TO: Ministry of War

1. Reference your H. 15445/V di prot dated 8 July 1944.
2. The a/n reference letter stated that Intendency of CAMPANIA has requested 3000 sets of clothing for replacements to be located in Rome area for 210 Division.
3. A request to recruit 3000 replacements in Rome for the 210 Division was refused on 25 June 1944 (see copy of cur-ED 1027 dated 25 June hereto attached)
4. The proposal of the Intendency of CAMPANIA to ship clothing to Rome for such replacements is therefore inconsistent with the facts. They should be so advised and no clothing or equipment either allied or Italian will be moved to Rome in connection with this proposal.

 Date July 7, 1944

Subject: Means of transport and
 clothing for 210 Inf. Div.

The 210 Division, which is under
 the command of the Allies, has
~~operated~~ painted out the serious
 situation in which it finds itself
 in regard to means of transport
 and clothing, in consequence of
 the development of operations
 progress.

1. Means of transport

While the Division stays in the
 zone south of the GARIGLIANO, the
 few vehicles at its disposal permitted
 it to just barely meet its own
 requirements.

When the ~~operating~~ phase
 began, said vehicles were insufficient
 for the movement requirements and
 for the new location of its units,

Col Jean say

and also because some of them were ~~put~~ taken off the road, causing irregularities of refurnishment & communications.

The Divisional C.O. Turned to Hq of 5 Army, (The div. has been under the 5 Army command since June 10) but with no result. Nor does he know how the request ~~will~~ ~~be considered~~ for vehicles (see attached copy) will be considered.

2. As for clothing, the Troops of the 210 Division feel the lack of summer clothing, inasmuch as they are wearing Allied winter clothing which hinders their work.

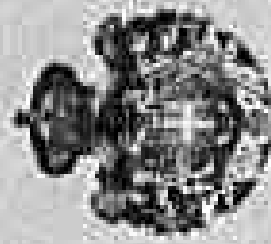

Particularly disconcerting to the troops of the 210 div. is the comparison with the Italian troops.

Translation (2)

1. Being under command of British 8th Army, which has furnished them with all the vehicles & clothing required.

Given the fact that the lack of vehicles & clothing which affects the moral & the work of the men who are actively participating in the present war effort, we beg M M & A to take the above into consideration, with the aim of obtaining the assignment to the 210th Division, of the vehicles requested, and that said Division be authorized to draw summer clothing and whatever else is required in the line of clothing by the military under their Command.

OGGETTO: Mezzi di trasporto e vestiario per la 210^a Divisione Ftr. -

ALLA SOTTOCOMMISSIONE PER L'ESERCITO DELL'A.C.C.

LEQUILE

La 210^a Divisione, che è alle dipendenze degli Alleati, ha rappresentato la grave situazione in cui è venuta a trovarsi, in conseguenza dello sviluppo delle operazioni in corso, per quanto riguarda mezzi di trasporto e vestiario.

1^o. - Mezzi di trasporto

Sino a che la Divisione è stata ferma nella zona a sud del Gargliano gli scarsi mezzi a sua disposizione le hanno consentito, con ripieghi, di far fronte a mala pena al proprio funzionamento.

Iniziatasi l'attuale fase operativa, detti mezzi si sono subito dimostrati del tutto insufficienti alle necessità di movimento e della nuova dislocazione dei reparti, anche perché parecchi di essi, a causa dell'uso fattone, si sono resi inefficienti determinando irregolarità di rifornimenti e di collegamenti che rendono sempre più difficile la vita dei reparti.

Il Comandante la Divisione si è rivolto al Comando della 5^a Armata, da cui dipende per l'impiego, sin dal 10 giugno scorso, ma non ha ricevuto riscontro, né sa in quale considerazione sarà presa la richiesta degli automezzi che si riporta in allegato al presente foglio.

