1. 16 Army Group RE have presented a strong case to British Increment Fifth Army for the enlistment as an "assimilated" officer in the Italian Army of DELLA SETA, LUCIA, who has been invaluable to them as a civilian, but whose work (they urge) would be doubly effective as an officer.

2. I enclose, therefore, the following documents for transmission to the Ministry of War, if the case is recommended by you ;-

(a) Recommendation from Allied Senior Officers.

(b) Certificate of Application.

(c) Certificate of non-co-operation with Fascists or Germans.

(d) Medical certificate.

4. May I be informed as to the procedure from this end, should the Ministry of War accept the application.

Mr. Della Seta, Lucio, whom I have known for over 12 months, is well educated and well disciplined. He possesses the necessary educational certificate of a Licenza Licoale . He is, in my opinion, quite fitted to be an officer in the Italian Army. Militarization would give him additional status and power in carrying out his present work for this H.Q., and I recommend that the requisite steps to ensure this, be taken.

Reference your AQ/11 dated 14 November. -802

1. It is agreed that the Italian staff of seven officers and men at FOGGIA censorship station is unnecessarily large at the present moment, while they are only dealing with military mail.

2. It is part of censorship policy to turn over civil censorship in back areas to the Italian military censorship as soon as military security permits. When this is done in Foggia the censorship staff will be on the low rather than the high side.

3. Censorship in Italian administered territory has been turned over to the Italian censorship, or closed down completely, in all provinces except Rome, Naples and Foggia. It is probable that Foggia may be turned over in the reasonably near future.

4. In these circumstances it is not proposed to take any action at the moment, though the matter will be kept under review.

1. The Italian Minister for War had no knowledge of the whereabouts of the above officer. An investigation developed.

a. On 10 September 1944 he was assigned to a unit of the Calabria Division in Sardinia. As he spoke English he had been loaned by the Allied Garrison Commander for duty with the Regional Commissioner, ALCOM, Sardinia (Incl 2)

b. On 17 October 1944, the Regional Commissioner addressed a letter to the Calabria Division directing that the officer proceed to Rome (Incl 3), and on 19 October issued a travel order (Incl 4). The officer's Battalion Commander issued permission for the officer to obey the orders issued by the Regional Commissioner.

c. The officer traveled to Rome, and has since been working with the Commerce Sub Commission, AC. The officer has not been paid by the War Ministry since his arrival in Rome.

2. a. Since the officer was, on 20 October, a member of the Calabria Division and had been merely loaned to the Regional Commissioner, the order of the Regional Commissioner directed to the Calabria Division was not in fact within the province of the Regional Commissioner. On 20 October, the Calabria Division was under the Command of the Allied Garrison Commander, Sardinia, and not the Regional Commissioner. Any transfers, travel orders, etc., affecting the officer should have passed through proper channels. 1884

b. On 16 October 1944, Italian personnel was authorized for service with the Allied Commission, Sardinia. The use of such personnel (as requested by you) is authorized

only in Sardinia (AFHQ letters, file AG 400/105 D-O of 22 September 1944, and file AG 091.711/169 OCT-O of 16 November 1944). It is noted that only one officer is authorized, as Platoon Commander.

c. This officer has been rendered "ineffective" by this "transfer" to Rome, and his pay and rations for the period since 20 October have been placed in jeopardy.

d. It is not the policy to assign Italian military personnel to duty which is not in fact military.

3. In order to regularize the position of this officer, he should be directed to report to the War Ministry and be returned to his unit in Sardinia. Should he then desire to be discharged from the Italian Army in order to accept a civil position, he should make proper application through Italian military channels.

4. Request information as to the date the officer will be released by you and returned to his proper duty.

Report on x Italian officer of Garibaldi Div.

With my letter dated 30th of July I requested Gen. BROWNING to give his approval to the repatriation of some officers of said div amongst which was Gen. CARW. I SAISCA.

