OGGETTO: Accertamenti relativi alle due cp. nebbiogeni 502[^]e503[^].

50/21
 9

1019

 L'ordine per la costituzione delle due compagnie in oggetto, destinato al servizio degli alleati, venne impartito dallo S.M.R.E. ufficioso ordinamento il giorno 10 aprile u.s. Esso prescriveva che:

-la 502[^] cp. nebbiogeni doveva essere costituita dal XLXI C.A. con personale della 3[^] cp. chimica completato da elementi tratti dalla 211[^] divisione;

-la 503[^] cp. nebbiogeni doveva essere costituita dal LI C.A. con personale della 51[^] cp. chimica completato con elementi tratti dai campi di riordinamento.

Si stabiliva inoltre che le due compagnie dovessero avere la forza di 5 ufficiali e 281 uomini e che dovessero partire per la zona di Bari per il giorno 18 aprile.

502[^] cp. nebbiogeni

In base agli ordini del Comando XLXI C.A. detto reparto fu costituito con le seguenti aliquote di personale:

- a) 2 ufficiali e 44 uomini della 3[^] cp. chimica;
- b) 74 uomini del deposito 19^o rgt. fanteria (Micastrò);
- c) 3 ufficiali e 160 uomini del II btg. del 543 rgt. itr..

Aliquota a): buona per disciplina e in discrete condizioni di uniformità. Agli ordini dell'attuale comandante della 50[^] cp. (Ten. Zattoni) questa aliquota avrebbe dovuto rappresentare il nucleo centrale del nuovo reparto, nucleo invece troppo esiguo e inadeguato ove si considerava che la nuova unità doveva avere la forza di ben 281 uomini.

Aliquota b): costituita da elementi quanto mai eterogenei e poco disciplinati provenienti da sbandati quasi tutti in abito civile; un-

L'ordine per la costituzione delle due compagnie in oggetto, destinate al servizio degli alleati, venne impartito dallo S.M.R.E. ufficioso ordinamento il giorno 10 aprile u.s. Ilso prescriveva che:

-la 502^a cp. nebbiogeni doveva essere costituita dal XIX C.A. con personale della 3^a cp. chimica completato da elementi tratti dalla 211^a divisione;

-la 503^a cp. nebbiogeni doveva essere costituita dal LI C.A. con personale della 51^a cp. chimica completato con elementi tratti dai campi di riordinamento.

Si stabiliva inoltre che le due compagnie dovessero avere la forza di 5 ufficiali e 281 uomini e che dovessero partire per la zona di Bari per il giorno 18 aprile.

502^a cp. nebbiogeni

In base agli ordini del Comando XIX C.A. detto reparto fu costituito con le seguenti aliquote di personale:

- a) 2 ufficiali e 44 uomini della 3^a cp. chimica;
- b) 74 uomini del deposito 19^o rgt. fanteria (Nicastro);
- c) 3 ufficiali e 160 uomini del II btg. del 543 rgt. ftr.;

Aliquota a): buona per disciplina e in discrete condizioni di uniformità. Agli ordini dell'attuale comandante della 50^a cp. (Ten. Zattoni) questa aliquota avrebbe dovuto rappresentare il nucleo centrale del nuovo reparto, nucleo invece troppo esiguo e inadeguato ove si considerava che la nuova unità doveva avere la forza di ben 281 uomini.

Aliquota b): costituita da elementi quanto mai eterogenei e poco disciplinati provenienti da sbandati quasi tutti in abito civile; undici di essi affetti da scabbia furono subito rinviati a Nicastro e sostituiti con altri sani.

Aliquota c): vestiario in pessime condizioni (scarpe rotte, uniformi logore, biancheria in brandelli); disciplina non del tutto soddisfacente, condizioni igieniche poco buone.

Quadri ufficiali buoni, meno un subalterno che veniva poi sostituito.

Riunite - tra il 15 e il 17 aprile - le tre aliquote predette, il comandante della compagnia provvide subito a richiedere gli oggetti di vestiario occorrenti, che però, in relazione alla scarsissima disponibilità nei magazzini, furono concessi in misura del tutto insufficiente (182 paia di scarpe, 80 paia di pantaloni di panno usati ecc.)

Ne derivò che la truppa partì da Crotone in pessime condizioni di uniforme (alcuni ancora in abito civile e affatto privi di calzature) e in uno stato igienico-sanitario quanto mai deplorevole ¹⁰¹ seguenza dei pessimi alloggiamenti prima occupati, dalla mancanza di bagni, sapone, mezzi antiparassitari ecc.

Questa situazione venne fatta constatare a un capitano inglese (di cui non è possibile indicare il nome, ma che si ritiene fosse inviato del II District) il quale ebbe a dire che tutto quanto mancava sarebbe stato distribuito a Bari; soggiunse anzi che la truppa avrebbe fruito, nel suo nuovo impiego, di un miglior trattamento alimentare e di una migliore paga.

Durante il viaggio da Crotone a Bari non vi furono assenti arbitrari, ma dopo qualche giorno alcuni militari cominciarono ad abbandonare il reparto (il loro numero complessivo salì poi a 35, quasi tutti calabresi) pare perché delusi dal non vedere realizzate le promesse del citato ufficiale inglese circa vitto e paga.

