1. The holding of re-inforcements has been increased to a ceiling of 13,500.
2. All War Establishments will be considered and a number will be revised normally in accordance with the basis laid down in my AC/63/405 of 21 April 45.
3. The object of the revision will be to ensure that the total Personnel and Training Staff in the RMC IGP inclusive of SIVA and other Schools, does not exceed 2,000.
4. Any figures in excess of 3,000 will be subject to ruthless scrutiny by both staff and HQ, and a very full explanation will be needed to justify them and it is probable that such excesses will pass without drastic curtailment. Such curtailment is better carried out by personnel of the RMC IGP and HQ than by Officers at HQ and HQ who are less fully in the picture.
5. A War Establishment Committee comprising the following will be convened with effect from 15th April 45th:-

MEMBERS

Major G. J. KING, P. 10000000
Major A. M. G. CHAMBERLAIN, M.
Lieut-Col STUBBS
ANOTHER Italian Officer.

- The Committee will elect its own President and will have the power of suspending any member of the Italian or British Staff at HQ RMC.
6. The Committee will meet at 1400 hours on 30th April in the Conference Room and thereafter daily (excluding Saturdays and Sundays) till the work is completed. The President will decide if for any reason a meeting of the Committee cannot be held and will report the circumstances to Officer Commanding HQ RMC.

Major J. W. WILSON, M. 10000000

any figures in excess of 5,000 will be subject to justification and if both CIA and DIA and a very full explanation will be needed to justify them and it is imperative that such operations will have sufficient domestic overtones. Such participation is better carried out by personnel of the NSC staff and not by officers of the NSC staff who are less fully in the picture.

Major H.W. KING, PONTIAC
Major A.M.S. CHANDLER, JR.
Lieut-Col H.W. KING
ANOTHER Italian Officer.

The Committee will elect its own President and will have the power of appointing any number of the Italian or British Staff at the NSC.

The Committee will meet at 1400 hours on 30th April in the Conference Room and thereafter daily (excluding Saturdays and Sundays) till the work is completed. SUBJECT: Org Progress - Italian Army Units - Transfer of Category within
IR-202 Ceiling

TO: All Concerned

1. Reference is made to letter from G-3, this headquarters, file ASD/922.2, dated 5 April 1945.

2. Combat status of all units shown in Part II of Appendix "A" to the above letter is confirmed. In addition the following units will be carried within the combat ceiling:

2. 1 Italian Guard Regiment - strength 2,473. This regiment will be issued with Maki battledress and may be administered in North West Italy in the same way as the Italian Combat Groups. The regiment will be equipped with Italian arms, owing to shortage of British equipment.

b. GALEBARDI ROTT - strength 2,603.

c. Spare ceiling and rfts - strength 2,000. This total includes 400 spare ceiling and 250 holding of rfts for the new combat commitment.

3. To accommodate the transfers involved in paragraph 2 above, the breakdown of the M-171 ceiling will be adjusted by a changeover of 12,000 from service category to combat category. Revised totals will be:

Service Tps including 5% rft:	85,800
Combat Tps including 25% rft:	74,700
TOTAL:	160,500

4. Transfers in no way affect matters of purely Italian administration which will be discussed separately with the Italian War Ministry by Land Forces Sub Commission AC (MHA).

5. Formal amendments to letter under referenced will follow.

1. Attached herewith are 2 copies of minutes of MIA AGC Meeting No 3 held 18 April 45, at Appendix "A".

2. Ref parial 7 - the memo to CM 750/1 were considered in accordance with your AG 091. 711/051 CM-0 of 16 April and it is requested that your approval may be forwarded earliest so that the appropriate staff may be issued. Further details are given below. Proposed staff is attached at Appendix "B".

(a) The staff has been agreed with 1 and 3 Districts and from reports received at this HQ is considered essential.

(b) The rank of the officers commanding the depots, bus and cogs is too low at the moment for the responsibilities, i.e. depot commander commands up to 6,000 men, the bus commander up to 2,000 and the cog commander up to 350. It is considered that the new arrangement will give greater scope for finding the most suitable personnel for the job.

