on the departure of Air Commodore BENSON.
Ex C stated that we could expect implementation of the U.S. and British Governments' policy on VENEZIE GIULIA quite soon and instructed Est Sec to send a representative to review the personnel situation. Colonel SCHOLTZ was the Deputy RC but it was probable that Brigadier DUNLOP would go there himself.
A report had been received from Major MONORS dealing with refugees and the political situation in N.W. ITALY.
The CC had shown General DE SEVIN a memorandum on the situation and the General planned to go there. A telegram had been sent to Generals CLARK and HUBE for necessary clearance.
The CLNAI representatives had returned North and permission had been obtained from 15 Army Group and Armies for a representative team of eight Government members and four party leaders, with Prime Minister BONOMI, to visit the North at the end of the week. They had been told that political meetings and industrial meetings inside factories would not be allowed.
VAL D'AOSTA. Brigadier HENN said the French did not take the situation very seriously and he considered it would die down gradually. It was being taken up at a high level. He would suggest that reports from HQs be taken with a certain amount of reservation.
TRIESTE. Brigadier HENN did not consider that this situation was serious.
Ex C raised the question of 11,000 Chetniks, who did not want [illegible] by TITO.

1. Minutes of Last Meeting.

(a) - 1 (b). Situation in the North. Ex C reviewed the situation to date. Better reports were coming in. Brigadier DUNLOP had taken over as RC of the Provinces of VENEZIE GIULIA in Eighth Army area and he had written to Fifth Army suggesting that he should take over the Fifth Army Provinces but had not yet had a reply. Brigadier DUNLOP had also taken over as SCAC Eighth Army on the departure of Air Commodore BENSON.
Ex C stated that we could expect implementation of the U.S. and British Governments' policy on VENEZIE GIULIA quite soon and instructed Est Sec to send a representative to review the personnel situation. Colonel SCHOLTZ was the Deputy RC but it was probable that Brigadier DUNLOP would go there himself.
A report had been received from Major MORONS dealing with refugees and the political situation in N.W. ITALY.
The CC had shown General DE SEVIN a memorandum on the situation and the General planned to go there. A telegram had been sent to Generals CLARK and HUME for necessary clearance.
The CLNAI representatives had returned North and permission had been obtained from 15 Army Group and Armies for a representative team of eight Government members and four party leaders, with Prime Minister BONOMI, to visit the North at the end of the week. They had been told that political meetings and industrial meetings inside factories would not be allowed.
VAL D'AOSTA. Brigadier HERN said the French did not take the situation very seriously and he considered it would die down gradually. It was being taken up at a high level. He would suggest that reports from BLOs be taken with a certain amount of reservation.
TRIESTE. Brigadier HERN did not consider that this situation was serious.
CA Sec raised the question of 11,000 Chetniks, who did not want to be treated as surrendered personnel, as proposed by TITO.

(b) - 6. Civilianisation of AC. Brigadier HERN stated that British Release Groups 1 - 3 were due to concentrate for embarkation on 26 May. 111 AC officers were involved.
There was some discussion on the possibility of replacements, which was believed unlikely, and the future of AC.

(c) - 7. Control of Movement. CA Sec suggested that a statement be published as passes were no longer required for persons to travel North. There was discussion on the implementation of SAC's instructions that less restricted control of movement be effected. Econ Sec raised the question of the economic boundary which they desired to continue for some little time yet. Ex C considered that the Armies should be consulted and directed CA Sec to send a telegram on SAC's desire for freedom of movement to Fifth and Eighth Armies,

(c) - 7. Control of Movement (contd).
explaining that the economic boundary was to be maintained for two weeks, and asking if they had any objection. This telegram would not be sent until Mr. ANTOLINI returned and the matter was further discussed with him.
Ex C pointed out that we could refuse individual requests for permission to travel North by saying that it was AMG territory and accordingly under Military control.

(d) - 9. Disbanded German Army. Ex C stated he had just received a telegram from AFHQ on this question and read it to the meeting. The proposed location site of the German Army was to be within a triangle between RIMINI, CESENA and CESENA. Colonel FRASER, in his capacity as Liaison Officer with No. 1 District, had gone up with full instructions and would discuss with HC.

(c) - 12. Hand Back of Further Territory. CA Sec had put this matter up to Econ Sec and asked if anything had been done. Ex C stated that EMILIA Region could not be turned back for some time, particularly in view of German POW concentrations.

(f) - 13. Italian Decree DLL 148 (Wage Control etc.) Econ Sec stated that Mr. ANTOLINI had decided to do nothing further on this matter. Ex C considered that a letter should be sent to the Prime Minister.

(g) - 14. Responsibility for Mine Detectors. For "vehicles" in the last minute please read "mine detectors." It was confirmed that this was a G-4 responsibility.

(h) - 15 Mine Clearance. Land Forces S/C stated that Gen. BROWNING was not prepared to take on the responsibility for mine clearance owing to lack of staff and because he felt that it was a civil commitment.
Ex C stated the work was largely a matter of liaison and if the principle was agreed one officer should be able to handle it. CA Sec stated if they were to retain this responsibility they would eventually require a small increase in staff.

(i) - 21. Returned Italian POW from Germany. Land Forces S/C reported that Gen. BROWNING could not, at this late stage, take on the responsibility of POW. Their previous recommendation had been turned down by AFHQ on the grounds that MMIA had too much work to do with the Italian Army and this position prevailed to a still greater extent now.

2. Personnel. Ex C stated that Colonel FRASER had been appointed Liaison Officer to General HEINRICHER, No. 1 District. Lt. Colonel MILLER was AC Liaison Officer at BARI in place of Lt. Colonel DAWSON. An officer would be appointed to act as Liaison Officer to General HARRIS, No. 2 District, in MILAN.
Ex C said that [illegible]

(o) - 12. Hand Back of Further Territory. CA Sec had put this matter up to Econ Sec and asked if anything had been done. Ex C stated that EMILIA Region could not be turned back for some time, particularly in view of German POW concentrations.

(f) - 13. Italian Decree DLL 148 (Wage Control etc.) Econ Sec stated that Mr. ANTOLINI had decided to do nothing further on this matter. Ex C considered that a letter should be sent to the Prime Minister.

(g) - 14. Responsibility for Mine Detectors. For "vehicles" in the last minute please read "mine detectors." It was confirmed that this was a G-4 responsibility.

(h) - 15 Mine Clearance. Land Forces S/C stated that Gen. BROWNING was not prepared to take on the responsibility for mine clearance owing to lack of staff and because he felt that it was a civil commitment.
Ex C stated the work was largely a matter of liaison and if the principle was agreed one officer should be able to handle it. CA Sec stated if they were to retain this responsibility they would eventually require a small increase in staff.

(i) - 21. Returned Italian POW from Germany. Land Forces S/C reported that Gen. BROWNING could not, at this late stage, take on the responsibility of POW. Their previous recommendation had been turned down by AFHQ on the grounds that MAIA had too much work to do with the Italian Army and this position prevailed to a still greater extent now.

2. Personnel. Ex C stated that Colonel PEASEY had been appointed Liaison Officer to General HEDEMEIER, No. 1 District. Lt. Colonel MILLER was AC Liaison Officer at BARI in place of Lt. Colonel DAWSON. An officer would be appointed to act as Liaison Officer to General NARES, No. 2 District, in MILAN.
Ex C said that when Regional Control functioned in the North, we should have a Liaison Officer with REG at LEGHORN and in the North. Est Sec to submit the name of a senior American officer for this position.

3. Telephone Communication with the North. Ex C pointed out that telephone facilities were available to all the large cities in the North and a considerable amount could be done by the increased use of this means of communication.

4. Situation in BOLZANO. Captain MONTANT reported on a recent visit. He stated that with effect from 12 May 15 Army Group had handed over liaison work to a Fifth Army detachment. BOLZANO had a 60% German speaking population. The Germans had six to eight divisions in the area, with HQs and officers throughout the city. Colonel FISHER had sent a telegram stressing the need for an Industry officer and a Finance officer for temporary duty to clear up problems. There was some dispute in connection with the Brennor railroad. Under the Armistice terms the Germans had to rebuild this, but the Italian workers refused to work under German direction any longer and the Germans were doing

4. Situation in BOLZANO. (contd)
what work they could with the 6,000 German workers available, without active cooperation from the Italian railroad workers. There was some discussion on this at the meeting.
The refugee situation was in hand. VI Corps reported they had only 5,000 refugees. The German/Austrian and the Brenner frontiers had been closed, in order to control refugee movement.
The CIN had been extremely cooperative in providing transport.
It had been arranged that all German MPs would be replaced by Americans in BOLZANO City by the end of the week and the situation should improve.
Colonel FISHER was concerned at the possibility of the Germans removing loot from this area to their new destination. Ex C directed Captain MONTANT to put up a memorandum on this.

