Regarding the severe restrictions recently imposed by M41A in the matter of leaves, I am continuously receiving queries from units about the presumptive duration of these restrictions, and notifications of the reactions manifested among the troops, who, regarding the directives as arbitrary and irritating, blame their own commanders for them.

I have no doubt that the directives in question are dictated by a real necessity and I think they must be considered to be of a provisional nature; I think it necessary, however, to draw attention to the serious inconveniences, moral, political, and economic which are being caused, and I believe that M41A, whose exquisite sensitiveness is well known to me, will not fail to appreciate (over).

These provisions, meant to improve the discipline and the morale of the troops, to be combined with disciplinary measures against AWOL's, to help the economic recovery of the country, making some categories of workers available to civil life during the crucial periods, required, as will be remembered, ~~large~~ (cont'd)

I believe that one can not today attain the abolition of these facilities without such an unpopular measure ^{meeting with an} ~~causing~~ unpleasant reaction among the troops and among the public generally.

It is not easy to persuade the troops of the difficulties which stand in the way of a leave.

The great attachment which Italians, and especially the Southerners and the Islanders have for their families is a known fact; sometimes this sentiment assumes paroxysmic forms.

recent disorder, which, unfortunately, took place in Sicily.

In a preceding letter this Ministry has already suggested to MAIA that it would be opportune to grant again leaves for proved serious family reasons from the mainland to Sicily and Sardinia and vice-versa, and from one island to the other. I take the liberty of insisting, and to recommend that these leaves be authorized as soon as possible.

It is to be observed, finally, that the recent restrictions on the granting of leaves cannot but aggravate the already serious matter of AWOLs, in that the soldiers who haven't seen their families in a long time, the family often living not too far away, are strongly tempted, after leaving in

little caring about the consequences.

It is true that the Allied troops in Italy
are not granted any leaves, but the Italian
soldier observes that, if they had their fa-
milies in Italy, they would most certainly
not be deprived of the joy of seeing them
again.

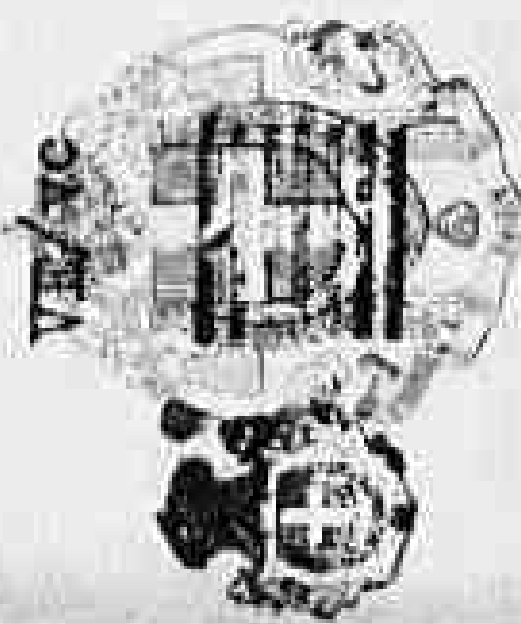

In view of the above, I am certain that
MHA will agree with me that a more atten-

Non dubito che le disposizioni di cui trattasi siano dettate da reali necessità e penso che esse debbano intendersi come aventi carattere provvisorio, reputo tuttavia necessario attirare l'attenzione sui molteplici e seri inconvenienti di ordine morale, politico ed economico che ne derivano e che codesta Missione, di cui conosco la squisita sensibilità, non mancherà di apprezzare in tutta la loro importanza.

In relazione alle recenti severe restrizioni disposte da codesta Missione in materia di licenze, continuano a pervenirmi da parte dei Comandi periferici quesiti circa la presumibile durata delle restrizioni stesse e segnalazioni delle reazioni che già si delineano nella truppa la quale, ritenendo i provvedimenti arbitrari e vessatori, ne attribuisce la responsabilità ai propri comandanti.

Nello scorso inverno, il disagio morale diffuso nella truppa e nelle famiglie dei militari. consigliò di rivedere la regolamentazione vigente in fatto di licenze, prevedendo la concessione di licenze speciali nell'interesse di attività agricole, industriali e commerciali, nell'interesse degli studenti, nell'interesse delle famiglie in particolari condizioni, e di altre licenze rispondenti a esigenze di carattere morale, come quelle per lodevole comportamento in servizio, per rivedere famiglie residenti in territorio di recente liberato dal nemico ecc.