(c) The addition of one cook and one clerk per cog is considered essential. The original intention of the set was that all personnel should be used in this capacity. Depots must continue to use them as much as possible in this capacity. Cog cooking is, however, now being organized both at KIVIMAKI and OUVIKO as it has been found the most practical method. It is not possible to organize and maintain cog cookhouses without one cook who knows the cookhouse and one instructor who cooks in their duties. Similarly, permanent cog clerk is essential if rfts are to be properly organized. It was felt that with the addition of the cog clerk some of the duties at the HQ could be decentralized to cogs and that one clerk could be deleted from the HQ.

(d) The addition of one Medical officer per bn and of the Deputy Adjutant was agreed to at the meeting.

2. Ref serial 7 - the cables to CM/730/4 were considered in accordance with your AM 091.741/051. CM/730/4 of 4 April and it is requested that your approval may be forwarded earliest so that the appropriate unit may be moved. Further details are given below. Proposed staff is attached at Appendix 1.

(a) The unit has been agreed with 1 and 5 Districts and from reports received at this HQ is considered essential.

(b) The rank of the officers commanding the depot, bus and camp is too low at the moment for the responsibilities, i.e. depot commander commands up to 6,000 men, the bus commander up to 2,000 and the camp commander up to 1,000. It is considered that the new arrangement will give greater scope for finding the most suitable personnel for the job.

(c) The addition of one cook and one clerk per day is considered essential. The original intention of the unit was that left personnel should be used in this capacity. Depots must continue to use them as much as possible in this capacity. Day cooking is, however, now being organized both at RAVENHILL and COTTAGE as it has been found the most practical method. It is not possible to organize and maintain day cookhouses without one cook who knows the cookhouse and one instructor left cooks in their duties. Similarly, permanent day clerk is essential if lefts are to be properly maintained. It was felt that with the addition of the day clerk some of the duties at the HQ would be decentralized to days and that one clerk could be selected from the HQ.

(d) The addition of one Medical officer per day and of the Support Detachment was agreed in principle in AFHQ cable P 51765 of 2 April, 15 and has been implemented.

(e) The total increase involved is 1 officer and 95 GIs, i.e. 9 officers and 205 GIs for the three depots.

It is considered that it may be possible in the future to reduce the staff of Italian Base Reinforcement Depots. Districts are therefore being asked to review the unit CM/730/1 with this in view for consideration on June 7.

3. Ref Serial 8 - In accordance with your AM/922.8(A) of 15 April a coordinated proposal for staff of British Centre to an Italian Reinforcement Depot (CM/730/1) will be forwarded to AFHQ. As however this unit includes roles which are required for the Italian staff of Base Reinforcement Depot the No 1 District proposal to add 2 x 5 ton lorries 4 x 2 GIs to the staff of the HQD was considered. It is felt that the addition of these roles is essential and urgent and a proposal is attached accordingly at Appendix 'C'.

It was decided that in view of the necessity to economize in M-III personnel, savings must be made of M-III personnel. It was considered, therefore, that the addition of 2 cooks and 2 clerks per day proposed by M-III District was not justified, but that the addition of 1 clerk and 1 cook per day was essential. Further, as the strength in depots was always fluctuating the cooks and clerks of days which were not fully employed would be available as a pool. One clerk was deleted from M-III as it was considered that a proportion of the present M-III clerical work could be decentralized to days.

The addition of one Medical officer per M and the Ensign Det was agreed in principle by AMHQ cable 25/7/45 of 2 April.

Will be promulgated as addi No 1 on receipt of AMHQ concurrence.

SUBJECT: Mobile Dental Centres.

FROM : SMRS

TO : AMIA

Ref : 11692

Date : 13 March 45

Among the auxiliary units laid down for the Combat Groups there are, at present, only two mobile dental centres (113 and 114) which are alternately transferred from one group to another for the dental treatment of the personnel of these groups.

The difficulty of meeting the requirements of the 5 Combat Groups with the two mobile centres, induces the SM to put forward to AMIA the necessity of being able to place a mobile dental centre at the disposal of each combat group.

It is well, in effect, more forming another 3 mobile centres which, in accordance with the w/a, would require a slight increase in personnel. Consequently, there is, 3 junior medical dental officers and 3 NCO's and OR's.

Since, however, the difficulties met with by this SM in the preparation of vehicles equipped for dental services are known, AMIA, whenever it considers acceptable the above proposal, would have to be so kind as to assist in supplying the 3 vehicles and medical materials required. On the event of dental resources not permitting it, the 3 vehicles could be drawn from the Italian ones recovered during the operations in North Africa. Ideally, or be provided for within the limits of possibility, with materials eventually existent in the depots and on the market.