5. Repatriation of Italians from FRANCE. Brigadier HERON stated that a signal had come from SHAEF that 600 Italians would be sent from MARSEILLES. Ex C said that the Italian Government had asked permission to send small missions to FRANCE and other Liberated Countries to look after the interests of Italian personnel. They had been told that questions of Italians in liberated countries were to be settled between the respective Governments. Brigadier HERON confirmed that the Italians in FRANCE were a SHAEF responsibility.

6. Guards for EMAC. C. Sec had received a report that special guards were being appointed for EMAC at a wage of 1,000 lire per day. Econ Sec would look into this matter.

7. American Film. Ent Sec stated that a direction had been received for all American officers and EM to see the picture "Two Down and One to Go." Arrangements had been made accordingly for 1000 hrs Wednesday, 16 May.

8. Courier Service to the North. Ent Sec reported that a courier service to the North would start tomorrow. A Schedule would be published this afternoon.

9. Status of Correspondents. PRO read a draft letter from Public Relations AFHQ warning their correspondents that the organisation would be reduced. There were approximately 140 correspondents at present, and one-third or more might remain in ROME as political correspondents. The question of their future status and accommodation was discussed.
Ex C pointed out that AC had no means of taking them on as political correspondents. He said their turn back to civilian status must be a gradual one and long notice should be given to them, say three months. PRO should tell Public Relations AFHQ to give such notice of departure and withdrawal of special housekeeping and transport facilities. The Embassies should be informed so that they could take up the matter of care of their nationals with the Italian Government.

10. Italian Army Personnel for Harvesting. In answer to Econ Sec, Land Forces S/C stated that they had not been [illegible]

personnel. They had been told that questions of Italians in liberated countries were to be settled between the respective Governments. Brigadier MUNN confirmed that the Italians in FRANCE were a SHAEF responsibility.

6. Guards for RHAC. CA Sec had received a report that special guards were being appointed for RHAC at a wage of 1,000 lire per day. Econ Sec would look into this matter.

7. American Film. Ent Sec stated that a direction had been received for all American officers and EM to see the picture "Two Down and One to Go." Arrangements had been made accordingly for 1000 hrs Wednesday, 16 May.

8. Courier Service to the North. Ent Sec reported that a courier service to the North would start tomorrow. A Schedule would be published this afternoon.

9. Status of Correspondents. PRO read a draft letter from Public Relations AFHQ warning their correspondents that the organisation would be reduced. The Embassies should be informed so that they could take up the matter of care of their nationals with the Italian Government.

10. Italian Army Personnel for Harvesting. In answer to Econ Sec, Land Forces S/C stated that they had not been instructed to provide any personnel. Econ Sec and Land Forces S/C would discuss this matter.

11. Ex-Italian Army Personnel. Land Forces S/C stated that the desertion rate had not been any higher than was anticipated. They had put up a paper to AFHQ some time ago, giving facts and figures and proposed measures to be taken, but had not had a reply. AFHQ had given approval for the demobilisation of approximately 50,000 personnel of the 1913 and first four months of 1914 class and older who were due, under Italian law, to be demobilised when their homes were reached but the problem of replacements is in hand.

12. Dispor Personnel. Ex C expressed thanks to Gen. BROWNING for putting eight officers at the disposal of Dispor. Executive Officer (E) would follow up.

2230

13. Postal Services to the North. Communications S/C were anxious to get these into operation. Transport was the difficulty and they were in urgent need of eight trucks. There was discussion on the vehicle situation. Ex C pointed out that Q Truck Company No. 17 had been loaned to Colonel KIRKMAN in FLORENCE for one month and Econ Sec would follow up to see if the eight trucks could be obtained from there.

14. Classification of Telegrams. Communications S/C pointed out that the excessive use of cypher was handicapping transmission. Ex C directed Major STEARNS to collaborate with Communications S/C in the preparation of a draft order on the classification of telegrams.

15. Hospital Accommodation in the North. WND S/C reported there were ten Italian evacuation hospitals in the North, complete with 200 beds each. These were being applied for.

16. Refugee Camps. A camp was being opened in ROME tomorrow by the Italian Government, and another would be opened in FLORENCE shortly.

17. Clothing for IPOW. There was some discussion on the arrangements made and Ex C directed IPW S/C to submit a note on the situation.

18. War Selection Board. Brigadier NEW stated this was being set up in ITALY for the first time and was sitting next week in FLORENCE. Ex C directed Executive Officer (B) to draft a letter asking for top priorities for Commission replacement personnel.

11 May 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 11 MAY.
- -

1. Minutes of Last Meeting.

(a) - 1(a). Office Space. Pat Sec were waiting for people not belonging to AC to move out of the building. The question of moving elaborate furniture from offices was raised by Econ Sec. Ex C stated this problem should be settled as we came to it and furniture should be retained as far as possible.

(b) - 1(c). Situation in the North. Ex C briefly reviewed the situation in the North. This was fairly good on the administrative and economic sides, according to reports received. There was no doubt that murders and shootings were going on under the guise of operation, more in the areas outside the towns. Public Safety S/C must watch this.
Ex C detailed frontier problems which had been encountered and these were now being taken up on a Governmental level.
The principal problem would be Refugees.
Instructions had been received from AFHQ to call on military formations for help. CA Sec considered the problem would be lessened when camps were set up. Ex C stressed that every assistance must be given by all.

(c) - 4. Repatriation of Italians from Eritrea. CA Sec had a number of discussions with Brig. McCarthy and the Embassies. It had been agreed that at the present moment the Italian Government could not be asked to accept even the 5,000. The case was adjourned for a month until the position in the North could be seen. Large scale repatriation was a matter which would be handled through diplomatic channels and not through AC.

2. Employment of Italians in the Far East. Ex C understood that the British Royal Navy had entered into a contract for the employment of 15,000 Italians in the Far East. Major Stevens was instructed

question of [illegible] elaborate furniture from offices was raised by Econ Sec. Ex C stated this problem should be settled as we came to it and furniture should be retained as far as possible.

(b) - 1(c). Situation in the North. Ex C briefly reviewed the situation in the North. This was fairly good on the administrative and economic sides, according to reports received. There was no doubt that murders and shootings were going on under the guise of spuration, more in the areas outside the towns. Public Safety S/C must watch this.

(c) - 4. Repatriation of Italians from Eritrea. CA Sec had a number of discussions with Brig. McCarthy and the Embassies. It had been agreed that at the present moment the Italian Government could not be asked to accept even the 5,000. The case was adjourned for a month until the position in the North could be seen. Large scale repatriation was a matter which would be handled through diplomatic channels and not through AC.

2. Employment of Italians in the Far East. Ex C understood that the British Royal Navy had entered into a contract for the employment of 15,000 Italians in the Far East. Major Stearns was instructed to obtain a report from Naval S/C.

3. Visits of Officers to the North. Ex C directed that all officers making journeys to the North must keep HQ continually informed of their movements and whereabouts, in case they were required urgently. Heads of S/Cs should act accordingly.

2729

4. Communications with the North. These were much better than had been anticipated. There were wireless links with all the big towns.

5. Italian Army Vehicles. Econ Sec and Land Forces S/C were negotiating on the question of the 102 Italian Army vehicles required by private individuals.

Declassified E.O. 12356 Section 3.3/NND No. 785015

6. Civilianisation of AC. Ex C stated that AFHQ had written to CC that in view of the present situation the civilianisation of AC should be speeded up and the reallocation of British and American military personnel started. Ec Sec were working on a plan accordingly.

7. Control of Movement. Ex C said that SAC desired less restricted control of movement up and down the country. Econ Sec raised objection on the point of the economic boundary and asked if the matter could be held over until they had received a report from AFHQ.
After discussion Ex C agreed the matter should be held over for forty-eight hours. CA Sec would study the telegram received and consult Econ Sec.

8. Liaison Officers. GOCs 1 and 2 Districts were now asking for implementation of the promise to have liaison officers attached to them. Ex C was sending one Lt. Colonel and one Staff Officer to each District. The Staff Officers would come from Econ Sec.

9. Disbanded German Army. Ex C reported that Cos. Fiske and White were representatives of AC at the German Army HQ. It was not yet decided where the German Army would be situated.

10. Office Administration. Ex C had taken up the question of sending telegrams In Clear. It was hoped that authority would be given to obviate the use of Cypher except in matters of politics and frontier control.

11. Inspection of Carabinieri. Ex C approved the issue of 75 tickets - 50 to AC and 25 to RMC - for the inspection of CC.RR by SAC on Saturday, 12 March, at 1030 hrs.

12. Hand Back of Further Territory. CA Sec raised the question of further territory being handed back, Toscana, the Commune of Livorno, Pisa. Econ Sec thought the military should be consulted in view of military installations. Ex C amended the territory in Livorno to Livorno Province, not the Commune, and directed CA Sec to put up a draft to Econ Sec for concurrence.

13. Italian Decree. CA Sec read a decree which had been issued. Ex C considered the text of this was due to inefficiency rather than deliberate gratitutious insult to AMG and directed that a letter should be put up to the Prime Minister.

14. Responsibility for Vehicles. CA Sec said a further 200 vehicles had been obtained from AFHQ. Ex C said a direction would be issued that G-4 look after them.

