1. I attach discharge chit from 53 F D S, RIMINI, in respect of 5/182476 S/Sgt. WALLIS R.F. - R A S C, who reported back to this HQ today.

2. S/Sgt. WALLIS has worked as clerk and typist to this Liaison Detachment in the field ever since the inception of the Mission over a year ago, without relief or leave.

3. I suggest that now, at the onset of a second winter in the field, he deserves consideration for a posting to more static employment, say at your HQ. With the reduced responsibilities of this Det under the revised clothing scheme he could well be relieved by a typist - clerk considerably lower in rank.

Dear Archer,

I wonder if you could help us about our personnel problem? Our driver, Pte JOHNSTON, has shown himself to be most unsuitable.

Since this office is predominantly American it is very desirable that the British personnel should be smart and soldierly. Pte JOHNSTON is one of the scruffiest soldiers in my experience and as such he is a discredit to the British Army.

Lectures and exhortations have been of no avail and I think it is important that he should be changed.

Yours

No 33 Military Mission,
M.M.I.A.

No. S/280657 Pte E.L. Leach RASC, lately employed at this HQ, took a test for clerk, Group C, Class II on 2 Sep 44.

After marking of his papers it is seen that this soldier obtained a percentage of 65.3; the percentage required to record a "pass" in this test is 60, and so he can be regarded as having attained Class II standard.

Pte Leach showed himself as being rather weak on security subjects and in his knowledge of RASC duties. He should be given every opportunity to study and improve his knowledge of these subjects.

Will you please publish a casualty regarding this upgrading and record the necessary entries in the soldier's AB 64 Parts I & II.

PART I. The personnel shown in Part II are, according to records held at this HQ, attached to your unit surplus to W.E.

4. With this in view, please complete column (g) of Part II below, stating fully the reasons why continuation of the attachment is desired, and return this pro-forma to this HQ immediately.

SUBJECT : Employment of PW. and LAC. Personnel.

TO : Distribution below.

1. The present difficulties that are being experienced owing to the extreme seriousness of the existing manpower situation are quite apparent.

2. In order to ensure the best use of all available personnel, it is essential that every man, whether he be of low medical category for reasons of sickness or wounds sustained in action or psycho-neurosis as a result of his former service, be employed in the type of employment to which he is best suited.

3. This letter is being given a full distribution in order to ensure that the LAC and PW personnel, who are now being posted to this Formation in replacement of high medical category personnel, receive sympathetic consideration and are not treated as unwanted personnel thrust upon us.

4. All PWs have undergone a month's training with a view to adjusting their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

5. In many cases their mental condition has been created because of family troubles. These have been investigated, and in many cases eradicated, with the result that the men's efficiency has greatly increased. It has been proved that if such personnel feel that an interest is being taken in them as individuals, they become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

3. This letter is being given [illegible]
to ensure that the LMD and PH personnel, who are now being posted to this Formation in replacement of high medical category personnel, receive sympathetic consideration and are not treated as unwanted personnel thrust upon us.

4. All PMs have undergone a month's training with a view to adjusting their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

5. In many cases their mental condition has been created because of family troubles. These have been investigated, and in many cases eradicated, with the result that the men's efficiency has greatly increased. It has been proved that if such personnel feel that an interest is being taken in them as individuals, they become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

6. It has also been proved that where PMs have been made to feel that they are welcome members of their new unit and that their work is essential and valuable, they have proved to be reliable and efficient soldiers. All these factors call for the tactful assistance of both officers and senior N.C.O.s in connection with their mental problems.

7. Regarding LMD personnel. These soldiers have also to adjust themselves to their new circumstances. In many cases they have been fighting soldiers, a fact of which they are very rightly proud. They do not always take the trouble to analyse for themselves the importance of their new employment, and are apt initially to feel some quite unjustifiable sense of inferiority vis-a-vis their late front-line comrades.

8. Here again they should be made to feel that they are welcome members of their new unit, and that here also there exists that

to sheet 2

Declassified E.O. 12356 Section 3.3/NND No. 785020

comradeship and esprit de corps which they had formerly known. They must also be made to realize the value which their new employment contributes to the war effort and to the well-being of their former comrades, all of whom are dependent on L. of C. Units.

