SUBJECT: Provision of BR-ITI Personnel - Priority List Eight.

LAND FORCES SUE COM. A.C.
(M.M.I.A.)2.7 A/161
March 45

TO : All Concerned.

1. The object of this letter is to detail the method by which personnel will be provided for the BR-ITI units on AFHQ's Priority List 8.

2. With the exceptions mentioned in para 3, the method will be the same as that employed for the provision of ordinary reinforcements, i.e. direct contact between the Italian Administrative Division and the appropriate Reinforcements Depot. It is requested that action be taken as follows :-

(a) Supervisory Authorities detailed in Column "H" of Priority List 8 are requested to inform all concerned of the location where units are to be assembled, and to instruct the Italian Administrative division in accordance with sub-para (b) below.

(b) Administrative Divisions responsible for assembling personnel will inform the depot from which they normally draw reinforcements (vide MMIA SD/42 of 14 February) of the personnel by arm of the service, ranks and trades required to form or complete units. As soon as the Administrative Division receives any personnel for a given unit it will begin to show that unit on its returns.

(c) Reinforcement Depots will despatch personnel in accordance with the above requests to the limit of their capacity. First priority, however, will be given to bringing existing units up to W.E. strength. Drafts sent out for the formation of new units will be treated on returns in exactly the same way as ordinary reinforcements. When a Depot cannot supply the personnel requested it will inform the Italian War Ministry (S.M.R.E.), copy to the British Cadres.

(d) British Cadres at Reinforcement Depots will inform MMIA of personnel when the Depot concerned cannot provide.

(d) British Cadres at Reinforcement Depots will inform MMIA of personnel when the Depot concerned cannot provide.

(e) S.M.R.E. is requested to issue its own instructions to Administrative Divisions and Reinforcement Depots in accordance with sub-para (b) and (c) above and 3(d) below. It will keep an overall record of units under formation, and will make an agreement with MMIA on the method of making up these units which cannot be completed by the Depot directly concerned, as is being done now for ordinary reinforcements.

3. Where there is no Administrative Division which can be made responsible for the assembly of personnel, or special provisions are required, the following steps will be taken :-

(a) Serials 1001 to 1005

Personnel for Patriot Reco. Battalions will be recruited under arrangements to be made by the Armies concerned. It is intended that reinforcements for these battalions shall be provided by local recruiting and not from RTC ICF.

Declassified E.O. 12356 Section 3.3/NND No. 785020

1. At Appx 'A' attached is MMIA Priority List No 2". This list is designated in order to avoid confusion with other previous lists issued by MMIA. List No 2 gives British and U.S. requirements of Italian Army personnel for service units.

2. These requirements will be met from the following sources :-

(a) Personnel in SARDINIA, shipped in accordance with this letter ST/14/2 of 20 Sep 46.

(b) Call-ups authorisation on the mainland from time to time.

3. War Ministry will be given specific instructions by this HQ as to when each Serial will be filled, and from what source.

4. The requirements of MMIA Priority List No 2 are in addition to the personnel required to replace men due for demobilisation in existing Italian service units and Allied comd.

The above replacements are the responsibility of the Italian War Ministry, who will notify this HQ of the exact Nos involved, so that replacement requirements of existing units may be co-ordinated with the requirements of MMIA Priority List No 2.

5. The information on the following pages is given for your guidance in the provision of personnel against the Serials set out in List No 2.

6. ENGINEERS Serials 10, 100 and 200)

When personnel become available for these serials this HQ will give instructions for them to pass through the Italian Empr Depot at SANTA MARIA CAPIA VETTERE for accommodation, equipping and allotting to under Comd Allied units.

Carpenters and Joiners	3
Checkers	52
Clerks	14

Stevedores	220
Pioneers	43

It is realised that it will be difficult to find the required number of checkers and Stevedores and that a considerable amount of training will be necessary after the formation of the units.

(b) Rfts for Railway Engineer Bns (Serial 80)

Personnel can be accepted in existing units as soon as they become available. The other ranks need not necessarily be trained, but if any men with experience in railway construction are available they should be earmarked for Serial 80. Officers should all have some engineering qualification - railway construction if possible.

8. SIGNALS (Serials 20, 25, 110, 210, 305 and 400)

It is proposed to utilise the personnel of the signal element of 210 Mista Genio Coy as rfts for existing Italian Line Construction Bns and, together with the output from the Italian Linesmen Training School at GRAZAVILLA, to make up the balance of the nine Line Construction Bns which are still due to be formed.

Personnel to meet deficiencies in other than Line Construction Bns can be accepted immediately. Only trained linesmen can be accepted for the Line Construction Bns.

9. ORDNANCE (Serials 60, 125, 230, 320 and 415)

Should it be necessary to provide further specialists for the combat groups personnel to be called up elsewhere, this HQ will consider authorising the necessary precedence over personnel required for Italian Service units for British formations on MILIA Priority List No 2.

The following are hereby cancelled :-
