1. Reference letters this headquarters, file as above, dated 11 and 14 November 1944, it is intended that control of the provision of Italian army manpower shall be exercised through the medium of Priority List 8, which will be republished to include allocations of personnel to all categories listed in letter this headquarters, file 922.5, dated 14 November 1944.

2. When your recommendations for the proposed Order of Battle of ITI-ITI Units are complete, forward a list of deficiencies in existing ITI-ITI Units together with a list of new ITI-ITI Units to be formed, stating latest dates by which you consider these units must be ready. These requirements will be included in the new Priority List 8.

G.3 (Org).

Reference A.A.I. letter 1605/50/69/G(SD1) dated 16 Sep 44.

1. A complete review of the Supply and Transport units in this Theatre has now been made and as a result it has been decided that the formation of the u/m units shown in the Priority List 8 are no longer required and it is requested that MIA be advised accordingly :-

Serial 40	3 D.I.Ds.	Serial 115	1 G.T. Coy
Serial 125	3 D.I.Ds.	Serial 215	1 G.T. Coy
Serial 220	3 D.I.Ds.	Serial 310	1 G.T. Coy
Serial 315	3 D.I.Ds.	Serial 405	4 G.T. Coy
Serial 410	6 D.I.Ds.		
Serial 435	9 B.S.Ds.		

2. The reason for the cancellation of these units which were submitted by A.A.I., are as follows:-

(a) D.I.Ds.

Although there is a deficiency of this type of unit in this Theatre, it is not considered practicable to dilute with Italian Army personnel, as no facilities exist for training the personnel. Our experience of them in G.T. Coys clearly indicates that they are entirely unsuited for supply work.

(b) B.S.Ds.

There are sufficient B.S.Ds in this Theatre to meet existing commitments and dilution is not necessary in view of the fact that there is no deficiency of the ranks and trades of personnel which would be thrown up as a result of dilution.

(c) G.T. Coys.

This Directorate's letter AFHQ/1108/10/ST dated 14 Oct 44 refers.

1. The information in the following paras is given for your guidance in the provision of personnel against the requirements set out in Priority List 8.

2. Engr

All engr personnel should pass through the Italian Engr Depot SANTA MARIA CAPUA VETERE. The engr figures do NOT include demobilisable personnel of the 1912/1913 classes.

3. Tr

(a) Of the Docks Op Coys, one coy is in the process of being formed from Italian Naval personnel, the remaining three coys will have to be formed from Army sources. Tradesmen are required as follows for each coy :-

Carpenters and Joiners	3
Checkers	52
Clerks	14
Crane drivers	27
Stevedores	220
Pioneers	48
	<u>364</u>

It is realised that it will be difficult to find the required number of Checkers and Stevedores and that a considerable amount of training will be necessary after the formation of the units.

1779

(b) Railway Engr Bns (Rfts 10 Offrs & 508 ORs)

The provision of rfts to complete the Railway Engr Gp to WE should be postponed until the advance of the Armies has liberated further territory including the important rail centres such as Bologna.

2. Engr

(b) Railway Engr Bns (Rfts 10 Oftrs & 508 ORs)

The provision of rfts to complete the Railway Engr Gp to WE should be postponed until the advance of the Armies has liberated further territory including the important rail centres such as Bologna.

Until this has been affected it will not be possible to obtain skilled railwaymen. It is known that there are several railway units in the North of Italy and it should be possible later on to collect a number of personnel of these units, as was done in the advance to Rome and beyond. The following tradesmen are required :-

Carpenters and Joiners	60
Electricians	12
Plumbers	12
Motor mechanics or Engine fitters (Aggiustatori Meccanici o Motoristi)	12
Oxy-acetylene Welders	12
Blacksmiths	24
Masons	36
Labourers	156
Platelayers	160
Miners	24
Total	508

They can be accepted in existing units as they become available.

Officers should all have some engineering qualification - railway construction if possible.

4. Sigs

It is proposed to utilise the personnel of the signal element of 210 Mista Genio Coy as rfts for existing Italian Line Constr Secs, and, together with the output from the Italian Linemen's Training School at FRANCAVILLA, to make up the balance of nine Line Constr Secs which are still due to be formed.

Personnel to meet deficiencies in other than Line Constr Secs can be accepted immediately. Only trained linemen can be accepted for the Line Constr Secs.

5. Ord

The rate of acceptance of personnel is directly related to the rate at which necessary training can be effected at RAOC Training Establishment, i.e. approx 450 per fortnight starting immediately.

In addition certain personnel, i.e. craftsmen, general dutymen, batmen, can be accepted pari passu, so that at the end of 8 fortnightly periods the necessary personnel for implementation of Appendix 'A' are available and trained.

Appendix 'B' shows the Italian personnel required by trades and the acceptance programme based on the above.

It is realised of course that the programme as at Appendix 'B' depends entirely on availability and will have to be modified according to the personnel provided.

Reference this HQ letter 1605/50/69/G(SD1) dated 16 Sep 44 enclosing Priority List 8.

Dealing.
1. In order that the maximum of information may be available on the progress of the provision of personnel against serials on the list and the sources from which the personnel are to come, it is requested that you resume the publication of progress reports on similar lines to your "MIA Priority List" issued under your reference SD/15 dated 12 May 44.

Part with.
2. It is also requested that early information be supplied by you regarding personnel whom you wish to be shipped from SARDINIA to meet the requirements of List 8. Priority List 7 will shortly be cleared unless further serials are added and it is imperative that shipping space is not wasted.
