Dear General.

Many thanks for your D/O dated 10th which took some time to materialize.

I have written to FINCH and I attach a copy of my actual letter and I sincerely hope that he will now shut down completely.

I am sorry that you had to occupy so much of your time in getting a detailed letter to him, particularly when he has been running entirely off the authorised channels.

I should certainly like to see you when you take up your habitation in this 'Eternal City'. *1407*

The letter received from FINCH was only a very vague one concerning the W.E.

Yours *brw.*

Dear

Major-General BROWNING has forwarded to me copies of correspondence concerning certain personnel whom you desire to transfer from your late H.Q. to your present one.

I understand that the W.E. of M.M.I.A. has now been approved, and all personnel who were surplus to the old W.E. can now be absorbed.

Please, therefore, refrain from making further efforts directly with M.M.I.A. for withdrawal of their personnel. 1286

General BROWNING in his latter makes no complaint, but merely stresses the fact that he has a successful S.T. team, and wishes to keep them.

The matter should therefore be considered closed, and no further action taken by you.

Yours

1. Further to this office letter of even number dated 20 June 1944.
2. of Reports on the appropriate AFE 194 series are required on officers stated in para 2/the above quoted letter. It is realized that all officers of under 2600rs of age and of Med. Cat. 'A' are not mentioned, but in certain cases, confidential reports are already held by this HQs.
3. Certain officers have now left the formation to whom a request for reports has been made, but as the reassignments have only occurred recently, it is considered that the late formation is more able to submit a report than the one to which the officer is, at present, assigned.

T/Asst. C.F. WATSON (159213) Int Corps
T/Asst. M.F. WATT (47923) South Atlantic

1. Your attention is directed to previous correspondence on the above named officers, your reference 023/4/3, and your posting order 023/4/3 dated 22 December 1943.

2. It is understood that Capt. WATT was appointed C.I. 2nd Echelon (Liaison) 33 Military Mission (W.L. 33/24/4) on 1 January 1944. His authority 402P 8323/4/3 dated 30 January 1944. Will you please inform this Section A.P.O. whether this is correct. If so, and if the date given is correct, it still appears to leave Capt. WATT'S position on an irregular basis from 19 October 1943, the date he was 308 C.I. 1st Echelon. (W.L. 33/24/4) dated 15 Nov. 43 refers) to 30 January 1944. May this point please be investigated.

1249

3. The position of the remaining two officers, however, is apparently still not regularized. It was understood that M.F. WATT'S position was to be taken by 33 Military Mission to secure provision for these officers in their A.P.O., but no evidence is yet available that this has been effected.

4. In the meantime, your posting order 023/4/3 dated 22 December 1943 appears to be irregular, since no vacancies exist, or have existed, for these officers as the W.L. of the unit to which they are shown as posted.

5. In order to assist in clarifying the situation, the following recapitulation of the ones, as it appears to this Section A.P.O., is put forward:-

2. All three officers were originally on 33 Military Mission, D.I. 1st Echelon, and were on attachment to C.I. 1st Echelon, D.I. 1st Echelon, who in turn loaned them to 33 Military Mission (in 1A).

3. The position of the remaining two officers, however, is apparently still not regularized. It was understood that A.S.C. action was to be taken by 33 Military Mission to secure provision for these officers in their A.S.C., but no evidence is yet available that this has been effected.

4. In the meantime, your posting order 024/1/3 dated 22 November 1943 appears to be irregular, since no vacancies exist, or have existed, for these officers on the A.S.C. of the unit to which they are shown as posted.

5. In order to assist in clarifying the situation, the following recapitulation of the case, as it appears to this Section A.S.C., is put forward:-

a. All three officers were originally on loan through the A.S.C. of A.S.C., and were on attachment to G.S.D.I.C., A.S.C., who in turn loaned them to 33 Military Mission (see 1A)

b. In December 1943 Order 33 Military Mission requested the agreement of Order G.S.D.I.C. (Med) to their posting to 33 Military Mission. This was put up to 33 (I) A.S.C., and through him to A.S.C. of A.S.C., G-2, A.S.C.

c. A.S.C. of A.S.C., G-2 agreed to their release, provided they could be absorbed into the A.S.C. of 33 Military Mission. It was requested, through A.S.C. (I) A.S.C., that details of appointments available should be furnished to G-2 Section A.S.C., so that posting action could be initiated.

d. In the meantime, it appears that 33 Military Mission had made direct application to A.S.C., 2nd Echelon A.S.C., for these officers to be posted to their establishment, as a result of which your posting order 024/1/3 dated 15 November 1943 was issued.

e. As previously pointed out, this posting order was quite irregular, since the officers concerned were still on strength of G.S.D.I.C., A.S.C., and were in any event not subject to A.S.C., 2nd Echelon authority so far as posting is concerned.