A tali provvidenze, destinate a elevare il tono disciplinare e morale della truppa, a integrare i provvedimenti repressivi contro le assenze arbitrarie, a concorrere alla ripresa economica del Paese restituendo nei periodi di maggior lavoro alcune categorie di lavoratori alla vita civile, venne data, come si ricorderà, ampia pubblicità a mezzo della stampa e con l'affissione di manifesti in ogni comune dell'Italia Liberata, anche in vista dei risultati di carattere politico che ci si proponeva di raggiungere.

Giudico che non si possa oggi addivenire alla abolizione di tante agevolazioni senza che l'impopolare provvedimento abbia sfavorevoli ripercussioni nella truppa e nell'opinione pubblica in generale.

Non é facile persuadere i militari delle difficoltà che si oppongono al loro invio in licenza.

La Censura italiana segnala quotidiane espressioni di malcontento e la Censura alleata in una sua recente segnalazione così di esprimere:

" Si segnalano giornalmente lamentele per la mancata concessione di licenze; molto frequentemente si attribuiscono le cause al poco interessamento degli ufficiali...."

La proibizione di concedere licenze per recarsi in Sardegna e in Sicilia o per recarsi da queste isole in continente, anche per gravissimi motivi di famiglia come imminente pericolo di vita di uno stretto congiunto, ha suscitato gravi reazioni che fino ad oggi sono state a stento contenute dall'opera degli ufficiali.

E' noto il grandissimo attaccamento verso la famiglia che hanno gli italiani e in special modo i meridionali e gli isolani in cui tale sentimento raggiunge qualche volta forme parossistiche.

In particolare, se può in qualche modo essere compreso che i viaggi fra Sardegna e continente siano limitati dalla indisponibilità di mezzi di trasporto, tale giustificazione non viene accettata per quanto riguarda le comunicazioni fra Sicilia e Continente e si fa strada l'ipotesi che questa limitazione sia da mettere in relazione con i recenti disordini purtroppo verificatisi in Sicilia.

Con precedente lettera questo Ministero ha già prospettato a codesta Missione l'opportunità di riannettere le licenze per comprovati gravi motivi di famiglia dal Continente in Sicilia e in Sardegna e viceversa e da un'isola all'altra. Mi permetto di insistere, raccomandando che tali licenze siano al più presto autorizzate.

E' da osservare infine che le recenti restrizioni nella concessione di licenze non possono non aggravare il già grave fenomeno

E' da osservare infine che le recenti restrizioni nella concessione di licenze non possono non aggravare il già grave fenomeno delle assenze arbitrarie in quanto militari che da lungo tempo non rivedono le famiglie, che sovente si trovano a non grande distanza, sono fortemente tentati, dopo avere invano attesa la licenza, di fare "una scappata a casa", poco curandosi delle sanzioni a cui si espongono.

E' noto che i militari alleati in Italia non fruiscono di licenze, ma il soldato italiano osserva che se essi avessero le famiglie

in Italia probabilmente non sarebbero privati della gioia di rivederle.

Per quanto precede, sono certo che codesta Missione concorderà con me nel ravvisare l'opportunità di un più attento esame della questione e pertanto propongo che la materia delle licenze sia al più presto riveduta da rappresentanti di codesta Missione e di questo Ministero i quali, con spirito di comprensione, concordino nuove norme che contemperino le giuste esigenze di entrambe le parti.

"skip home", little caring about the consequences.

It is true that the Allied troops in Italy are not granted any leaves, but the Italian soldier observes that, if they had their families in Italy, they would most certainly not be deprived of the joy of seeing them again.

In view of the above, I am certain that MMIA will agree with me that a more attentive examination of the question is advisable, and thus I propose that the matter of leaves be, as soon as possible, reviewed by representatives of MMIA and of this Ministry, who, with a spirit of understanding, will agree on new measures which would meet the rightful requirements of both sides.

I remain in expectation to know the opinion of MMIA.

