1. INTECH Combat Group, strength 9000 is concentrated in the PERDUE D'ALINE Area map ref H4106 and POKERS Combat Group, strength 9000, is concentrated in the THREE Area map ref H4291.

It is anticipated that these areas will be used for the training of these Groups or others until the end of Feb 75.

2. The only through rd in the area is the rd SAVINGHURST H4199 - ALICE H4005 - PERDUE D'ALINE H4106 - RECHER H4008 - RECHER H4008 - S. SALVATOR H4293 - THREE H4291 - POKERS H4291 - THREE H4292. This rd is in very poor condition especially the portion from SAVINGHURST to PERDUE D'ALINE.

3. In order to improve rd communications in this area, the following work be carried out:-

- a) Improvement of rd SAVINGHURST - PERDUE D'ALINE.
- b) Construction of temporary bridge at RECHER, thereby opening rd RECHER - S. SALVATOR.
- c) Construction of temporary bridge over the S. CAUSE thereby shortening the route to CAUSE and RECHER by approx 40 miles.

A.A.I.

1. Italian General Staff have informed us that the following moves of Italian A.A. and S/L Units took place recently on orders of 25 A.A. Bde: -

776 Tp/144 Bty from BARI to MONOPOLI.
2 Sec/1513 Tp/139 Bty from MONOPOLI to BARI.
777 Tp/144 Bty from BARI to S. SPIRITO.
Three S/Ls of 1503 Tp from BARLETTA to GIOVINAZZO area.

2. The moves, although small ones, were at short notice, and the Italians found it difficult to adjust their admin arrangements to meet the new dispositions.
3. We would therefore be grateful if A.A. Bdes could inform us when they intend to move the Italian A.A. under their command.
4. Italian General Staff can then be warned to make their admin arrangements and, if necessary, place the A.A. units under admin comd (i.e. for rationing, reporting of casualties etc.) of other suitably located Italian units.

AFHQ ADV ADM ECH ADMINISTRATIVE INSTRUCTION NO. 17.TRAFFIC AND ROAD CONTROL BEHIND ARMY AREAS.GENERAL.

1. In principle MOVEMENTS (British) and US Transportation AFHQ Adv Adm Ech. are directly responsible in conjunction with the D.P.M. for all road movement and Traffic Control in territory behind army rear boundaries.

CONTROL BY ROAD MOVEMENT ORDERS.

2a. No military convoy of more than 25 vehicles, or any "out-size" vehicle (tank transporter etc) allied or co-belligerent, will travel in No.2 District Area (British) without a movement order which will be carried by the convoy commander. No military convoy of more than 10 vehicles allied or co-belligerent, will travel without a movement order in Peninsular Base Section Area. It will be necessary to obtain a movement order for any convoy of more than 10 vehicles which has to pass into or through an American Area. Movement orders may be obtained from the MGW or US TN Representative at the HQ of the Area, Sub-Area or Base Section in which the move originates, and will quote the authority for the move, allot convoy number and/or Serial Number, block timings, speed, density, staging, rations to be carried, petrol 132 supply points, medical and vehicle recovery services en route.

2b. In those cases where a movement order is not necessary, each vehicle will carry a despatch slip or work ticket as authority for the journey.

3. Local variations of the above, which do not affect other districts, may be introduced at the discretion of Base or District Commanders.

4. Traffic Police are authorized to remove from the road any convoy or casual vehicles which are not in possession of a road movement order or despatch slip. These may be held until all authorized traffic has passed or they may be returned to point of origin. They may also hold up any casual vehicle with despatch slip due to higher priority of other vehicle or convoys.

5. The territory behind army boundaries is divided into PBS Area, No.2 District and later No.3 District. No.2 District is divided for Movement purposes into Mov. East Italy (BARI) Mov West Italy (NAPLES) Mov Poggia and Mov Reggio. Moves from one movement area into another, or through a second into a third, will be advised with route and timings, at least 24 hrs in advance, by Mov. or US TN at the despatching area to Mov. or US TN at both the intermediate and the receiving areas.

7. Advises of all moves of over 50 vehicles will be repeated to Mov. and US Transportation AFHQ Adv Adm Boh so that any need for co-ordination can be met.