SSS/MIL

1831

ALBANY 730828 HEADQUARTERS
Office of the Assistant Chief of Staff, G-2
A.P.O. 342 U.S. AIR

f. However, G.S.O. 140, W.S.P. struck all three officers off their strength on the basis of posting order 021/1/0/3 dated 15 November 1943.

g. It was, it appears, subsequently discovered that no vacancies existed on the W.S. of 33 Military Mission for those officers, and it is understood that 33 Military Mission then requested G.S.O. 2nd Lt. Allen, W.S.O. to post these officers back to their previous appointments.

h. As a result, your posting order 021/1/0/3 dated 22 December 1943 was issued, which was intended to restore the status quo ante. This it failed to do, since in effect it posted them back to units on whose establishments they had never been, and where no vacancies existed for them.

1247

6. The position reached in para 5 (a) above still appears to obtain in the case of Capt. MARSHALL and Capt. TERRY. As stated in para 2 above Capt. TERRY was also in this position from 19 October 1943 till appointed G.S.O. II (TAMM) 33 Military Mission W.S. 30 January 1944, if this information is correct.

7. It may be that some action has already been taken to regularize the position of these officers but, if it has, no details have reached this Section W.S.O.

8. It is therefore requested that the matter be investigated, and this Section W.S.O. informed

- (a) what is the present position, and
- (b) what action is proposed to regularize the matter.

For the 1/14/44 of G.S.O.

My dear *Browning,*

As suggested in your letter DO/2 of the 25th May, I am arranging to send Rodzianko over to Sardinia and have written officially to Headquarters, AAI, with reference to their AAI/3400/A(P) dated 26 April.

I hope that you will be able to fit him in to your establishment and wish to stress the desirability of his being given a higher rank. He has now been performing a responsible duty for over three months and if he had not been able to make use of his honorary rank, of Lieutenant Colonel his position would have been difficult. Although his honorary rank gives him the necessary status to perform his duties it is inequitable that he should continue to be paid as a Subaltern. I raised this question officially in a letter to your Headquarters on the 6th May and enclose a copy of a further official letter on the subject. 1231

I hope it may be possible for official sanction to be given to this promotion.

Yours sincerely
Paul H. H. H. H.

9 Feb 44

Sir,

I am commanded by the Army Council to refer to Army Council Instructions 1696 of 1942 (as amended by 153 of 1943) 2441 of 1942 and 1064 of 1943, regarding the scheme for the grant of permanent commissions in the Regular Army.

2. I am to say that General Officers Commanding-in-Chief all Commands at home were recently invited to comment upon the inadequate response to the scheme and to submit suggestions for its improvement. This invitation was not extended to General Officers Commanding-in-Chief abroad, on the grounds of expedience and that less information was available regarding the quality and number of candidates appearing before the Selection Boards abroad.

The consensus of opinion of General Officers Commanding-in-Chief all Commands at Home is that there is need for improvement in the professional and financial prospects of Regular Officers, but this is a basic consideration upon which no pronouncement can be made at the present time.

3. As to financial considerations, the reforms introduced in 1938 were designed to provide an assured career up to the age of 47 years with a reasonable pension at the close of an officer's service. Army Council Instruction 2441 of 1942 extends the effect of these provisions to officers granted permanent commissions in the Royal Army Ordnance Corps, up to the age of 55 years.

Owing to the outbreak of war the beneficial effects of these reforms have not yet been fully felt.

4. Certain amendments have been made to the percentages of their pre-war peace establishment at which the strength of various arms may be maintained, the grant of permanent commissions. They will now be as follows :-

Royal Armoured Corps.....	100%
Royal Artillery.....	75%
Royal Engineers.....	80%
Royal Corps of Signals.....	90%
Foot Guards.....	100%
Infantry.....	100%
Royal Army Ordnance Corps.....	80%

The peace establishment of the Royal Electrical and Mechanical Engineers has not yet been settled, the number of permanent commissions which may be granted will, therefore, be based on 100% of those parts of the peace establishments of other corps absorbed into that corps.

