26 June 1945.

SUBJECT: Reorganization of ER-ITI Re-inforcement Depots and Schools.

TO: Commanding General, 15th Army Group, APO 777
Commanding General, Fifth Army (British Incrcment), APO 464
Headquarters Eighth Army (Main)
General Officer Commanding, Number 1 District.
General Officer Commanding, Number 2 District.
General Officer Commanding, Rear Area Allied Command
Chief Commissioner, Allied Commission, APO 394
FOR: Land Forces Sub Commission (SFIA)

1. With the end of hostilities in Italy, it is no longer necessary to maintain the distinction between combat and service troops of the Italian Army. While problems of clothing and individual admini tration will be worked out separately, it is desired to put into earliest operation the following reorganisation of reinforcement depots and training schools.

2. Separate holdings of reinforcements for combat and service troops will be pooled at the Italian Reinforcement Training Center, Cesano. The breakdown of the ER-ITI Italian Army Ceiling (less co-operators) will be adjusted as follows:-

	Existing Breakdown.	Revised Breakdown.
ER-ITI Unit Ceiling	142,850	143,000
ER-ITI Art Holding	17,650	7,500
ER-ITI Carabinieri	NIL	10,000
	160,500	160,500

3. ER-ITI Re-inforcement Depots at Ravisonnia and Trani will be closed down as soon as reinforcements and staffs can be transferred under arrangements Land Forces Sub Commission, Allied Commission (SFIA), who will notify this Headquarters of a suitable date for disbandment of the depot staffs.

4. The Italian Base Reinforcement Depot at Orvieto will become the Re-organisation Centre for Italian Army units. All Infantry Unit Right units will be formed at this Centre, and where possible, units for disbandment will be sent to Orvieto so that personnel and equipment may be transferred to new units as required. Land Forces Sub Commission, Allied Commission (SFIA)

Declassified E.O. 12356 Section 3.3/NND No. 785020

In conjunction with Headquarters 1 District will prepare war establishment proposals for the minimum Italian and British staffs considered necessary to complete the Infantry List Eight programme at Orvieto. MMIA will also submit recommendations for the capacity of this depot. Personnel exhibiting at Orvieto will be held against the existing allotment for enforced but authorised units of the Italian Army (SM-IIIS) and NOT against the authorised reinforcement holding of 7,500.

5. The Italian Reinforcement Training Centre at Cesano will be reorganised to train the Italian Army in accordance with the policy outlined in this Directive.

(a) The Combat Groups will be trained up to the standard required for internal security duties.

(b) Collective training will be the responsibility of Combat Group commanders.

(c) Italian Reinforcement Training Centre will be responsible for the training of all reinforcements for all units, including:

(1) Training of reinforcements for the Combat Groups up to the standard of British Class I soldiers i.e. rifle platoon, gun team, etc. standard.

(2) Training of instructors for Combat Groups and for the instructional staff of the Italian Reinforcement Training Centre.

(3) Training of reinforcement specialists for all arms.

(4) Training of tradesmen, including those required to complete priority List Number Eight Units.

(d) MMIA will prepare revised War Establishments for British and Italian Staffs at Cesano to meet the above training requirements.

6. Separate instructions will be issued for demanding reinforcements from Cesano. No reinforcements will be available from Orvieto.

7. Command and administration of the Reinforcement Training Centre will remain as at present. The Reorganisation Centre at Orvieto will be under command and administration Headquarters 1 District.

8. The above reorganisation will be completed no later than 25 July 1945.
