Hq., Movements West Italy
Land Forces Sub Comm. A.C. (M.E.I.A.)

1. This office has been informed by Hq., Movements, West Italy that, at 0750 hrs. on 6 April, 5 box cars left Caserta Station containing 360 Italian military personnel travelling to Rome.
2. This move was not authorized by the Allied military authorities, and appears to have been the result of a private arrangement between the British and the Italian RTGs, who have been sending previous parties to Rome in a similar way for some time.
3. Will you please look into this matter, and ensure that Italian RTGs understand that they are not permitted to send Italian troops north, except in box cars for which movement has been authorized (or in civilian trains).
4. If you are of the opinion, in view of this unauthorized traffic, that insufficient box cars are at present being provided to convey legitimate military passengers to Rome, will you please inform this office in order that representations for an increase may be made through the proper channels.
