10 February 1945.

SUBJECT: Exemption of miners eligible for military service.

TO : H. E. GRONCHI,
Minister of Industry, Commerce and Labour.

5131

1. Reference is made to the conference held at the Ministry on 9 February between Comm. Gerbella and Lt. Col. Maskrey, assisted by members of their respective staffs, at which the above subject was discussed.

2. It is understood that the classes 1914 to 1924 are shortly to be called up for Italian Military service.

3. The Sardinian Coal mines are short of the necessary labour and consequently the demands for coal production cannot be met.

4. It is understood that the Military Authorities will view with sympathy mine workers' application for exemption of individual cases. It occurs to this Sub-Commission that some use might be made of the call up to distribute labour to the most important operating mines. To this end the following suggestions are made:

a. Collective applications for exemption on the part of employers might be made admissible to reduce the volume of administrative work.

b. Exemption might be granted to mine workers throughout Italy who are willing to work in any mine to which they might be directed.

Cook NA 1/9/2

0 0 8 8

Declassified E.O. 12356 Section 3.3/NND No. 785120

It is presumed that no man would be directed to leave the mine at which he is normally employed if there is any likelihood of that mine operating.

c. Men in Sardinia who are suitable as trainees might be given the opportunity of applying for work in mines before being called up.

d. Trained miners in Sardinia who are not actually working at mines and who are liable for service might be directed to work at the coal miners.

e. As a final expedient, if the necessary mine workers for the Sardinian coal mines do not become available the possibility of recruiting from the Italian Army might be considered. Soldiers would be released from the Italian Army for work in the mines on extended leave. This arrangement was used to recruit workers for Sardinian mines during January 1944 and proved quite successful.

5130

5. Exempting mine workers or releasing labor from the Military services will be greatly beneficial to the war effort since coal and other important minerals are a necessity to all Allied Forces. Men so released will be making important twofold contribution:

(1) To the Allied Military services and
(2) assisting the Italian industrial rehabilitation programme.

The value of such men consequently will be much greater than if they remained in uniform.

MEMORANDUM:

TO : Comando Missione Alleata, Roma.

Cap. Magg. Montarecchia, Antonio, is working for this Squadron as Mason foreman. His work is highly efficient and he is capable of doing all that he is asked to do. He has been employed on this base for approximately one year.

We ask that he be exempted from Military Service from the village of Montemilone, as we feel that he is of greater use to the war effort in his present capacity. Since we are all doing our utmost to contribute toward victory for the Allies, we feel that this is a justified request.

5127

We have forwarded previous communications to the Italian Military Command, Puglie e Lucania and wait to hear of their disposition.

SUBJECT: Exemption of Sardinian Coal Miners from conscription into the Italian Army.

TO : Italian Ministry of War.

1. It has been recently brought to our attention that the Italian military authorities plan to call the classes 1914 to 1924 back into active service.

2. We wish to point out the great need that now exists for Sardinian coal. This is a need that cannot be filled at this time due to a lack of workers for the coal mines.

3. We therefore request that mine workers be exempted from this conscription and that to expedite the machinery, local exemption authority be given to the High Commissioner of Sardinia who will work with the Regional Commissioner, Allied Commission and the Carbonifera Sarda to assure these exemptions with a minimum amount of red tape.

3095

Declassified E.O. 12356 Section 3.3/NND No. 785020

4. We consider this matter important inasmuch as 2,000 more men are needed to increase coal production to the desired level, and to lose any number of men at this time would be disastrous.

In accordance with instructions contained in AFHQ letter CR/3716/G1(Br) dated 6 Jan 45 the attached applications for exemption from call up are forwarded for consideration.

The individuals concerned are all employed at the officers' transit hotel, PERUGIA. As numbers in excess of 100 officers are provided with accommodation the simultaneous discharge of all the individuals would considerably interfere with the efficient running of the hotel.

For this reason it is recommended that three months exemption be granted in the case of Serial Nos 1,2,3,7,8,10,12 and 20.

