1. In accordance with the desire of the AFHQ (ITALIAN) BOARD that the list of Controlled and Restricted Items should be kept as small as possible, consideration is being given to putting on the Agenda for the next Meeting of the Materials Committee (on 27 Sep 45) a proposal that Hump and Hump Products be decontrolled.

2. If you please advise this Section as to what your reaction would be to such a proposal.

3. Your reply should reach this office by 16th Sep, in order that the item may be included in the Agenda if there appears to be a consensus of opinion in favour of decontrol.

4. Since the liberation of Northern Italy, large quantities of manufactured hump goods have been found there, and Services' requirements have been met in full.

5. Manufacturing capacity in the North appears to be adequate to cover all requirements, and as the unshipping of the new crop is due to commence shortly, there should be ample supplies of raw hump.

Subject : Withdrawal of leather from the PHILIPPINE Cooperative Society.
Release order No. 2787.

As known, your Ministry, on release order No. 2787 of 4.12.45 dtd 16 July 45, has, through lack of available stocks, only been able to assign 4kg 43.178;85 of sole leather and 84. Rt. 8.102,50 of upper leather. Therefore there is a difference of 4kg. 15.121 of sole leather and 84. Rt. 41.297 of upper leather, less than the quantity assigned by the Allied authorities on the above mentioned release order. This difference has subsequently been assigned by MIA Rome, to be drawn directly from the Leatherworkers Cooperative Society of Brascia with release order No. 3200 dtd 15th Aug 45.

At the time of the withdrawal of the raw materials mentioned above, notwithstanding the endorsement affixed to the said release order No. 3200 by the AMI Milan, the Leather Industrial Committee for that area, the Tannery could not authorize the issue without specific orders from the Ministry of Industry.

Therefore, since it is necessary to possess leather in order to avoid delay and diminution of output in the repair of military footwear, we beg the Ministry of Industry kindly to issue, with due response, the necessary instructions to the aforesaid Leather Industrial Committee.

Your acknowledgement would be courteously welcomed.

Therefore there is a difference of Kgs. 15.121 of sole leather and Sq. Ft. 41297 of upper leather, less than the quantity assigned by the Allied authorities on the above mentioned release order. This difference has subsequently been assigned by HALLA Rome, to be drawn directly from the Leatherworkers Cooperative Society of Brussels with release order No. 3200 dtd 18th Aug 45.

At the time of the withdrawal of the raw materials mentioned above, notwithstanding the endorsement affixed to the said release order No. 3200 by the AMS Milan, the Leather Industrial Committee for that area, the Tannery could not authorize the issue without specific orders from the Ministry of Industry.

Therefore, since it is necessary to possess leather in order to avoid delay and diminution of output in the repair of military footwear, we beg the Ministry of Industry kindly to issue, with due respects, the necessary instructions to the aforesaid Leather Industrial Committee.

Your acknowledgement would be courteously welcomed.

Date 17/8/45

Subject Leather withdrawal Release orders
3261 and 3262

We return consignment notes No 3261 and 3262 dated 8/7/45 in respect of the following quantities of leather that it has not been possible to draw:

- Vivo Empoli Tannery

5.400 Kg. sole Leather

36.186Kg. upper

- Rangoni Florence Tannery

2.404 Kg. sole leather

The Vivo firm has stated that the sole leather was handed over to various shoe manufacturers following allotment by the A.M.G. Florence and the uppers were handed over to S.A.C.E.P. Rome by the Industry and Commerce Ministry.

The Rangoni Tannery has instead stated that they have used one part of the allotment of leather for the manufacture of workers shoes following the orders of A.M.G. Florence and the other part for the manufacture of shoes on behalf of the Mil. Admin.

The a/n firm has in fact manufactured military shoes for which however they used old leather that the firm attempted to conceal in the past and has been normally released by the A.M.G. on request of the Dir. of Mil. Comm.

Therefore as already pointed out by letters 2826/I.C. and 3033/I.C. dated respectively 28/5/45 and 10/6/45 on the monthly allotments that show the strict amount necessary in order to carry out the main repairs, only small quantities are actually drawn and that due to the non issue of release orders from the Industry and Commerce Ministry up to total allotment (covered) made by every release order, or, owing to the assignment obligation being evaded by the tanneries.