5. It is desired that all officers, and especially those who are candidates or intending candidates for permanent commissions, should be aware of the present position with regard to the scheme, and of the principles upon which it is based. I am, therefore, to request that you will cause the contents of the Appendix to this letter to be brought to the attention of all military officers under your command.

I am, Sir,
Your obedient servant,

dated 9 Feb 44.

REGULAR COMMISSIONS

1. With reference to A.C.Is. 1696 and 2441 of 1942, 153 and 1064 of 1943. It is desired that all officers may know the principles on which is based the grant in war of permanent commissions in the Regular Army and the present position with regard to the grant of such commissions. This Appendix will not be quoted as an authority. A further A.C.I. will be issued in due course.
2. The main factors affecting the grant of permanent commissions during the war are:-

(a) Although the future size of the Army is at present unknown, it is considered very desirable that a certain number of officers should receive permanent commissions in the Regular Army to ensure that their services are available on demobilization, and to avoid a gap in the peace establishment, the filling of which at the end of the war would inevitably create a block in promotion.

(b) By bringing in junior officers in accordance with the normal peacetime practice, a block in promotion in future years should be avoided.

(c) It is also desired that every officer receiving a permanent commission should have a fair chance of drawing a reasonable pension at the age of 47 or 55, whichever is the age for compulsory retirement from the arm in which he serves.

(d) The number of vacancies which may be filled by the grant of permanent commissions under this scheme is based on a certain percentage of the pre-war peace Establishment, less the number of Regular Officers still serving. Obviously, it would be grossly unfair to fill all those vacancies in the first instance by accepting too large a proportion of candidates whose applications have already reached the War Office, because they are serving in the United Kingdom of the more accessible Commands overseas. Room must be left for those who have not had an opportunity to appear before a Selection Board. These considerations have particular application to the Infantry, wherein the number of vacancies varies widely in each regiment. No permanent commissions will, therefore, be granted in this arm until the bulk of the applications are received and the preferences of the majority of candidates can be considered at one time in relation to the requirements of the service. It is emphasised that the grant of permanent commissions now will in no way prejudice the prospects or seniority of those candidates or intending candidates who will be unable to obtain their permanent commissions until a later date. Seniority in the Regular Army is based on the

No permanent commissions will, therefore, be granted in this arm until the bulk of the applications are received and the preferences of the majority of candidates can be considered at one time in relation to the requirements of the service. It is emphasised that the grant of permanent commissions now will in no way prejudice the prospects or seniority of those candidates or intending candidates who will be unable to obtain their permanent commissions until a later date. Seniority in the Regular Army is based on the length of service after attaining the age of 21 as an emergency commissioned officer and, in the case of former Regular other ranks, reckonable other rank service. The date on which a permanent commission is granted is, therefore, irrelevant to seniority. As the war progresses there may be more casualties amongst Regular officers, and later information regarding the size and composition of the post-war Army may increase the number of vacancies in all arms.

3. SELECTION

Officers for the post-war Army must necessarily be of a very high standard. They must be well educated, prepared to study their profession intensively and have the high degree of intelligence necessary for professional efficiency. Those who are to receive permanent commissions must, therefore, be drawn from the best emergency commissioned officers now serving. Thus, it is not always possible to accept an officer on the recommendation of his Commanding Officer and superior Commander, because standards vary in regiments and formations and because candidates must compete in the open field of the Army as a whole. For this reason, some form of centralized selection is required, and it was decided that the only practicable method of selecting and grading candidates was by a form of War Office Selection Board, which has proved so successful in selecting emergency commissioned officers. In view of the importance of the permanent commission, a Major-General was appointed to the Board as president. The only other change is that the psychiatrist has been withdrawn.

/4. CONDITIONS OF SERVICE

- 2 -

4. CONDITIONS OF SERVICE

It is emphasised that there are openings in the post-war Army for the keen young man who is prepared to tackle a hard job of work entailing the exercise of very varied talents.

As to financial considerations, it should be noted that the reforms introduced in 1938, were designed to give officers an assured career up to the age of 47 or 50 years, according to the arm of the Service, with a reasonable pension at the close of their service. A.C.I. 2441 of 1942 extends the effect of these reforms to officers granted permanent commissions in the R.A.C.C., up to the age of 55. Owing to the outbreak of war the beneficial effects of the 1938 reforms have not yet been apparent.

