1. In acknowledging your letter GH/1655/G 1 (BR) of 29 Mar, I should like to thank you for your prompt action in sending the five learner clerks who arrived on 29 Mar from the reallocation centre. They appear to be good material and three of them have already done some clerks work in civil life.

2. While welcoming this addition to the lower ranks of our clerk establishment, I hope you will be able to provide us soon with some RASC W.C.O.s to take charge at the top. We at present lack the following:-

1. The situation was explained in first above quoted letter. Everything will be done to meet your requirements which are appreciated, and it is hoped a small steady stream of clerks from Re-Allocation Centre will result. In present circumstances this is all that can be offered.

Further to this HQ letter A/26 of 18 March 45.

1. It is understood that the War Establishments Committee approved the revised War Establishment for this HQ on 23 Mar., but, owing to the shortage of R.A.S.C. Clerks, recommended that 25% of the clerical staff may be "Any Arm".
2. This amendment is welcomed by this HQ, if it will provide a means of posting reasonably efficient clerks at an early date.
3. As our work is unavoidably being held up by shortage of clerks it would be much appreciated if you would authorise the implementation of say 75% of the proposed increase in anticipation, and further if you would permit an officer of this HQ to visit the Re-allocation Centre to make the necessary urgent arrangements for immediate transport etc.

1. It is noted that based on your revised WE you will have a deficiency of 49 clerks.
2. Whilst every endeavour will be made to make up your deficiency and whilst appreciating your difficulty, it must be pointed out that there is an acute shortage of trained clerks in the Theatre. There are many conflicting and high priority claims on the very small number available, and no immediate prospects of making up your deficiency can be held out at present.
3. As a start GHQ 2nd Echelon are making available 6 learner clerks from Re-Allocation Centre and this will be the chief source of supply in the future.

MEMORANDUM

TO : Capt ARCHER

20 March 1945

Ref attached.

1. His present state of health due to the lingering effects of a lung wound are such that an office job is highly advisable.
2. The Interpreter Section of WIA is still below strength.
3. The quality of the interpreters sent by O2E so far has generally been well below the standard required by the work done here.
4. The volume of work to be done has during the last few weeks almost doubled and is such as to advise an increase in War Establishment.
5. The departure now of CQMS D'Inverno would be detrimental to the output of the Section particularly since it has been necessary to give him a certain amount of training which is only now yielding proper results and which would thus be wasted.
6. In fact if Interpreters of the cat. of CQMS D'Inverno were sent it would be possible to return some of the interpreters previously sent who can only be used partially.

① Owing to the stringent man power situation it is regretted that until the revised War Establishment quoted in para 1 of your letter has been sanctioned by the War Establishment Committee, it is not possible to attach personnel to your HQ.

② It is pointed out that even if and when the proposed new Establishment is promulgated, it will be extremely difficult to provide the personnel required, insofar as there is a very critical situation within the theatre as far as clerks are concerned.

1. I am very grateful for your agreement to cancel the posting of the above mentioned N.C.C.

2. (a) He has been my personal driver for 4 years.

(b) He started as such with me when I commanded 10 A.A. Div. He was then in the R.A.S.C.

(c) When I became M.G.R.A. Trg. at the W.O., the D of O War Office specially transferred him to the R.A. so that he could come with us.

(d) When I came to ITALY again the W.O. authorised me to bring him with me. Here as G.O.C. of the Allied Military Mission in control of the Italian Army, all ITALY is my "parish". I have an enormous amount of travelling to do, and require a really fit and safe driver.

(e) Bdr. GREENALL knows nothing of R.A. work. As I say, he was only transferred to R.A. because the W.O. agreed that, in view of my job and rank, I should keep my own driver. This applies with even more force in this theatre.

3. I send this to you, as requested, for record, in case the matter crops up again with anyone not acquainted with the facts of the case.

With the imminent prospect of the LEGNANO and FOLGORE Combat Groups moving forward, the filing system of this office will become even more cumbersome without the aid of a clerk. For typing and despatching of letters and signals we have to rely on the already overburdened clerical staff of 'A' Branch, British Increment.

It is understood that the MMIA LO EIGHTH Army has two clerks and also Guardsman BABB as Supernumerary. With the agreement of Captain THURUP it is requested that Guardsman BABB should be transferred to this office to assist in filing and typing.

Captain P. ARCHER.

Sir,

I have the honour to address this letter to you.

