(for Colonel Merrill)

1. Reggio city has always been in the habit of importing its normal supplies of vegetables from Sicily - Messina area mainly. A certain quantity of vegetables is grown in the neighbourhood of Reggio, but not sufficient for the town's needs.
2. It is requested as a matter of urgency that this normal trade be allowed to recommence.
3. At present there is an urgent demand for timber from Sicily to make citrus packing cases for the export of the crop. There is also a constant demand for charcoal in Sicily, Calabria being the normal supplier.
4. There is therefore a constant stream of small vessels coming to Reggio to fetch these items, and it is requested that they be allowed to bring over the vegetables which Messina is so anxious to export.