5. APPEALS

It is recognised that although the War Office Selection Board has a very small margin of error, no Board can be infallible. It has, therefore, always been intended that a rejected candidate, who feels he has been misjudged may, with the concurrence of his Commanding Officer, be re-interviewed by an Appeal Board. Such a Board has been working in the United Kingdom and one is now visiting Commands overseas. The decision of an Appeal Board is final.

6. GRANTS FORWORTH OF PERMANENT COMMISSIONS

Candidates who have already been interviewed by a Selection Board have been graded A, B, C and Failed. Those graded "A" and "B" for arms other than Infantry are to receive permanent commissions forthwith, providing they are still desirous and that the satisfactory report required under the terms of paragraph 12 Appendix I to Army Council Instruction 1696 of 1942 and paragraph 10 Appendix I to Army Council Instruction 2441 of 1942, is forthcoming.

Those graded "C" are not being accepted at present and may appeal if they wish.

The Selection Boards have interviewed a number of candidates in whom some of the qualities of a Regular officer are present but latent or inadequately developed. These candidates are being advised to resubmit their application one year after their first interview with a Board. Re-interview on resubmission of application will not be regarded as an appeal. Candidates will thus have the opportunity of a third and final interview, with the Appeal Board, should their second application be unsuccessful.

Those graded "A" and "B" for arms other than Infantry are to receive permanent commissions forthwith, providing they are still desirous and that the satisfactory report required under the terms of paragraph 12 Appendix I to Army Council Instruction 1696 of 1942 and paragraph 10 Appendix I to Army Council Instruction 2441 of 1942, is forthcoming.

Candidates will thus have the opportunity of a third and final interview, with the Appeal Board, should their second application be unsuccessful.

7. LOWER QUALITY

Candidates for permanent commissions in the Royal Armoured Corps, Royal Artillery, Royal Engineers, Royal Corps of Signals, Footguards, Infantry and Royal Army Service Corps may now be accepted for the register at the age of 20 years, instead of 21 years as hitherto, but the minimum age at which permanent commissions may be granted will continue to be 21 years. The lower age limit for acceptance for the register of candidates for the Royal Army Ordnance Corps and Royal Electrical and Mechanical Engineers is unchanged.

8. PERMANENT COMMISSIONS IN THE RANK OF CAPTAIN OR MAJOR

Recommendations have been made that selected officers, above the age limits of the present scheme and holding a temporary or war substantive rank of Captain or Major, should be granted permanent commissions in those ranks.

These recommendations are being examined, but it at present appears improbable that the scheme will be expanded in this way. The known requirements of the Army do not at present warrant such a measure; a block in promotion must be guarded against and officers so commissioned might not have sufficient time, before reaching the age of compulsory retirement, to qualify for retired pay or gratuity under the present code.

19. INDIAN ARMY

- 5 -

9. INDIAN ARMY

Emergency commissioned officers who have applied for and receive permanent commissions, with a view to transferring to the Indian Army after the war, will be released from their honourable undertaking to serve for not less than five years, if it is decided that they cannot be granted permanent commissions in the Indian Army.

10. THE ROYAL ARMOURD CORPS

After full consideration, it has been decided that candidates accepted for permanent commissions in the Royal Armoured Corps, will be gazetted to that corps and not to individual regiments of the corps.

11. ARMY OFFICERS LEAVE OR TRANSFERRED TO THE R.A.F.

Army officers attached or transferred to the R.A.F. or R.A.F. Regiment may apply, but Army O.Ns. transferred to the R.A.F. and, who have now received emergency commissions in the R.A.F. or R.A.F. Regiment, are ineligible.

Permanent commissions are not being offered in the R.A.F. at present, but if they should be re-introduced later, and an attached or transferred Army officer should be required for a permanent R.A.F. commission, and also selected for a permanent Regular Army commission, the former would take precedence over the latter.

12. DOMINION FORCES

Officers of certain Dominion Forces are also eligible to apply.

13. PRISONERS OF WAR

Prisoners of war have been given details of the scheme and those wishing to apply for permanent commissions have been invited to send in their names. For obvious reasons they are unable to complete the normal application form whilst still in enemy hands, but arrangements have been made for them to submit full applications after they have been repatriated and their medical categories etc. can be confirmed.

2. This Headquarters controls, or will control, three Divisions and an officer of experience with at least the rank of Major is needed for liaison duties between Italian Corps Headquarters and the Senior Military Commander in Sicily.
3. Lt. Col. Rodzianko has been performing this duty for some time past and has shown considerable zeal and energy in carrying out this task. I consider him a suitable officer for the appointment and wish to request that he may be appointed in the rank of Major to MMIA for this purpose ~~and~~ an application may, if necessary, be made for an amendment to the war establishment.