I have however been informed recently, that the Partisan authorities of the II CORPUS, under whos orders the Garibaldy div was operating, have arrested the above named General and also Capt. GINO PANICUCCI of the same division.

I do not know why they were arrested but I am certain that it is due to an error owing to the facts that the two officers of the 8th of september belonged to the "GARIBALDI" div with which they have served and fought.

We would be very grateful to AMMA to contact the allied authorities of MONTENEGRO so as to have them to intervene in the matter so as to ensure that the case of the two officers will be considered by the Partisan authorities with all possible justice.

We interest in the next moment that the Allied Authorities will take charge of these two officers belonging to the Italian army and fighting side by side with the United Nations.

We beg you to give the case the 1st urgency and to inform us of the steps taken by allied HQ in MONTENEGRO.

Sarò assai grato a codesta Sottocommissione se vorrà compiacersi interessare le Autorità Alleate in Montenegro perchè intervengano, con l'urgenza che il caso richiede, al fine di ottenere che la posizione dei due ufficiali sia esaminata dalle Autorità Partigiane nel più breve tempo e con ogni garanzia di giustizia.-

Confido che le Autorità Alleate vorranno assumere la tutela dei due ufficiali, che appartengono all'Esercito italiano e combattono a fianco agli Eserciti delle Nazioni Unite, salvaguardando ogni loro diritto.-

Prego vivamente di voler considerare la cosa come urgentissima e di volermi cortesemente informare del risultato dei passi che le Autorità Alleate in Montenegro faranno.-

1. I have to point out that Capt. GRIECO is still a Captain.

2. This seems to my mind a most unfair omission on the part of the War Ministry.

3. There is definitely not a single officer in this Area to compare with him in efficiency and honesty.

4. In frequent instances Lt.Col D'ABRUZZO, of the Commissariato, asks Capt. GRIECO for guidance. He has a very fine grip on supply questions, and is doing a big job, aided only by 5 2/Lts, magnificently.

5. Can something please be done to get him promoted at once?

Further to MMIB's request, ref AB/11 dated 12th Aug., Capt. GARUTI was replaced by Capt NERVA Giuseppe as mentioned in letter 300366/C.A dated 14/8/44. He remained in the A/Tn unit awaiting posting. — 608 with Corrct.

1/ However, the order given to the officer to report to "Pisano" Dir., is justified.

2/ Also on MMIB's request, Capt. MENITONI was transferred from the unit, but Capt. GIORDANO who was to replace him, did not report because he was released from the ~~Land~~ Army without the Ministry being informed.

3/ Arrangements have been made for:-
— assigning by signal to the A/Tn Coy. Capt. BINDI FRANCESCO. Capt. GARUTI will remain in the unit until the arrival of Capt. BINDI.
— finding the responsible branch who released from the army Capt. GIORDANO without informing the Offices.

LAND FORCES SUB COMM. A.C. (MMIA), ROME, 29 Nov 44.

TO: Finance Sub Commission, Headquarters Allied Commission, APO 394.

This Sub Commission supports the principle that officers retired before their normal time be given such consideration as envisaged in article 7. It is most desirable that the exarmy officers should feel they have had a "Fair Deal" and thus NOT become a source of political agitation later on.

Statement of Gen FERRONI

Gen. FERRONI Vito informed us that he went to LEGHORN authorized by Allied Authorities to visit his flat which he found occupied by officers of the P.B.S. and a great part of his furniture was missing.

He learned that some of his furniture was at present in other flats of the same propriety but was refused the permission to return it to his flat.

Moreover, he was treated in an humiliating way by an American Cpl named "FRANCO" who even though the General was in uniform took him by the arm and sent him away.

The General requests that he be allowed to seek and bring back to his own flat his belongings at present dispersed in various parts of the building and in the garage and garden.

The General being an old and gallant soldier, we beg MMIA to consider the petition of General FERRONI.

TO : Commanding General, Italian Army in Sardinia

1. It is my desire to commend the services of Colonel MATTEO BORDA, Italian Army in Sardinia, and convey my appreciation for the efficient meritorious manner in which he has performed his duties.

