Ref your 8823/4/MS of 24 Feb, and para 3 of A.F.H.Q. letter, AG 400 - 1 (ITALY) GDS-AGM of 14 March 1944:

1. Proposed amendments to WE NA/241/1 as amended by Serial 717 of W.E.C. Meeting No. 60 and Serial 744 of W.E.C. Meeting No. 62 were forwarded to H.Q., A.C.C. NAPLES under my G/8/18 of 1 March. This letter also takes up for the American portion of the Staff whose regularisation is now under consideration by A.C.C.

2. The position appears to be that the global establishment of A.C.C. carries no provision for a Military Mission. A recent development has been the provision of American members of the staff, largely from Combat Units of Fifth Army, whose position has yet to be regularised although they are already proceeding to carry out the work.

3. The new responsibilities incurred and envisaged are as follows:

(a) Taking over of responsibilities for the Italian Army in SARDINIA and absorbtion of the staff set up under A.F.H.Q. Memorandum, ASD/930 of 28 Nov 44.

(b) Imminent responsibility for the Italian Army in SICILY which is at present carried out by No. 1 DISTRICT.

(c) The setting up of a supervisory organisation for supplies and clothing for the Italian Armed Forces within the ration ceiling of 500,000 laid down in A.F.H.Q. letter, AG 400 - 1 (ITALY) GSD-AGM of 9 Jan.

(d) Consideration is now being given to the establishment of a Liaison Unit to the Italian Combat Division recently authorised under A.F.H.Q. letter, AG/091/1 ITALIAN/GCT/AGM of 10 Feb 44.

3. The new responsibilities incurred and envisaged are as follows:

(b) Imminent responsibility for the Italian Army in SICILY which is at present carried out by No. 1 DISTRICT.

4. The question arises as to the best channels through which the staff necessary to carry out these responsibilities should be laid before the W.E. Committee. All the above responsibilities are interlocked with the needs of HQ., AAI as is also the provision and equipping of units for the AAI programme transmitted under HQ.,AAI letter, 1605/50/4/2/G (SB 1) of 10 Feb 44. Isshould be glad if the channels of approach to W.E. Committee, either through you or A.C.C., can be clarified in the immediate future as my problems are pressing and immediate. In order to carry on I have been loaned the necessary personnel whose position must, in fairness, be regularised as soon as possible. Would you please take the matter up with A.C.C.

Army Sub Comm, A.C.C.

2. The number of long distance telephone circuits is severly restricted — be brief and clear.

3. Do not use the telephone if you can send a message. Do not send a message if you can send a letter.

4. Long distance calls may be booked with the operator. Having booked a call and you are called away, arrange for the call to be taken or cancel the booking.

5. On no occasion should the operator be held in conversation. Address equiries or complaints to the Supervisor or Signalmaster who will take the necessary action.

6. Priority calls may be made as follows:

# INFORMATION

1. Any amendments concerning this directory, requests for new extensions, or the ceasing of existing extensions, should be addressed in writing to «X» Branch.

2. Faults on extensions should be reported to the Supervisor.

3. The switchboard now in use is of a new type intended to give better service. The attention of the operator is called by lifting the receiver from the cradle switch. The attention of the operator can be recalled by actuating the cradle switch slowly. When the call is terminated, please take care to see that the receiver is replaced on the switch to give the necessary « clear down » signal to the operator.

N O T E

The present FILPOT switchboard is a common battery board equipped with lamp signalling. When the telephone hand set is lifted from the telephone instrument, a lamp on the switchboard is lighted to indicate to the operator that the calling party requires switchboard service.

If it is desired to recall the operator during the course of a telephone call, depress and release the switch button within the handset support slowly.

It is important that the telephone handset be replaced properly on the handset support in order that the switch button may be depressed and the lamp signal on the switchboard extinguished.