I informed the G.O.C in C personally that I was appointing this officer; he knows him well & I am sure he considers him most suitable.

HQ A.A.I.

Lieut. (Hon Lt.Col.) P. RODZIANKO

Ref your AAI/3100/A(P) dated 3 Apr 44, it is possible to attach the above-named officer, in his War Substantive rank, whenever you may think advisable. Promotion can only be made to fill a vacancy in a War Establishment.

The best judge of the need for such an appointment as that mentioned in HQ 1 District letter would be MMIA who should be asked for their comments on the necessity for a Liaison Officer at HQ No. 1 District.

This HQ has no knowledge of the necessity of such an appointment. If the appointment is found to be necessary, it is considered that it should be an addition to MMIA, and not to No. 1 District, in order that liaison with the Italian Army may be conducted through one organisation.

1st May, 1944.

G-4(B)/PH-14.

You will remember our CEMEC organization, and Lt.-Col. SHUTTE. The CEMEC organization is temporarily in abeyance until it has more work to do, and SHUTTE is available for employment elsewhere. He seems to us to be particularly well suited for work on the IMIA (now, I understand, to be called the Army Sub-Commission, ACC) both in view of his general knowledge and qualifications and also on account of the very thorough tours which he has made of Italian installations.

It is proposed therefore to attach him to the Army Sub-Commission, ACC for duty while continuing to carry him on the CEMEC establishment. He has been idle now for some weeks and is anxious to get to work again, so perhaps you would let me have a signal if our plan meets with your approval.

I am sending a copy of this letter to LANGLEY-BROWNING to save time, and Gen. ADCOCK, who carries it and is on the way up to FIFTH ARMY, can clear any points which you may wish to discuss.

SHUTTE would, of course, work wholly for the Sub-Commission while with them and NOT at all for CEMEC.

SUBJECT: Request for Reassignment, Major J.R.C. Bodley, K.R.R.C.
TO : Commanding General, Army Sub Commission, (A.C.C.), Lequile

1. Herewith is inclosed statement by officer concerned, with the request that suggestion for reassignment contained therein be favorably considered.

2. Major Bodley, upon arrival at this station, stated verbally that he was inexperienced in staff duties but was sent on a special mission to Corsica at the direction of Chief Commissioner, A.C.C. Upon completion of this mission he returned and, after a conference, submitted the inclosed letter.

3. It is believed that the best interest of the service will be furthered by compliance with Major Bodley's request. His frankness in stating his own estimate of the situation is to be highly commended. He has manifested highly desirable personal qualities and his usefulness to this detachment is only limited by his entire lack of experience and training in the duties required by his present assignment.

4. Major Bodley is not surplus here and his reassignment will necessitate the detail of a replacement. It is urged that such replacement be a British officer with staff and troop experience.

Sir,

I have the honour to request that you will consider forwarding the following representation to Highest Authority.

1. I make this representation because I know that there are very many in a similar case to myself.
2. I am a regular officer with twenty years unbroken service. I have served with infantry, in line divisions in operational commands, continuously from outbreak of war until 31 Dec 1943, except for a course of five months at the Staff College, CAMBERLEY. Yet I do not qualify under G.R.O. 71 of 1944 for the award of the 1939-43 Star.
3. During the last two years, in addition to moves by land and sea, I have served in operational commands in INDIA for 3½ months; PERSIA for 5 months, SYRIA for 3½ months; CANAL ZONE for 1 month. I have also taken part in the first flight of the assault landing in SICILY and all subsequent active operations in SICILY; and in the first flight of the assault landing in South ITALY; and in subsequent active operations with 8 Army up to the end of 1943.
4. Nevertheless, the only service I can count towards qualification for the 1939-43 Star is as follows:-

DATES	COUNTRY	ARMY	DAYS
9 - 18 Jun 40	FRANCE	52 Div	10
10 Jul - 17 Aug 43	SICILY	5 Div	38
3 Sep - 31 Dec 43	ITALY	5 Div	119

		Total	167

2. I am a regular officer with twenty years unbroken service. I have served with Infantry, in line divisions in operational commands, continuously from outbreak of war until 31 Dec 1943, except for a course of five months at the Staff College, CAMBRIDGE. Yet I do not qualify under G.R.O. 71 of 1944 for the award of the 1939-43 Star.