2. In all cases I have asked them to submit request direct to you through SHRE, as I have no authority to sign.
3. This H. submits that the procedure as in para 2 is too slow. For instance, a man living between STENA and FLORENCE asked leave to see his dying child. When reply came after six weeks the child was dead.
4. As AWIs or desertion would be invited by refusing such compassionate leaves in all cases, might I be authorised to sign in the very limited number of bona fide cases which arise.

To H.Q., L.M.I.A., Rome.
Copy to GSI(b), Main H.Q. Eighth Army.

9 Oct 44.

1. Attached herewith a number of passes taken from Italian Service personnel found in Eighth Army area, and forwarded to this office by G.S.I(b), Eighth Army.

2. Such passes are received here daily, and are forwarded on for action to MHA L.Os with District, Area or Italian formation concerned. This batch, however, is a prize one, and is forwarded to you for information and action considered necessary.

3. From the number and variety of passes confiscated, it would seem either that the Italian Service Ministries have not succeeded in making Italian formations and units understand the terms of the existing regulations governing entry into the Army areas, or that such formations and units are deliberately flouting the regulations.

4. Units of the Regia Marina, in particular, continue to send personnel into the Army area on so-called duty passes for the purpose of collecting information about seamen's families. This naturally entails a Grand Four of the area, with consequent grave menace to security, more especially as Italian Os.C. send their couriers to towns in the immediate vicinity of the front. Eighth Army does not consider that such visits can be allowed in the Army area or anywhere North of the Rear Army Security Control Line. This line is moved comparatively rapidly during mobile operations, so that no great delay is imposed on couriers by waiting a little longer before coming North, while during static or semi-static conditions of war the danger to security caused by unnecessary visitors is greatly increased.

5. Eighth Army is evacuating through normal P.W. channels all Italian Service personnel found to have entered this area.

 Subject Demobilization of personnel (non-career  
 lower NCOs and troops) of the class  
 of 1912 and older.

Please note that the orders given with  
 this Ministry's Decree of 1912 and  
 Lathuppur's Decree of 1912 dated  
 July 12, do not concern military unables  
 as volunteers, who, therefore, must  
 not be demobilized.

Said note is noted also in case  
 that, notwithstanding what was ordered  
 with the Supreme Command's  
 Proclamation No. 5 dated Oct 29, 1913,  
 the volunteers in question belong  
 to classes earlier and older than

Thank you for your TS/C/29/A of 20 Sep 44.

You are quite right in assuming that the towns

The enclosed list of personnel of the 1915 and pre 1915 classes whom it is understood are liable to be discharged from military service has been received from 504 Guard Bn. who are employed on guard duties in this Area.

May it please be confirmed that these men will not be discharged without replacements being arranged.

The unit concerned has had 53 cases of desertion in the past month and any further decrease in availability for guards would have serious effects in the Area.

1. Tte. CITTONE visited this office yesterday morning and informed me of the situation at the Comando Tappa arising out of the accumulation there of soldiers awaiting passage to Sardinia on leave.
2. M.M.I.A., HQ. in ROME were informed and ordered that the problem must be tackled locally in the most expeditious way possible, but that on no account were personnel to be sent to Sardinia on leave.
3. The following instructions are there for issued: -
  - (a) Rations may be drawn until further notice for such numbers as may be in the Tappa.
  - (b) Personnel for congedo in Sardinia may be shipped as soon as the necessary passes can be obtained from A.C.C.
  - (c) Men travelling to Sardinia on duty will be shipped when the M.M.I.A. passes are obtained. These have already been applied for, in some cases.
  - (d) All men granted leave to Sardinia will return to duty. Those that cannot be sent back to their own units locally, will be drafted to units under Command of P.B.S. and 3 District. These men can be sent to Astroni and Afragola camps as soon as numbers are known.

Ministry, and also through M.M.I.A. LOs, that no more men for leave in Sardinia will be sent to NAPLES. If further parties should arrive, however, they will be disposed of as in para 3 (d).

5. The 620 men who arrived on the Pompeo Magno yesterday 22 September for discharge and leave should be disposed of as quickly as possible (by train, by any available road transport or given permits to ride in military vehicles etc.)