DRAFT EXEMPTION FOR CIVILIAN EMPLOYEES

1. Draft exemption requests by this Headquarters will be such as to cause least possible interference with the normal Italian Military call-up in Army Area. To implement this, the policy contained herein will be followed in requesting draft exemption for civilian employees.

2. Only workmen whose jobs qualify on all 3 points listed below will be accepted for draft exemption list:

a. Replacement workmen cannot be obtained due to scarcity of workers with requisite qualifications on local labor market.

b. Replacement cannot be quickly trained.

c. Lack of replacement would seriously affect the operation of the U.S. unit concerned.

3. Common labor will not be included in the exemption list under any circumstances.

4. The Army Services are directed to edit their requests for exemption on the above basis before submitting to the Quartermaster (Labor Officer). The Army Quartermaster (Labor Officer) is charged with the final editing of draft exemption lists before submission to the proper Italian authorities.

1. Headquarters, AAI, restricted letter AAI 3074/A(A) of 22 August 1944, promulgated consolidated instructions governing the terms and conditions of employment in the "AAI Operational Zone" of Italian Military, Naval and Airforce personnel and civilians. In accordance with enclosure (A), Administrative Instructions No. 52 does not apply to Italian personnel employed by the U.S. Army, as no exemptions are requested by the 5TH Army. The policy with respect to the exemption of civilians from military service stated therein is applicable to the 5TH Army.

2. Headquarters, AAI, in enclosure (B) informed the Navy Sub-Commission, A.C. that Administrative Instruction No. 52 does not apply to requests for the exemption of civilians employed by U.S. Naval Forces from military service. It is, however, recommended that a similar policy be adopted in the interest of uniformity.

3. The Navy Sub-Commission, A.C. was informed by enclosure (C) that Administrative Instruction No. 52 is applicable only to the exemption of civilians employed by British Units with the AAI operational zone from military service and that the question of exemption from service of personnel employed by units in the line of communications area should be taken up with Allied Force Headquarters.

1. Reference this HQ letter AG0/A(O) of 17 Aug 44 and 3074/A(O) of 20 Aug, 30 Aug, 4 Sep and 17 Sep 44.

2. Enclosed is a detailed instruction (Adm Instr No. 52 of 22 Aug. 44) concerning the exemption of Italians from call-up for duty with Italian Armed Forces. This Instr does not apply to Italian personnel employed by U.S. Forces as it is understood that any exemptions previously granted by you have been cancelled and no further exemptions will be granted. (Ref letter AG 327.3(Italian) of 6 June 44 refers.

3. This instruction is based on the following policy:

(a) To make available to the Italian authorities as many Italian personnel of the Italian classes as possible to enable the authorities to meet the additional commitments undertaken by them.

(b) With the above intention in mind to restrict the employment by the Allied of Italian personnel to those only whose continued employment is considered vitally or specifically necessary and more valuable to the war effort than if in the Italian Armed Forces.

(c) To limit the authorities empowered to grant exemption from call-up to Army, Base Sections and their equivalents.

(d) To ensure adequate action is given to the Italian Authorities of exemption granted and withdrawal to that necessary action may be taken by them.

5066

4. If, at any future date, the U.S. Army policy changes as regard employment of Italian personnel and it is decided to grant exemptions from call-up then the policy outlined in para 3. above will apply.

5. Letters referred to in para. 2 above are hereby cancelled.

Major General
Chief Administrative Officer.

TO: Navy Representation, Allied Control Commission, APO 794, U.S. Army.

1. While the details of the reference instructions do not apply to other than British forces, the policy underlying these instructions are applicable to all Services.

2. It is not the intention of this headquarters to request that instructions be issued to the Commander of U.S. Naval Forces to comply with this policy. For the sake of uniformity it is suggested that he adopt a policy similar to that set forth for the British ground forces. The officer to whom is delegated the authority to exempt is a matter for him to determine.

3. In this connection it should be noted that the U.S. ground forces grant no exemptions. In other words, whenever a worker is called up for service by the Italian Government, that worker is immediately released for his service.

4. Attention is invited to paragraph 3 of the attached memorandum.

Memo to Colonel Kerr.