2. As President of the Combined Italian Armed Forces Supply Board, he was charged with the responsibility of receiving, storing and issuing rations and clothing from Allied sources for the Italian Army, Navy and Air Forces in Sardinia.

3. In his effort to present at all times a complete and accurate picture of the methods of operation and status of work this officer was more than successful. He thus inspired the greatest confidence in his ability and willingness to execute the letter and the spirit of the instructions of the Supreme Allied Commander and of this headquarters.

4. He has made himself available at all times for any task in connection with the work at hand and no detail, no matter how small, was considered by him to be too insignificant to merit his personal attention.

5. His close cooperation with the staff of this headquarters and his clear understanding of the fundamental policies which underlay the supply program resulted in mutual benefit to both the Allied and Italian interests.

Inclosed is copy of letter of commendation of Colonel MATTEO BORDA, Italian Army in Sardinia, which I felt obligated to write because of the assistance he has rendered this headquarters since February 1944. I believe the letter indicates the services performed, his manner of performance and his personal characteristics.

2. It is felt that perhaps the Italian Army here in Sardinia has no special assignment in mind for him. I am therefore suggesting that in view of his work here in implementing MMIA's policies with reference to the supply of Italian forces and his association with Allied supply personnel, he could be used in a similar capacity with the Allied-ITI's on the mainland.

3. If you concur, I would appreciate your taking the necessary steps to have him assigned to some such duty as indicated in the preceding paragraph.

From Minister of War — Ref 514

To General BROWNING — Date 20 Nov 44

Dear General,

In accordance with your request, transmitted to me by Maj Byatt, I have the pleasure to give you hereunder the data required in respect of Gen GIacomo CASTAGNA.

This officer at the time of the armistice was in command of the 30th Army Corps stationed in Sardinia.

From investigations carried out it would appear that his attitude as commander during the days that followed the 8th Sept 1943 until the departure of the Germans from the island, was waivering, lacking in directive and furthermore in direct contrast to the orders and the directive issued by the Chief of Staff, to such an extent as to render his behaviour at the time, and after the armistice subject to penal procedure.

In fact, in spite of the definite orders issued by the Chief of Staff to the effect that the Germans were to be considered as enemies and therefore attacked immediately thus taking from them the initiative and the operations preventing them from escaping to Corsica, he adhered to the policy of facilitating their departure.

His whole action as commander was in agreement with this policy even when the Germans had already carried out acts of violance to our detriment.

This action is summed up in a conglomeration of verbal and telephone orders often contradictory and not always timely which tended to regulate the advance of his troops which were to cut the German retreat to embarkation ports avoiding though, up to the last day, any form of conflict which might have led to combat .

As the officer's action definitely shows details subject to penal action, CASTAGNA has been denounced charged according to Art 96 of the Military Penal Code of War which stipulates the following:

1. Without special instructions to the contrary or without justifiable motives does not attack the enemy or avoids combat, or when he does not give the necessary help to other troops or military vessels or other military aircraft which may be in combat or pursued by the enemy;

2. When without being bound by special instructions or without a justifiable motive he discontinues pursuit or chase of a defeated enemy or of merchant or military vessels or of military or civilian aircraft in flight (NT flight refers to a fleeing enemy not only to the aircraft);

3. When without justifiable motive he does not give aid to one or more vessels or one or more aircraft in need of assistance in case of danger, or refuses national or allied merchant marine vessels or national or allied aircraft the assistance or the protection which he is in a position to give.

Caro Generale,

aderendo al suo desiderio, segnalatomi dal magg. Dytt, le comunico le notizie richieste nei riguardi del generale di divisione Giacomo CASTAGNA.

L'ufficiale, all'atto della proclamazione dell'armistizio, era incaricato del comando del XXX C. d'A., dislocato in Sardegna.

