AG 091.711/119 GCT-O

24 December 1944.

SUBJECT: Re-Allotment of Guard Battalions.

TO : General Officer Commanding, Number 3 District.

1. In order to provide three (3) Italian Guard Battalions for duty in North West Italy, it is necessary that two (2) further Italian Guard Battalions should be released from Number 3 District area in addition to 519th Italian Guard Battalion.

2. You will arrange relief of one (1) Italian Guard Battalion at full strength by "K" Garrison Battalion between 1 and 7 January 1945. The nomination and entraining station for the battalion to be relieved will be notified as soon as possible to this headquarters.

3. It is considered that "K" Garrison Battalion will be able to take on more responsibilities than those at present carried out by one Italian Battalion. You will report NOT later than 28 December 1944 on the possibility of releasing a further Italian Battalion concurrently or immediately following that referred to in paragraph 2 above. If a second whole battalion cannot be spared you will say what strength you consider can be offered from this second battalion. It is stressed that the total number of Italian Guard Battalions cannot be increased, except as a very temporary measure, beyond the number now in existence, and that existing units will have to be stretched to the limit of security.

4. Personnel released by letter, this headquarters, file ASD/369, dated 17 December 1944, will also materially assist in the relief of a second Italian Guard Battalion.