1. The attached draft of a proposed Administrative Instruction on Exemption from Call-ups was given to me by Major Young of G-1 (A) as the agreed suggestion of both G1 -A and G1-B. I told him that I felt sure it would not be acceptable to you, but that I would give it to you for comment.

2. I have prepared a suggested reply which is attached.

WILLIAM M. LEFFINGWELL,
Major CAC

WML/ri

A/G - The attached draft appears to be, what is now in force for British employment - It would, of course, simplify the matter to have no exemption. I doubt that this is possible - Air Force mechanics, etc. This instruction can lead to abuse, as pointed out by Major Leffingwell. Please go into the matter, and when you can bring Major Leffingwell in for a discussion of it.

To: G1-(A) AFHQ

1. The inclosed draft of a proposed Administrative Instruction relating to the exemption of Italians from Military Service is returned as entirely unacceptable.

2. Although the inclosed proposal states the method to be used in applying for exemption, it states neither standards nor policy to be followed by the "exempting authority" in granting exemption.

3. Under the terms of the inclosed proposal it would seem possible to grant exemption to an Italian ~~who was~~ liable for military service if he were employed one hour a day to shine some officer's boots.

4. There are many detailed objections to the inclosed proposal, but in view of the basic objection stated in para 2, it is unnecessary to mention them.

5. A proposed draft of instructions that would be acceptable to MMIA is inclosed.

6. Because of the need that exists for reinforcements for units of the Italian Army serving the war effort, and because of the extreme delay that has already taken place, it is requested that this be treated as a matter of emergency.

(a) Name, age, place of residence, and any other information necessary to identify the individual.

(b) Circumstances of employment to include.

(1) An exact statement of his duties.

(2) Number of hours per day devoted to (1) and the number of hours so employed during the pastweek and the past month.

Reference the attached copy of translation of a letter received from Italian Military HQ PUGLIA and LUCANIA.

1. It will be noted that it has been requested that all applications from civil employees for exemption from Italian military service should detail also the applicant's rank and father's name. May it please be confirmed if this is essential as it will entail amending the proforma "Appendix 'A'" to AAI Adm Instruction No 52 which units at present use.

2. It is also requested that confirmation may be given that the period of validity of the certificate has been extended from 3 to 6 months, and that Area HQs may be authorised to issue temporary exemption certificates for the period of 6 weeks on the initiation of an application. In many cases where Appx 'B' is forwarded to the Italian Authorities for countersignature, it is over a month before they are returned. Under authority MMIA letter AQ/30 dated 12 Oct 44, para 4, this HQ delegated authority to Areas to give temporary exemption certificates for 14/21 days. It is now proved that this period is inadequate and it necessitates units applying for a renewal of the "temporary certificate", while awaiting the return of the original Appx 'B' from the Italian authorities.

3. It also appears that the Italian Authorities are not always aware of the procedure now adopted for confirming exemption and in one instance persisted in sending all Appendices 'B' forwarded for their countersignature to MMIA who then returned them to this HQ as they were in respect of skilled labour.

4. A case has also been reported by CLO (REME) of a skilled fitter in possession of an exemption certificate correctly approved by this HQ and sealed by the Italian Military Authorities, who was called up, reported to the SALERNO HQ with his exemption certificate which was disregarded by the Italian Authorities and the certificate was endorsed valid only until 31 Dec 44.

5. It would, therefore, be appreciated if the necessary steps could be taken to ensure that the Italian Authorities are fully aware of the existing procedure. 1038

1. The extension of the call-up period to 5 January as requested in paragraph 2 (d) is not agreed to, but it is agreed that present tpt may remain until that date. However, between 24 December and 5 January every effort will be exerted to reach the quota established of 6,000 men by having the Carabinieri within each Military District Headquarters, reinforced by the number deemed necessary, arrest all those who have arbitrarily not reported for the call-up. This rounding up should start no later than 26 December. Particular emphasis should be placed on the Sulcona District because of the unsatisfactory results thus far obtained there.

Exemption from Call-up of Italian Personnel.