1. The production of timber from CALABRIA, for which this HQ is responsible, is being retarded for lack of specialist personnel to work in the sawmills. The timber produced in CALABRIA is at present supplying a very large proportion of the Allied requirements in Italy, and is saving considerable shipping space.

2. There are a number of men originally employed in the sawmills who are now serving in the Italian Forces. A further number are in the Italian Forces, but have been granted temporary leave of absence. Application is therefore made to have the men shown in List A (attached) released from the Italian Army, and for extension of temporary leave for the men shown in list B.

Brig. C. HIRSCH, HQ. AAI.

Dear Hirsch

211

Many thanks for your letter AAI/BGS(1)DO dated 16th. Sept, 44, which is a great help to us.

I assume the <sup>your</sup> terms mentioned as defining the boundry are inclusive to the leave area (i.e. that the boundry line runs just north of the roads joining the towns mentioned).

I will have the necessary orders sent to the War Ministry.

Yours,

WP

Colonel.

Dear

*Pidsley*

I have been further into the question of opening up the Army areas to Italian soldiers on leave and I have come to the conclusion that it would cause a considerable amount of confusion, certainly in the minds of the P.S. personnel who provide the guards on the roads and probably in the minds of a good many other authorities as well, if we have two different <sup>stop</sup> lines, one for civilians and another for soldiers. To have the same line for both would be unsatisfactory as there will then be no check on the soldiers straying away forward into divisional areas, or even, as you suggest yourself, to MILAN.

What I have done, is to arrange for the ordinary check line to be advanced North, for a distance of some 30 Kms and more, to the line FALCONARA MARITTIMA - PERUGIA - SIENA - CECINA. This is to take effect from, I hope, the 20th of September and it will give your Italian soldiers a further 5 or 6,000 square miles of territory in which to take their leave.

You will appreciate, if you look at the map, that the area then remaining barred to soldiers on leave will be very small indeed, amounting to less than 1/14th of the whole of ITALY. The area is not a thickly populated one and the number of soldiers whose homes lie in that area must be comparatively small. I fully appreciate the necessity for boosting the morale of the Italian Army and for doing anything within reason which can be done to improve their efficiency. I do feel however, that it would be a great mistake to alter the present arrangements.

Colonel PIDSLEY, M.C.,  
M.M.I.A.

1. As you are aware, the combat portion of the Italian Army is at present being re-organized into combat groups, and advantage is being taken of this period for sending on leave as many men as possible in order to avoid widespread desertions.

2. The movement of these leave personnel is being carried out by AGO in conjunction with the Italian Army and does not provide any Allied military move commitment.

3. Apart from this ad hoc leave scheme there is no organized provision for leave for Italian military personnel other than in respect of Co-operators as announced in your CH/301/24(Er) dated 26 Aug. 44.

4. As yet Italian Army units employed by the Allies, other than combat groups, are unentered for, and there is no doubt that considerable desertion and absence is occurring as a result.

5. Provision is made in the draft Am Instr in connection with the administration of the Italian Army units employed by the Allies, for a leave scheme to be put into force.

6. At the present time the movement problem will be such as to render any leave scheme involving large numbers to be impracticable.

7. It is considered essential, however, that a leave scheme in some limited form should be promoted as soon as possible, even if this is limited to 2 1/2% of unit strength.

8. No demand on military rail facilities can be expected, but there is

conjunction with the Italian Army and does not provide any Allied military leave entitlement.

3. Apart from this ad hoc leave scheme there is no organized provision for leave for Italian military personnel other than in respect of Co-operators as announced in your CR/301/41(Er) dated 26 Aug. 44.

2. Leave passes are always issued by the Italian Unit for authorized leave and should contain both name of Unit and period of leave.
3. Leave passes in Italian Government territory require no AMG pass, but leave passes in AMG territory require an additional pass from the AMG authorization.
4. Personnel entering Army Area from the South should have either an AMIA pass or, in the case of forced units, a Movement Control Order.
5. It is requested that you take up with HQ AMI the question of travel in WD transport.

