28 AUG 48

TO : MILIA 10 MARINE

High - 9/11/48

Ref your letter of 28 Aug 48, on the above subject.

1. DO NOT say which appears on page 76 of MIA Order of Battle No. 2/11 existed on 6 July (date of Order of Battle) and was a part of the 1st Section 8 (Infantry Security Division) unit. It was disbanded on 1 Aug.

2. 2d Camp Reception Hospital was erroneously ordered to disband by MIA letter 28/7/48 of 5 July. This order was cancelled by MIA letter 28/8/48 of 28 July para 2. 2d Camp Reception Hospital has therefore remained an authorized Italian army unit.

3. 2d Camp Reception Hospital will be moved to Fort III (M) as a Section 8 unit of the Colombia I.S. Division in the place of 50 Medical Coy.

4. The term "one implementation".

The actual day of each I.S. has been scheduled. However the 204/204/1 still exists as an integral part of each I.S. Its organization and the 2d strength of each I.S. has remained 5,000. But as 204/204/1 is not to be implemented, and the existing strength of each I.S. has therefore drops by 90 to 1800. Except in the case of the Colombia I.S. in which 20 will be added to the 1800 making a total of 1820.

9/74

1. The Camp Reception Hospital was originally ordered to disband by MILA letter 20/04/1 of 8 July. This order was cancelled by MILA letter 20/04/1 of 22 July para 5. The Camp Reception Hospital has therefore remained an authorized Italian Army unit.
 2. The Camp Reception Hospital will be moved to Port III (a) as a Section 2 unit of the Calabria I.S. Division in the place of 50 Central Coy.
 4. The term "new implementation".
- The actual size of each I.S. Div has been disbanded. However the 2004/2001/1 still exists as an integral part of each I.S. Div organization - and the full strength of each I.S. Div remains 2,000. But the 2004/2001/1 is not to be implemented, and the existing strength of each I.S. Div therefore drops by 76 to 1923. Except in the case of the Calabria Div in which 20 will be added to the full strength, a total of 1903.

Subject: Italian Army War Establishments - Recommendations
by Mr. Ross and Mr. [illegible]

LAND FORCES HQ, DEPT. OF DEFENSE

30/103

16

16

20 : A. J. [illegible]

1. There is in existence a large number of Italian army personnel employed within M-I-I units, whose sole function is to carry out administrative duties for the units.

2. While it is fully appreciated that every man must be adapted to some British manner, it is equally true that in the present circumstances every effort must be made to economize in the use of Italian soldiers on general duty. This would also have the effect of reducing the morale and standing of the Italian soldier, which is so necessary to the allied policy for the future Italian army.

3. To this end the following recommendations are forwarded :-

- (a) That all war or units employing Italian personnel should be instructed to review their establishments in the near future in order to see how far Italian soldiers can be released or replaced by civilians.
- (b) That consideration should be given to immediate releasing of all such Italian soldiers by means of unattached personnel.
- (c) That in order to give effect to the above all Italian Army personnel establishments still in existence should be reviewed by the end of this month 1 November 45.
- (d) That, regardless of economy etc which may be effected in the meantime, no Italian army units should be employed on such duties after 31 December 45.

It is considered that, apart from the political and moral aspect, the reduction of such Italian establishments is an integral part of the present policy for the earliest possible reduction of the M-I-I establishment.

5734

2. While it is fully appreciated that every man must be adapted to some British equipment, it is equally true that in the present circumstances every effort must be made to economize in the use of Italian soldiers as general fatigues. This would also have the effect of raising the morale and standing of the Italian soldier, which is so necessary to the Allied policy for the future Italian army.

3. To this end the following recommendations are forwarded:-

- (a) That all men or units employing Italian reinforcements should be instructed to review their establishments in the near future in order to see how far Italian soldiers can be released or employed by civilians.
- (b) That consideration should be given to immediate replacing of all such Italian soldiers by German surrendered personnel.
- (c) That in order to give effect to the above all Italian Army Divisions established since 1 November 45, existences should be reviewed by the HQ at this HQ 1 November 45.
- (d) That, regardless of conditions etc which may be offered in the situation, no Italian army units should be employed on such fatigue duties after 31 December 45.