15. Mine Clearance. Ex C said that this should be the responsibility

9. Disbanded German Army. Ex C reported that Cos. Fiske and White were representatives of AC at the German Army HQ. It was not yet decided where the German Army would be situated.

10. Office Administration. Ex C had taken up the question of sending telegrams in Clear. It was hoped that authority would be given to obviate the use of Cypher except in matters of politics and frontier control.

11. Inspection of Carbinieri. Ex C approved the issue of 75 tickets - 50 to AC and 25 to RAAC - for the inspection of CC.RR by S/C on Saturday, 12 March, at 1030 hrs.

12. Hand Back of Further Territory. CA Sec raised the question of further territory being handed back, Toscana, the Comune of Livorno, Pisa. Econ Sec thought the military should be consulted in view of military installations. Ex C amended the territory in Livorno to Livorno Province, not the Comune, and directed CA Sec to put up a draft to Econ Sec for concurrence.

13. Italian Decree. CA Sec read a decree which had been issued. Ex C considered the text of this was due to inefficiency rather than deliberate gratuitous insult to AMG and directed that a letter should be put up to the Prime Minister.

14. Responsibility for Vehicles. CA Sec said a further 200 vehicles had been obtained from AMG. Ex C said a direction would be issued that G-4 look after them.

15. Mine Clearance. Ex C said that this should be the responsibility of the Ministry of War and Italian units should be employed on this work. He read a telegram on the matter. Land Forces S/C would discuss with Gen. Browning the passing of responsibility for mine clearance to Land Forces S/C, with the maximum use of Italian military personnel.

16. Political Situation. Pol Adviser (Br) outlined the political situation. CLNAI representatives had come to Rome and consulted with members of the Government. Their former attitude to Bonomi and the Rome Government had been somewhat modified and it was now more of a party set-up than a clear cut division between North and South. Except for Bonomi, the most likely candidate for Prime Minister was Nenni. A meeting of CLNAI and Secretaries-General of Parties was being held to-day and an attempt would be made to get out a complete list of Ministers.

Declassified E.O. 12356 Section 3.3/NND No. 785015

16. Political Situation. (contd.)
Bonomi was of the opinion that he would get considerable support in the North on his visit.
They would be satisfied to have elections by the end of the year.
The CLNAI representatives were returning North tomorrow accompanied by Bonomi and eight members of the Government and four party leaders with approval of SAC. Ex C stated that CC had recognised that some modification of the no political meetings rule in the North was inevitable. RCs would be advised of the situation by Pol Advisers. As soon as approval was received from 15 Army Group a signal would be sent to RCs.

17. Coal. Econ Sec had received a telegram from IV Corps for an enormous tonnage of coal. There was discussion on the great need for coal everywhere and Ex C said we must endeavour to get priorities equalised.

18. Review of Industries in the North. Ex C stated that CC had sent a telegram to AFHQ urging that a review of industries in the North be undertaken by the American and British mission that came over here a few months ago.

19. Visit of PRO to the North. PRO gave a brief review of his visit to the North, and stated that press correspondents were going forward to-day. There had been disputed over the re-publication of the Corriere de Sera but an afternoon edition was due to start tomorrow. Ex C said that at a meeting with PWB yesterday it was arranged that CLNAI be told by CC that an information paper would be published by the Allies.

20. Territorial HQs. Land Forces S/C had received permission from 15 Army Group to implement all territorial HQs. Advance portion had already left and main bodies were going in the next few days.

21. Returned POWs from Germany. Ex C asked the position. PW S/C said a meeting had been held yesterday and the people streaming back would be taken care of in reception centres. Ex C asked if Territorial Districts could not take care of this problem. Land Forces S/C had put up a paper recommending they take over POW some time ago but this had been turned down by AFHQ. Land Forces S/C would take up again.

18. Review of Industries in the North. Ex C stated that CC had sent a telegram to AFHQ urging that a review of industries in the North be undertaken by the American and British mission that came over here a few months ago.

19. Visit of PRO to the North. PRO gave a brief review of his visit to the North, and stated that press correspondents were going forward to-day. There had been disputed over the re-publication of the Corriere de Sera but an afternoon edition was due to start tomorrow. Ex C said that at a meeting with PWB yesterday it was arranged that CINAI be told by CC that an information paper would be published by the Allies.

20. Territorial HQs. Land Forces S/C had received permission from 15 Army Group to implement all territorial HQs. Advance parties had already left and main bodies were going in the next few days.

21. Returned POWs from Germany. Ex C asked the position. IPW S/C said a meeting had been held yesterday and the people streaming back would be taken care of in reception centres. Ex C asked if Territorial Districts could not take care of this problem. Land Forces S/C had put up a paper recommending they take over POW some time ago but this had been turned down by AFHQ. MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 4 MAY.

1. Minutes of Last Meeting.

(a) - 1(b). Office Space. Eat Sec outlined the plan put forward by the Office Space Committee, which involved certain moves to bring Sections together. Personnel not belonging to AC were being moved out of the building and HQ Commandant had found alternative accommodation for them. With the exception of WD S/C, All Sections approved the plan and Ex C ruled that Eat Sec should enquire into WD S/C's objections, resolve them, and put the plan into effect.

(b) - 1(c). Civilian Employees for the North. CA Sec stated that no lists had been received; presumably none had been sent and it was now too late. Ex C directed Econ Sec to check up on civilian personnel during their visit to the North.

(c) - 1(d). Officer Personnel. Ex C stated there were big demands from Regions and on the whole these were being met very well. Ex C pointed out it was always realized that we should not have enough officers to carry on as well knit an organization as there had been in the past. A light rein would have to be held and HQs would have to depend on work being done by the Italian agencies, which were intact. If necessary Sections should follow up CO's memorandum on the new AMG policy in the North. 68 officers had been obtained from Fifth Army and would be assigned to Regions as CAOs - 30 to EMILIA, 20 to VENEZIA and the balance to LIGURIA, PIEMONTE and LOMBARDIA.
The shortage of officers had been accentuated by the fact that every British officer earmarked for AUSTRIA was required. 89 officers were involved. All Sections would see that their officers for AUSTRIA would proceed to CASERTA to-day.

A light rein would have to be held and HQs would have to depend on work being done by the Italian agencies, which were intact. If necessary Sections should follow up CC's memorandum on the new A&G policy in the North. 68 officers had been obtained from Fifth Army and would be assigned to Regions as CAOs - 30 to EMILIA, 20 to VENEZIA and the balance to LIGURIA, PIEMONTE and LOMBARDIA.
The shortage of officers had been accentuated by the fact that every British officer earmarked for AUSTRIA was required. 89 officers were involved. All Sections would see that their officers for AUSTRIA would proceed to CESENA to-day.
The Austrian Commission under General WINTERTON was now here and had loaned us some officers. They would be prepared to help further with personnel and Ex C directed Sections to keep in close touch with General WINTERTON and his staff.

(d) - 2. Adv HQ AC. Econ Sec asked if this office was functioning. Ex C stated the office would not open until MILAN came under Regional control. He had instructed HQ Commandant to make necessary preliminary arrangements when he visited the North.

2727

(e) - 3. Situation in the North. Ex C stated a series of extremely interesting telegrams had been received from the American and British Pol Advisers in the North,

(e) - 5. Situation in the North.(contd.)
which indicated that the situation was on the whole satisfactory. These telegrams had been sent to VFs, as would all future ones.

(f) - 7. Hand Back of Territory. Ex C stated that the handing back to the Italian Government of UMBRIA-MARCHE Region and GROSSETO, SIENA and AREZZO Provinces from TOSCANA Region would take place on 10 May. RCs would be here to-day and reallocation of officers would be worked out.

2. Personnel. Lt. Col. ELWES would be Liaison Officer at ANCONA. Lt. Col. MILLER was relieving Lt. Col. DAWSON as Liaison Officer at BARI.

3. Italian Army Personnel for Harvesting. The present position was that the Ministry of Agriculture had put in a request to the Ministry for War which was being opposed by MSIA, but Ex C considered there was a good case for it and when the request came through instructed Econ Sec to put it up for consideration of CC.

4. Repatriation of Italians from ERITREA. CA Sec stated that Brig. McCARTHY, from ERITREA, was here and wished to consult the Italian Government on the question of long term planning for the repatriation of Italians from ERITREA. There were between 30/40,000 and it was understood that the British Government wanted to get these Italians into ITALY to ease the situation in ERITREA.
Ex C stated that any conversations on the matter must take place through AC and CA Sec said that Brig. McCARTHY would see the Italian Government only on the question of the 5,000 whose repatriation had already been agreed. Ex C asked Econ Sec to consider the matter from the economic point of view.

5. Flora Hotel. Econ Sec requested revision of the policy of moving the female civilian employees of AC from the Flora Hotel. Since 15 April, when the move was made, there had been only 97 transient officers and 12 permanent officers had moved in. On 1 May, there were 60 beds available at the Flora Hotel. Ex C would consider the desirability of reopening the matter.