1. Considerable inconvenience is being caused at this Headquarters by the number of Italian Army officers and NCOs who make application for transport to return to their units on the expiration of their leave.
2. In many cases applicants have already overstayed their leave and represent that it is a matter of some urgency for them to be provided with transport to return to their unit.
3. It is understood that leave within Eighth Army area is expressly prohibited. Nevertheless there may be individuals who are legitimately travelling to places within No 1 District. Some system is needed if the nuisance referred to above is to cease.
4. The solution would appear to be to provide each individual with a leave pass on which should be clearly stated :-
  - (a) the unit to which he belongs,
  - (b) the period of his leave,
  - (c) a paragraph to this effect :-

"The above named soldier/officer is authorised to travel in WD transport, if available, between ..... and ....."

5. May instructions to this effect be issued and may each individual have clearly written on his leave pass, "You should not make application direct to any Allied Military Headquarters for transport."

This applies only to tps under Command the Raggruppamenti Lavoratori of BARI, BRINDISI and TARANTO, but does NOT apply to the Compagnie Portuali or Compagnie Funogeni for which the replacements must first be found before tps are demobilised.

2. Allied clothing which has been issued will be withdrawn from congedati in all possible cases. Special emphasis will be made on the withdrawn of Battle Dress.

3. You will advise this office the quantities and condition of Allied clothing withdrawn.

AQ/17 ✓

H.Q., AAI.

1. I wish to bring forward the morale aspect of leave for the Combat units of the Italian Army in the Army Areas, which the Italian High Command inform me is giving them cause for worry.

2. I know that EIGHTH ARMY have, on account of security and traffic control, decided that there shall be no leave into 8 Army Area. Unfortunately as it is not possible to watch every yard of country, there is a certain degree of infiltration of illegal absentees and deserters from the South into the Area. The reasons for this are the urgent desire of the men to see their families and homes which have been liberated, and of which they have had no information.

Such infiltration has, however, a very unfortunate effect on the personnel of C.I.L. They see these men coming back to their families and homes but are refused leave themselves. This results in desertions from the C.I.L. by men solely for the purpose of assuring themselves of the safety of their liberated homes and families.

3. To straighten out this matter and to raise morale, I recommend that compassionate leave to a "token" extent of 2% be permissible for members of C.I.L. in cases where their families are in the newly liberated Army Area. This gives a maximum number of approx. 470 men for C.I.L. spread over the whole EIGHTH ARMY Area which should not cause traffic or other difficulties.

4. I appreciate that such permission might also have to be extended to other Italian troops with 8 & 5 Army, and that tactical considerations may render this inadvisable for the moment. But I feel it my duty to bring the matter to your notice for such action as you think fit.

Il Comando Militare della Puglia e Lucania ha rappresentato che non é assolutamente possibile trattenere ulteriormente alle armi il personale delle classi 1913 e più anziane delle unità lavoratori, aventi diritto al collocamento in congedo, e dei militari delle classi 1920 e più anziane aventi diritto all'invio in licenza illimitata. 1. The amount of movement of Italian Military is to a large degree dependant on the decisions reached by HQ AAI and AFHQ.
2. Certain personnel will be sent on indefinite leave and demobilised, both to keep the total strength of the Army at the figure decided by the Combined Chiefs of Staff and to enable certain specialists to be enlisted for technical units required by HQ AAI. The latter necessitating the discharge of certain non-specialists.

1. General Tomasselli has produced the attached list showing numbers and regimental distribution of men in EIGHTH ARMY area of classes due for demobilisation. The total is 2110.
2. These figures are calculated for classes down to and including the 1913 class, and covering territory up to the PO. He reckons that some two thirds of the total belong to territory already liberated.
3. It is my impression that certain specialists now employed by us cannot be demobilised whatever their age group, even if substitutes are sent up, and I should be glad if you would confirm whether this is your policy or not.

HQ/17

Date June 13, 1941

It is to be maintained that approximately 300 officers (of the 1764 units) from the information in possession of this Ministry, are in the NOT liberated territory —

are in territory recently liberated by the Allied offensive, and as such, on the basis of the regulations in force, have the right to be discharged.

In order to speed up the reduction of the officer strength we approach the MMMA to authorize the officers to go home.

