Subject: Request for wool undershirts for "VENERE" Hosp., BARI.

In the "VENERE" Hospital at BARI are 150 ~~are~~ T.B. patients.

Most of them are military returned from imprisonment who, with the approaching winter, feel the need of wearing woolen undershirts & clothing.

Thus far due to the known shortages of Italian C+E, it has not been possible to obtain the necessary quantities.

This Hq. is trying ⁱⁿ all possible ways to collect offers of clothing from private sources.

But since we foresee that the offered quantities will not suffice to cover the needs, this Hq. asks your Ministry to kindly ask MHA for authorization to distribute the articles as per inclosed form.

The British L.O. who was approached in this question has expressed the opinion that MHA could, as an exception, grant this request, in view of the particular welfare - nature of the request.

(over)

Meanwhile we ask your Ministry to kindly
examine the possibility of also allotting us

Nell' 'Ospedale' Di Venere di Bari sono ricoverati 150
degenti, tutti affetti di tubercolosi.

Si tratta di militari per lo più provenienti da prigionie
i quali, con l'approssimarsi della stagione invernale, sentono il
bisogno di indossare maglie e indumenti di lana.

Finora per le note deficienze di materiale di v.e. di pro-
venienza italiana, non e' stato possibile ottenere i necessari
quantitativi.

Questo Comando sta interessandosi in tutti i modi per rac-
cogliere offerte di indumenti da parte di privati.

Ma poiche' si prevede che i quantitativi offerti non saranno
sufficienti a coprire il fabbisogno, questo Comando rivolge preghiera
a codesto Ministero affinché si compiacca di chiedere alla M.M.I.A.
l'autorizzazione a distribuire gli oggetti di cui al modello allegato.

L'Ufficio Inglese del Liaison Office interessato al
riguardo, ha espresso il parere che la M.M.I.A. potrà, in via ecce-
zionale, aderire alla richiesta, in considerazione dei particolari
motivi di carattere assistenziale cui la richiesta stessa si informa.

Nel contempo si prega codesto Ministero compiacersi esaminare
la possibilità di acquistare anche

1. Reference your SP/1 dated 16 November 1944.
2. The above reference letter reports the inadequate status of clothing of the men doing guard duty and etc. at all Italian Petrol Depots in the Bari Sector:-Also, gives some general information regarding the steps that have been taken by the Italian Officer in Command, as well as, by your office to correct this situation.
3. The fourth paragraph requests that this matter be investigated.
4. The only investigation that this Headquarters could make would be to send an investigator into the field, and make a study and determine just what is required. Obviously, this is not a practicable or economical procedure, and the handling of such matters is part of the normal functions of our Liaison Officers already in the field.
5. The normal procedure laid down by HQ MMIA Directives is that the Unit Commander enter his indents on approved forms and forward same to Ministry of War with a copy to the MMIA LO concerned. Will you please therefore, instruct the Unit Commander in this instance:-
 - a. To submit proper indents for items critically needed.
 - b. To forward them to the Ministry of War.
 - c. To give you a copy, to be forwarded by you to HQ MMIA.
6. Just as soon as the copies of such indents are received at this Headquarters, we will be in a position to know the details of items needed, and to expedite the issue through proper Italian Channels, or by authorizing advance issue from Bari Depots.

Arrangements have been made with the Base Laundry as follows:-

1. 21 Base Laundry will take care of all Italian hospital washing.
2. 21 Base Laundry has given permission to the DE NIGRIS Laundry to wash the Allied salvaged clothing turned over to the Italian Military - The NIGRIS Laundry will take care of 10 tons of such clothing weekly. Any quantity above 10 tons must be first authorized by 21 Base Laundry.
3. 21 Base Laundry if necessary and convenient to the Italian Military, will stock on its premises the clothing before washing. After being washed, the clothing must be taken over by the Italian Military.
4. The contract for the washing of the Allied salvaged clothing will be arranged between Mr. DE NIGRIS and the Italian Military. Apparently there is already in existence a contract between Mr. DE NIGRIS and the local Comando PUGLIE e LUCANIA, and a similar one will be drafted for this purpose.

