SUBJECT: War Establishments - ITI-ITIs.

FOR: Land Forces Sub-Commission (MMIA).

1. Reference MMIA letters SD/18/1 of 14 December 1944 and TS/G/12 of 18 December 1944, it is considered unnecessary for the War Establishments of purely ITI-ITI units to pass through the War Establishments Committee, since British personnel and equipment are not involved. - (a) An increase of:

- (ii) All personnel are Italian military.

- (d) No existing units are affected by this proposal.

- (e) Draft of the proposed establishment is attached as Appendix 'A'

3. Reasons for the Proposal

- (a) A detachment of Italian Army personnel consisting of one officer and 29 OR has been attached to No 1 ICU since June 1944 for the following tasks:

- (i) When No 1 ICU is engaged in active operations the detachment clears mines and booby traps from targets, billets, bivouacs, areas etc., and after the capture of a city it has in the past assisted the Garrison Commander in the clearance of mines. On occasions the detachment is used to reinforce the Commando troops under command No 1 ICU.
- (ii) Between operations the detachment is used for guard and fatigue duties.

- 2 -

- (b) These tasks are essential to No 1 ICU's activities, and, were there no Italian troops to perform them, would necessitate the employment of additional Allied personnel.
- (c) The detachment at present attached to No 1 ICU is familiar with the latter unit's routine work between operations and has shown considerable skill and bravery during operations.
- (d) It is therefore requested that its position may be regularised and its continued service to No 1 ICU assured, by the authorisation of the WE now proposed for it.
- (e) The two 3-ton trucks are required in order to carry the explosives and other heavy equipment of the two sections in which the detachment is organised.
- The car 5-ent 4x4 is required for the use of the O.C. for visiting his sections and HQ No 1 ICU. The MO is required for carrying despatches.
- (f) It has been agreed with MMIA that this unit should count against BR-ITI ceiling.

1. The proposal is for an amendment to W.E. of an Italian Field Hospital W.E. NA/574/1.

2.

Effect of the Proposal

- (a) An addition of 10 Red Cross Nurses per unit.
- (b) No alteration in ranks.
- (c) (i) The additional personnel will be found from CRI who are volunteers.
 (ii) These volunteers will be ITALIAN (mobilised Red Cross personnel).
- (d) This proposal will apply to the following units:-
 230, 232, 429, 519, 470, 866, 522, 576, 520, 231,

3.

Reason for the Proposal

(a) These units have in the past normally catered for 70 beds; they have now expanded to 200 bedded hospitals without the addition of any extra personnel. Implementation of Amendments
to War Establishments.

1. Since there are two War Establishments Committees operating in CME, all amendments approved by the AM Committee need to be forwarded to AMHQ before promulgation.

- (a) in order that an amendment number may be allotted and
- (b) to ensure that all personnel increases are within the AMHQ manpower ceiling.

2. To save time it has been agreed with AMHQ that all amendments approved by the AM Committee may be implemented w.o.f. the date of approval, subject to the issue of the printed amendment after co-ordination with AMHQ.

3. Since the committee has no power to approve net increases in personnel, it is again stressed that a corresponding decrease in establishment must be submitted with such proposals, or considerable delay will ensue.
