SUBJECT: Movement of Stores from Sardinia to Naples.

TO : Commanding General, Land Forces Sub Comm. AC(MMIA), Rome

1. In compliance with your letter S/4/2/20 dated 19 May 1945, enclosed herewith Appendix "A" completed.

2. A large amount of stocks have been transported by LCT's and cruisers and some tonnage was shipped at an earlier date than bid for due to priorities by your Headquarters. Also bids were submitted for stocks that later were cancelled by MMIA and availability of stocks necessitated substitutions of shipments in periods. However, as we explained in our Y 459 of 20 May, we still have, as listed below, tonnage available for shipment at the Cagliari port which was bid for in periods 16-26 May and 26 May - 4 June. As one Liberty (S/S Carleton) was not sufficient to move this tonnage:

ITEM	TONNAGE	CUBIC METERS
Casermaggio Stores	150	150
Huts	880	4380
Tanks	325	200
Vehicles	350	4000
Tank equipment	60	50
Automobile equipment	18	10
Huts (Italian Air Force)	50	11000
Beauville equipment	20	4500
Total	1340	28290

3. It is estimated that one Liberty ship is necessary to move the tonnage listed in paragraph 2 above and another Liberty ship for the tonnage bid for in period 5-14 July. (See our Y 467 of 26 May 1945). This will complete the movement of all stocks as directed by MMIA to date.

4. Paragraph 2 of your above mentioned letter will be complied with.

1. The position regarding the movement of stores from Sardinia to the Mainland is not clear at this Hq. Bids for movement have been submitted to AFHQ for shipment during various periods as requested by you. It is understood, however, that owing to extra space being available and the stores being ready for shipment a certain amount has been moved at an earlier date than that for which the original bid was made. In addition certain manhandled stores have been transported by cruiser.

2. In order to clarify the position, attached at Appx "A" is a list of items (numbered serially), for which bids have been submitted to AFHQ. You are requested to confirm that the details shown are correct to date and to complete the proforma. In future you will notify this Hq, with copy to MEDIA LO Naples, of all items shipped to Italy quoting the serial number in every case. In submitting fresh bids you will number them consecutively.

Reference your signal AQ 2579 of 17 Jan 45.

1. HQ EIGHTH ARMY submit their bids for rail tonnage to AFHQ weekly on Mondays, for a period fourteen days ahead. If you can let me have your figures by Sunday this will do.

2. However, Army bids usually have a certain play to allow for urgent requirements not foreseen at time of bidding, so that if you can advise me of single wagon loads being ready any day of the week I can probably get Army to have these called forward at much shorter notice. 358

3. As my clothing requirements have hitherto always proved to be urgent, owing to the double time-lag between indent and release and between release and readiness for despatch, the second alternative suits me best.

Will MMIA LO, Bari, state if he can get a wagon to load in anticipation of Army calling for it?
