1. Reference your letter 24204/V dated 16 Dec. 44.
2. The proposal to use the white ties received from Sardinia for manufacture of handkerchiefs for the Italian Army is approved.
3. Due to the shortage of handkerchiefs for the Italian Army, it is considered that the entire lot of 5,000 ties should be used for the manufacture of handkerchiefs, instead of giving them to the Carabinieri for the manufacture of shirt collars. The request to release 2,500 ties for CCRR is accordingly disapproved.

SUBJECT: Repair Operations for Boots and Clothing.

LAND FORCES SUP COMMISSION
ALGER (M. E. I. A.)
R. G. & E.
30/12/44
30 December 1944.

TO : Ministry of War.

1. The following notes confirm conversations with Colonel Vason on 28 December 1944.

a. Additional repair shops for clothing and also for boots are going to be required to repair the large quantities of British clothing and boots for M. E. I. A. Some steps have already been taken to provide the required additional capacities, by organising new shops and increasing our repair facilities. These expansions must be expedited.

b. Ministry of War Representatives, and in particular Major Parone, Major Tetta, Captain Bartone, and Capt. Ventrella, need to spend a greater amount of time in the field supervising and contacting repair operations. It is believed that they are all doing the best they can at the present time, but they are seriously handicapped through the lack of adequate motor transportation. It is therefore, highly important that each of these officers be furnished with a good serviceable automobile. The two cars, at the present assigned to this group, are in very poor condition, and it is almost impossible to keep them in operation. An extra special effort should be made to provide reliable vehicles.

8424

c. An inspection of the Recovery and Salvage Depots at Bari on 18 December reveals that a great amount of effort is still being applied to the processing and handling of jute sacks, while very little of any repair of Italian clothing is actually taking place. This matter was reported some sixty days ago, and is again called to your attention. The M. E. I. A. Representative at Bari has been instructed to clear these repair shops of jute sacks, and to direct the local Italian authorities to arrange for increased repair of clothing, either Italian or Allied, in these shops, without further delay. It is desired

785020

SUBJECT: Repair Operations for Boots and Clothing.
(Cont'd)

that the War Ministry notify their repair Representative and other interested authorities in Bari, and instruct them to carry out the program as directed by the MIA repair representative.

- d. An inspection of the salvages stored at the prison in Bari reveals a very poor situation. Special note was made of the following:

- (i) A substantial stock of blankets stored in this building for a period of months are now being sorted. The majority of them have been completely ruined by water and decay. This condition can only be explained as gross negligence on the part of the Italian officers in charge. An estimated quantity of between 5,000 and 10,000 blankets have been destroyed thru neglect.
- (ii) A substantial quantity of water bottles are on the premises. Some of these were being sorted and graded for repair. They had been lying out on the yard unprotected for such a long time that the cloth covering was almost completely rotted away. Italian troops are going without water bottles, yet this substantial stock has been permitted to lie around.
- (iii) A small, but substantial stock of mess kits and aluminum cups are on hand. These items are critically needed for operations of troops.
- (iv) A limited number of tent pieces are lying around at different locations on the premises. Some are serviceable, others require some repair. These should be processed, and placed in issue depots available for troops without delay.
- (v) A substantial stock of tent pins and tent poles are stored in the open. Some of these pins and poles are new stock and still in the original packing containers. This stock should be processed, and all serviceable items placed in issue depots without delay.

8400

SUBJECT: Repair Operations for Boots and Clothing.
(Cont'd).

2. The proper direction and supervisions of our recovery and repair program is of paramount importance, and extra special effort must be made to correct unsatisfactory conditions like those reported above. It is understood that steps have already been taken to correct some of the unsatisfactory conditions reported in Para. 1 (b) above.

Dear Smitty

Here are two copies of the lists of materials that we loaded on the S.S. SAMFEUGH. Its E.T.A. at Naples is 26 Dec. Material consists of Italian clothing and equipment, Italian barracks stores, Italian engineer supplies and equipment, Italian Air Force barracks stores and equipment, and Italian trucks for S.M.R.E. Also there is a mobile repair shop for the 210 Div. Hope this is in enough detail so that you will be able to recognize the various items.