4. It is considered that, apart from the political and moral aspect, the reduction of such Italian reinforcements is an integral part of the present policy for the earliest possible reduction of the 1945-46 commitment.

III REASONS FOR THE PROPOSAL

- (a) 802 Base Reinforcement Depot is to be converted into a Reorganization Depot at which 122-121 units will form, convert and disband.
 - (b) With the organization of the Inter-Italian Army, the 802 at C/710/1 will cease to deal with 122-121 reinforcements. It is therefore anticipated that, during the period of organization of this new army, the Italian Reorganization Depot may be required to act also as a Reinforcement Depot for 122-121 units.
- No accurate forecast of the numbers to be administered by this unit can be given at this moment.

....

11. REASONS FOR THE PROPOSAL (cont)

(b) (cont)

It is considered that a flexible organization is therefore required until the changeover is completed, when the policy for Reinforcement Depot etc. will be revised.

The Italian Establishment (Appendix 'A') has been produced to provide the maximum flexibility. The Depot Staff (Ade and TrG) which is divisible by three, can be employed either as a pool for allocation where necessary, or as three Depot In Staffs.

The Service Staffs, however, have been centralized as this is considered more economic.

(c) The The British Cadre (Appendix 'A') has been reduced by one staff in view of the reduction of the Italian permanent staff, but has been increased by one clerk who has been found essential in the past. It is considered, however, that, in the unit, the responsibilities will be the same, since the duties previously carried out by the permanent staff will not diminish but will in certain cases be carried out instead by the personnel of the unit in the Depot.

No other reduction in the establishment can therefore be offered.

(d) For similar reasons no decrease in the scale of transport, now allowed as (1/73)/A, is recommended.

(e) No comparative table is included as the new Italian establishment differs in form too completely from the establishment to be superseded.

(f) It is recommended that both these establishments should be subject to review in three months time, when the organization of the Italian Italian Army should have been completed.

SUBJECT: War Establishment of Adm Div HQs

LAND FORCES SUB-COM, AC (MRIA)

WD/35/8

4 Aug 45

TO : AFHQ

1. The steps recently taken and still being taken to disband HQ-III Units brings up the question of corresponding reductions in the size of the Adm Div HQs.

2. Up to this moment it has been found impossible to standardize the War Establishments of the HQ-III Adm Div HQs.

This has been due mainly to the unequal distribution of the responsibilities of the Divs and the continual reshuffling of command of HQ-III Units.

NT

3. Adm Div HQs are therefore still organized on the proposed HQs forwarded in our letter S/O/35/45 dated 7 Feb 45.

4. As the Commitment of HQ-III Units has now become more static and many complete units are due to be disbanded, it is felt that the size or number of Adm Div HQs could be reduced and their responsibilities readjusted to make possible the creation of a standard establishment.

5. It is recommended therefore that user formations be requested to forward to MRJA their recommendations for the abolition and/or reduction of HQ-III Adm Div HQs, with a view to the reorganization of those HQs, which are essential, onto the proposed standard HQ forwarded under your AG 002.711/001 OCT-0 of 29 April 45.

It is felt that this readjustment would effect a considerable saving in HQ-III manpower.

REMARKS FOR THE PROPOSAL

- (a) CMO II (DPA) - 2

Required for supervision of training of Combat Gp and to be transferred from CM/502/1 Training Increment (Inf) to BIL for Italian Combat Force. It is considered that both officers should be staff graded.

- (b) Interpreters (24th) - 2

No interpreters are shown on CM/508/2. These are essential for the unit to carry out its duties with the Italian Combat Force. They are already included in CM/508/1.

5707

(c) Sgt (R Sigs) - 1

No signals personnel are included in CM/508/2. CM/508/1 includes an SO III R Sigs and 2nd Link Sigs. It appears to be the opinion of certain MJs that this personnel should be added to CM/508/2. It is felt by this HQ that Combat Groups will normally site their HQs, at this stage, near to a town where there will be an I. of C Signal Office. The HQ will then be given the necessary telephone lines and their signals will be delivered to and collected from the British Signal Office daily. The inclusion of the SO III R Sigs and 2nd Link Sigs in CM/508/2 are not, therefore, recommended by this HQ.

It is considered, however, that one Sgt R Sigs will be necessary for liaison and advisory purposes.
