Subject: Boots for Italian Coast Artillery Personnel.SECRET.

573021/28.

To: M.M.I.A.

ACMP letter 1605/50/2/G (SD) dated 15 Feb 44 places all Italian Coast Artillery in Italy under the operational command of the Commander, 203 Fixed Defences R.A. who at present commands all British Coast Artillery in Italy.

The Commander, 203 Fixed Defences R.A. by his Operational Instruction No.4 dated 19 Feb 44 delegated this operational command to O.C., 573 Coast Regiment R.A. for all Coast Artillery serving on the East Coast of Italy.

There are 5 Italian Batteries involved on the East Coast namely, Risacane and B593 at Brindisi, and Alessandri, T999 and T604 at Taranto, having a total personnel of approximately 500.

I have inspected these batteries and find that the situation so far as the mens boots are concerned is an extremely serious one.

879*

In many cases the men have no boots at all and in others their boots are not fit to be worn.

From an operational point of view it is essential that these men are supplied with boots with the least possible delay.

I have seen the Liaison Officer at No. 2 District who states that because the personnel involved are Italian Sailors, it is not the responsibility of M.M.I.A. to provide the boots.

I have also seen the Base Accountant Officer on the staff of the Flag Officer, Taranto and Adriatic, who states that according to his instructions the supply of boots, etc. to Italian Naval personnel is the responsibility of M.M.I.A.

It is requested please that a ruling may be given as to who is responsible for the supply of boots to the men concerned. At the same time may it be stated please as to how the boots can be obtained; 200 pairs are urgently required.

Ref your letter 3/2566/Serv di prot dated 18 March.

It is considered that enough Italian uniform should by now have been withdrawn from units actively employed by the Allies to equip those of the 1923 class to be called up by 31 Mar.

The policy of giving priority issue of dyed Battle dress to units and formations actively employed by the Allies must of necessity continue owing to limited stocks. These soldiers will therefore be re-equipped with Battle Dress when they are drafted to such formations. 8791

In the same way, the issue of boots will be made immediately the men are employed directly on behalf of the Allies

It is regretted that it is not possible to authorise the issue of boots to form a reserve as you suggest. The supply is insufficient to provide the essential needs of formations who have men without any boots. Should the position improve, the question of setting up a reserve will be taken up again.

Subject: Reserve of boots at the LAVORATORI Units

MMIA is informed that the Italian soldiers employed on labour works are issued with one pair of boots only.

The units are then obliged to dispense from duties a certain number of soldiers every day, whose boots are sent for repairs.

In order to avoid it we suggest that a reserve be made at each single LAVORATORI unit, in order to replace immediately all boots sent for repairs.

That reserve could be estimated to 40% of the strength. The LAVORATORI in the harbours being 28000 it would be necessary to have a reserve of 11200 pair of boots of allied source.

Could you please authorize distribution of approx. quantities?

OGGETTO: Scorta di calzature presso le unità di lavoratori.-

E' noto a codesta Sottocommissione che i mili-
tari italiani adibiti ai lavori di rinnovulanza hanno in dotazio-
ne un solo paio di scarpe.

Ciò obbliga i reparti a dover giornalmente di-
spendere dal servizio un certo numero di militari ai quali occor-
re ritirare le relative calzature perché abbandonevoli di ripara-
zione.

8778

Tale inconveniente può essere eliminato costi-
tuendo presso le singole unità di lavoratori un'adeguata scorta
di calzature, in maniera da poter prontamente sostituire di volta
in volta quelle da ritirare per le riparazioni.

Tale scorta potrebbe essere commisurata al 40%
della forza per armi, considerando in 25.000 il numero dei lavora-
tori nei porti, occorrerebbe poter disporre di 11.200 paia di pro-
venienza alleata.

A tal fine, si sarà grati a codesta Sottocommis-
sione se vorrà autorizzare la distribuzione di detto quantitativo

ne un solo paio di scarpe.

Ciò obbliga i reparti a dover giornalmente di