2^o. - Per quanto riguarda il vestiario, le truppe della 210^a Divisione

1°.-Mezzi di trasporto

Sino a che la Divisione è stata ferma nella zona a sud del Gari-
gliano gli scarsi mezzi a sua disposizione le hanno consentito,
con ripieghi, di far fronte a mala pena al proprio funzionamento.

Iniziatasi l'attuale fase operativa, detti mezzi si sono su-
bito dimostrati del tutto insufficienti alle necessità di movimen-
to e della nuova dislocazione dei reparti, anche perché parecchi
di essi, a causa dell'uso fattone, si sono resi ineficienti deter-
minando irregolarità di rifornimenti e di collegamenti che rendono
sempre più difficile la vita dei reparti.

Il Comandante la Divisione si è rivolto al Comando della 5^a
Armata, da cui dipende per l'impiego, sin dal 10 giugno scorso, ma
non ha ricevuto riscontro, né sa in quale considerazione sarà pre-
sa la richiesta degli automezzi che si riporta in allegato al pre-
sente foglio.

2°.-Per quanto riguarda il vestiario, le truppe della 210^a Divisione
risentono, in questa stagione, della mancanza di vestiario estivo,
in quanto indossano uniformi di panno di provenienza alleata che
incidono negativamente sul rendimento che è loro richiesto.

Particolarmente sconfortevole per militari della 210^a è poi
il confronto rispetto alle truppe italiane impiegate alle dipendenze
dell'8^a Armata Inglese la quale ha fornito ad esse tutti i mezzi di
trasporto ed il vestiario occorrente.

Data tale situazione di disagio che incide sul morale e sul
rendimento di uomini, che attivamente partecipano all'attuale sforzo
bellico, si prega vivamente codesta Missione di voler prendere in be-

nevollo esame quanto prospettato, al fine di ottenere che siano assegnati alla 210^a Divisione, gli automezzi richiesti e che la stessa sia autorizzata a prelevare le uniformi estive e quanto altro necessaria in fatto di vestiario per militari dipendenti.-

 Subject Clothing material for 210 Inf Div

The Armed Forces Intendancy of CAMPANIA has approached the Ministry in order to obtain its assignment of 3000 series of clothing required for the reinforcements of 210 Inf. Div located in the Rome area.

While the Ministry will take care of some of the materials available at our warehouses, we would be grateful if MMSA would authorize the distribution of clothing of Allied origin (boots, uniforms, gaiters, caps, & belts) which cannot be drawn from Italian supplies.

In case of a favorable consideration it will be the task of the Ministry to send the prescribed forms to MMSA reporting the individual items for the request authorization to distribute.

It is regretted that there are no available stocks
of CCHR uniforms in the country, therefore we are unable to
be of any assistance.

The position here is very acute and the greatest
difficulty is being experienced in clothing the Carabinieri,
due to the lack of facilities and materials necessary for the
manufacture and repair of uniforms.

8th ARMY ITALIAN FORCES GROUP COMMAND

(I.F. A HQ)

2 July 1944

Subject : Clothing material .To : Intendenza FF.AA. CAMPANIA

This Command moving with 8th Army has arrived at a place very far from a Commissariato Depot, so now it is difficult to draw supplies. Besides, difficulties are increased owing to small number of trucks available.

Considering that shortly we will move up north we advised this Command that while we are waiting for a nearer Commissariato depot, it is necessary to give us an adequate quantity of equipment so that we don't have to face the difficulties above mentioned.

Therefore we beg Intendenza if it would be possible to give the undermentioned material. The considerable quantity demanded is due to the fact that this will be last withdrawal, it must satisfy all group requirements starting from now, until nearer Italian Depots are formed.

With reference to your AQ 15/11 of 9 June
it is pointed out that the repair service
for boots & clothing of CCRB regions is
assured by means of fixed workmen
in the same way as is practised in
all ^{other} Regt depots.

