Ref/135/43/CA.

12 May 1944

SUBJECT: Legal Liaison Officers.

TO : Chief, Legal Sub-Commission.

1. In reading the very interesting minutes of the meeting of the Legal Sub-Commission and RCOs held at Naples 1 May 1944, and particularly par. 24 thereof, it is observed that frequent reference is made to "Legal Liaison Officers". It is believed that the use of this term to describe officers acting in a supervisory capacity in "King's Italy" is, and for some time has been, quite general.

2. In a broad sense, of course, all officers of the Commission operating in Italy and Sicily outside of "AMG Territories" are liaison officers. However, since the activation of a division of this branch to perform one particular kind of liaison it has been deemed desirable to restrict the use of the word as far as possible to officers of the Liaison Division, thus obviating certain misunderstandings which will otherwise occur. It is for this reason that the matter has been mentioned at two Regional Commissioners Conferences and in Executive Memorandum 26, this Headquarters, as amended 1 March 1944, par. 6 of which provides that:

"Only those officers whose appointments as liaison officers have been published in official orders of this Headquarters will be authorized to act in a liaison capacity."

3. For the reasons indicated it would be greatly appreciated if your sub-commission would sympathetically consider the possibility of substituting for the term "Legal Liaison Officers" the words "Legal Inspector", "court adviser", or other similar term which might be equally descriptive without giving rise to any possibility of uncertainty or ambiguity.

c. Appointment of Legal Liaison Officer with Procuratore Generale Militare.

The CLO informed the meeting of the decision to appoint Legal Liaison Officer with Procuratore Generale Militare, Gen. Trania, at Ostrini. He explained briefly his duties and stated that he felt that Italian Military Tribunals were not working as hard as the Civil Courts and he wanted Legal Liaison Officers in Regions 1, 2, 6 and 7 to get the Military Courts going and if any doubt arose to make full use of the Legal Liaison Officer. A directive on his duties was in course of issue.

SUBJECT: Liaison Officer for Rome.
TO : Chief, Establishment Branch.

1. Organized liaison is scarcely past the experimental stage, but our experience has been sufficient to justify some conclusions. The most unmistakable of these is, that many of our worst headaches at Palermo and Naples would have been avoided had we made earlier provision for an adequate military public relations program.

2. It is therefore submitted that the very first detachment of personnel of this headquarters to proceed to Rome should include at least one officer whose sole duty it should be to see that we "get off on the right foot" with the other military formations there with whom we shall thereafter be conducting day-to-day business -- in other words, a liaison officer.

P. Each Regional Commissioner herein appointed a liaison officer may designate a member of his staff to perform liaison duties on his behalf. Responsibility therefor will, however, remain with the Regional Commissioner.

3. In the interest of orderly approach to the commands concerned, it is desired that the various elements of the Commission make maximum use of these liaison officers. However, after original contact has been effected through the appropriate liaison officer, subsequent business in connection with the same subject matter may be conducted directly between officers of Headquarters, A.C.C. and the Regions, and the officers of the military formations concerned, provided the liaison officer is informed and agrees.

4. Unreasonable multiplicity of contacts with, and applications to, the Port Commander, Port of Naples, by officers of this headquarters and the Regions, has made it necessary to designate one officer to deal with such matters. Accordingly, all business of this headquarters and the Regions with Port of Naples authorities, as such, will be conducted exclusively through Major Rowman. Port matters requiring the attention of the Commanding General, Peninsular Base Section or members of his staff other than the Port Commander, will be handled through Lt. Col. Bowman.

1. The following officers have called at the Port Commandant's office during the past week all claiming to have something to do with civilian supplies arriving at the Port:

Major Rex Thompson	(Am)	Capt. Menae	(Br)
Major Blaise	(Br)	Capt. Hunt	(Am)

2. This is but a small portion of the total number of such officers who have reported here claiming to be in charge of AMG supplies. I have consistently suggested that one experienced senior officer be placed in control of the movement of these supplies through the Port, but the number of claimants to such a position seems to be now completely beyond control. Can this be corrected please?