1. It is reported by O.C. British Cadre, 1002 (I) GT Coy that it is estimated that an aggregate number of approximately 60 Italian O.Rs. will be applying for Agricultural leave during the period 5 June to 25 August 44.
2. It is understood that this leave is granted by the Italian military in periods of 20 days, and it is therefore requested that arrangements be made for such Agricultural leave to be staggered over the whole period, thus ensuring that the operation of the Coy. will not be affected.

1. In accordance with the orders of the Commander-in-Chief, Allied Air Forces, all Italian Air Force specialists and technicians sent on indefinite leave last September are being recalled to their units.
2. The Air Vice-Marshal, Air Forces Sub-Commission, is prepared to delay physically the recall of such men in the harvesting areas provided that they are registered and a record is kept of their location and movements, and provided also that they are to be physically recalled at the end of the harvest, i.e., end of July.
3. The Air Vice-Marshal has also pointed out that there is a serious outbreak of desertion and absenteeism both from Italian Air Force units and amongst Italians employed by Allied Air Force units particularly in GELIGNOLA and GAGLIASSO areas.
4. You should make every effort to see that this absenteeism is checked and that the absentees are returned to the units with which they are working and you should enforce the full vigour of the law with regard to actual deserters.
5. The same difficulties will probably arise with regard to civilians employed by Army units and Italian soldiers and the same steps should be taken.

Subject: Release of Cpt. CALANDRA ANTONIO

The Allied Control Office, Civil Controlship Dept. at PALE RMO (see copy of signal att'd.) requested a renewable leave (as per circ. 10393 of the Supreme Command) for Cpt. CALANDRA ANTONIO of the 47 Inf. Regt.

The above cannot be entitled of such a leave because when last December he was granted a leave to SICILY, he did not return to his unit and is now considered as deserter.

That case is the same as the ones already reported of soldiers of the 47 Army who are absent without leave or who tried to be engaged by Allied HQs or units in order to obtain either a deserv. order or an indefinite leave.

We have no objection in granting such leaves as deserv. orders to soldiers for which you request them, but it is clear that the candidates must have a clean file without any penal or disciplinary charges of such importance.

We would then appreciate if you would instruct that Cpt. CALANDRA be placed at the disposal of the 47 Corps. To replace him you can ask another military who apart of the qualifications required will have a clean military file.

L'Allied Control Officer - Civil Censorship Department di Palermo ha chiesto con telegramma allegato in copia, una licenza rinnovabile (ai sensi della circ. 10393 del Comando Supremo) a favore del caporal maggiore CALANDRA Antonino del 47° Rgt. Ftr.-

Questi non può usufruire di tale provvedimento in quanto, inviato in licenza in Sicilia nel dicembre 1943, non rientrò entro il termine prescritto ed è denunciato e ricercato per diserzione.

Evidentemente il caso del caporal maggiore CALANDRA rientra nel fenomeno già segnalato per cui i militari del R. Esercito, colpevoli di allontanamento arbitrario o desiderosi di esimersi dagli obblighi di servizio, tentano di farsi assumere in servizio da Comandi o Reparti Alleati richiedendone poi l'interessamento per il collocamento in congedo o per pratiche del genere.-

Questo Ministero non ha alcuna difficoltà a concedere congedamenti ed esenzione a militari richiesti da codesta Sottocommissione per impieghi particolari, ma è ovvio che in simili casi gli elementi predetti non debbono avere pendenti a loro carico procedimenti penali o disciplinari.

CARABONIA.

I the underwriter, soldier CHICCHESE GIOVANNI di Luigi, cl. 1911, resident in Campobasso, Via Salita S. Paolo, N. 36, actually on duty in the Military Territorial Reserve Hospital in Abbasanta :

Beg you kindly to take into consideration my case. I have at home, ^{my wife} alone with a child two years old, and own 21 hectares of land abandoned (not cultivated).

I have placed a request to my Command but no leave whatever has been granted to me, as proving documents are required, and, as there is no possibility of communicating with my country, I am therefore unable to obtain the aforementioned documents.

I also expect that in the next harvest my absence may contribute in increasing the already large damage which my family is suffering and which is already in bad financial conditions.

I sincerely hope that this letter will have the favour of your interest and beg to send you my anticipated thanks.

Sold. CHICCHESE Giovanni