6. Visit of Econ Sec to the North. Mr. ANTOLINI was taking up an Econ Sec team to review the economic and financial situation in the North. They would be accompanied by representatives of the British and American Embassies and the trip would take two weeks. Findings would be communicated to AMG.

7. Use of Line Troops. Brig. Gen. McCREERY asked if extensive use could not now be made of line troops. Ex C said we had not asked for more than the 68 officers referred to in Minute 1(c). The

7. Use of Line Troops. Brig. Gen. McKINLEY asked if extensive use could not now be made of line troops. Ex C said we had not asked for more than the 68 officers referred to in Minute 1(e). The Armies were concerned with occupation problems and allocation of troops to other theatres. Ex C would not approach with request for further personnel until the right moment, which he considered to be at the beginning of Phase II.

8. TOSCANA Region. Col. KIRKWOOD, RC TOSCANA Region, said it would be almost impossible to administer his territory on the withdrawal of British officers for AUSTRIA. He suggested a rearrangement of Provinces and Ex C instructed CA Sec to study the matter.

28 April 1945.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 27 APRIL.

1. Minutes of Last Meeting.

(a) - 1 (a). Coal Mines in SARDINIA. Ex C had discussed this matter with Lt. Col. Ellis, of the War Office, who considered that the production of coal would gradually increase. He was of the opinion that forceful methods with the Italian Government would serve no useful purpose.

(b) - 1 (b). Office Space. Col See reported that the proposals of the Office Space Committee would be ready by 30 April. Ex C asked that they be on his desk on Sunday, 29 April.

(c) - 1 (c). Civilian Employees for the north. Ex C directed Col See to see that lists from RCs were submitted in accordance with instructions already issued. Ex C said he had spoken to Col. Selby, Deputy RC Piemonte Region, who had promised to send a list. Col. Hancock should also be contacted.

(d) - 2. Officer Personnel. Brig. Gen. McKinley said he was going to CASERTA to get the principle established on a high level that more officers must be found. Then the G-1s at MTOUSA could start finding the officers, some of whom might come from replacement centres.

(e) - 4. Status of PCW. PW S/O reported that the Italian Government had accepted officially the change of status as from 1 July 45. This did not affect the Italian prisoners of war who would be captured during the present operations.

(a) - 1 (a). Coal Mines in SARDINIA. Ex C had discussed this matter with Lt. Col. Ellis, of the War Office, who considered that the production of coal would gradually increase. He was of the opinion that forcible methods with the Italian Government would serve no useful purpose.

(b) - 1 (b). Office Space. Cat Sec reported that the proposals of the Office Space Committee would be ready by 30 April. Ex C asked that they be on his desk on Sunday, 29 April.

(c) - 1 (c). Civilian Employees for the north. Ex C directed Cat Sec to see that lists from RE's were submitted in accordance with instructions already issued. Ex C said he had spoken to Col. Selby, Deputy RE Piemonte Region, who had promised to send a list. Col. Hancock should also be contacted.

(d) - 2. Officer Personnel. Brig. Gen. McKinley said he was going to CASERTA to get the principle established on a high level that more officers must be found. Then the G-1s at AFHQ could start finding the officers, some of whom might come from replacement centres.

(e) - 4. Status of HQCA. HQ S/C reported that the Italian Government had accepted officially the change of status as from 1 July 45. This did not affect the Italian prisoners of war who would be captured during the present operations.

2. Adv HQ AC. CA Sec asked if anything had been done on this question. Ex C said it would be wise to have an office in MILAN, with a nucleus of staff and accommodation for visiting officers from HQ. He had already told HQ Commandant to go into this matter.

3. Situation in the North. This was discussed, particularly in reference to GENOA and MILAN. Ex C stated we had to face up to entering N.W. Italy after an interim period of partisan rule. Pol Adviser (Sr) said that the CLN had taken complete charge in MILAN and had issued various ordinances, amongst which was one holding up socialisation of industry. A/President and CC would stress to 15 Army Group the absolute necessity of getting RE's and staffs into the big cities as soon as they were liberated by the Allied troops. Having Pol Advisers forward would also be very desirable. (continued..)

2725

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. Situation in the North. (continued).
Instructions had gone out ordering all provincial towns to be collected and sent forward, except those attached to EMILIA Region. Those officers had either arrived or were on the way.
Ex C stated that it was arranged that G-5 Section, 15 Army Group would telephone the latest news twice a day. This news would be passed to VPs.

4. Carabinieri. CA Sec were instructed to pursue the matter of the ceiling of the CC.RR following the receipt of the letter from P.M. Bonomi on the matter.

5. Appointment of Prefects and Questori. CA Sec, with the approval of CC, had come to an agreement with the Prime Minister that the Government and the CLN would both nominate candidates but the final choice would be made by the AMG officer. Such choice would if possible be the Government's nominee but the candidate must be acceptable to the local population and due consideration must be given to the CLN nominee and the local ecclesiastical authorities should be consulted. Ex C said the Government should be urged to include amongst their nominees some of the CLN matches. The matter would be further discussed with CC.

6. Situation in BOLOGNA. CA Sec read a telegram from 5 Army describing a stand down parade of patriots in BOLOGNA at which a large number of arms were handed in. CSO to Ex C was instructed to tell HCs of this event and its success.

7. Hand Back of Territory. It was decided to recommend to CC to hand back to the Italian Government on 1 June 45 the Provinces of GROSSETO, SIENA and AREZZO, and the whole of UMBRIA-MARCHE Region less ANCONA Province. Ex C would also recommend that the Government be told that provinces now in the Army Zone would not be handed back in less than a month after they had passed under Regional administration.

8. Civilian Communications with the North. In reply to Room Sec, Communications S/C said that a postcard service was set up in the early stages, controlled by the Army courier service. The radio was also used to broadcast messages to relatives.

9. Visits of Ministers to the North. CA Sec stated there would be very considerable pressure from Ministers and other Government officials to have permission to go to the North and asked that a firm policy be adopted from the start. Ex C instructed Room and CA Secs to inform their S/Cs to turn down all requests and directed his CSO to see that Service S/Cs were also informed. PRO was instructed to make a press announcement regarding civilians not

Ex C said the Government should be urged to include amongst their nominees some of the CLN nominees. The matter would be further discussed with CC.

6. Situation in BOLOGNA. CA Sec read a telegram from 5 Army describing a stand down parade of patriots in BOLOGNA at which a large number of arms were handed in. CSC to Ex C was instructed to tell HQs of this event and its success.

7. Hand Back of Territory. It was decided to recommend to CC to hand back to the Italian Government on 1 June 45 the Provinces of GROSSETO, SIENA and AREZZO, and the whole of UMBRIA-MARCHE Region less ANCONA Province. Ex C would also recommend that the Government be told that provinces now in the Army Zone would not be handed back in less than a month after they had passed under Regional administration.

8. Civilian Communications with the North. In reply to Econ Sec, Communications S/C said that a postcard service was set up in the early stages, controlled by the Army courier service. The radio was also used to broadcast messages to relatives.

9. Visits of Ministers to the North. CA Sec stated there would be very considerable pressure from Ministers and other Government officials to have permission to go to the North and asked that a firm policy be adopted from the start. Ex C instructed Econ and CA Secs to inform their S/Cs to turn down all requests and directed his CSO to see that Service S/Cs were also informed. PRO was instructed to make a press announcement regarding civilians not being allowed to go North.

10. Press Plan for the North. PRO reported that this had been approved by AFHQ without change. Ex C directed that copies of the final plan be sent to VHs and HQs.

11. Activities of CLNAI and other news from the North. Ex C asked Public Relations to keep all at AC informed of news in the North. This should take the form of a special daily bulletin co-ordinated with the Ex C's office.

12. Use of MLOs after liberation. CA Sec stated it had been agreed to lend MLOs to AMG for a limited period after liberation of an area. CSO to Ex C to look up this instruction, and Ent Sec to follow up on the matter.

Declassified E.O. 12356 Section 3.3/NND No. 785015

13. Italian Army Vehicles. WMD S/C stated that MMIA were claiming all Italian Army vehicles, although a number had been repaired by private individuals and were operating on AC tyres. They cited a case of 102 lorries hauling grain under FMAC which MMIA claimed. Ex C pointed out that MMIA had the right to the vehicles; the mistake was in having had them repaired by private interests. He instructed WMD S/C to put up a minute to him, setting out the ruling on this, and he would ask Gen. Browning to make an exception in regard to these particular 102 vehicles and would tell Gen. Browning that in future the rules would be faithfully followed.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 24 APRIL.

1. Minutes of Last Meeting.

(a) - 1(a). Coal Mines in SARDINIA. Brigadier Anderson reported that production of coal had now reached normal. His own opinion was that there might be a recurrence of trouble with the miners.

(b) - 1(b). Office Space. Econ Sec raised this question again. Est Sec said that HQ Commandant had made a survey but no changes or moves had yet taken place. A/Ex C stressed that action must be speeded up. CSO to Ex C asked if the Office Space Committee would submit a report. A/Ex C agreed and directed that the report be presented at the next Executive Commissioner's meeting.