4063

With your kind interest and conversation of about a month ago in mind, I am taking the liberty of again submitting my application for transfer to Psychological Warfare Branch, AFHQ.

Having in mind the recent additions to our staff (clerical) I respectfully request that this application be regarded with a view to overcoming the obstacle of finding a replacement, difficulty which annulled my last request.

With the sincere belief that I would prove of greater assistance to the war effort and in the hope that my transfer be arranged, I respectfully await your decision.

I Have the Honour, Sir. To Remain,

Your Obedient Servant,

Shields

1. this office:-

- Att at Appx'A' to this letter is a table showing for
- a) Present establishment and employment.
 - b) Additional requirements of personnel.

2. The request for additional personnel is based upon the following considerations:-

a) HQ 3 District consider HQ 230 Div. as one of their subordinate formations, and send orders direct to them on all questions incl movements affecting BRIT units. This works very well, but it calls for guidance and supervision by this office. An additional officer Italian speaking is much required to assist and guide HQ 230 Div. He would also be most useful for contacts with Senior Italian Comds, where it is not polite to use a Junior Italian Officer interpreter. Additional tasks to make it a full time job can very readily be found.

b) On the ST side: we have lost one man from the Port Det, Pte Ray, who was returned to RASC ID. The American S.Sgt, also of the Port Det, has been ill for six weeks with jaundice, but it is hoped he will be back soon. So no personnel of the Port Det. have been available for fresh allocation. And it was found necessary after Ray had gone to borrow Pte Doyle from TARANTO for a week to supervise transfers from 22 GRASC to BARI Food Depot. Pte Doyle has now returned to TARANTO, and Cpl Robinson has been loaned from the "central" office, for this purpose.

Slackness at the Port, has given the opportunity to extend the Port Det, into a Port and Railway Det. This fills an urgent need as railway movement of personnel, sups, clothing, stores, ammunition etc from and to BARI is continuous and growing. Under Capt Guthrie, the Port and Railway Det. will look after all loading, despatching, unloading, and form a liaison between the consignor and movements. They will be responsible also for informing consignees of date of despatch and particulars of contents of wagons. It is considered therefore that when the American S/Sgt returns from hospital, he will have his hands full. An additional man is therefore requested as part time clerk for the Port and Railway Det, and part time checker in the BARI Food Depot.

With the increase of checking now required on POL and vehs, it is also requested that a senior NCO Depot Supervisor be posted. His main task would be to follow up inspections by Capt. Robinson.

With the increase of checking now required on POL and vehs, it is also requested that a senior NCO Depot Supervisor be posted. His main task would be to follow up inspections by Capt. FREELAND, and when necessary, to make competent inspections himself, when Capt. FREELAND is unable to go out owing to pressure of local and routine matters.

c) On the ORD side, additional warehouse space has been taken over for the sorting and repair of clothing. GIORDANO has become a BRITI sorting and repair depot, and a BRITI issue Depot. Cpl. Brown is fully occupied on the sorting and repair side. A British NCO or man is urgently required in the BRITI Issue Depot. Repair Depot No.2 has now been moved into the warehouse which previously held jute sacks in Via PASUBIO. An American NCO or man is therefore required to supervise transactions in this depot.

d) In the central office, we have Chief Clerk, S/Sgt DUGGAN. Apart from his duties of Chief Clerk, he is extremely well in the picture, and invaluable in preventing numerous daily callers, both Allied and Italian from disturbing Officers with minor questions.

He is always busy. Cpl. Robinson's duties embrace typing for me collecting and delivering mail, general duties in every office, and domestic questions, such as NAAFI. He also is fully occupied. It is further submitted that as a category man he is employed correctly and valuably. We have also a civilian secretary employed, who works chiefly with me, translating letters, answering Italian phone calls, and interpreting for all departments. I have found by experience that she interprets better than Italian Officers, as not being in the Italian Army, the "humility" of a junior Italian Officer to his senior is absent, and she says directly what I want her to say. This is also preferred by the Senior Italian Officers, who invariably ask for her when they call.

3. The above is intended to give a fairly full picture of both the employment of our present personnel and our most pressing needs, and I respectfully submit that the additional personnel requested are fully necessary for us to carry out in an efficient manner the work that is required in this area.

