SUBJECT: Requisitioned Vehicles

TO : Headquarters, Allied Commission, APO 394

1. On 6 March a letter was sent to Allied Commission ref T-13 on the subject of "Requisitioned Vehicles." This letter authorized 750 vehicles to be held surplus to TE/WE for civilian personnel attached to the A.C. and outlined a detailed procedure whereby all vehicles theretofore requisitioned were to be returned to the Italian Government and loaned back by it to the Allied Commission for essential operations. It is understood that action has not been completed in this manner. At a conference held at this Hq on 19 May 1945, at which members of G-4(A) and G-4(B) of Allied Commission were present, it was determined that a total of 1,410 Italian vehicles have been requisitioned by or for AC/AG personnel for civil affairs operations. All these vehicles are presently accounted for by the 2675th Regt. Allied Commission (OVHD). It was explained that only 750 of these 1,410 vehicles are presently possessed. Of the remainder approximately 40 are unaccounted for.

2. If such action has not already been taken it is requested that the Allied Commission, by exchange of letters with the Italian Government, obtain agreement that all requisitioned vehicles now or previously requisitioned by U.S. or British agencies for use of AC/AG shall be deemed to have been delivered to the competent Italian authorities under legislative decree No. 48 of 1 Feb 1945 and that all liability in respect thereof rests upon the Italian Government. Arrangements should at the same time be made whereby 750 vehicles authorized by our letter of 6 March and such additional requisitioned vehicles as may be necessary to fill deficiencies in A.C. authorized TE/WE will be loaned to the Allied Commission for essential purposes. Sufficient documents covering the requisition of vehicles now or previously held by Allied Commission should be furnished to the Italian Government, with a statement that such vehicles were acquired for joint US/UK use. The undertaking of the Italian Government should provide for similar treatment of vehicles hereafter requisitioned for use of A.C.

SUBJECT: Assignment of Civilian Requisitioned Vehicles.
TO : Headquarters Commandant.

ATTENTION:

1. It has been agreed that in order to avoid the duplication in records within this headquarters the Headquarters Commandant as Headquarters Transportation Officer be responsible for making direct assignments of civilian vehicles to those authorized by Establishment Memorandum 31, dated 28 November 1944. To date all such assignments have been made by G-4 (A).

2. That will leave only two (2) units having vehicles on direct assignments from G-4 (A), the 1st Truck Battalion and D.P.&R. Sub-Commission. The reason for retention of direct control of the vehicles on strength of these two units is that G-4 (A) is better equipped to handle the necessary paper work and accounting procedure for these vehicles which for the most part operate outside of Rome.

3. Memorandum Receipts held by G-4 (A) for these vehicles now on direct assignment (see Appendix A) will be transmitted to Headquarters Commandant who will in turn sign Memorandum Receipts to G-4 (A) for same vehicles. Headquarters Transportation Officer should notify those persons to whom vehicles are permanently assigned that they are responsible to Headquarters Transportation Officer. Headquarters Transportation Officer becomes then responsible to G-4 (A).

4. Completion of the above will be effected as soon as possible.
