1. In order that Press and Radio censorship may be transferred in the rear areas to the Italian authorities it is proposed to approve a W.E. vide Appendix "A" at the first W.E.C. Committee meeting of MMIA next week. W.E. shows total of 45 officers and 15 ORs and will incorporate the existing Press and Radio Censorship Unit 11 officers shown as serial 11 in Appendix "A" to MMIA 6D/18 of 21 Mar. It is considered that as the future requirements of censorship in occupied Italy are necessarily uncertain, the most convenient method of meeting future commitments is by the establishment of a military censorship pool. The proposed distribution of personnel within the pool is included for your information by notes to the proposed W.E.

2. Owing to the fact that 810 Service Son total 68 all ranks was transferred from ITH-III to BR-III category vide your F 41001 cite FHCTP of 10 Mar sufficient space in Cat 5(c) exists.

The President of the Council of Ministers
234

Rome, 21 March 1945

Reference to our conversation of this morning, I want to emphasize my point of view about the passage of the Ufficio Informazioni (ex S.I.M.) under the dependence of the War Department.

- 1) This passage which was decided in the Council of Ministers of March 7th, was, as you know, approved on general principle by the Allies, who asked for some conditions to be respected, so that they could give a final approval. -
- 2) I sum up these conditions which I have no difficulty in accepting:
 - a) the elements forming the Ufficio Informazioni appear in enclosure n. 1, and were drafted in agreement with M.A.I.A.;
 - b) the office will depend directly from the Chief of Staff of the Army;
 - c) the organization and the functions of the elements of the Ufficio Informazioni, at present 'under Allied operating command' (c.f. enclosure 1) will remain unchanged;
 - d) when the passage will have taken place, the organization and personnel of the remaining elements of the Ufficio Informazioni will be examined in view of a possible reorganization; nevertheless, no changes or transformations will be made without the previous approval of the Allies for any proposal whatever on this subject presented by the War Ministry;
 - e) the passage under the dependence of the War Ministry will have to take place as soon as possible; in no case later than April 1st;
 - f) these various conditions give the guarantee, required by the Allies, that the Ufficio Informazioni will not be used as a political instrument.

I shall be most grateful, my dear Admiral, if you will kindly send me an answer on this subject.

No. 1247

20 March 1945.

SUBJECT : Proposed expansion of the 808 C.S. Bn.

TO : G-2(CI), AFHQ

SD/18

Copy to : M.M.I.A.

1. The undermentioned appendices which are enclosed herewith have been submitted to this office by the Commanding Officer of the 808 C.S. Bn.

They have been drawn up after careful consideration of the contingencies that will arise on the occupation of Northern Italy and the probable demand for C.S. Centres in FRANCE and GERMANY to assist in the repatriation of Italians.

2. The enclosed appendices are as follows:-

- (a)- C.S. Headquarters strength.
- (b)- C.S. Centres for the North of Italy.
- (c)- C.S. Total Strength.
- (d)- Map showing the proposed territorial jurisdictions of C.S.

3. It will be observed that this proposed expansion of C.S. gives a total of 1380 officers and OR's, of which 1000 would be CC.RR. personnel.

As the present ceiling laid down in MMIA letter TS/SD/31 dated 26 Dec. 44 is 1000 officers and OR's, there would be an excess of 380 to this number.

It is felt, however, that the importance of the work performed by C.S. in our war effort and the assistance that this organization can afford us in the immediate post-armistice period, both of which facts are well-known to you, would warrant the increase in personnel.