This Headquarters is an Exempting Authority for civilian workers of the 1914 - 1924 classes that it is desired to retain in R.A.F. employ; and previously applications for exemptions duly endorsed at this Headquarters were passed to Colonel Negroni at Headquarters, Allied Armies in Italy, who issued the printed and signed certificates.

2. This system operated very efficiently and certificates were forthcoming without delay.

3. In October we were advised that Headquarters, A.A.I. would only be responsible in future for the issue of exemption certificates within its own area, and that A.F.H.Q. would issue an Instruction governing procedure in the remainder of Italy.

4. On enquiry at A.F.H.Q. we were advised to pass all application forms duly endorsed to Headquarters, Campania Military District, Italian Army, who would perform precisely the same functions previously undertaken by Colonel Negroni at Headquarters, A.A.I.

5. Since November 24th to date, application forms Serial Numbers 1260 - 1639 have been submitted to Headquarters, Campania Military District from this Headquarters, but no certificates have yet been received, nor has any acknowledgment of our many letters been forthcoming.

With reference to your letter AFSC/R/7/1Air 12th Nov. 1944.

This Directorate after having considered what has been previously pointed out, accepts the proposal that the authorisations for service exemption for I.A.F. personnel be signed by Col. Negroni as it has been already made for the Navy personnel.

name, family name and paternity

rank and military position (if comscript, auxiliary or regular)

2. Unskilled civilians whose employment with units is certified to be more necessary to the war effort than their enlistment in the Italian Forces may now be considered for exemption.

3. Applications for exemption should be submitted in accordance with para 3 of the above quoted letter. It is most important that names of unskilled personnel are not included with those of skilled workers on pro-forma 'A'. 2. The following points were recently raised in conversation with Capt. FOX when a representative of Headquarters No.3 District was also present:

(a) In view of the very large numbers of applications for exemption and the consequent strain on administrative and clerical staffs, the suggestion was made that the present three months duration of exemption might with great advantage be raised to six months.

(b) It would be of great assistance in reducing delay in the case of applications for exemption of unskilled labour which are often urgent, if authority to exempt was delegated by M.M.I.A. to Liaison Officers, where such exist, with exempting authorities. This would be particularly valuable in the case of Headquarters No.3 District. May your views on these points please be given.

With reference to the attached application from 557 S.C.U. referenced BI - 24 for the exemption of male unskilled labourers from military service, it is confirmed that this office is unable to supply replacements from the districts of 56 Area in which 557 S.C.U. installations are located, should these unskilled male labourers be called up into the Italian Army.

The only alternative being to transport Unskilled from outlying districts, eg. Torre Annunziata; which is extremely unreliable as such labour can obtain employment in the vicinity of their homes.

This Directorate after having considered what has been previously pointed out, accepts the proposal that the authorisations for service exemption for I.A.F. personnel be signed by Col.Negroni as it has been already made for the Navy personnel.

It is therefore necessary that this Ministry (Personnel Directorate) be informed of every exemption in order to keep records of the numbers of each military personnel. We need the following informations:

name, family name and paternity
rank and military position (if conscript, auxiliary or regular)
age

Eccellenza,

sono la signora PERLINI ELSA, domiciliata in Bari - via Cattaro n.65 - che si permette invocare l'alto ed autorevole intervento di Vostra Eccellenza in merito ad un ingiusto e quanto mai inumano provvedimento subito da mio marito sergente automobilista PERLINI ARMANDO fu Nazzareno - classe 1910 - appartenente al Distretto Militare di Bari.

Nello scorso mese di settembre e precisamente verso il giorno 22 il predetto mio marito dopo tante peripezie riuscì a portarsi in territorio liberato proveniente dal Piemonte (Alessandria), ove trovavasi a prestare servizio presso quel centro automobilistico.

Compiuto così tale suo dovere di italiano, il 15 ottobre 1943, in base ad una disposizione Ministeriale ottenne il collocamento in congedo illimitato perchè appartenente a classe anziana (1910).

Qualche giorno dopo riuscì a trovare una occupazione da civile in Brindisi, in qualità di autista, presso il Maggiore inglese YONSTON, dell'"Intelligence Service".