1 Re para 2 (a) The proposed arrangement appears to hold 230 Div responsible for the operational use of Vulcan units in addition to supply administration. It then is desired and acceptable to permit the request for an Officer is sound. If on the other hand 230 Div is to remain a Supply Depot solely to be supervised by DAOCs (Pr. (Ltr) means to Base and be relieved of a great amount of the work entailed and an additional officer should not be required (4048

2 Re para 2 (c) the my opinion is the American HCO for Supply Depot and the British HCO for the Br 1st Depot are requested are essential.

1. This H.Q. has received a letter from 3 Dist requesting that a clerk be posted for duty in your Liaison Office.
2. This question was discussed when you were last at H.Q. and it was explained, that as there is a 48% deficiency of clerks on the W/E of M.M.I.A. it was not possible at the moment to provide a clerk for you.
3. It was understood that you were going to arrange to employ a civilian typist, and in particular the typist who was formerly employed at the Naples Office.
4. "A" Branch of 3 Dist have informed this H.Q. that there is no objection to your employing a civilian.
5. Please arrange to employ a civilian typist through the local C.L.U. against existing vacancy on W/E NA/241/2 of 15/5/44.
6. Please also arrange for pay of the employee; it is probable that the Camp Commandant 3 Dist will help you in this matter.

1. The undermentioned points are forwarded:-

- a) The work of this Mission includes the closest liaison with the Italian Ministry of War, which involves interpretation and translation of a large volume of official Italian, both verbal and written, on Specialist and technical Subjects. It is therefore essential that the Interpreter Staff at this H.Q. should consist of Grade I interpreters.
- b) Cpl. Carpanini has been tested by the Officer i/c Interpreters at this H.Q., who rates him as a Grade III interpreter, and as such he can be of very little practical value at this H.Q.
- c) NS/7619 Sgt. PABER G, Queens, who is the AI Interpreter who's posting is ordered in your above quoted letter is a Grade I Interpreter, and it is not felt that Cpl. Carpanini can be regarded as a replacement for him.

2. The W.L. of this H.Q. (NS/241/2 of 15 June/44) allows for 1xS/Sgt, 1xSgt, 7xCpls and 1xL/Cpl Interpreters, against which are held 1xS/Sgt, 2xSgts, 2 Cpls and 1xPte Interpreters. This gives a deficiency of 4 Interpreters, on an entitlement of 10 i.e. a deficiency of 40%.

7632759. Sgt R. Chesterfield A.A.C.C.
H.M.I.A. (Naples)

To L.C. H.M.I.A. (Naples)

Sir, May I respectfully apply for a transfer back to a British Ordnance unit. My Army trade classification is Storeman Class 1 (C & G) and I am not a Clerk, which is the work I have been doing in a small measure since being posted to this unit.

It seems to me that I could fulfill a more useful position doing the work in which I was trained and I would like to add that I have been informed that the chance of promotion in this unit is slender if not nil.

By the reasons stated above I have no further interest in the work that I am doing and hope my application will be dealt with in the usual manner.

I am your obedient servant,

H. Chesterfield Sgt

1. The above named O.R has now arrived at this H.Q. to fill a vacancy for D.R. to be created by the posting away of a A1 Category D.R.
2. It is requested that this posting may be reviewed for the following reasons:-
 - a) The W/E (NA/241/2 of 15 June/44) of this H.Q. allows for three D.R.s Royal Corps of Signals.
 - b) It is considered essential that the D.R.s of this H.Q. should have a knowledge of Signals procedure, as part of their duties requires them to do Registry work in the Signals office, which must remain manned throughout the 24 hours.
 - c) Pte. Heel is neurotic and is not considered suitable to ride a M/C through the heavy traffic in this location.
3. It is therefore requested that Pte. Heel be reposted and a low category O.R. R. Sigs be posted to this H.Q. to release one of the A1 Medical Category D.R.s at present on the Strength of this H.Q.

Dear

Gen. Browning has had to go on tour rather suddenly and so has asked me to write to you, instead of the personal letter he was drafting.

L/Cpl. Shields (see att correspondence) is undoubtedly best employed by PWB as he was an expert newspaper man in civil life. In the interests of the service we must agree that he goes to PWB. But he is our only shorthand typist and does all the General's special work which must be done by a reliable British man. Could you possibly help by getting a replacement sent who can do the General's work. This replacement needs to be a genuine shorthand-typist to do straightforward typing and shorthand for the General.

Incidentally, the General is still hoping you will eventually be able to join us.