1. It has been observed from inspections that the clothing of men doing guard duties etc. at all Italian PETROL DEPOTS in BARI SECTOR is in an appalling condition. In some instances men have only shorts and sandals.
2. This was reported to 9 AUTIERI REGT by Capt. FREELAND approximately six weeks ago and he was informed by the C.O. that clothing had been indented for and it was awaited.
3. 9 AUTIERI REGT were later requested to forward copies of these indents to this office. After some considerable delay, the attached copies of indents etc. in respect of BOOTS only was received. When further questioned as regards clothing indents, 9 AUTIERI REGT admitted that no indents for clothing had been submitted.
4. As a result of conversations with personnel of the Depots in question, it is obvious that they are dejected and apathetic. May this matter be investigated please.

Signor Generale

con i fogli di cui Le rinetto copia,
ho richiesto e sollecitato l'assegnazione
di 350 paia di scarpe per i militari dipen-
denti.

Tali richieste, tuttora inavase, sono
motivate dalle deplorabilissime condizioni
di calzature in cui si trovano i militari
dipendenti. Si consideri che una buona parte
di essi è completamente scalza e gironzola
in Caserma e nei dipendenti depositi a piedi
nudi. Alcuni di essi, spesso, oppongono resi-
stenza allorchè sono comandati nei vari ser-
vizi, specie in quello di guardia.

Inoltre, l'assoluta indisponibilità
di materiali, impediscono di provvedere, sia
pure in parte, alle riparazioni.

1. A quantity of 197 tons of clothing etc is held in North Africa Salvage Depots and has been frozen pending a decision as to whether you wish this to be shipped to Italy to repair and issue to British. It comprises a wide variety of garments, and it is understood from Ordnance that, provided repair facilities are available, a considerable number of serviceable garments can be produced.

2. In the event of this clothing being shipped from North Africa it would not be possible for Ordnance to take it into their Depots in Italy. If, therefore, you wish to receive this clothing, will you please state your bulk Depot to which you desire it to be sent.

1. Although stocks of unserviceable A/G capes are exhausted, it is considered that every effort must be made to give some form of protective clothing to BR - ITIS in cases where the continuance of their work in adverse weather is of importance to operations.

2. It is suggested therefore that authority be given for the Italian Div this responsible for BR - IFF maintenance to hold a stock of serviceable A/G capes not exceeding 25% of the total BR - IFF strength for which they are responsible. These capes would be on loan to the Div, if necessary, and issued to specified units on the authority of MILA LG acting under instructions of the responsible British formation. It is understood US authorities have made a similar arrangement in some instances over rain coats.

3. On the above basis the approximate number of capes involved would be according to latest available figures :-

Fifth Army.....	2,750
Eighth Army.....	2,500
~~One~~ District.....	3,625

8.875

474

4. Would you please say if such an allocation could be made from reserve holdings, and to what extent this would affect the requirements of operational reserves as laid down in AFD, Op Memo 43 dated 13 Mar 44?

Il lavoro di tintura venne iniziato il 15 settembre è stata mantenuta una media di capi tinti di circa 1000 (mille) al giorno, esclusi i giorni festivi;

Il consumo di soda colorante è stato in media di grammi 11 circa per ogni capo, l'esperimento di tintura su 10 divise (blouses e trouses) effettuata alla presenza di una commissione di Ufficiali della una media di grammi 12 circa per ogni capo.

Il prezzo pagato con la Ditta "Bernardi" è stato di S. 18,25 per capo e tale spesa viene sostenuta dalla Direzione di Comandamento Militare di Bari.

Il 11° Deposito la Rocca ne ricevuto del 2° Sub Depot Bari n. 23471 blouses e n. 31727 trouses pronti per la tintura, finora sono stati tinti n. 20366 blouses e n. 22610 trouses, ed introdotti nel Deposito Isere la Rocca pronti per la distribuzione.

HQ LAND FORCES SUB COMMISSION, A.C. (MMIA), 11 November 1944.

TO: MMIA LO, Sicily & HQ Sicily Region AC, Palermo.

1. Dye is a critical item of supply. The re-dyeing of uniforms already issued to troops is not an operational necessity, and would be difficult unless issues in excess of the authorized scale of 1 uniform per man are made. Further, the release of odd lots of dye to civilian firms in localities where Units may be stationed would unnecessarily dissipate our short stock of dye.
2. The request for dye to re-dye battle dress now issued to troops in Sicily is disapproved.
