HQ MMIA CMF.

On a recent visit by an officer of this Directorate to the RTC it was represented by "F" BLU that they held only 6,000 rifles and were unable to draw sufficient to arm each man with his own weapon.

Inquiries have been made as a result of which it appears that "F" BLU have made only insignificant demands for rifles on R.A.A.C. during the past two months.

Had "F" BLU demanded rifles at the rate of 2,000 per week, as explained to them by an officer from Q(AE) AFHQ the demands would have been met and there would have been ample rifles for everyone.

Will you instruct "F" BLU to demand rifles from R.A.A.C. till they hold sufficient to arm each man.

RTC ICE, CESANO, has been supplied from Br.Ord. with some accomodation stores, although it was agreed when the camp was first proposed that these stores would come from Italian sources.

DADOS F ETO is now submitting further demands for accomodation stores and AFHQ is asking for the replacement of the Br. Supplied Stores by Italian Stores. To effect this and to bring the RTC up to full scale the following are now required:-

tables	1370
forms	1740
chairs	1910

As it is understood that some quantities are being manufactured by Italians, may this please be treated as a demand on you for a release, to be satisfied as and when availability permits.

The accomodation stores that you require are not immediately available. Tables, forms and chairs are being manufactured by the Italians, both in military plants and by local contract. Progress is however slow, due to two factors, a shortage of timber and inadequate electric power.

Allied Forces Headquarters have amplified their previous correspondence on the equipping of your officers (Italian) who are proceeding to France on liaison duties. Items peculiar to British uniform, e.g. khaki clothing, will be supplied from British Sources but other equipment will only be supplied from British Sources if it is certified to be unobtainable from Italian sources.

TO : AMIA DATE:

Q/05/29

SUBJECT: Frosinone and Anagni Camps.
In reply to SP/34

With reference to AMIA's observations, I notify :

1. Frosinone Camp

a) of the 1700 AWOLs noted at the beginning of April, at the time of the Easter holiday, 455 had already returned by the 7th inst., and it is expected that many others will return. The matter has already been submitted to AMIA with [illegible] letter 1[illegible]35/Mob dated 10 th inst.

b) On the 7 th inst., Col [illegible]OSSA, camp Commandant, was replaced by Col. CAPPANO Ettore.

c) The number of officers for the two guard battalions has now been completed.
Dispatch of the NCO's ought to have been arranged by AMIA, according to agreements, with personnel drawn from Afragola and Trani.

The staffing of the two battalions has been completed, however, with personnel available in the camp;

d) The unit equipment for the two battalions was assigned by the Commissariat Directorate of Bari Mil. Terr. HQ on the 3rd inst. Arrangements have been made for these materials to be dispatched on the 4th inst from Bari to Frosinone;

e) according to the instructions issued, all troops drafted to the districts must receive, among other things, a mess tin. It is for this reason that such articles have not been included in the assignments of materials to the Frosinone Centre. Enquiries will be made regarding the issue of bowls in place of mess tins.

3891

In order to remedy the inconvenience telephonic orders have been given, following AMIA's consent, for the transport of 1000 mess tins from Bari to Frosinone with the transport already being loaded at Bari.

Declassified E.O. 12356 Section 3.3/NND No. 785020

b) On the 7 th inst., Col [illegible]ROSA, camp Commandant, was replaced by Col. CAPPARO Ettore.

c) The number of officers for the two guard battalions has now been completed.
Dispatch of the NCO's ought to have been arranged by MAIA, according to agreements, with personnel drawn from Afragola and Trani.

The staffing of the two battalions has been completed, however, with personnel available in the camp;

d) The unit equipment for the two battalions was assigned by the Commissariat Directorate of Bari Mil. Terr. HQ on the 3rd inst. Arrangements have been made for these materials to be dispatched on the 4th inst from Bari to Frosinone;

It is for this reason that such articles have not been included in the assignments of materials to the Frosinone Centre. Enquiries will be made regarding the issue of bowls in place of mess tins.

3897

In order to remedy the inconvenience telephonic orders have been given, following MAIA's consent, for the transport of 1000 mess tins from Bari to Frosinone with the transport already being loaded at Bari.

In respect of the debit charge for the mess tins, the payment of the sum of 425 lire is expected in cases in which the defficiency is due to the fault of the troops. This price, however, will not apply for breakage of the bowls.

f) at present there are no stocks of black boot polish or dubbin in the Rome Commissariat Directorate. The other Commissariat Directorate have small quantities which are not even sufficient for the units under their jurisdiction.

...../3

Declassified E.O. 12356 Section 3.3/NND No. 785020

Request have been forwarded to the Ministry of Industry, Commerce, and Labour for the raw materials required, but, so far, with negative result.

g) drainage and water is already laid on at the EPT building at Frosinone, used as billets for the camp.