(c) - 3. Civilian Employees for the North. Brigadier Anderson reported that 15 Army Group had put Italian civilians into uniform and taken them forward in connection with local resources. Econ Sec had referred the matter to Local Resources Section, AFHQ.
Land Forces S/C said that the instructions to absorb Italian civilians into the Army came from G-2 sources. CSO to Ex C to discuss with Econ Sec with a view to taking the matter up with G-5.

2. Officer Personnel. This question was again discussed. Brigadier Anderson said that although the mining officer in SARDINIA had been released from the Austrian commitment, an engineer officer was still required by AFHQ. Econ Sec asked if there would be any chance of increasing the officer strength in their section. A/Ex C said a case could be put up for the Manpower Committee to go up to AFHQ. The case would have to

The case would have to stress that military personnel were required, since the first reaction of AFHQ would be "civilianisation."

3. Supply Policy. Brigadier General McKinlay stated that a meeting was being held this afternoon at 1500 hrs to discuss the Economic directive arising out of FAN 487 which had been received from the CCS.

4. Status of IPCR. IPW S/C stated that this question had now been settled and the change in status would take place on 1 July 45. This would increase the ceiling of the Italian Army, and this had been agreed.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 17 APRIL

A/Ex C welcomed Brigadier ANDERSON to the meeting.

1. Minutes of Last Meeting.

(a) - 2. Coal Mines in SARDINIA. Econ Sec said that the previous minutes were incorrect. The paper they had prepared reflected the views of engineers in the field. Brigadier ANDERSON was now dealing with the matter. He stated that in his opinion we were not in a position to say to the Italian Government that they had been inefficient and that the mines must be returned to our control. The Italian Government had requested that the Rome gas ration should not be cut until they had sent six of their engineers to SARDINIA to report. Econ Sec were now awaiting this report.

(b) - 3. Office Space. A/Ex C said the situation had somewhat eased and he was hopeful that the necessary space would be found to the satisfaction of all concerned.

(c) - 4. Flora Hotel. A meeting was being held with A/President this morning at 1030 hrs to discuss this matter.

(d) - 5. Transport. CA Sec asked the position. Mat Sec were working on a request and justification coordinated statement for all AC.

(e) - 6. Transport for the North. Econ Sec had indicated to 15 Army Group the date when the truck companies could be made available in the forward areas during Phase I. The 1,700 trucks now being received from U.S. would not be used for this purpose. The position was now satisfactory.

(f) - 7. V-E Day Celebration. A/Ex C said a communication had been received from AMG directing that any celebrations

(f) - 7. V-E Day Celebration. A/Ex C said a communication had been received from AFHQ directing that any celebrations must be soberly conducted and that no relaxation of discipline could be allowed. He would have to see A/President and CC in AC's arrangements.

2. Planning for the North. A/Ex C said Econ Sec had asked for a meeting with IV Corps and Armies to discuss plans for the North. He expected a telephone call from IV Corps this morning and would arrange the first of these meetings.

2722

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. Civilian Employees for the North. A/Ex C stated that the Northern Regions had been told that AC was opposed to any civilians going North. In exceptional cases application could be made to HQ and the names submitted would be screened but no one would be allowed to go forward without authority from this HQ. The suggestion that Districts be asked to submit names of Italian clerical staff that they might take forward with them was thought to be impracticable. A/Ex C said that we should have to deal with these cases one by one.

4. Communications to Prefects from Italian Government. CA Sec pointed out that all communications should go through AAC channels. In many cases the Minister of the Interior had sent telegrams direct to Prefects. It was considered this was undesirable and should cease. Communications S/C said it was impossible to impose a censorship on all Italian mail which assumed vast proportions. A/Ex C said the matter required further study and no decision was given.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING 13 APRIL

1. Minutes of Last Meeting.

(a) - 3. HCs Meeting with General CLARK. A/Ex C stated that this meeting had been very satisfactory.

2. Coal Mines in SARDINIA. Econ Sec reported on the present situation. At the time the coal mines were turned over to the Italian Government production was 40,000 tons a month and it was now down to 20,000 tons a month. The target was 100,000 tons a month. Econ Sec said that production had not fallen due to any lack of labour but was purely a political slowdown. They had prepared a paper raising the question of the mines being returned to our control. This was being sent to CC through A/Ex C. There was considerable discussion on the question of taking over control of the coal mines. A/Ex C said this could not be done without the use of considerable numbers of military personnel. No coal was being imported into Italy until June or July and the country was depending upon Sardinian coal. Econ Sec said that as a result of the decrease in production there would have to be a 50% cut in the power section.
The suggestion was made that a member of the Italian Government should go and talk to the local agitators telling them that the decrease in coal production was sabotaging the war effort.
It was decided that Econ Sec would see members of the Italian Government and tell them that the slowdown amounted to sabotage and that unless the slowdown was stopped publicity would be started to the effect that it would lead to a curtailment of the power section and other facilities.

3. Office Space. A/Ex C stated that the Office Space Committee had been working on the basis of a reallocation of space to get all the Sections together. They were moving out all Northern Regions HQs and officers assigned to Northern Regions, and it was considered that this would enable Sections to be together.

Declassified E.O. 12356 Section 3.3/NND No. 785015

1. Minutes of Last Meeting.

(a) - 3. HCs Meeting with General CLARK. A/Ex C stated that this meeting had been very satisfactory.

2. Coal Mines in SARDINIA. Econ Sec reported on the present situation. At the time the coal mines were turned over to the Italian Government production was 40,000 tons a month and it was now down to 20,000 tons a month. The target was 100,000 tons a month. Econ Sec said that production had not fallen due to any lack of labour but was purely a political slowdown. They had prepared a paper raising the question of the mines being returned to our control. This was being sent to CC through A/Ex C. There was considerable discussion on the question of taking over control of the coal mines. A/Ex C said this could not be done without the use of considerable numbers of military personnel. No coal was being imported into Italy until June or July and the country was depending upon Sardinian coal. Econ Sec said that as a result of the decrease in production there would have to be a 50% cut in the Rome gas ration.
The suggestion was made that a member of the Italian Government should go and talk to the local agitators telling them that the decrease in coal production was sabotaging the war effort.
It was decided that Econ Sec would see members of the Italian Government and tell them that the slowdown amounted to sabotage and that unless the slowdown was stopped publicity would be started to the effect that it would lead to a curtailment of the gas ration and other facilities.

3. Office Space. A/Ex C stated that the Office Space Committee had been working on the basis of a reallocation of space to get all the Sections together. They were moving out all Northern Regions HQs and officers assigned to Northern Regions, and it was considered that this would enable Sections to be together.
Econ Sec pointed out that extra personnel were coming in all the time and needed accommodation and CA Sec said this conflicted with instructions that HQ personnel should be cut down. A/Ex C would try to get a clear cut decision from CC to end the inconsistency in the present policy.

4. Flora Hotel. A/Ex C stated that he had visited the Esperia Hotel yesterday with Col. Perkin. He thought the accommodation was adequate and would arrange to open bathrooms on each floor. Econ Sec criticised the accommodation provided for the female AC employees. They had certain obligations to their staff and did not consider they were getting fair treatment. All the rooms with baths at the Esperia Hotel had been taken by USSAF personnel. In any case, Econ Sec considered there would be far too much space left at the Flora Hotel for transient officers.

2721

4. Flora Hotel.
(cont.) A/Ex C and Ch Sec said there must be consistency and that all female staff should be moved from the Flora Hotel into the Imperial.
CSO to Ex C asked if it was necessary that any further moves be made out of the Flora Hotel and suggested that when the Northern Regions went forward there should be plenty of accommodation. Already as the result of UNRRA having moved out there was sufficient accommodation for transient officers. Econ Sec supported this view.
The matter was left undecided and would be further discussed.

5. Transport. Ch Sec reported that AFHQ had asked for a coordinated statement of increased requirements for SC transport and that individual statements should not be forwarded. But Sec would prepare a coordinated statement and forward to AFHQ.

6. Transport for the North. Econ Sec stated that Transportation S/C had agreed with 15 Army Group to make available 650 3-ton trucks during Phase I. This matter demanded careful handling because it was essential that only military transport which could be serviced in the Army area should go forward. The 1,700 trucks now arriving were not suitable since they were civilian trucks and the Armies could not service them. A/Ex C would discuss with Sc n Sec.

7. V-E Day Celebration. In answer to Pol Adviser A/Ex C stated that AFHQ had ruled that there would be no celebrations or cessation of work in this theatre on account of victory in Europe. He would take the matter up.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 6 APRIL.

1. Minutes of Last Meeting.

(a) - 10. Employment of Italian State Employees in AMG Territory. CA Sec had discussed the Finance S/C circular with Communications S/C and thought that this circular should be withdrawn. The main point at issue was the provision for promotions of the higher grades of employees, which took matters out of the hands of the PC and PC. Communications S/C suggested that it would be better to amend the first paragraph rather than to withdraw the whole document. A/Ex C directed CA Sec to give the matter further study and suggest a suitable amendment to the circular.