3. During the last two years, in addition to moves by land and sea, I have served in operational commands in INDIA for 3½ months; PERSIA for 5 months, SYRIA for 3½ months; CANAL ZONE for 1 month. I have also taken part in the first flight of the assault landing in SICILY and all subsequent active operations in SICILY; and in the first flight of the assault landing in South ITALY; and in subsequent active operations with 8 Army up to the end of 1943.

4. Nevertheless, the only service I can count towards qualification for the 1939-43 Star is as follows:-

<u>DATES</u>	<u>COUNTRY</u>	<u>FMN</u>	<u>DAYS</u>
9 - 18 Jun 40	FRANCE	52 Div	10
10 Jul - 17 Aug 43	SICILY	5 Div	38
3 Sep - 31 Dec 43	ITALY	5 Div	119

			Total..... 167

i.e. 5 months and 17 days; 13 days less than the required qualification period in the countries and commands stated.

5. I submit that the service outlined above compares favourably with the possible period of hours at a Base, which qualifies for the AFRICA STAR.

6. As there are many officers and men who joined combatant units shortly before July 1943 and served in all active operations, including assault landings, in SICILY and ITALY, I respectfully submit that the limits of qualification for the 1939-43 STAR should be revised to include them.

I have the honour to be,

Sir,
Your obedient servant,

R. G. Buchanan-Dunlop, MBE

I am now getting a better appreciation of the task I have and also of the instrument with which I shall need to carry it out. It is in connection with the latter that I am asking you to help me to speed up the administrative machine.

Before I can carry out my policy I must have the staff. The most urgent are the following, the references being to Appx 'n' of my AQ/38 dated 4 Apr 44,

(a) DAA & QMG	Serial 16	
(b) Staff Captain 'A'	" 17	
(c) Clerk	" 19

(y) Clerk RAOC	" 42	
(z) Clerk RAOC	" 42	

With reference to above I would make these points

(a) DAA & QMG. This is not a new appointment but the present DAA & QMG, CAREW-HUNT, is a sick man in hospital, caused largely through being overworked for a long period. On discharge from hospital he will need extensive sick leave before he can become an officer able to take the full strain. It is absolutely essential that I have a fully trained and qualified Grade II Q Staff Officer of experience for my present re-equipment and administrative tasks.

It is absolutely essential that I have a fully trained and qualified Grade II Q Staff Officer of experience for my present re-equipment and administrative tasks.

(b)(c)(d)(e) these are new appointments which were before you and approved by you on 6 Apr 44. The staff clerk(c) should be a shorthand typist, as there is not one in the whole HQ.

When I was in AFHQ (ALGERIA) I mentioned the subject of staff and was assured that they would agree with whatever AAI thought was reasonable so I do not anticipate any difficulty in their approval of what you have sent up.

Will you therefore help me by arranging for MS and

(a) post suitable DAA & QMG at once
(b) post the personnel in 2(b)(c)(d)(e) at once pending final technical approval of the HQ from AFHQ.

Declassified E.O. 12356 Section 3.3/NND No. 785020

I am sending 3 copies of this note to pass on to MS and A if any help. You know the problems of the work of MMIA and will be able to "paint the picture" on the spot better than I can by writing letters.

I do hope you will stress the urgency of the situation.

SUBJECT: Report on Officer

TO : Commander, Army Sub Commission A.C.C., Lequile

1. In accordance with verbal instructions, Commander, Army Sub Commission, A.C.C., Captain C. H. Owen, on duty with this detachment since 22 February 1944, departed this date for Naples enroute to Headquarters MMIA, Lequile.

2. The services of Captain Owen, during the brief period prior to his admission to hospitalization on 13 March 1944, were not satisfactory. It is believed that the principal cause for the unsatisfactory performance of duties by Captain Owen is lack of military experience. His entire service has been rendered in military police organizations on duty at ports which has provided him with no background for such duties as are required on his assignment here. Among the shortcomings observed are failure to comply with specific instructions, interference with personnel not in his channel of responsibility, and such personal matters as participation in dances for enlisted men and continued residence in transient hotel after requested to move to officer's quarters at Elmas. In addition, his almost entire lack of knowledge of Italian language made his services in a staff capacity of little value.

3. The contents of paragraph two, above, were discussed in detail with Captain Owen prior to his departure. It is believed none of his shortcomings are impossible to correct provided he understands thoroughly their importance in connection with his value to the service.