It is therefore pointed out that:-

The CCRP have no special repair shops but only the organization provided for the Army units (headquarters).

shops but only the organization provided for the Army units (head workers)

The limited out put of repaired items (boots in particular) is due to a shortage of repair materials due to the scarcity of repair materials (laces & yarn)

According to the ^{Central} ~~Region~~ the head workers ~~of the~~ ^{from 1988} will be able to carry out the repairs planned if these raw materials now lacking are not provided. The above for your attention. It
is confirmed that there is no
difficulty in transferring to the

have no practical purpose unless
an assignment of hides and yarn
is made at the same time.

- i CC.RR. non hanno particolari laboratori ma soltanto l'organizzazione prevista per gli enti del R.Esercito (capi operai);

- il limitato gettito di oggetti riparati (scarpe in specie) non è dovuto alla mancanza di materiali suscettibili di riattamento, bensì alla scarsità delle materie prime (filati e conciati in genere);

- secondo riferisce la Legione CC.RR. di Bari, i capi-operai **3826** capo e capo-calcolista) della Legione stessa non potranno effettuare le progettate riparazioni se non verranno assegnate le materie prime delle quali, attualmente, non si dispone, mentre il capo-sarto trovasi impegnato nella riparazione delle divise turchine, con filati forniti da questo Ministero (filo bianco avuto in prestito dal Ministero Aeronautica e tinto in nero presso il laboratorio recuperi di Lecce).-

Quanto sopra premesso si conferma che non si ha alcuna difficoltà a trasferire alle Legioni CC.RR. le 3.000 divise da riparare e le 5.000 paia di scarpe; ma che tale trasferimento non avrà alcuna portata pratica senza la contemporanea assegnazione di filati e cuoiari.

106 Jul (486/1)

30 June 44

In regards to your letter of 20 June about 2th Requisitions, Xth Corps was just complying with instructions from No 1 District (Adm Ins No 21 of 30 April) to send in monthly requisitions. At the time June and July Requisitions were forwarded to me by No. 1 Dist. I had not received your Adm. Ins # 3 of 4 June so I, in order to expedite the matter, forwarded them on to you.

To date Xth Corps have received no instructions from ~~WWF~~ ^{98th} Min of War in carrying out the policies in ~~WWF~~ Adm Ins No 3, so reports and compliance to instructions will be held up. But we are endeavouring to put into effect the policies stated there in.

In talking with Dep C/S XII Corps today learned they are greatly in need of socks. Believe it can be classed "Poverty". I told them to make requisition through normal Jti channels (Par 3 & Appendix "F" to MMTT Adm Ins #3) and send copy to me in duplicate. - I will forward one to you.

Sincerely
Albert

Dealing with articles of absolute necessity and considering that, frequently boats and clothes are conceded by MM & Co for front line troops, will you please examine the possibility of consenting to the sending of the following articles of clothing to be drawn from Allied sources, to the advanced VASTO warehouse.

6000 cotton shirts, 3000 drawers,
3000 pairs boots (new or repaired).

It is understood that any distribution whatsoever of the aforementioned articles must be first authorized by MM & Co given that this Ministry pursues the aim of moving the depot closer to operating troops to hasten, in the future, the refurnishment of the articles which are required little by little.

Lo S.M.R.T. ha chiarito che i materiali da inviare per il costituendo deposito avanzato V.C. per il C.I.L. nella zona di Vasto devono essere tratti dalle disponibilità dei magazzini italiani.

In conseguenza questo Ministero, vagliate attentamente le situazioni dei depositi dipendenti, ha ordinato, nei limiti delle ormai minime disponibilità, l'invio di una serie di circa 3.000 capi di corredo per ogni specie di maggior comodo.

Non è stato possibile assegnare per indisponibilità le camiole, le mutande e le scarpe.

Trattandosi di oggetti di assoluta necessità e considerato che, frequentemente, vengono concesse da questa A.C.C. scarpe e biancheria per le truppe in linea, si prega esaminare la possibilità di consentire l'invio al magazzino avanzato di Vasto dei seguenti oggetti da trarsi da fonte alleata:

Subject : Clothing for Italian Officers.

17th. June 1944.

