SUBJECT: Clothing for Italian Civilians Employed by 6th Corps
in Anzio Bridgehead

1. AFHQ Adv., (Maj. Johns, G Branch,) takes the position that:
 - (a) This is the responsibility of AMG. The Army does not have clothing to be issued to civilians.
 - (b) The fact that these civilians are working for 6th Corps does not affect AMG's responsibility.
 - (c) That PPS should be contacted for whatever assistance they could render, but that it is not their responsibility.
2. It is recommended that the question of whether these civilians are destitute or not be eliminated and that AMG undertake to provide the clothes if such can be obtained.

SUBJECT: Italian Civilian Clothing Requirements Estimates.

TO : CEC (Att: Lt. Col. A. I. Henderson).

1. At some point, consideration will be given to the subject. AGWAR, in two cables, urges that a beginning be made at this time.
2. To benefit from the experience NAEB has had in North Africa in treating with Civilian Clothing Requirements, that organization has been approached and the attached study on the subject is their reply.
3. It is understood that such clothing is intended to be sold to the civilian, and is not to be confused with relief clothing, distributed through AMGROSS.
4. AGWAR raises the point that clothing made available in this manner would probably loosen some of the grain that is retained partly because of the paucity of necessary articles for purchase.
5. Please give the subject considered thought and if in agreement with the idea, send in such requirements as are compatible with needs, port acceptances and channels of distribution.
