(4) W.D.G. will report to Bureau within the interval of new sets or data to existing sets (final editorial sets) of sets for or District C, units and will forward each set as nearly as possible before the completion of time, to the Bureau for pay other sets.

(iv) The test sets will be based on a local distribution to training for calibration and such Σ values are concerned.

any other reorganization of units will be coordinated in accordance with the plan by the Army Sub Committee, before consideration by the C.

6. All calculations or comments involving W_{max} or W_{min} will be corrected to 6.5 (0.0-5) in accordance with Appendix A, to 21/200-5 or 5 Dec.

Due to the short supply of computers, programs will be coordinated with 5-1(2) and before submission and should include a statement that this has been done. It is pointed out that, if no computers are found to be unavailable after a two day wait at our command has been initiated, it may be necessary to transfer the workload, which often means considerable delay and cost escalation.

Proposals which include no-entrance should state that civilians are acceptable in limit, and, however possible, civilians should be included in reference to co-entrances.

The policy with regard to dilation is as follows and is published in a Guide to Formations and Divergence Date (see page 49).

(b) Political Organizations and Civil and

There need not be self administration and self management of the firm. It is only a matter of degree in the degree of self administration and self management.

(c) Amount of 2013-14 earnings.

7. (a) In the short supply of co-operators, proposals will be coordinated with G-1 (a) and before submission and should include a statement that this has been done. It is pointed out that, if co-operators are found to be unavailable after a new establishment or amendment has been submitted, it may be necessary to revise the proposal, which often means considerable delay and correspondence.

8. Proposals which include two errors should state whether civilians are responsible in line, and, wherever possible, civilians should be included in reference to co-operators.

9. General

1. The policy with regard to dilution is as follows and is published as a guide to formations and brigades when creating C&A.

(a) Establishment - personnel must be self-administering, so that a unit affected with illness and personnel should normally be divided into two self-administering establishments, i.e. British element and Italian army element.

(b) British formations and divisions.

These need not be self-administering and will therefore be included as a separate column in future war establishments.

(c) Italian formations.

Italian army personnel will not be mixed with Italian Co-operators or civilians in the same establishment without the prior concurrence of G-1 (a), (b), (c).

SUBJECT : AIR REG - GUYANA AREA

LAND FORCES HQ-DOM, AG (WIA)

12/75

3

12/75

TO : WIA LG 34 Area

Ref your GHD/LG/3/ED of 28 Apr.

1. The question of an Air Reg for the units in the GUYANA Area is under consideration by J Dist.
2. No action will be taken by this HQ until the recommendations of J Dist are received.
3. A standard 35 for all Air Regs is being considered at this HQ now. If this is passed by GHD an increment to 287 Div Reg to cover the 2 OVRs and 12 SAs already authorized will also be considered and it is felt that the most practicable method of meeting any increase for the GUYANA Area would be to include the personnel in this increment to 287 Div.

APC 394
FOR: Land Forces Sub-Commission (SMIA)

1. Reference is made to SMIA letter 30/4 dated 19 March 1945.
2. Formation of an additional LAF on GM/340/1 for service with the Driving and Maint School is approved. Formation orders will follow.
3. It is regretted that authority cannot be given for formation of further transport units for maintenance of the Reinforcement Training Centre. It is impossible at the present time to release vehicles for this commitment without prejudice to completion of other units of higher operational priority. Temporary allotment of 3 Gen Tpt Coy is now being considered.

LAWD MONROE HED COM AD (MILIA)

MIL/405

29 April 45

Subj: HED MILIA

TO : AFM for 2-1 CMA (PVE)

1. Attached at Appendix "A" are two copies of minutes of MILIA HED No A.
2. Serials 11, 12, 13, 16 and 17 do not involve increases of transport and formal proposals are therefore not attached. Further details are given below:-

(a) Serials 11 and 12 were considered by HED separately from the review of Combat Group units, as, in the case of serial 11, HED service units are also affected, and, in both cases, the increases are urgently required and, in fact, personnel have been posted.

(b) Serial 13
In the Mobile Officers Shop will act as a form of Depot for the Mobile Officers Shop, it is considered that an officer of the rank of captain is essential. Similarly the 4 (th) will be essential if the shops are to be maintained and the mobile shops properly administered.

(c) Serial 16
This unit is intended to regularize an existing attachment. The numbers are the minimum possible and it is felt that to cut down the numbers would adversely affect the work of the unit.

(d) Serial 17
This is a temporary measure but it is considered that immediate action should be taken without waiting for the Highways review of Combat Group units.

3. Serial 14 and 15
As these units include transport formal proposals are attached at Appendix as below:-

Serial 14. An Italian Officer's Shop (mobile)
Serial 15. An Italian Major's Shop Company

- App
- App

4. Serial 18
(a) It is requested that classification of your 10 Oct. 711/1029 001.0 of 18, should be given to this 10 as a guide to assessing the risk and the requirements of the Italian Government to Italian Army

Review of Coast Guard ships, as, in the case of serial 11, MS-171 services units are also affected, and, in both cases, the services are urgently required and, in fact, personnel have been posted.

(b) Serial 11
As the Italian Officers ship will act as a firm of deposit for the Mobile Officers ship, it is considered that an officer of the rank of captain is essential. Similarly the 4 OOB will be essential if the stocks are to be maintained and the mobile ships properly administered.

