1. With further reference to your CSC/213/ of 2 Jan 44, I am informed by Reggio Province that stocks of cattle there are not sufficient to cover minimum provincial needs as draught animals and for slaughtering, and consequently no export is possible.

2. Catanzaro replies in exactly the same terms.

Subject : Livestock : Breeding cattle

To : A.F.H.Q. Adv. Adm. Echelon
(Central Economic Committee)

1. Your CSC/213/ of 2 Jan 44 refers.

2. The enquiry has been passed to the Provinces of Reggio and Catanzaro, and replies will be communicated to you as soon as received.

3. It is observed that the sex of the beasts is not mentioned. This would seem to be of considerable importance in the case of breeding stock, but of less importance in animals for slaughter. Mention is made of the fact because Salerno Province has had a good deal of trouble with Naples buying pedigree beasts, ostensibly for breeding but actually for slaughter, which the buyer can well afford to do at Black Market prices. Salerno is now strictly controlling breeding cattle, and this enquiry might possibly be an attempt to get over it.