We remain in expectation of being informed of the decisions of AMIA.

Amend effective date of cut to read 9 Dec 62

It was decided that in view of the necessity to economize on the personnel, maximum use must be made of the personnel. It was considered, therefore, that the addition of 2 cooks and 2 clerks per day personnel by HQ 1 District was not justified, but that the addition of 1 clerk and 1 cook per day was essential. Further, as the strength in districts was always fluctuating the cooks and clerks of days which were not fully employed could be available as a pool. One clerk was deleted from HQ 1 as it was considered that a proportion of the personnel in HQ 1 District work could be decentralized to other.

The addition of one National officer per HQ and the Report has been agreed in principle by AFHQ cable 15/75/5 of 2 April.

Will be promulgated as amend HQ 1 on receipt of AFHQ endorsement.

Ref SB/10/2 of 12 Apr.

Para 1 is hooley?.

The only question is 3rd line Workshops
for Combat Gps. You are
as aware as I am that 3rd line
Workshop is a problem much on the
Q mind in both armies. It is
not a question of "recognising" it
is a "urgent operational need".

Moreover I do NOT
agree that 3 units is too
heavy. G 4 B are being advised
that to maintain 5 Gps with Tail
Units the need is urgent and that
two Inf Divs will not cover.

ATTACHED COPIES

Reference AFM: M-III/104 of 29 Mar and M-III/104/19 of 9 Apr.

1. The need for Red line Skaps for the Italian Army, especially combat units, is recognized, although the bid for three such units is felt to be too heavy for five combat gds.
2. The present Italian tradesman and specialist training manpower is not sufficient to meet all commitments; the situation should however improve when the repatriation of specialist Italian POW as requested in this M-III letter A/104 of 21 Mar (addressed AFM for GI(Dr) is effected.
3. MIA DAIMS will be discussing the matter with your MIA staff, with particular reference to para 3 of the letter of 9 Apr: para 6 of which is noted and your comments awaited. Provision of suitable trainees is the problem.
4. It is assumed that para 3 of the same letter embraces units in the M-III service category also, but which ten units are referred to is not clear.

Reference your Coordinating Route Slip ASD/922.0(b) dated 22 Mar 45.

1. Our letter ME 1A/1860 dated 24 Nov 44 (copy to Q(AE)) indicated that 3rd line Wkps for the Combat Groups were necessary. Two Wksp Coys were given up for reinforcements for Combat Group Wkps and for the formation of 3rd line Wkps.
2. It is appreciated that there are very few Italian Tradesmen available for the formation of 3rd line Wkps, but they are urgently required, and attached at Appendix "A" is our bid for the necessary units.
3. Technical Training would be carried out at the Italian Reinforcement Training Centre at which there is already in existence a Mechanics School, Instructors and a British Technical Staff.

SUBJECT: Training Italian Army Personnel

TO : ISIT AFHQ

9 Apr 45

1. It is considered that the Italian Combat Groups must have 3rd line Wksp backing to the extent of one 3rd line Wksp on War Establishment CM/326/1 to two Combat Groups.
2. A bid for the necessary personnel has been submitted to G-3 Org (a copy of our ME/LA/1937 dated 29 Mar 45 is attached).
3. Training of tradesmen must start as quickly as possible; it is recommended therefore that the Mechanics School of the Italian Reinforcements Training Centre be enlarged to cater for this urgent commitment.
4. A detail of the type and quantity of tradesmen required for three Inf Tpe Wksp on CM/326/1 is given at Appendix "A". There are other trades involved, but the ones detailed are the key trades.
5. A further commitment is the provision of an LAD for each Italian Tpt Coy (Total 10) (G4(Mr) letter AFHQ/708/2/2(Maint) dated 30 Mar 45 refers). The key trades required for ten of the a/m LADS are also shown at Appendix "A".
6. In view of the above additional urgent requirements it is requested that the authorized holding of Italian Army Rfts at CERNCO be increased.

1. Italian War Ministry have requested the reorganization of the above increment on to WE CM/600/1 (Offrs 10 OR's 465).
2. All other BR-ITI Pack Tpt Coys are organized on this WE.
3. 260 Increment as at 9 Mar 45 had a posted strength of 7 offrs, 432 OR's (of whom 55 are shown as in hospital and 32 away from the unit on leave and for other reasons). The present reinforcements situation would permit the small overall increase, less certain specialists, who are not immediately available and would remain to be trained.
4. 5th Army (Br Iner) are not in favour of the reorganization but recommend that, if the Italian Iner is reorganized, no change should take place in the Br personnel of 786 Pack Tpt Coy.

