TO : Chief, Liaison Division, A.C.S.

FROM : Liaison Officer, ACSF Adm. Bch.

SUBJECT: S. S. "ALMANZO".

1. This office contacted "Q" movements (Shipping) at ACSF and discovered through Lt. Col. Ackerley that neither A.C.S. Headquarters nor A.C.S. Liaison Office was on th distribution list for information regarding the arrival of the S.S. Almanzo.

2. The ACSF (Adm. Bch.) Liaison Office was however aware, through naval channels, that the ship would arrive on March 3rd, but attached no particular import nce thereto as it was not known that any officer personnel were on board.

3. Lieut. Col. Ackerley has now issued instructions that both A.C.S. Headquarters and A.C.S. Liaison Office be fully notified in the future.

4. The fact that no arrangements had been made to meet and cater to the group of officers concerned is quite clearly due to the fact that no information was sent out by "Q" movements , ACSF.

5. It appears, however, th t some closer form of contact with either ACSF or the War Office is called for.

FROM : Freedom for Holmes Cito MMGB Signed Cino

Most Secret.

Civilian Supplies. Replying your FA 519 of 15 Dec. In addition to special Rome shipments of North African 1- our 10484 of 7 Dec. the following sup lies for the mainland are today confirmed en arriving with HMS 26:

Flour 15,	5,?3 tons
Soup 1,	670 tons
Cheese	294 tons
Milk	363 tons
Other Items	130 tons

Port diversion not yet determinable, but bulk for Naples. Naple supplies also confirmed by CBX as arriving with HMS 27, 28, 29, more than sufficient to meet receiving capacity of mainland ports. Consider our 14462 of yesterday cancelled. Have been able to include with convoy the normal Beut which will carry 7400 tons wheat and unknown amount of dried vege for Naples.

We have shared your anxiety over food position but feel about arrivals should meet position.

Freedom message 14362 concerned the possibility of diverting the Hirucci to Naples, but all concerned in Naples agreed on a different plan.

From: Flambo

Orig. No: USTN 131/4818

Secret. Reference your 17277 Cite NATFN dated 21 Dec. Duko can accept fifteen ships from United States in UCS 29,30,31, and 32, provided AMG does not require too many Liberty vessels from North Africa same period in UGS or KMS convoys. Coasters loaded NA for AMG would be acceptable. OHAM can accept only three Air Corps Liberty vessels from United States plus one AMG ship. However, it may be possible to use some other East Coast port for the Fifth Ship. New subject: Hope Pembark will not (KPT) not load AC supplies for Sicily in OHAM [redacted] vessels. Understand this is now being done and will result in OHAM having to load coasters for Sicily which will retard discharges at that port

Civilian Supplies. Replying your FA 519 of 15 Dec. In addition to special Rome shipments ex North Africa in our 10484 of 7 Dec. the following supplies for the mainland are today confirmed as arriving with UGS 26:

Flour 16,	525 tons
Soup 1,	690 tons
Cheese	294 tons
Milk	363 tons
Other Items	130 tons

Port diversion not yet determinable, but bulk for Naples. Ample supplies also confirmed by CCS as arriving with UGS 27, 28, 29, more than sufficent to meet receiving capacity of mainland ports. Consider our 14362 of yesterday cancelled. Have been able to include with KMS35 the formal Haut which will carry 7400 tons Wheat and unknown amount of dried vegs for Naples.

WE haveshared your anxiety over food position but feel above arrivals should meet position.

Freedom message 14362 concerned the possibility of diverting the Rinucci to Naples, but all concerned in Naples agreed on a different plan.

MEMORANDUM FOR: Colonel Hume

SUBJECT: Civilian Supply Situation.

1. The attached copy of Flambo Message No. MGSA 3734 sent to Freedom sets out the present situation on the Mainland. You will note that Region II's position is considered most critical. In that connection please see the attached memorandum from the Supply Officer of that region. The message to Freedom referred to above was agreed with Lt. Col. Warren and Lt. Col. Merrell. The coaster Rinucci was not requested for Naples largely because it was feared that the diversion from Syracuse would cause serious consequences in Sicily, whereas if no further stocks are sent to Region II from Naples we can carry through on a full ration until the arrival of UGS 26 which is notified to contain 11,000 tons for discharge at the Naples port.

2. As you know it is proposed to use many schooners operating out of Naples to feed Rome in the early days, chiefly through the ports of Anzio and Fiumicino. In addition two coasters carrying 4000 to 6000 tons of foodstuffs are supposed to arrive in Naples about 24 December. These coasters are to be sent into Civita Vecchia as soon as that port is available. The 500 tons reserve for Region IV mentioned in the message to Freedom refers to flour to be used to load such schooners as become available before the arrival of UGS 26, or to be moved forward into the Corps area as required. I am informed that no schooners are available at present and not likely to be in less than 10 days.

3. Since the decision taken here not to insist upon having the Rinucci sent to Naples rests mainly upon the presumed situation in Sicily, and the desire to give priority to Region II, it is suggested that you check the decision being taken as soon as possible after you arrive in Algiers. If the situation in Sicily is not acute and/or the Rinucci cannot be sent immediately to Reggio or Crotone, I would strongly urge you to press for its diversion to Naples and we shall arrange to ship stocks from Naples to Region II, although this is both difficult and uneconomical.

FLOUR.

I confirm our verbal conversation of this morning, in which I agreed, with a view to avoiding a cut in the Naples City and Naples District bread ration, that Region IV release the 500 tons of flour previously assigned to them on loan by Region III. It is considered that the purpose for which these 500 tons had been earmarked is less pressing at this time than the immediate needs of Region III.

I also agree with the terms of the message despatched to FREEDOM in the sense that the "RINUCCI" carrying some 1200 tons of flour for Syracuse be diverted to Reggio or Crotone to offload approximately half her cargo in one of these ports and to await instructions as to whether the balance also shall be offloaded there or be carried forward to Syracuse.