SUBJECT: Towels in Italian Depots.

LAND FORCES SUB COMMISSION
ALCOM (M. M. I. A.)
R O M B
AQ/15/1
28 December 1944.

TO : Ministry of War.

1. According to reports of stocks on hand furnished as at 28 November 44, a total of 58,894 towels were in stock in various Italian Depots on the Mainland, and 360,883 towels in stock in depots in Sardinia. The quantities included in the above totals in the main Issue Depots on the Mainland were approximately 9,500. The remaining stocks in the Mainland were in various Sub Depots.

2. In spite of this substantial inventory of towels on both the Mainland and Sardinia, demands from the operational Italian forces have remained unfilled, simply because the quantities on hand in the main Issue Depots were insufficient to meet the requirements. It is desired that steps be taken without further delay to move all stocks from Regimental Depots and other Sub Depots and from the various Casermaggio Depots into the main Issue Depots. It is especially desired that the large stock of towels in Casermaggio Depot Bari, Brindisi, Taranto, and Lecce, be moved to the La Rocca Issue Depot Bari.

3. It is further desired that immediate steps be taken to move the large stock of towels now on hand in Sardinia to the Mainland. 8385

4. A policy of concentrating all items now in Regimental and Sub Depots into the main Issue Depots has already been established. The necessary action for the movement of towels, as set forth above, will be considered as a part of that major program.

5. Please acknowledge this letter, and advise approximate dates upon which action can be completed.

SUBJECT: Repair of Boots and Clothing in Sardinia and Sicily.

LAND FORCES SUB COMMISSION
ALCOM (M. M. I. A.)
R O M E
AQ/15/1
29 December 1944.

TO : Ministry of War.

1. As a general policy, the repair of boots and clothing in Sardinia and Sicily will be continued at a rate necessary for the maintenance of the local garrisons only. This must be accomplished to the fullest extent possible by repairing the local stock of garments and equipment, and by the use of repairing materials locally available. The movement of unrepairable clothing and boots to either Sardinia and Sicily for repair, and then return to the Mainland is considered inadvisable.

2. In the event of there being a surplus of repairable clothing in either Sardinia and Sicily, it can either be repaired in local shops or moved to the Mainland for repair after arrival.

3. This matter has been discussed with Colonel Vacca and also Major Parone, and it is the understanding of this Headquarters that there is a full agreement on policy outlined above.

1. Reference your 24542/V dated 21 Dec. 1944.
2. As set forth in MMIA Administrative Instruction No. 18, Prisoners of War do not come within the authorized formations of the Italian Army. They are, in fact, civilians.
3. The release of clothing and equipment available for Italian Army Stocks cannot repeat cannot be authorized to Prisoners of War or ex-Prisoners of War as such.
4. Items of Italian clothing and boots which are not suitable for repair for the Italian Army may be released in their unrepaid condition to other branches of the Italian Government to meet the requirements of ex-Prisoners of War or other classes of Civilians. All items so released, however, will be issued in the unrepaid condition, and the use of Military work shoes and repairing materials for repair prior to release, cannot repeat cannot be authorized.

Subject: Cars for Salvage & Repair Units

MMIA has once more pointed out that some of the officers of the Clothing & Boots repair service be given a car in order to ensure a quick service in that branch.

It is noted that up to the present only two officers of Naples Detachment have been issued with cars as requested. MMIA asks that 2 more cars be assigned to officers of the Regional Recovery Centres of San & Naples.

In mentioning same, MMIA pointed out that these vehicles should be in good running order considering that the previous two cars assigned, a Lancia Augusta No. 021952 needs continuous repairs and the other, a Lancia Augusta No. 155214 which had a road accident, is out of use because a new battery is needed.

Types in the first case are in bad conditions and the other one has types completely unserviceable.

I shall be grateful if you will please assign the 2 cars urgently (eventually repositioning them according to MMIA) and arrange to maintain all the vehicles in good condition.

Subject Directives in regard to materials
in SARDINIA

Reference to Min. of War. CABINETTO's letter
306210/1/C.A. dated 13th inst.
319-1-1

Further to agreements reached with
MMSA, please note that the Directorate General
in the address must compile, and let
COMILIT SARDINIA keep, a program for the
transfer to the mainland of all their respective
materials which are in excess of actual
requirements of the units destined to remain
in SARDINIA, indicating the order of
priority with which the various materials
must be transported.