SD/3 of Mar 45

1. The War Ministry recommend :-

(1) Differing from the other units belonging to 21 Pack Transport Group, (241 Division) which are constituted under the W.E. Al/1/1 the 260 Inar to 786 Pack Transport Coy, has a staff of 4 officers and 275 NCOs and GRs. However, not only in view of the work carried out, this unit has a posted strength of 4 officers and 410 NCOs and GRs.

(2) as a result of the a/m difference, the following inconveniences happened :-

(a) The platoons have no Italian Officers, and the Captain commanding the unit has to enforce discipline, even when the platoons, as often happens, are working independently.

(b) In case of absence of the Captain, there is no officer who can replace him efficiently considering that the 3 remaining officers are : subaltern for administration, a Medical Officer, and a Chaplain.

(c) The lack of esprit de corps with other units of the Group, which also carry out the same duties.

(3) For the a/m reasons this SADM suggests the need for reorganizing 260 Inar to 786 Pack Transport Coy on W.E. Al/1/1.

Thus, although formed with Italian Muleteers, it was formed on the same basis as a North African Coy, with a much larger Cadre of British Officers and NCOs than is the case with normal Italian Coys of 21 Pack Group.

(2) If 786 Coy is re-organized on the standard Italian Pack Coy W.E. the Chief effect of this re-organization will be the substitution of British Officers and NCOs by Italian Officers and NCOs, and any such change is neither desired nor recommended by this HQ. The operation of 786 Coy is

1. Ref your PMA 5319 Date PMA 5319 dated 14 Mar 49 and your letter
of 091. 111/100 dated 15 Mar 49.

2. In so far as 1 Italian Guard Regt is concerned, HQ 2nd Italian Guard
Regt (HQ 2nd Italian Guard Regt) have not proved satisfactory in actual operations and it
is considered that with the change of status from 111-111 to 58-111
1 Italian Guard Regiment should be converted to new HQ/10 for a designated
HQ and Guard Regt (58-111) as shown in the attached apper 'a' and 'b'
respectively.

These proposed HQ/10s were arrived in consultation with 58
Area who is responsible for the training of the Regt under HQ 2nd Italian
and with Col. CLOUTIER, the Regt Comd, and have been agreed with MIA.

3. Accordingly, it is requested that the following proposal may be
considered and approved by the War Establishment Committee as soon as
possible so that this Guard Regt may be reorganised before the move to
the Italy takes place.

PROPOSAL

To convert 1 Italian Guard Regiment from its present HQ/10
531/100/1 and 502, 503 and 519 Italian Guard Battalions from
their present HQ/10 532/100/1 to new HQ/10 as shown in the
app 'a' and 'b' respectively.

Effect of the Proposal

4. You have placed Italian Guard Regt in the category of MS-131
 Soviet type but it is urged most strongly that they be regarded as MS-131
 Combat Troops for the following reasons:-

(a) They are expected to be working alongside infantry troops
 of an Italian Combat Group on internal security duties and in highly
 unlikely that troops performing similar duties should be administered
 differently and entitled to different salaries and categories of clothing
 and equipment.

(b) The Italian Combat Group in MS-131 is to be maintained as
 though it were a British formation or unit. If combat status could be
 given to a Italian Guard Regt its status could be through the Italian Combat
 Group thus simplifying administration. This is of particular importance in
 the early days of the occupation of MS-131 when there may well be a time
 lag in the setting up of the new heavy Italian arm.

(c) Their role of internal security and supporting the Civil
 Power in case of need is of such importance as to justify the better clothing
 and equipment, particularly the type of, that they would get by direct British
 and the resulting higher protection.

In this connection the policy has been laid down that if the
 Carabinieri are unable to quell civil disturbances and military assistance
 is asked for the military assistance is to be provided from Italian
 military as a first priority.

(d) It is essential that good sanitation work be carried out in the
 Regt since they are likely to be deployed over quite a wide area and it is
 not expected that any type of assistance can be given from a hospital or
 clinic is expected to be stretched to the limit.

Major General,
 Command 2 Division.