From figures at present in our possession it appears that, on the allotment made by release orders No 2363-2525 and 2735 dated respectively 16/4/45 - 20/5/45 and 21/6/45 for the entire Kg. 148.421 of sole leather and 107.750 Pq. of uppers, it has not been possible to withdraw 64.271 of sole leather and 70.186 of uppers. Such figures are susceptible to increase as notification has still not arrived as to the quantity of leather not drawn from the tanneries in Sicily. At any rate, the figures shown above will be completed and forwarded as soon as Sicily has sent the required figures and forwarded

From figures at present in our possession it appears that, on the allotment made by release orders N°2363-2525 and 2735 dated respectively 16/4/45 - 20/5/45 and 21/6/45 for the entire Kg. 148.421 of sole leather and 107.750 Pq. of uppers, it has not been possible to withdraw 64.271 of sole leather and 70.186 of uppers. At any rate, the figures shown above will be completed and forwarded as soon as Sicily has sent the required figures by telegram, it is already brought to notice that about 50% ~~XXXXXXXXXX~~ of the quantity of the leather allotted in the three months May-June and July has not been drawn.

We have thought it advisable to report to you at once, that you may kindly, examine the possibility of an extra allotment, independent that is, from the normal ~~XXXXXXXXXX~~ monthly allotment, of at least 60.000 Kg. of sole leather and 70.000 Pq. of uppers in order to avoid any slackening in the repair program and thus smooth out the a/m deficiencies.

OUTLA 23/8

Oggetto: Ritiro cuoiari E.O. n. 3261 e 3262.

Si restituiscono gli ordini di consegna n. 3261 e 3262 in data 8 scorso mese relativi ai seguenti quantitativi di cuoiari che non è stato possibile ritirare:

- Conceria Del Vivo Napoli

- Conceria Rangoni Firenze

kg. 5.400 cuoiu suola
51.35.185 tomaia

kg. 2.404 cuoiu suola

La ditta Del Vivo ha dichiarato che al cuoiu suola fu consegnato a vari calzaturifici in seguito ad assegnazione dell'A.M.G. di Firenze e la tomaia venne assegnata alla S.A.C.E.P. di Roma del Ministero dell'Industria e Commercio.

La Conceria Rangoni ha invece dichiarato di aver impiegato una parte della disponibilità di cuoiu suola per la confezione di calzature per i lavoratori in seguito al ordine dell'A.M.G. di Firenze ed un'altra parte per la costruzione di scarpe per conto dell'amministrazione militare.

La predetta ditta infatti ha confezionato calzature militari per le quali però ha impiegato cuoiari di vecchia tomaia che la ditta stessa in un primo tempo aveva tentato di occultare e che erano stati regolarmente bloccati dall'A.M.G. di Firenze su richiesta di quella Direzione.

Oggetto: Ritiro cuoio n. 3261 e 3262.

Si restituiscono l'ordine di consegna n. 3261 e 3262 in data 3 scorso mese relativi ad seguenti quantitativi di cuoio che non è stato possibile ritirare:

- Conceria Del Vivo Eugeni

Kg. 5.400 cuoio suola
n. 3261, 136 tomaia

- Conceria Rangoni Firenze

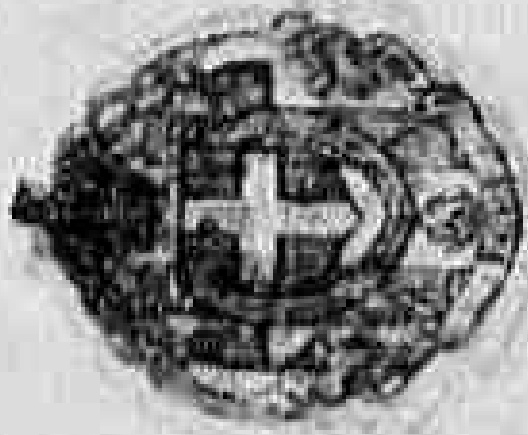

Kg. 2.404 cuoio suola

La ditta Del Vivo ha dichiarato che il cuoio suola fu consegnato a vari calzaturifici in seguito ad assegnazione dell'A.M.O. di Firenze e la tomaia venne consegnata alla S.A.C.T.N. di Roma dal Ministero dell'Industria e Commercio.

La Conceria Rangoni ha invece dichiarato di aver implegato una parte della disponibilità di cuoio suola per la confezione di calzature per i lavoratori in seguito al ordine dell'A.M.O. di Firenze ed un'altra parte per la costruzione di scarpe per conto dell'Amministrazione Militare.