2. Proposed Visits to Army Areas. The question of visits to Army areas by members of the Italian Government was raised - in particular, the case of Sforza[illegible]. Pol Adviser thought that such visits should be discouraged and A/Ex C stated that Army Commanders were not in favour of them.

3. ROs Meeting with General CLARK. A/Ex C announced that it had been arranged for ROs to meet General CLARK at 1030 hrs on Tuesday with CC and A/Ex C. Nat Sec were instructed to make the necessary arrangements regarding aeroplane transport for the meeting with General CLARK. Econ Sec asked if a preliminary meeting with ROs could be arranged and this was set for 1430 hrs on Monday in the Conference Room. Brigadier GUBB, Colonel HENSLEY and Lt.Colonel SCHULZ should attend as well as the other ROs of the North.

4. Telephone Calls to AFHQ. A/Ex C stated that a letter had been received from AFHQ complaining of difficulty in finding AC officers at their telephones after they had placed telephone calls to AFHQ. There was discussion on this and Communications S/C explained that delays in calls were unavoidable

1. Minutes of last Meeting.

(a) - 10. Employment of Italian State Employees in AMG Territory. G1 Sec had discussed the Finance S/C circular with Communications S/C and thought that this circular should be withdrawn. The main point at issue was the provision for promotions of the higher grades of employees, which took matters out of the hands of the RC and PC. Communications S/C suggested that it would be better to amend the first paragraph rather than to withdraw the whole document. A/Ex C directed G1 Sec to give the matter further study and suggest a suitable amendment to the circular.

2. Proposed Visits to Army Areas. The question of visits to Army areas by members of the Italian Government was raised - in particular, the case of Monticchiarro. Pol Adviser thought that such visits should be discouraged and A/Ex C stated that Army Commanders were not in favour of them.

3. RCs Meeting with General CLARK. A/Ex C announced that it had been arranged for RCs to meet General CLARK at 1030 hrs on Tuesday with CC and A/Ex C. Rct Sec were instructed to make the necessary arrangements regarding aeroplane transport for the meeting with General CLARK. Recon Sec asked if a preliminary meeting with RCs could be arranged and this was set for 1430 hrs on Monday in the Conference Room. Brigadier CARR, Colonel HENSLEY and Lt.Colonel SCHULZ should attend as well as the other RCs of the North.

4. Telephone Calls to AFHQ. A/Ex C stated that a letter had been received from AFHQ complaining of difficulty in finding AC officers at their telephones after they had placed telephone calls to AFHQ. There was discussion on this and Communications S/C explained that delays in calls were unavoidable.
A/Ex C directed Communications S/C to put up a small note on the use of the telephone for insertion in the Daily Bulletin.

5. Change of Status of IPW in Italy. IPW S/C reported that the consensus of opinion at AFHQ was against the proposed change of status of IPW in Italy. There was discussion on the use of IPW labour. A/Ex C considered that most IPW did not want to change their status at the expense of changed conditions of pay and maintenance as they were better off under present arrangements.

6. Recruitment of Garibaldi Division into the Italian Army.
Land Forces S/C gave a short account of the activities of the Garibaldi Division and stated that the remnants of this Division wanted to join the Italian Army.
Land Forces S/C had asked AFHQ on 21 March for an increase in the combat ceiling strength of the Italian Army to absorb these men. No answer had yet been received.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 3 APRIL.

1. Minutes of Last Meeting.

(a) - 2. Assignment of Corps. A/Ex C stated that the committee had been formed and the first meeting had been held.

2. New Deal for Italy. A/Ex C stated a letter had been received from AFHQ asking for an interim report on the New Deal plan up to 31 March. Heads of Sections should submit their comments as soon as possible in order that a full reply could be prepared for AFHQ. Office of Ex C to take up.

3. VENEZIA GIULIA. The suggestion had been made of forming a separate Region of these Provinces. CG was not in favour of this as he considered it would emphasise the difficulties encountered. A/Ex C said the Provinces would be administered as a Sub-Region of VENEZIA Region. The Sub-Regional Commissioner appointed would take up the matter direct with HQ VENEZIA Region as the questions raised in the memorandum put up by Brig. DUGGAN.

4. RCs - Northern Regions. A/Ex C reported that RCs Northern Regions were meeting the Prime Minister this afternoon on end of joint visit

5. N.W. Italy. CMS IV C Corps was coming to-day to discuss the occupation of N.W. Italy and the sending of Regional staffs to IV Corps HQ to HMCA. A/Ex C stated that for operational reasons this might not be practicable at present but a small forward Region might be established and personnel could be infiltrated as conditions allowed.

6. Olive Oil - Amassing. Food Sec reported that 41,000 tons had been collected to date and they were confident that the target of 45,000 tons would be reached. The withdrawal date of 15 April was confirmed.

7. Medical Officer for Partisans. CG Sec stated another request had been received for a medical officer. A/Ex C stated that a similar request had been turned down before as PAO had ruled that no military

(a) - 2. Assignment of Duties. A/Ex C stated that the committee had been formed and the first meeting had been held.

2. New Deal for Italy. A/Ex C stated a letter had been received from AFHQ asking for an interim report on the New Deal plan up to 31 March. Heads of Sections should submit their comments as soon as possible in order that a full reply could be prepared for AFHQ. Office of Ex C to take up.

3. VENEZIA GIULIA. The suggestion had been made of forming a separate Region of these Provinces. DC was not in favour of this as he considered it would emphasise the difficulties encountered. A/Ex C said the Provinces would be administered as a Sub-Region of VENEZIA Region. The Sub-Regional Commissioner appointed would take up the matter direct with HQ VENEZIA Region as to questions raised in the memorandum put up by Brig. DUNLOP.

4. RCs - Northern Regions. A/Ex C reported that RCs Northern Regions were meeting the Prime Minister this afternoon on an official visit

5. N.W. Italy. CCC IV Corps was coming to-day to discuss the occupation of N.W. Italy and the sending of Regional staffs to IV Corps HQ at LUCCA. A/Ex C stated that for operational reasons this might not be practicable at present but a small forward Region might be established and personnel could be infiltrated as conditions allowed.

6. Olive Oil - Annexure. Econ Sec reported that 41,000 tons had been collected to date and they were confident that the target of 45,000 tons would be reached. The withdrawal date of 15 April was confirmed.

7. Medical Officer for Partisans. Cl Sec stated another request had been received for a medical officer. A/Ex C stated that a similar request had been turned down before as SAC had ruled that no military government personnel be infiltrated. Unless there were very urgent reasons the question should not be re-opened.

8. Distribution of Signals. Est Sec raised the question of signals to personnel and said that sometimes 'Action' copies were sent to Econ Sec. They stated that in one instance this resulted in conflicting replies being sent by two Sections. A/Ex C said the point should be noted but did not think it was a matter that occurred often as Message Centre were very efficient.

2719

9. Conditions of AC Civilian Employment. Econ Sec reported progress in drafting a circular to go to U.S. officers with reference to civilian employment offered by FBA and by State Dept. A/Ex C directed Est Sec to submit final draft.

Declassified E.O. 12356 Section 3.3/NND No. 785015

10. Employment of Italian State Employees in AMG Territory. Communications S/C had discussed with CA Sec and a circular had been issued by Finance S/C. This circular was read by Communications S/C and it was pointed out that as it stood it affected the work of DCs. A/Ex C directed that the matter be passed to CA Sec for study and comment.

11. Italian Army Ration Scale. Land Forces S/C reported that AFHQ had sent a letter to 15 Army Group and Army Commanders stating that S/C did not propose to recommend any increase in the Italian Army ration scale to the CCS as this was considered to be more than adequate.
The question of the increase in olive oil ration was settled in the negative insofar as AC was concerned.

12. Indiscriminate Purchases by Italian Army. Land Forces S/C stated that the Italian Army allowed commanding officers to spend the sum of 20 lire per day per man on extra food to supplement the ration scale. This resulted in the indiscriminate buying of food in the forward areas to the detriment of would-be purchasers for hospitals. Land Forces S/C were working on this with a view to exercising some form of control.

13. PWB - AFHQ. PWB reported that PWB - AFHQ had stated their Adv HQ would move out fairly soon which raised the problem of the civilian correspondents they would leave behind. A/Ex C said this brought up the whole question of AC and the various agencies that had been looked after for the sake of convenience. The eventual goal would be the establishment of these agencies on a civilian basis. He directed Nat Sec to take up with PWB and possibly with the Embassies with a view to working out a scheme as to supply.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 30 MARCH.

1. Minutes of last Meeting.

(a) - 4. M.W. Italy Planning. In reply to Econ Sec, A/Ex C explained that specialists from each of the three N.W. Regions from any Sub-Commission would be welcomed by C.C., IV Corps for planning at IBOC. He would also welcome HQ officers.