According to instructions, we beg to
inform that the force destined to remain in SARDINIA
may be calculated at about 12,000 men
(including 4,000 Carabinieri) for which
material required for all their needs
must be kept on the Island.

785020

As a reserve for eventual new call-ups or for the re-calling up of classes the following must also be left in Sardinia

- Barrack materials and general service materials for the requirements of about 10,000 men.

- 60,000 blankets, 30,000 mess kits, spoons and tin cups.

Col. Seimman has already received instructions in regard to this and may effect ~~some~~ eventual changes to the a/m program.

Subject: Release of Clothing to ALCON

AC/15/1
23 December 1944

To : AFM, for General Ramsey, GP (2)

Copy to: Chief Commissioner, ALCON

1. In accordance with telephonic request of Col Pinks, attached hereto is a statement of release of Allied clothing from Italian depots to the Allied Commission. Some releases are by pieces, and some by weight. To date a total 120,052 pieces of clothing plus 352,251 pounds have been released, on the dates indicated. To date only a very small amount of these items has been collected by ALCON. It is understood that ALCON yesterday started to collect some of the items in the Naples area.

2. In addition to the above Allied clothing, release of 30,000 pair of shoes and 100,000 kg of clothing, both part-worn Italian items, is being made to ALCON for patriots, as per attached copy of release.

3. After making delivery of the Italian items shown in para 2, above, there are some 200,000 pair of part-worn shoes and 57,000 pounds of part-worn clothing of Italian origin in Italian depots. We do not consider this economically repairable for use of Italian troops. The release of this will not prejudice the equipping of Italian troops of all categories. We are also confident that an additional quantity of the same sort of items will be uncovered in our shake-down of Italian depots. This sort of Italian Army property could well be utilized by ALCON for civilian use.

1. At the present time two Italian Mine Clearance Coys are employed by the Allied Commission on essential work in rear areas.

The W.E. strength of each of these companies is 3 officers and 201 ON/MI, and they are included in the Order of the Italian Army under Category 5(a).

2. It is suggested that an issue be made of Mine Detectors for their use on the scale of 12 per company. The type of detector (Polish or American) is immaterial. An issue was made in the past but the detectors have been retained for repair and no replacements issued. 83~0

It is also suggested that authority be given for the issue of replacement batteries when necessary.

1. It is understood by this Headquarters that the Italian Army Authorities, (either the War Ministry or SMRE), have under their control a considerable quantity of machinery for spinning thread and weaving certain other textiles. It is further understood that all, or part of this equipment, is at present being employed to manufacture thread and certain other textiles for the immediate needs of the Italian Army.

2. In order that this Headquarters may have more accurate information, will you please advise us as follows:-

- a. What thread and weaving equipment is owned and operated by the Italian Army; and what is the approximate capacity to produce thread and other types of textiles.
- b. What Thread and Textile Manufacturing Concerns are at present employed by the Italian Military for producing thread and textiles; and what is the approximate capacity of each type of material being produced.

Subject: Clothing of ex-POWs.

Gen. MANNERINI, Chief of the "Repatriated P.O.W.s Office" of this Ministry recently contacted MMIA in order to examine the possibility of remedying the extremely deficient conditions of clothing of several groups of repatriated Italian ex-POWs.

During these contacts, Col. Noakes of MMIA has given the a/m General Officer to understand that he had no objections to the use, for the ~~minimum~~ above requirements, of C & E articles turned in by the Italian Combat Groups after they were issued Allied articles.

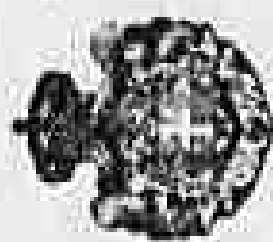

In view of this ~~and~~ and the fact that recently some contingents of military have arrived from French POW camps in TUNISIA, who are in pitiful clothing conditions, such that, in fact, some of them cannot be discharged from the hospitals although already recovered, we ask MMIA to kindly authorize the release of 3,000 series of clothing to be drawn from the a/m articles.