(c) Serial 16
This unit is intended to regularise an existing attachment. The numbers are the minimum possible and it is felt that to cut down the numbers would adversely affect the work of the unit.

(d) Serial 17
This is a temporary measure but it is considered that immediate action should be taken without waiting for the highly long review of Coast Guard ships.

5. Serial 14 and 15
In these the mobile transport (naval proposals are attached at Appendixes as below:-

- Serial 14 An Italian Officer's ship (mobile)
- Serial 15 An Italian ship (mobile)

Serial 10
(a) It is requested that classification of your AS 094.741/005 OUT. 6 of 11, which is given to this unit as a guide to assessing the adm and try requirements of the Italian Government to Italian Army Pack Transport Training Centre (PAC-TRAINING) (21/6/71)

(b) There are in the Italian Army authorized units to training approx 7,000 pack transport personnel. At 50, this means only 300 pack transport units can be held and trained. It is felt that, in these circumstances, the present adm staff of 53 together with a proposed training staff of 61 and a British cadre of 19, total 133 all ranks, is excessive for a unit holding of 300, i.e. a ratio of one permanent staff to 2.5 r't's. It is considered that a ratio of 1 permanent staff to 3 r't's should be adequate. Of course of this is in examining the problem with 17 months APW with a view to putting up a new unit for review by you, and it is requested that further details regarding the future of the Training Centre be given.

TO : AFHQ for G-3 CMO PER. (10)

I. The Proposal

(a) An Italian Engineer Para Company

(b) A new unit effected by extending the existing 28 ON/106/1 for
at Italian 2d Pz Div.

(c) NOT applicable.

II. The Effect of the Proposal

(a) An increase of

Offrs	CH	MT	Subs	Trailers
5	126	10	16	1

(b) NOT applicable

(c) At present it is intended to form one unit.

(d) The proposal involves an overall increase in rate and eqpt.
Personnel will be provided from existing available BR-171
service rfts and from the pool resulting from the disbandment
of Italian units to Art Mgr Corps (L&).

(e) Unit to be formed in place of one of the Italian Engg Corps
already authorized vide Priority List 6 (ASD/SEC.1(b) of
12/7/46) and still to be formed.

(f) NOT applicable

(g) The proposal has been forwarded by 15 Army Group, agreed in
principle with G-3 CMO (MGR) and Engg AFHQ, and approved
subject to AFHQ concurrence by minutes of MEA SEC No 1
Serial 14. 3463

1. The Proposal

- (a) An Italian Engineer Park Company
- (b) A new MS effected by amending the existing MS CM/5/6/1 for an Italian Pk Coy.
- (c) NOT applicable.

2. The Effect of the Proposal

	<u>Offrs</u>	<u>OR</u>	<u>ME</u>	<u>Vehicle</u>	<u>Trailer</u>
(a) An increase of	0	156	10	16	1

- (b) NOT applicable

- (c) At present it is intended to form one unit.

- (d) The proposal involves an overall increase in vehicle and equipment. Personnel will be provided from existing available BR-171 service rifle and from the pool resulting from the disbandment of Italian increments to Art Bn Coy (12).

- (e) Unit to be formed in place of one of the Italian Bn Coy already authorized vide Priority List B (AM/912.1(B) of 17/3/45) and still to be formed.

- (f) NOT applicable

- (g) The proposal has been forwarded by 15 Army Group, agreed in principle with G-3 GHO (PCH) and Bn AFHQ, and approved subject to AFHQ concurrence by minutes of MGIA MSB No. 4, Serial 14. 5163

- (h) The MS is attached as Appx "A" for approval.

3. The Reasons for the Proposal

- (a) This unit is required as a Pk Bn Coy for "P" GHO Bn Bn now forming.

- (b) This formation, consisting of a Bn GHO The Bn Bn and three Pioneer Bn, each with an SS increment, will operate in a normal rear role with an AFHQ. They will require the work-shops and stores facilities of a Pk Bn Coy.

- (c) Owing to a theatre shortage, there are no British G Pk Coy available, and it is probable that in addition to

- 2 -

supporting 7th GDI, The Engre, the proposed unit, which formed will have to operate a stores dump for two GDI, The Engre within an ARE.

- (4) By deleting the Dir of FI (not required in a GDI, The Engre) from ME .CIC/595/1 and strengthening the stores pl, a suitable establishment is created for the type of unit required.
- (5) Deductions can be found or trained with the exception of some fitters - mechanical eqpt, for which no training facilities exist in the Italian Army. The trade has not been demonstrated as personnel can be trained within British resources.

SUBJECT : Proposed W.E. for L.A.D.

TO : Land Forces Sub-Commission A.C. (M.W.I.A.) Rome.

1. Reference your Q/92 dated 18th April, 1945.
2. It is difficult for this H.Q. to comment on the proposed W.E. for the L.A.D. until it is cognizant of the technical equipment with which the L.A.D. will be equipped.
3. It is noted, however, that there are no fitters shown in the Workshop Section and although only 1st Line Repairs are to be undertaken, it is considered that there will be a need for at least 5 fitters. This need not necessarily cause an increase in personnel as they could be off-set against the Vehicle Mechanics.
4. Further the Transport Platoons of the Transport Coy A.C. which ~~were~~ being formed by Disthree are shown as being organised on W.E. 111/117/2. This W.E. calls for 1 Fitter per Transport Platoon. Is this H.Q. correct in assuming that this is being done?