2. Assignment of Cars. A/Ex C said that justification statements for daily assigned cars had been submitted to Est Sec. He ruled that a committee be set up to review these justifications, consisting of Est Sec (Col. Perkin) and representatives of Econ and Ch Secs. Col. Perkin suggested the first meeting should take place at 1500 hrs tomorrow, 31 March, in his office.

3. AC Monthly Reports for Foreign Representatives. It was ruled that representatives of Powers who had no seat on the Advisory Council would not normally get monthly reports, and that members of the Advisory Council would get them only through the Secretary to the Council.

4. Italian Call-Up. Land Forces S/C reported that the Italian call-up in CALDERA was being postponed because of the very satisfactory manpower situation of the Italian Army.

5. Telephones. Communications S/C stated there was an acute shortage of telephones, and suggested that the number in use at HQ could be cut down. A/Ex C thought the situation would be eased when the Northern Regions moved out; in the meantime, rather than buy more instruments, Communications S/C should reallocate some of the telephones.

6. Postal Services. Communications S/C reported that postal services to LUCCA and PISTOIA would be established on 9 April.

(a) - 4. N.W. Italy Planning. In reply to Bonn Sec, A/Ex C explained that specialists from each of the three N.W. Regions from any Sub-Commission would be welcomed by C.G., IV Corps for planning at LUCCA. He would also welcome HQ officers.

2. Assignment of Cars. A/Ex C said that justification statements for daily assigned cars had been submitted to Nat Sec. MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 27 MARCH.

1. Minutes of Last Meeting.

(a) - 1(a). Withdrawal from the South. CSO to Ex C stated that Lt. Col. Jackman G-5, AFHQ, visited HQ and had been provided with the information he required to prepare a memorandum.

A/Ex C directed Est Sec to take up with AFHQ the question of transport for the AC officers left behind being the responsibility of the local unit commander.

(b) - 1(e). UMBRIA-MARCHE Region. CSO to Ex C confirmed that on 16 March ABRUZZI-MARCHE Region became UMBRIA-MARCHE Region and absorbed the two Provinces of TERNI and PERUGIA. Orders had been prepared.

(c) - 5. Entertaining by AC. A/Ex C said the proposed rules should be as flexible as possible but at the same time exercise some measure of control. He read a suggested list of rules submitted by HQ Commandant. The main point was that entertaining facilities be confined to officers actually billeted in the hotel and that permission must first be obtained. A/Ex C passed the draft rules to Col. Densmore for consideration

(d) - 8. Executive Commissioner's Meetings. A/Ex C ruled that the present arrangement of two meetings a week would continue. Endeavour must be made to shorten them as much as possible and not to raise matters which could be settled outside and which were not of general interest.

2. FLORA HOTEL. HQ Commandant reported that the removal of non-AC personnel would be completed by the end of this week. Already there were beds for fifty transient officers at the FLORA Hotel.

3. CCS/

provided with the information he required to prepare a memorandum.

A/Ex C directed Est Sec to take up with AFHQ the question of transport for the AC officers left behind being the responsibility of the local unit commander.

(b) - (e). UMBRIA-MARCHE Region. CSO to Ex C confirmed that on 16 March ABRUZZI-MARCHE Region became UMBRIA-MARCHE Region and absorbed the two Provinces of TERNI and PERUGIA. Orders had been prepared.

(c) - 5. Entertaining by AC. A/Ex C said the proposed rules should be as flexible as possible but at the same time exercise some measure of control. 2. FLORA HOTEL. HQ Commandant reported that the removal of non-AC personnel would be completed by the end of this week. Already there were beds for fifty transient officers at the FLORA Hotel.

3. Officers at HQ. A/Ex C reported that he had seen CC, who still considered that the personnel at HQ should be cut drastically. The question of the decisions of the Manpower Committee being considered as final was raised with CC and agreement was reached.

4. N.W.Italy Planning. A/Ex C had visited IV Corps, who had prepared a Staff Memorandum in which it was proposed to integrate the staff of IV Corps, Regions and N. 2 District during Phase I. A/Ex C thought this a good plan. 2717

General CRITTENBERGER wanted to see RCs at an early date and would arrange a meeting. At the moment he did not want the Regions to move North, but was willing that specialist officers should move to LUCCA. A/Ex C was hopeful of persuading him to accept the full Regional Staffs up there.

A/Ex C directed that CAO IV Corps be on the distribution for all important matters.

5. Staff Hours for Italian Civilian Employees. CA Sec stated that Sub-Commissions were asking for a ruling on office hours for Italian civilian employees. Est Sec stated that the working hours of 0830 to 1800 with 1½ hours for lunch had been published. A/Ex C directed that a reminder be issued.

6. Proposed Training Course for Officers. Est Sec gave list of officers required to attend a two weeks training course. It was agreed that it was difficult to release these officers.

7. Manual of the Activities of AC. PRO stated this was practically completed. A/Ex C directed that it should be passed to him and he would pass it to VPs.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 23 MARCH.

Dep Ex C presided in the absence of Ex C on leave in ENGLAND.

1. Minutes of Last Meeting.

(a) - 1(a). Withdrawal from the South. Dep Ex C said he had attended a meeting at APHQ yesterday. There were no changes in the original arrangements except that it was agreed to leave three instead of two Public Works and Utility officers in the South until 15 May. It was also agreed that AC would not be responsible for interned diplomats at THORUNA.
APHQ were sending the minutes of the meeting and would issue a memorandum clarifying the withdrawal procedure so that Military Commanders would be informed. An officer from APHQ would visit HQ tomorrow and would call on Heads of Sections to obtain details.
Dep Ex C told Ch Sec that APHQ had asked us to prepare a memorandum on local government for the information of Military Commanders who would have to deal direct with the Italian Government. Ch Sec would take action.
Dep Ex C had proposed to APHQ that transport of officers left in the South should be found by the local military authorities. He said we should see that this proposal was presented to the officer who would visit HQ with a view to its inclusion in the APHQ procedure directive.

(b) - 1(b). Office Space. Room Sec stated that a meeting of the Office Space Committee had been called for this afternoon. Dep Ex C warned them to bear in mind that CC was quite adament about keeping within this building.

(c) - 3. Wages Policy in Northern Italy. Dep Ex C stated that he thought that this matter be the subject of a

... the absence of Ex C on leave in ENGLAND.

1. Minutes of Last Meeting.

(a) - 1(a). Withdrawal from the South. Dep Ex C said he had attended a meeting at AFHQ yesterday. There were no changes in the original arrangements except that it was agreed to leave three instead of two Public Works and Utility officers in the South until 15 May. It was also agreed that AC would not be responsible for interned diplomats at TAORMINA.
AFHQ were sending the minutes of the meeting and would issue a memorandum clarifying the withdrawal procedure so that Military Commanders would be informed. An officer from AFHQ would visit HQ tomorrow and would call on Heads of Sections to obtain details.
Dep Ex C told CA Sec that AFHQ had asked us to prepare a memorandum on local government for the information of Military Commanders who would have to deal direct with the Italian Government. CA Sec would take action.
Dep Ex C had proposed to AFHQ that transport of officers left in the South should be found by the local military authorities. He said we should see that this proposal was presented to the officer who would visit HQ with a view to its inclusion in the AFHQ procedure directive.

(b) - 1(b). Office Space. Econ Sec stated that a meeting of the Office Space Committee had been called for this afternoon. Dep Ex C warned them to bear in mind that CC was quite adamant about keeping within this building.

(c) - 3. Wages Policy in Northern Italy. Dep Ex C stated that he was arranging that this matter be the subject of a conference with CC.

(d) - 4. Employment of German POW. A telegram had been sent to AFHQ on this subject which referred to mine clearance. CSO to Ex C was instructed to investigate to see whether it was necessary to send a correction.

(e) - 5. UMBRIA-MARCHE Region. CSO to Ex C stated that we were waiting for the firm date to be given for the absorption of the two Provinces of TERNI and PERUGIA before the orders were cut.

Declassified E.O. 12356 Section 3.3/NND No. 785015

(E) - 6. Repatriation of Italians from ERITREA. CA Sec reported that CC wanted to know the views of the Italian Government and action was being taken accordingly. AFHQ had stated that Brig. McCARTHY was already on his way.

(E) - 7. Enlistment of Patriots in the Italian Army. Dep Ex C had discussed with Gen. BROWNING, who stated that inaccurate information had been conveyed. Land Forces S/C stated that in Army areas patriots were being recruited and absorbed into the Gruppi. In addition they had received elements of the Garibaldi Division who were being kept together and Gen. BROWNING had recommended that they be formed into a new regiment, which would mean raising the ceiling of combat troops.

2. International Red Cross Vehicles. CA Sec had been told by the International Red Cross that their present function was to visit the camps of all prisoners of war now being taken by the Allies. Maintenance and servicing of vehicles and the supply of petrol and lubricants, was therefore an Allied responsibility. Dep Ex C directed Ast Sec to take the matter up with AFHQ.

3. Documentary Films. PRO had submitted a list of documentary films available for showing. Dep Ex C suggested that one evening a week should be set aside for showing the films and directed PRO to take up with PWB.