General CORTELLESSA has informed us that the 5000 metres of piping are required for the supplying of drinking water to Anagni Camp (see following para 2);

b) arrangements have been made for the assignment of the necessary fuels for the functioning of the water pump and electricity supply;

i) arrangements have been made to wipe out the medicinal deficiencies which were discovered and enquiries are being made to establish the causes and culprits of said deficiencies.

2. Anagni Camp:

There is no fresh water installation.
There is only installation for washing water served by a pumping station, already working. General CORTELLESSA has planned for the running in of water from a spring outside the building with the use of 5000 metres of piping. This Ministry has authorised the use of piping already existing at Anagni. The works required will be carried out as soon as possible.

3. Orders have already been issued for the forming of the 526 and 527 Guard Battalions.

Minister.

1. DADOS 'F' HQ RTC. ICF. phoned today (4th) to say 130 British pattern beds and mattresses had just arrived for 4.70 Evacuation Hospital which departed on 3.4.45 for 5th Army. As the British beds were not available, I completed the unit with Italian* beds just prior to its move.

2. Suggest that the British beds be forwarded to 4.70 Evacuation Hospital and the [redacted] Italian pattern handed in to the Medical Depot "San Gallo" Hospital Florence where they are required for ITI-ITI hospitals.

Ref. conversation 4 Apl/45 Lt.Col. TRIPPIT - Major GREENWOOD spoke and to your letters TM.A.1/101/3 of 24th and 30th Mar/45.

1. It is agreed that a pool of shelter halves should be held by you for the use of such company as may be living where billets are not available. 300 shelter halves may be collected from N°8 Italian Clothing Factory, FRATTAMAGGIORE, near Naples. Your rep. should contact D.A.D.O.S. M.M.I.A. NAPLES (telephone Naples 15781) located at Provincia Bldgs. Naples. Will you please advise him ETA so that your transport avoids delay at that end. If it transpires that the pool of 300 shelter halves is insufficient at any time, will you please inform me and I will endeavour to make further arrangements.

It is regretted that straw mattresses (pagliericci) are not available. A quantity will be manufactured shortly when certain other priorities have been disposed of.

2. The arrangement is confirmed whereby you will hand in to D.A.D.O.S. some five hundred odd repairable boots against which D.A.D.O.S. will issue to you 400 repaired boots. Again will your rep./ please contact D.A.D.O.S. M.M.I.A. Naples who will instruct him where to deposit the repairable boots and will arrange the issue of repaired boots.

By this arrangement a pool of boots will be established under your control. It is suggested that, when you again accumulate a sufficient number of repairable boots to warrant a journey to Naples, you inform D.A.D.O.S. H.Q. M.M.I.A. (telephone Rome 473195), for a further exchange.

To:- D.A.D. M.T.S.A. ✓

This Unit Storage now in Rome Area is still administered by H.Q. 227 Div and all clothing, stores etc must be drawn from the Divisional Depot at Osva Del Tiveni.

This involves a return journey of approximately 300 miles and usually taking 3 days to complete.

Unit transport cannot be used more for drawing purposes etc as this loss to Unit for each period and the whole procedure represents tremendous waste in time and material, and is a most unsatisfactory and uneconomical arrangement from every view-point.

Therefore could special arrangements be made please to allow this Company to draw clothing, stores etc from local Italian Depots.

At present the Italian Army personnel of the 266/1 M.T. Company, attached to this Headquarters, in accordance with the approved scales of clothing and necessaries are only issued with one suit of battle dress. These men are all vehicle mechanics or drivers and no provision has been made for the issue of denim/overalls. Consequently, battle dress suits which they have are being dirtied very quickly with considerable wastage.

Could special authority please be given for the issue of, say 50, suits of denim to be used as a pool for the vehicle mechanics and for drivers when carrying out maintenance.

Thanks for your letter. Arrangements will be made.

1. MMIA inform me that anklets are not available from Italian sources. Puttees are not immediately available and their despatch would take a long time.

2. Will you therefore please authorise release of 2,000 prs anklets for 252 Italian Pack Gp. A previous letter of mine emphasised their urgent need as effecting economy in boots, socks and trousers.

3. MMIA hope eventually to receive a release of anklets from AFHQ and in that case would repay this issue of anklets.

The present site occupied by 83 Evacuation Hospital at Cesano Camp is much too small. Another building is being made available on or about 9th Feb 45. This will enable the unit to expand to 200 beds.

Please arrange to forward to Cesano by 10th Feb 45 the extra necessary equipment for this expansion.