Furthermore, since the materials in question, being recovery material, are in need of repairs, it would be necessary to also authorize their repair at the military workshops of CAMPANIA and APULIA.

TRANSLATION.

From: MofW (Inspectorate)
TO: MMIA

Ref: 3649/I/RI
Date: 20 Dec. 1944.

SUBJECT: Cloth for shirts and underwear for P.S. agents.

Referring to the Ministry of the Interior's request for authorization for purchase of 5250 meters of shirt cloth and 2000 meters of white cloth for underwear, this Ministry informs:

Since April this Ministry, in agreement with the Min. of Ind., Comm. & Lab., determined to use about 560 quintals of raw cotton, available at the warehouses of the Provincial Consorzio Agrario of TARANTO, commissioning the Southern Cotton Mfg. Co. to make sewing thread and cloth for foot-cloths, corresponding respectively to one-third and two-thirds of the available cotton.

This fact was also made known to your Sub-Commission with letter 1290 of the 30 April 1944 (incl. 1).

Later, due to the change in requirements for supplies of the Italian army, the working of the cloth was changed to the effect that, instead of producing only cloth for foot-cloths, the following was to be manufactured:

Cloth for foot-cloths	200,000 m.
" " shirts, dyed G.g.	20,000 m.
" white for underwear	15,000 m.

Still later, with letters ACC-PG 2 and ACC-PG 13 of the 20 July 1944 (incl. 2 & 3), the Industry and Commerce Subcommission placed the following quantities of cloth, available at the Southern Cotton Mfg. Co., at the disposal of this Ministry:

Blue cloth for shirts	180,000 m.
Cloth for khaki uniforms	50,000 "
" " " shirts	8,000 "
G.G. cloth for shirts	50,000 "
Khaki cloth	40,000 "
Blue lining	50,000 "
Red lining	120,000 "
Camouflage cloth	700,000 "
G.G. lining	110,000 "

It follows that the cloth requested by the Min. of Interior, be it that they are part of the textiles to be made out of the amount of 560 quintals of raw cotton, be it that they are part of the lot which was placed at our disposal by the Industry and Commerce Subcomm., represents in every case textiles already intended for the Italian Army.

W M reported that all items have been collected 28 Jan 45 Shif

Therefore the request of the Min. of Int. can not be granted, unless MMIA wishes to do so in view of the limited amounts of cloth requested.

At this point, and referring to verbal request by MMIA, we wish to inform that the amounts of cloth thus far withdrawn by the Southern Cotton Mfg. Co. are the following:

Cloth for foot cloths	70,000 m.
Cloth for shirts, dyed gg.	20,000 "
White cloth for underwear	14,819 "
Cloth for khaki uniforms	50,000 "
G.g. cloth for shirts	50,000 "
Camouflage cloth	380,000 "
G.g. lining	90,000 "

The 8000 meters of khaki cloth for shirts were withdrawn by the Min. of Int., as you know.

We should also like to know if it is possible to let the NAPLES Commissariato use one of the two Rome area recovery trucks to finish the withdrawal of the cloth in time.

OGGETTO Tela camicie e tela per mutande per gli agenti di pubblica sicurezza. *Chiesta per che inglobare di A.C. 20/12*

In riferimento allo richiesto fatta dal Ministero dell'Interno per ottenere l'autorizzazione ad acquistare presso la Società manifatture Cottoniere Meridionali di Napoli metri 5250 di tela per camicie e metri 2000 di tela candida per mutande, questo Ministero espone quanto appresso:

Fino dall'aprile 1944 la scrivente, d'intesa con il Ministero dell'Industria Commercio e Lavoro, determinò di utilizzare Q. li 560 circa di cotone sodo, disponibili presso l'ammasso gestito dal Consorzio Agrario Provinciale di Taranto, facendo allestire dalla Ditta Manifatture Cottoniere Meridionali, filati cuoirini e tela per pezzuole da piedi in ragione rispettivamente di un terzo e di due terzi del cotone disponibile.

La questione venne portata anche a conoscenza di codesta Sub-Commission con foglio n. 1290 del 30 aprile 1944 (alleg. 1).