4. Assignment of Cars. Dep Ex C said there was considerable abuse of the system of daily assigned cars and he had instructed HQ Commandant to obtain a justification statement for each car so assigned.

5. Entertaining by AC. Dep Ex C stated there was much adverse criticism of the scale of entertaining done at the Grand Hotel. He instructed Ast Sec to prepare some rules with a view to controlling the situation. It was suggested that the right to entertain in the Grand Hotel be restricted to members of the mess, except in special cases. A lot of the entertaining was done by RAAC and after the rules referred to above had been drawn up Dep Ex C would approach General BROWN on the matter.

6. Officer Personnel for AC. PRO stated he had been authorised an additional three officers by CC. Assn Sec stated CC had given Brig. General McKINLEY permission to get in additional officers at the same time he was urging that personnel be reduced. Communications S/C asked why they could not get an officer although they were under strength. Dep Ex C explained that AC as a whole was under strength and mentioned the low numbers allowed to the Commission compared with the allocations for AUSTRIA and GERMANY. He said the whole

2. Col. Parkin — International Red Cross Vehicles. C\ Sec had been told by the International Red Cross that their present function was to visit the camps of all prisoners of war now being taken by the Allies. Maintenance and servicing of vehicles and the supply of petrol and lubricants, was therefore an Allied responsibility. Dep Ex C directed Est Sec to take the matter up with AFHQ.

3. Documentary Films. PRO had submitted a list of documentary films available for showing. Dep Ex C suggested that one evening a week should be set aside for showing the films and directed PRO to take up with PWB.

4. Col. Robertson — Assignment of Cars. Dep Ex C said there was considerable abuse of the system of daily assigned cars and he had instructed HQ Commandant to obtain a justification statement for each car so assigned.

5. Col. Robertson — Entertaining by AC. Dep Ex C stated there was much adverse criticism of the scale of entertaining done at the Grand Hotel. He instructed Est Sec to prepare some rules with a view to controlling the situation. It was suggested that the right to entertain in the Grand Hotel be restricted to members of the mess, except in special cases. A lot of the entertaining was done by RAAC and after the rules referred to above had been drawn up Dep Ex C would approach General BROWN on the matter.

6. Officer Personnel for AC. PRO stated he had been authorised an additional three officers by CC. Econ Sec stated CC had given Brig.General McCONAGHY permission to get in additional officers at the same time he was urging that personnel be reduced. Communications S/C asked why they could not get an officer although they were under strength. Dep Ex C explained that AC as a whole was under strength and mentioned the low numbers allowed to the Commission compared with the allocations for AUSTRIA and GERMANY. He said the whole matter was unsatisfactory and would discuss with CC with a view to obtaining a ruling that all questions effecting personnel must be settled by the Manpower Committee.

7. UNRRA. C\ Sec reported that UNRRA had a plan to assume the financial responsibility for Allied Nationals in ROME which they wanted to start on 1 April. This work had been done by Disper. Finance S/C had approved the UNRRA plan.
UNRRA had also asked to be allowed to extend the plan to AMG territory. There was discussion on this, especially in regard to FLORENCE.
Dep Ex C ruled that permission could be given for the plan to be put into operation in ROME and depending on how it worked a decision could be made at a later date in regard to extending the plan to AMG territory.

Declassified E.O. 12356 Section 3.3/NND No. 785015

8. Executive Commissioner's Meetings. There was discussion as to whether one meeting per week would not be sufficient. Dep Ex C argued that it was preferable to have two shorter meetings a week than one long one. He stated that the next meeting would be held on Tuesday as usual and a decision as to future meetings would then be made.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 20 MARCH.

1. Minutes of Last Meeting.

(a) - 1(c). Withdrawal from the South. The question of withdrawing the olive oil amassing officers was discussed and it was agreed that they should remain at any rate until 15 April when the matter could again be reviewed. CA Sec undertook to find out from the Minister of the Interior what instructions, if any, had been given to Prefects about the withdrawal of AO.

(b) - 4. Office Space. Communications S/C stated that the Office Space Committee had met and had decided that they could not fit the present numbers at this HQ into the main building. Ex C said that CC had ruled that everybody must fit into the main building. Communications S/C was instructed to report to the Committee that they must follow their terms of reference which were to re-allocate the office space in this building on the basis of the number of officers as approved by the Manpower Committee. After this reallocation had taken place the matter could, if necessary, be put up for decision by CC.

2. AC Liaison Officers. Ex C read the draft instructions for AC liaison officers. It was ruled that AC must be responsible for providing liaison officers with transport which would be serviced by the local military unit; the Italian Government to be asked to provide Italian clerical personnel and drivers. There were one or two other amendments to the draft suggested and agreed, and CSO to Ex C was instructed to submit another draft.

3. Wages Policy in Northern Italy. Ex C had a letter from Director,

3. Wages Policy in Northern Italy. Ex C had a Letter from Director, Labour S/C, attaching a memorandum on wages policy. It was agreed that this memorandum must be submitted to CC, and after it had been cleared by him Econ Sec were instructed to get out a directive for RCs.

4. Employment of German POW. The Italian labour aspect of this problem was discussed and Econ Sec were directed to draft a telegram to AFHQ giving the Commission's views. 2714

5. UMBRIA-MARCHE Region. Ex C confirmed that the Provinces of TERNI and PERUGIA would be absorbed into the new Region to be known as "UMBRIA-MARCHE." CSO to Ex C said that those concerned had been informed of this and that Est Sec had been asked to cut the necessary orders.

6. Repatriation of Italians from ERITREA. CA Sec said that AFHQ had agreed with the views of the Commission and had asked us to take the matter up with the Italian Government. CA Sec were opposed to approaching the Italian Government on this question. Ex C directed CA Sec to send an interim reply to the AFHQ letter, saying that the matter was being studied and adding that we did not think that the proposed visit by Brig. McCARTHY would serve any useful purpose.

7. Enlistment of Patriots in the Italian Army. CA Sec brought up the question of Italian patriots joining the Italian Army. Ex C reminded Land Forces S/C that SACMED had decided that as many patriots as possible were to be absorbed into the Italian Army, and told the S/C that any proposal to modify or delay this policy must be referred to CC.

MINUTES OF EXECUTIVE COMMISSIONER'S MEETING - 16 MARCH.

Dep Ex C was in the Chair in the absence of Ex C.

1. Minutes of Last Meeting.

(a) - 1(a). Allied Civilian Personnel. Dep Ex C asked what progress had been made. He ruled that UNRRA personnel came under the heading of (1) in the previous minute. HQ Commandant said that fifty-eight persons, including UNRRA personnel, would therefore be moved under the heading of (1) and he would report further at the next meeting.

(b) - 1(b). Wage Rates in AMG Territory. CA Sec reported there had been a meeting on this matter but nothing definite had yet been settled.

(c) - 2. Withdrawal from the South. Dep Ex C stated that RCs had been informed that they could go ahead on the basis of the directive of 7 March. The names of liaison officers had been sent to them. It was proposed that transport not needed for the North be turned over to the Italian Government, who would be responsible for supplying transport for the AC liaison officers left behind.
A meeting of all RCs had been called for Monday, 19 March, at 1000 hrs, which would probably last all day, and Dep Ex C asked that Heads of Sections and Sub-Commissions make themselves available for consultation during the day.

(d) - 6. Weekly Bulletin. Dep Ex C confirmed that the Weekly Bulletin would be re-classified "SECRET." It would therefore be mimeographed and not

(d) - 6. Weekly Bulletin. Dep Ex C confirmed that the Weekly Bulletin would be re-classified "SECRET." It would therefore be mimeographed and not printed.

2. International Red Cross Vehicles. The International Red Cross owned two vehicles which bore AC markings, and therefore received AC maintenance, servicing, and petrol. Dep Ex C said he thought that this should not be an AC responsibility. He considered that the care and feeding of this organization, and the maintenance of its vehicles, was the responsibility of the Italian Government. This was agreed.
CA Sec were directed to deal with the matter.

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. Italian Clerical Staff in HQ AC. There was discussion on the direction that a cut of 25% be made in the number of Italian civilian personnel employed in this building. (See Minute No. 2 of Executive Commissioner's meeting of 2 March 1945). It was the opinion of Sections that while certain reductions should be made, a flat reduction of 25% was not possible without impeding the proper functioning of HQ.

4. Office Space. Econ Sec complained that their Section was being scattered all over the building. There was discussion on office space generally, and Dep Ex C stated that CC had definitely ruled that AC HQ must fit into one building. He pointed out that AFHQ were working under far more crowded conditions than AC. Dep Ex C ruled that a Committee on office space should be formed. This Committee to consist of representatives from the following:-

(1) Est Sec
(2) Econ Sec
(3) CA Sec
(4) Land Forces S/C

In addition, Col. Henderson was directed to approach the other Independent S/Cs to agree on an officer to represent them. The Committee would meet at the call of HQ Commandant and would consider the whole problem of reallocating the office space to ensure that Sections were not split up.