Successivamente il predetto ufficiale si trasferì con il suo ufficio a Napoli portando con sè anche mio marito, che oltre alle mansioni di autista a suo tempo affidategli, gliene furono date altre che non avevano alcuna attinenza con la prima. Infatti, mio marito oltre a fare l'autista, accudiva a lavori di carico ed scarico, accensione della stufa, aiutare il cuoco ecc. ecc.

Per tale nuovo genere di lavoro il predetto mio marito ne ebbe un certo risentimento ma che non manifestò ad alcuno per la sua illibata condotta, il suo alto senso di disciplina e di buona educazione.

Certo che un suo rientro a Bari sarebbe stata una buona risoluzione, vivendo in famiglia e trovare qui una modesta occupazione da procacciare i mezzi di sussistenza per me, per lui e per la nostra

1943, in base ad una disposizione Ministeriale ottenne il collocamento in congedo illimitato perchè appartenente a classe anziana (1910).

Qualche giorno dopo riuscì a trovare una occupazione da civile in Brindisi, in qualità di autista, presso il Maggiore inglese YONSTON, dell'"Intelligence Service".

Successivamente il predetto ufficiale si trasferì con il suo ufficio a Napoli portando con sè anche mio marito, che oltre alle mansioni di autista a suo tempo affidategli, gliene furono date altre che non avevano alcuna attinenza con la prima. Infatti, mio marito oltre a fare l'autista, accudiva a lavori di carico e scarico, accensione della stufa, aiutare il cuoco ecc. ecc.

Per tale nuovo genere di lavoro il predetto mio marito ne ebbe un certo risentimento ma che non manifestò ad alcuno per la sua illibata condotta, il suo alto senso di disciplina e di buona educazione.

Certo che un sue rientro a Bari sarebbe stata una buona risoluzione, vivendo in famiglia e trovare qui una modesta occupazione da procacciare i mezzi di sussistenza per me, per lui e per la nostra creatura.

Indipendentemente da tutto ciò, mio marito compiva il proprio dovere, non dando mai luogo a lagnanze da parte dei suoi superiori. Senonchè, nell'aprile dello scorso anno, chiese al predetto Ufficiale inglese un po' di licenza breve per trascorrere in famiglia - a Bari - le feste Pasquali. Questi, molto gentilmente, accolse la richieste, anzi disse a mio marito che poteva starsene in famiglia anche un mese, in modo che un si lungo periodo di riposo poteva giovargli sulle sue condizioni di salute, dato l'eccessivo lavoro cui era adibito.

Infatti, venuto a Bari in licenza , dopo qualche giorno con sommo stupore mio e di mio marito, ci venne recapitata una cartolina precetto del 9° Reggimento Autieri in cui veniva disposto l'immediato richiamo alle armi per ordine del Comando Supremo e con destinazione in Sardegna.-

./.

Declassified E.O. 12356 Section 3.3/NND No. 785020

Perchè tutto ciò? Quale mancanza ha commesso mio marito per essere colpito da un così ingiusto provvedimento?

Pur ammettendo l'ipotesi che mio marito avesse apertamente manifestato il desiderio di non volere più prestare servizio a Napoli con il Maggiore Yonston, quali disposizioni glielo vietavano?

Egli era un civile e non un militarizzato. Nè, d'altro canto, si potrebbe dire che godesse di uno speciale esonero dal servizio militare in quanto la sua classe era e lo è tutt'ora collocata in congedo illimitato.

Allora perchè adottare un provvedimento simile che ha danneggiato e danneggia la sua povera famiglia?

Eccellenza,

Le chiedo pertanto che la ~~sua~~ posizione di mio marito venga esaminata nei limiti del giusto e dell'umano disponendo, ove lo riterrà necessario, il suo ricollocamento in congedo a lui spettante, essendo della classe 1910.

Non siamo più nei tempi del passato regime fascista, inquisitorio e violento, che un desiderio o un capriccio di un uomo, debba ricadere sulla tranquillità di una modestissima famiglia.

Le chiedo venia del disturbo e La prego accogliere i sensi più profondi del mio animo grato.