Successivamente ed in relazione alle mutate necessità degli approvvigionamenti dell'esercito italiano, l'allestimento del tessuto venne modificato nel senso che, anziché prodursi esclusivamente tela per pezzuole da piedi, si sarebbe allestito:

- tela per pezzuole da piedi	m. 200.000
- tela per camicie tinta in g.v.	" 20.000
- tela candida per mutande	" 15.000

Successivamente, con i fogli n. ACC-PG 2 e ACC-PG 3 in data 20 luglio 1944 (alleg. n. 2 e 3), la "Industry and Commerce Sub-Commission" mise a disposizione di questo Ministero, per le necessità dell'esercito italiano, i seguenti quantitativi di manufatti disponibili presso la Società Manifatture Meridionali.

ottenere l'autorizzazione od acquistare presso la Società Manifatture Cotoniere Meridionali di Napoli metri 5250 di tela per camicie e metri 2000 di tela candida per mutande, questo Ministero espone quanto appresso:

Fino dall'aprile 1944 la scrivente, d'intesa con il Ministero dell'Industria Commercio e Lavoro, determinò di utilizzare Q. lit. 560 circa di cotone sodo, disponibili presso l'ammasso gestito dal Consorzio Agrario Provinciale di Taranto, facendo allestire dalla Ditta Manifatture Cotoniere Meridionali, filati cucirini e tela per pezzuole da piedi in ragione rispettivamente di un terzo e di due terzi del cotone disponibile.

Successivamente, con i fogli n. ACC-PG 2 e ACC-PG 3 in data 20 luglio 1944 (alleg. n. 2 e 3), la "Industry and Commerce Sub-Commission" mise a disposizione di questo Ministero, per le necessità dell'esercito italiano, i seguenti quantitativi di manufatti disponibili presso la Società Manifatture Cotoniere Meridionali:

-stofa azzurra per camicie	m. 180.000
-tela per uniformi kaki	" 50.000
-tela per camicie kaki	" 8.000
-tela g.v. per camicie	" 50.000
-tela kaki	" 40.000
-fodera azzurra	" 50.000
-fodera rossa	" 120.000
-tela mimetica	" 700.000
-fodera grigio verde	" 110.000

Ora, dato quanto precede, i manufatti richiesti dal Ministero dell'Interno, sia nel caso che facciano parte delle telerie da allestirsi col detto quantitativo di Q. lit. 560 di cotone sodo, sia nel caso che

./.

785020

rientrino nelle partite messe a disposizione di questo Ministero dalla Industry and Commerce Sub-Commission, riflettono sempre tessuti già destinati all'esercito italiano.

E pertanto, la richiesta del Ministero dell'Interno non potrebbe essere accolta, a meno che codesta M.M.I.A. non ritenga di adottare una determinazione positiva dati i limitati quantitativi di telerie domandati.

Con l'occasione, ed in riferimento alla richiesta verbale fatta da codesta M.M.I.A., si comunica che i quantitativi di manufatti finora ritirati dalla ditta Manifatture Cotoniere Meridionali sono i seguenti:

- tela per pezzuole da piedi	m.	70.000
- tela per camicie tinta in g.v.	"	20.000
- tela candida per mutande	"	14.819
- tela per uniformi kaki	"	50.000
- tela g.v. per camicie	"	50.000
- tela mimetica	"	380.000
- fodera grigio verde	"	90.000

Gli 8000 metri di tela kaki per camicie furono ritirati dal Ministero dell'Interno, come già noto a codesta M.M.I.A.

Con l'occasione si prega voler far conoscere se è possibile mettere a disposizione della Direzione di Commissariato di Napoli, per completare il ritiro delle tele in tempo utile, uno dei due autocarri assegnati al recupero della zona di Roma.

1. Because of the limited amount of space it has been found to be impracticable to use Depot No. 2 at Frattamaggiore for both sorting and storing of clothing and equipment ready for issue. Separate additional warehouse space has been secured at Frattamaggiore and will be used exclusively as a BR-ITI Issue Depot. All sorting will be handled as heretofore at Depot No. 8.

2. British boots will not be delivered to Depot No. 8 but will continue to be received, taken on charge and graded, or grouped at Depot 599, as a separate BR-ITI operation. The repaired British boots will, in turn, be delivered to the a/m issue depot at Frattamaggiore.