La predetta ditta infatti ha confezionato calzature militari per le quali però ha impiegato cuoio di vecchia cuoia che la ditta stessa in un primo tempo aveva tentato di occultare e che erano stati regolarmente sbloccati dall'A.M.O. di Firenze su richiesta di quella Direzione di Comandariato Militare.

Per tanto, come già fatto presente con i disposti 2826/T.O. Cir. n. 3033/T.O./ord. rispettivamente del 20/5/45 e del 10/6/45, sulle assegnazioni mensili di cuoio che rappresentano lo stretto indispensabile per provvedere al programma delle riparazioni principali, soltanto quegli quantitativi vengono effettivamente ritirati e ciò è per la mancata esenzione

Ministero della Guerra

DIREZIONE GENERALE DEI SERVIZI LOGISTICI

Agli ordini di blocco da parte del Ministero dell'Industria e Commercio fino a totale copertura dell'assegnazione fatta con ogni release order, oppure - per la maggior parte - a causa delle evasioni all'obbligo di consegna da parte della concerie.

Dai dati attualmente in possesso di questo Ministero risulta che, sulle assegnazioni fatte con i release order n. 2363-2523 e 2735 rispettivamente del 16/4/945 - 20/5/945 e 21/6/945 per complessivi kg. 145.421 di cuoio suola e Pq. 107.750 di tomaia, non è stato possibile ritirare come pressappoco kg. 64.271,50 di cuoio suola e Pq. 70.186 di tomaia. Tali dati sono suscettibili di variazione in aumento in quanto non è ancora pervenuta la segnalazione dei cuoiai eventualmente non ritirati presso le concerie della Sicilia.

Ad ogni modo, le cifre sopra riportate che saranno completate o trasmesse non appena la Sicilia avrà inviato i dati richiesti telegraficamente, pongono già in rilievo che circa il 50% del quantitativo di cuoiai assegnati nei tre mesi di maggio - giugno e luglio non è stato ritirato.

Quanto sopra si è ritenuto opportuno prospettare fin da ora a questa Direzione con preghiera che, ad evitare confusioni nel programma di ripartizione, codesta Direzione ne tenga esaminate la possibilità dell'assegnazione straordinaria, indipendentemente cioè dalle ordinarie assegnazioni mensili, di almeno kg. 60.000 di cuoio suola e Pq. 70.000 di tomaia onde ripianare in parte le deficienze di cui sopra.

opure - per la maggior parte - a causa delle evasioni all'obbligo di con-
segna da parte della consue.

Dai dati attualmente in possesso di questo Ministero risulta
che, sulle assegnazioni fatte con i release ordinari 2363-2525 e 2735 ris-
pettivamente del 16/4/945 - 20/5/945 e 21/6/945 per complessivi kg. 348.424
di cuoio suola e kg. 107.750 di tomaia, non è stato possibile ritirare com-
pletivamente kg. 64.271, 50 di cuoio suola e kg. 70.186 di tomaia. Tali dati
sono suscettibili di variazione in aumento in quanto non è ancora pervenu-
ta la segnalazione dei cuoimi eventualmente non ritirati presso le douane
rie della Sicilia.

Ad ogni modo, le cifre sopra riportate che saranno completate e
arricchite non appena la Sicilia avrà inviato i dati richiesti telegrafica-
mente, pongono già in rilievo che circa il 50% del quantitativo di cuoimi
assegnati nei tre mesi di maggio - giugno e luglio non è stato ritirato.

Quanto sopra si è ritenuto opportuno prospettare fin da ora a co-
desta Missione con preghiera che, ad evitare contrattazioni nel programma di
riparazione, codesta Missione medesima esamini la possibilità dell'assegnas-
sione straordinaria, indipendentemente cioè dalle ordinarie assegnazioni
benelli, di almeno kg. 60.000 di cuoio suola e kg. 70.000 di tomaia onde
riparare in parte le deficienze di cui sopra.

2. In view of the large quantities, preliminary discussions have taken place with ALCON as to whether it is necessary to continue the control of leather.
3. ALCON have advised the Hides Office of the Italian Ministry, but the Ministry is not prepared to give a written guarantee that the monthly needs of the Services and of AFHQ will be taken care of in the event of leather being de-controlled.
4. It is therefore requested that the Services, AFHQ and ALCON, submit to this section by 17 August 1945, their demands for leather to cover three months instead of the usual one. After the above mentioned interested parties are in physical possession of their leather requirements for three months, the question of de-controlling this item could then be considered in the normal fashion.
