MEMORANDUM

The committee recommended the proposal to add staff and vehicles to the unit of 807 Italian Transit Camp. It was decided that as this transit camp would be transferred to III-III control, at the same time as the interim army on Nov 16, it was not desirable to amend the existing war establishment. It was however agreed that the Mr. Caffro would be required until approx. 14 Nov and that to assist the camp staff until the handover they should be authorized to hold an attachment & offer A & C to from the transit personnel.

1. Branch agreed to study urgently the possibility of emptying the camp and of preventing future accumulations of personnel. A new camp site would also be required if it could be found. The new III-III camp would be responsible for handling disarming III-III units or transit personnel when necessary.

273

Reference para 11 of minutes of meeting held in S.M.E. offices, 1 Oct and issued under ref. G/3/2 of 5 Oct 45.

1. We have received your recommendations for alterations to the of Italian Divs (Combat Ops) which include the MS of Inf. Regts. These will be considered as soon as the Allied views have been received.

2. In the meantime it would seem appropriate at this stage that we should consider a system of "affiliating" certain I.S. Regts to Italian Divs with a view to:

(a) interchangeability

(b) ease of territorial intake as that:

- (i) friends from the same neighborhood may serve in the same units.
- (ii) certain types of the populace may be posted to the most suitable territory.

MILA letters A.016 and A.012 of 10 Oct refer.

It is felt that the present I.S. Divs in SARDINIA and SICILY should be converted onto I.S. Regt MSs at a later date thereby freeing two and four I.S. Regts respectively.

We could discuss the question of a small co-ordinating HQ for SARDINIA (presumably the Garrison HQ there detached from the Home Terr. HQ) and two small co-ordinating HQs for SICILY under the op. head of the Terr. HQ PALERMO.

The advantages of the conversion on the I.S. Regt MS would be:

(a) standardization throughout Italy

(b) an increase in weapons

(c) morale. The troops would feel lifted out of the rut of old duties onto a higher plane.

3. It is felt that the present I.S. DIVE in MAMMULA and SICILY should be converted onto I.S. Regt MIA at a later date thereby forming two and four I.S. Regts respectively.

If, for political reasons you do not feel this is practical at present, will you, please, say if you agree to the conversion at a later date.

4. It would be appreciated if you could forward your comments on pages 2 and 3 above as soon as possible.

Subject: Accommodation Berardi Barracks - Amellia.

Land Forces Sub-Commissioner S.O.
(M. S. I. A.)
5/12/8
21 September, 1941.

To:-

Ministry of War.
(Attention Lt. Col. Connors)

1. The Commissioner of Naples Command is desirous of getting the Berardi Barracks at Amellia, at present requisitioned by the Allies.
2. These Barracks are required to accommodate families rendered homeless by bomb damage. At present these persons are housed in certain schools, which will shortly have to resume their proper functions.
3. In view of the approach of colder and wetter weather, the problem of accommodating these families is becoming increasingly urgent - it is therefore requested that you inform this S.O. as early as possible whether the barracks could be utilized for the above purpose, should they be de-requisitioned by the Allies.

SUBJECT: Reinforcements for Mine Clearance Companies

TO : Ministry of War.

Reference MLLA A 1258 of 23 August 45.

1. Reinforcements for Mine Clearance Companies are not now available from 23 Engineer Combat Bn. as this unit has been assigned another task.
2. 561, 562, 563 and 564 Mine Clearance Companies will therefore be brought up to S.E. with reinforcements from IAGO, CESSANO. Selected personnel from surpluses with Administrative Divisions may, if necessary, be sent to CESSANO for this purpose.
3. Reinforcements selected for this task, if not already trained, will be given a ten-day course at CESSANO before posting.
4. Rail movement of these reinforcements will be requested by MLLA for the period 17-24 September. You are requested to inform MLLA of numbers and destinations before 6 September.
5. It is realized that this means a considerable delay before personnel are effectively employed with the companies. You will therefore instruct the local A.M. Divs to post immediately any suitable men now at their disposal to these companies. Such postings will of course count against the numbers to be sent from IAGO, CESSANO.
6. Further reinforcements for the companies will be provided in the future from IAGO, CESSANO. You will make arrangements for trained men always to be available to meet the message anticipated.