Dalle indagini esplicate è emerso che la sua azione di comandante nei giorni immediatamente successivi all'8 settembre 1943, fino all'esodo dei tedeschi dall'isola, fu incerta, priva di mordente e, comunque, contrastante con gli ordini e le direttive impartiti dallo Stato Maggiore, sì da far giudicare il comportamento assunto all'atto e dopo l'armistizio penalmente compromesso.

Infatti, non ostante gli ordini precisi dello Stato Maggiore di considerare nemici i tedeschi e di attaccarli immediatamente, prendendo l'iniziativa delle operazioni e dando loro addosso sì da impedirne il passaggio in Corsica, egli si attenne al concetto di favorire il loro esodo.

Tutta la sua azione di comando si conformò a tale concetto, anche quando da parte tedesca si erano verificati episodi di violenza ai nostri danni.

Detta azione si riassume in un complesso di ordini verbali e telefonici talvolta contraddittori e non sempre coordinati nel tempo, per regolare l'avanzata delle sue truppe in modo da tallonare il movimento tedesco 17.5 affluesse ai porti d'imbarco, evitando però - sino all'ultimo giorno - qualsiasi conflitto che avrebbe potuto condurre al combattimento.

Poichè dal complesso dell'azione dell'ufficiale si sono rilevati elementi rivestenti gli estremi di illecito penale, il CASTAGNA è stato denunciato

The Italian War Ministry has ordered the officers returned to Rome because of some difficulties they had in properly training their units last Fall, but since that date have acquitted themselves very creditably as evidenced by the attached letter. The conduct and performance of duty of these units, both in bivouac and while packing supplies to the combat troops, often under artillery and mortar fire, has been exemplary. Both Captain Ruggiero and Captain Puoti have exhibited an excellent ability in command and management of their troops, and the performance of these two Pack Mule Groups reflects distinct credit upon their Commanding Officers, and their respective abilities to secure the highest degree of performance of duty by the troops under their command.

Following the inspection carried out at Naples by Col. BASILE PIETRO, several inconvenients have been noticed which are causing disorders in the administration and management of the Deposit Speciale Kriegsgefangenen, Naples and Rifornimento di Fabbricaggione Establishment.

To eliminate such inconvenients and put order in those establishments, I thought necessary to remove the officers responsible and have them replaced forthwith.

Ten. Col. GIUGNI Salvatore will replace Maggiore BUONANNO Gennaro at Naples Depot.

Capt. Raffaello Portulano

The above mentioned officer is in command of the 266/1 General Service Company, attached to this Headquarters. It has been reported to me on several occasions, by both American and British officers, that the above mentioned officer was not carrying out his duties satisfactorily, and was not showing any real interest in the men of the Company at present at this Headquarters. In order to satisfy myself, I carried out an inspection a few days ago at the "Macao" Barracks where this Company is billeted in ROME. From what I saw myself, it is obvious that the reports submitted to me were well founded.

I request, therefore, that the above mentioned officer be removed from his command and posted to some other unit not connected with this Headquarters. I also ask that he be replaced by an officer who is competent to carry out the duties of Company Commander and who is in himself really conscientious in looking after his men's welfare.

November 11th 1944

Dear General Alexander,

A certain Princess Borghese, whom I know slightly, has brought me an appeal from the wife of an Italian General Giacomo Castagna, who has been arrested by the Italian Military Tribunal. It appears that he has been arrested under the terms of Article 96 of the Military Code, which prescribes penalties for failure to attack or pursue the enemy or for avoiding battle. According to his wife, General Castagna, who was in command in Sardinia at the time of the Armistice, received orders from the Allied Command to drive the Germans out of Sardinia, proceeded to do so and received commendation from the Allied Command for his good work. His wife suggests that if his arrest were brought to your notice, you would be able to establish the facts and repair a manifest injustice.

1540

Do you think there is anything you can do in the matter - if the facts are as Signora Castagna alleges?

Yours sincerely,

(Sgd) D.R. OSBORNE.