3. This action will take effect as of this date and has been confirmed by telephone with Colonel Woakes.

for attention of Col. KERS.

As I think I have explained, I am more than anxious to obtain clothing for the patriots who are now coming over in increasingly large numbers to the Patriot Centres and Points. They are all short of clothing.

Can you therefore issue me with an order for the release of 30,000 sets of clothing and as many pairs of boots up to that number as are available? When I receive this release order, which you so kindly promised me, I will arrange with Commerce Sub Commission for them to be taken to the dyeing centre and shoe repairing centre at SALERNO, in order that the dyeing and shoe repair may be put under way.

Thank you very much indeed if you can help me in this regard.

Ref your AQ/15/1 dated 10 Dec 44.

I have visited 504 Gd Bn in order to clear up their clothing problems.

Att herewith at App "A" is a copy of an indent submitted by them to the War Ministry today also a copy of an indent (App "B") submitted through the same channels for rfts who have from time to time been posted to the bn in excess of their WE/TO of 800 all ranks.

These two indents hereby cancel any others the bn has submitted since the one you rejected and which forms the subject of your letter under ref.

Ref indent at App "A". The numbers indented for have been modified to equip a total available strength of 800 and takes into consideration all the releases of clothing the bn has received since its inception in Jul 44.

It will be noticed that no demand is made for either shirts cotton or socks both of which items the bn held in excessive quantities. 400 shirts cotton and 450 prs of socks will be handed in by them to 591 Depot before 20 Dec 44. 8321

The bn has received in all 953 each of drawers woodland undershirts wool. The figure of 647 represents the bal to bring their holding up to two prs per man.

As regards tent pieces, The last issue to the pers of the bn was made two years ago in Sardinia and these are now, with

800 all ranks.

As regards tent pieces, The last issue to the pers of the bn was made two years ago in Sardinia and these are now, with constant use, worn out. It is believed that the coy about to proceed to Capua area and for whom release of clothing as per the att list is particularly awaited, will be living under canvas and with therefore need at least their full quota.

Towels (if available) represent an initial issue.

App "E" is a separate indent for clothing (an initial issue) for the rfts recently recd by the bn; these are PW ex 1 France and are dressed in civilian clothing.

In the case of drawers wool and undershirts wool, one pr each per man was issued out of the previous releases to the bn.

At App "C" the rejected indent is returned to you.

Clothing equipment for recalled personnel.

Herewith find detailed list of how the material for the districts of FROSINONE, VITERBO, LITTORIA, has been distributed, as regards the arrival of recalled Military Personnel

We point out that all the troops who have arrived in the districts of Frosinone and Viterbo were issued with them blankets, merdlin, spoon, that following request by lieutenant/col HOBARTY (confirmed by Col. KERR.) and based on the facts that troops arriving either at the 8th army or at the combat groups could not be fitted out at time of arrival.

This M of W has issued orders to the Military Command of L.V. A. to provide for.

The immediate recovery of the material employed by each Command issued for their reason and for which the material was assigned.

to take disciplinary action against the personnel who have performed unauthorized issues of said material 822

OGGETTO Oggetti di v.e. per richiamati.

Si trasmette l'unito specchio dal quale risulta l'impiego che è stato fatto dei materiali riforniti ai Distretti di Frosinone, Viterbo e Littoria in occasione dell'affluenza dei noti militari richiamati.-

Si precisa che i militari affluiti ai Distretti di Frosinone e di Viterbo hanno portato seco le coperte, i gamellini ed i cucchiari, e ciò in seguito a richiesta del Ten.Col. Moriarty (confermata dal Col. Kerr), basata sul fatto che i militari destinati all'8^a Armata ed ai Gruppi di Combattimento non avrebbero potuto avere all'arrivo il necessario equipaggiamento.-

Questo Ministero ha impartito disposizioni al Comando Militare del Lazio, Umbria ed Abruzzi perché sia provveduto :

- all'immediato recupero dei materiali impiegati dai singoli Distretti per esigenze diverse da quelle per le quali i materiali stessi erano stati riforniti ;