1. In view of the acute shortage of Italian Officer's uniforms of all kinds, we have been requested to make Allied clothing available to the Italian Army for their officers.
2. Could a ruling please be given, therefore,
  - a) whether dyed battle-dress be issued ?
  - b) whether Allied khaki-drill may be issued during the summer months ?
3. Since a question of prepayment is involved would it be possible for bulk payment to be made by the Ministry of War who could receive individual payments from Italian officers.
4. An immediate reply would be appreciated.

1. On 25 May 44 one Italian officer and sixty Italian OR reported for duty to 1 Pz Remount Depot at AFRICENA.

2. On 2 June the Officer Commanding Depot informed this HQ that this detachment had arrived badly clothed and shod. The following are relevant extracts from his letter :-

".....All of them were badly in need of boots and clothing, some have their boots tied with wire. I reported this state of affairs to the senior Italian Officer FOGGIA and this officer informed me that he could do nothing about it.....Since this report was made, eight soldiers have to remain in their billet as they are unable to go to work on account of having no boots. The clothing of these soldiers is in a shocking state. Since arrival, the Italian Officer-in-Charge has been to my office every morning asking if something can be done about the boots and clothing. He states that prior to leaving BRINDISI certain articles of serviceable clothing were withdrawn by the Italian authorities. Visits to.....the senior Italian officer FOGGIA have resulted with the normal "I can do nothing"....."

69 Grn forwarding this letter stated that the Italian Officer i/c of the detachment is said to be young and inexperienced and does not know the correct procedure for the care and maintenance of the troops under his command. 2 District, to whom the matter was referred, informed this HQ on 7 June that the Italian Officer i/c of this detachment had been advised by them to submit indents for the necessary boots and clothing through Italian channels.

3. Commander 6 Base Sub Area visited the depot on 15 June. Large numbers of men were still without proper boots and clothing.

4. May the necessary representations please be made to the Italian military authorities that :-

(a) Clothing and boots for this detachment be released at once to enable them to perform the duties for which they have been detailed.

As regards boots the CCRR state that when they received 5000 pairs of boots 5000 worn pairs were withdrawn and returned to the Italian Army.

GGFF

The GGFF have a few small workshops which are only capable of dealing with minor repairs to their own uniforms and will not be able to cope with the repair of worn Italian Army uniforms.

The GGFF ask to be issued with Italian Army uniforms already repaired. A list of materials for carrying out minor repairs to GGFF uniforms is being compiled and will be forwarded to you as soon as possible.

As regards boots, the GGFF state that when the 2000 pairs are received they will be issued to new recruits and it will not be possible to withdraw worn boots for repairs.

4. It is therefore requested that the Italian Army uniforms, the boots and the repair materials requested by the CCRR in paragraph 3 above be supplied.

5. The full requirements of both CCRR and GGFF in order of priority are set out in previous correspondence from this Sub-Commission (vide ACC/14601/8/PS of 19th May 1944).

AFHQ letter 400.1 (ITALY) GDS-AGM 9 Jan 44

3. The following items only have been received as a result of AFHQ AGM INSTRUCTION No. 5. These have been included in figures given in Appx "A"  
Blouses 19,000  
Trousers 19,000  
Boots 11,169

4. Estimates of the existing stocks will last are given in Appx "D". These estimates are based upon the assumption that TOTAL quantities still due under AFHQ letter 400.1 (ITALY) GDS-AGM of 9 Jan (as shown in para. 2 Appx "C") will arrive in due course. Any bulk demands which are made on behalf of the Italian Army will correspondingly shorten the estimated time. The issue of winter garments is not anticipated until October. The service life of the available repaired Boots is provided shorter than was originally anticipated as is reflected by corresponding demands for re-issues to the same units.

5. In our letter AG/15/11 dated 17 May (para 5) it was recommended that requisitions for additional clothing should be placed at once on the appropriate Italian Power. If the Italian Units now effectively employed are to remain operational after August, additional clothing is essential. Detailed list of our previous recommendation is herunder repeated.
