1. Attached list shows confirmed arrivals of Italian troops from Sardinia since 14 November 1944.

2. It would be appreciated if this office and all interested formations such as, 3 District and Pensouth could have as much advance information as possible of loadings of personnel. Without this, it is difficult to arrange for transportation.

3. An up-to-date copy of list 7 is also required. Our present copy dated 21 October, and unamended, is of little value.

SUBJECT: Field Hospitals on List 7.

TO : Commanding General, Army Sub Commission, ACC
Main Hq (IMIA), APO 394.

1. With cable SD 1751 of 15 September, Main AAI placed on priority list 7 520 Field Hospital at Serial No. 144 and 331 Field Hospital at Serial 145; for despatch during October.

2. Both these Hospitals have a large number of hospitalized personnel whose transfer would hold up the preparation of the Units.

3. Comando Militare della Sardegna therefore have requested that they may be allowed to prepare:

964 Field Hospital instead of 520th and
229 Field Hospital instead of 331st.

4. I have examined the situation and the request seems reasonable. Request authority for this substitution.
