SUBJECT: Formation of Units for HTO ICF, CESAM.

LAND FORCES SUB COM. A.C.
(P.M.I.A.)

50/6
19. March 65

TO : AFHQ.

Copy to: "P" BLU, HTO ICF CESAM.

1. Authority is requested for the formation of the following units for employment at HTO ICF :-

Unit	Offr	OR's	M.E.
(a) HQ A General Transport Coy	4	36	CM/53/1
Two Transport Platoons each	1	49	CM/533/1
Six 4 ADI's each	-	78	CM/532/1
(b) ONE LAB	-	12	CM/540/1

2. The reasons for this request are :-

(a) Experience shows that the allotment of transport on the H.E.'s of the centre, including 1,500 Transport Platoon, is not adequate to meet the multifarious needs of the Centre, both ordinary administration and the building up of the whole establishment. It is thought therefore, that the most economical way of increasing the Centre's transport is to make up the present independent Transport Platoon and Workshop Platoon into a complete 3 Platoon Company.

(b) The LAB is required to maintain the 113 vehicles proposed for the Driver and Maintenance School. The vehicle repair facilities for HTO ICF would then be as follows :-

(1) 152 Mechanical Engineering Platoon at CESAM serving :-

HQ. HTO ICF and H.E. Troops
1 Regiment
2 Regiment
Infantry School
Mechanics School

4368

0344

1. Authority is requested for the formation of the following units for employment at RHC ICF :-

Unit	Offr	QRA	W.2
(a) RHC General Transport Coy	4	3	CM/537/1
Two Transport Platoons each	1	49	CM/533/1
SIX 4 BDL's each	-	79	CM/532/1
(b) 1 LAD	-	12	CM/540/1

2. The reasons for this request are :-

(a) Experience shows that the allotment of transport on the W.B's of the centre, including 1,500 Transport Platoon, is not adequate to meet the multifarious needs of the Centre, both ordinary administration and the building up of the whole establishment. It is thought therefore, that the most economical way of increasing the Centre's transport is to take up the present independent Transport Platoon and Workshop Platoon into a complete 3 Platoon Company.

(b) The LAD is required to maintain the 113 vehicles proposed for the Driver and Maintenance School. The vehicle repair facilities for RHC ICF would then be as follows :-

(1) 152 Mechanical Engineering Platoon at CM&MC

serving :-

- RHC, RHC ICF and H.Q. Troops
- 1 Regiment
- 2 Regiment
- Infantry School
- Mechanics School
- BU

4388

(11) 152 LAD at BRACELAND serving :-

- H.Q. Composite Regiment
- Artillery Depot and School
- 5 Engineer Battalion, including Field Engineering School, and Signals Centre
- 6 Mixed Battalion
- Instructors School

(111) One LAD at CM&MC, serving :-

- D & M School

0345

Declassified E.O. 12356 Section 3.3/NND No. 785020

- 2 -

- 3. As you know, the Centre has up to now had at its disposal the vehicles of No. 1 and afterwards No. 2 S.T. Company. It is expected, however, that the latter will go forward on 1 April.
- 4. If this request is approved in principle, it is suggested that one Transport Platoon (to be designated 1501) should be formed immediately, and the Company H.Q., the other Transport Platoon, and the MLI's, at the end of April. The formation of an organic company would have the advantage that if the situation in Italy changes, and training of reinforcements is not a first priority, the whole company could be detached for duty elsewhere. The LAD under 2(b) is required immediately. It is proposed that it should be designated No. 153 LAD.