9. Before posting, both PWs and LMCs are interviewed by Personnel Selection Staff who assess their qualifications and recommend them for various types of employment. With the exception of G.D.men, these men are being assigned in the trades or tasks as recommended by the P.S.S. On no account will such personnel be otherwise employed without first reference to this Headquarters.

10. All PWs and LMC personnel who are now being posted will be given every opportunity to settle down in their new surroundings as efficient soldiers. No efforts should be spared by Officers and NCOs to ensure that these men are afforded the encouragement and the personal interest which is so necessary to enable them to prove themselves to be efficient members of the Formation.

1. Further my AQ/26 of 18 June 44 it is requested that this NCO be cross posted.

2. This NCO is fully aware that there is no scope for the promotion for which his previous RA Comd strongly recommended him. The duties required from him are those of an ordinary CQMS and can be performed by any suitable NCO of that grade.

3. There are signs that ROBERTSON is becoming discouraged and I feel that a potentially good RQMS may be wasted.

4. I feel that his posting to another unit would be for his advantage and also for the good of the Service. I can accept in exchange any competant CQMS of medical category B if necessary.

2. This establishment has never been ratified so we are now faced with the anomaly of a guardsman, wearing corporal stripes for which he is not being paid and doing the work of at least a sergeant.

He is doing very good work at the port and in view of the proposed new accountancy procedure can ill be spared, if however, nothing can be done for this man, he proposes on my advice to apply for a change employment, as his clerical qualifications will easily earn him promotion elsewere.

The above mentioned N.C.O. was posted to this H.Q. in November 1943 with a view to his promotion to R.Q.M.S. The new War Establishment for this H.Q. does not, however, allow for this rank.

I should be glad therefore if you would kindly arrange for a cross-posting of another C.Q.M.S. to replace B.Q.M.S. ROBERTSON in order that he may be returned to his Regiment for subsequent promotion.

I would point out that this N.C.O. has been carrying out his duties with this H.Q. since November in a most efficient manner, and has held his present rank since January 1940.

Advanced Headquarters, C.M.F.

1. The U.S. of this M for two Interpreters in ten. Of these two, there are three on the strength, only one of whom, Sgt. de Rich, can do accurate written translations from Italian into English. In respect of TROOPS Cpl. RICH R.M.S., not who was posted as an Interpreter, but who been no Italian, my A/214 of 20 April 44 refers.

Many of these letters deal with intricate technical matters and take competent personnel considerable time to translate accurately. In addition, an Interpreter is frequently required at meetings and conferences. Civilian Interpreters cannot be employed on this work for security reasons.

7838015 Cpl. Beck. F.H.K. RAC.

1. The above named RCO reported to this Sub Commission on 16 April 44. He was posted by you to fill one out of the eight vacancies in our W.E. for Interpreters in Italian. Reinforcement Demand AFI/3/1643 refers.

2. He knows no Italian at all.

3. We are 7 clerks short of W.E. and it is therefore requested that the posting order be amended posting Cpl. Beck to fill a clerks vacancy, not to count against our W.E. for Interpreters.

4. Our position regarding Interpreters in Italian is most serious, and the work of this HQ., the bulk of whose correspondence is in Italian, is being so badly hampered through lack of them. Personnel who can translate from Italian into English without necessarily possessing verbal fluency, are urgently required. Would you please bear this in mind when sending personnel to complete the 8 Interpreter vacancies in our W.E. of 10.

1. When Lt Col EJ NOAKES was posted from HQ No. 1 District to this HQ it was necessary to find a driver to bring over his veh.

The above driver was waiting in No. 3 Transit Camp, 56 Area SICILY for forward movement to the C.R.U. to await reposting and was therefore utilised to drive the veh and at the same time to get him nearer his destination.

2. This dvr worked well on the journey through Italy and is suitable for work at a HQ.

3. There are four vacancies, so far unfilled, for dvrs on the W.E. of this HQ and the posting of additional officers has further increased the difficulties of providing sufficient tpt to enable the work to be carried out.

4. The difficulty of finding dvr reinforcements to fill all of the four vacancies is fully realised but it is earnestly requested that this dvr may be posted to fill one of the vacancies.