A Bari furono attuate, a cura del Comando del IX C.A., nel minor tempo possibile tutte le misure per eliminare le deficienze sopracitate (ivi compresa l'eliminazione di un certo numero di militari indesiderabili dal punto di vista disciplinare) e portare la compagnia allo stato attuale, che può ritenersi soddisfacente.

Da quanto esposto si può concludere che tutte le deficienze verificatesi all'atto della costituzione del reparto derivano da cause di forza maggiore, sia dal punto di vista della qualità del personale, che non poteva essere migliore date le fonti alle quali si poteva attingere in Calabria, sia dal punto di vista della sua efficienza dato il difettoso trattamento di cui i militari avevano potuto fino allora fruire, (alloggiamenti cattivi, mancanza di vestiario e di mezzi per assicurare alla truppa migliore assistenza igienico-sanitaria).

503° cp. nebbiogeni

Fu costituita a Latiano completando la 51° cp. chimica (che all'atto della costituzione contava una compagnia di 100 uomini).

di bagni, sapone, mezzi antiparassitari ecc.

Questa situazione venne fatta constatare a un capitano inglese (di cui non è possibile indicare il nome, ma che si ritiene fosse inviato dal II Distretto) il quale ebbe a dire che tutto quanto mancava sarebbe stato distribuito a Bari; soggiunse anzi che la truppa avrebbe fruito, nel suo nuovo impiego, di un miglior trattamento alimentare e di una migliore paga.

Durante il viaggio da Crotone a Bari non vi furono essenti arbitrari, ma dopo qualche giorno alcuni militari cominciarono ad abbandonare il reparto (il loro numero complessivo salì poi a 35, quasi tutti calabresi) pare perché delusi dal non vedere realizzate le promesse del citato ufficiale inglese circa vitto e paga.

A Bari furono attuate, a cura del Comando del IX C.A., nel minor tempo possibile tutte le misure per eliminare le deficienze sopracitate (ivi compresa l'eliminazione di un certo numero di militari indesiderabili dal punto di vista disciplinare) e portare la compagnia allo stato attuale, che può ritenersi soddisfacente.

Da quanto esposto si può concludere che tutte le deficienze verificatesi all'atto della costituzione del reparto derivano da cause di forza maggiore, sia dal punto di vista della qualità del personale, che non poteva essere migliore date le fonti alle quali si poteva attingere in Calabria, sia dal punto di vista della sua efficienza dato il difettoso trattamento di cui i militari avevano potuto fino allora fruire, (alloggiamenti cattivi, mancanza di vestiario e di mezzi per assicurare alla truppa migliore assistenza igienico-sanitaria).

503° cp. neobiogeni

Fu costituita a Lefiana completando la 51^a cp. chimica (che all'atto della costituzione contava una forza inferiore ai 100 uomini) con complementi tratti da standati dei campi di riordinamento di Casarano e Scorrano. Si è pertanto verificato che un piccolo reparto organico, originariamente ordinato e bene inquadrato, ha dovuto assorbire una massa notevole di personale quanto mai eterogeneo e che per le vicissitudini trascorse aveva ormai perduto l'abito all'ordine e alla disciplina.

Sia il comandante della compagnia, sia il comando al C.A. si adoperarono subito per ottenere dal Ministero della Guerra gli indumenti occorrenti per il personale affluito dai campi, ma data la pe-

nuncia di mezzi ed il limitato tempo disponibile (la compagnia partì da Lafiano il 29 aprile) non fu possibile ripianare tutte le manchevolezze esistenti, così che al momento del suo arrivo a Manfredonia il reparto lasciava alquanto a desiderare per il vestiario.

Nel complesso però questa compagnia si presentava, per ordine e insieme di reparto, meglio della 502^a, conseguenza evidente del fatto che si era costituita attorno ad un nucleo ~~più~~ organico più consistente.

Si può dire che la vera notevole deficienza stesse in una parte del personale, non idoneo perché poco disciplinato e poco adatto (analfabeta) per lo speciale servizio in un reparto nebbiogeni.

I provvedimenti per eliminare gli elementi inconsiderabili a migliorare le condizioni del vestiario furono attuati dal Comando ~~101^a~~ ^{101^a} partito e dal Comando di C.A. con la massima diligenza e sollecitudine possibili.

Anche qui non si è constatata alcuna responsabilità a carico di chicchessia.

Da quanto sopra esposto si può trarre la conclusione che, nelle condizioni così difficili nelle quali si dibatté ora l'Esercito italiano, non è possibile addiventire in tempo molto ristretto come quello fissato dalla Missione (nel caso esaminato 5 giorni) alla costituzione pressoché ex novo di reparti. Ore non si tenga conto di ciò, gli inconvenienti, come quelli verificatisi in questo caso, sono inevitabili.

Nello spirito di sincera collaborazione che lo S.M.A.E. dimostra nei riguardi della esigenza allente è doveroso far preventivamente presente alla Missione tutti gli inconvenienti che possono derivare da realizzazioni troppo sifrettate.

Raf 2045G (AD & CW) of 2 Jul, MMIA report that personnel and clothing deficiencies have been made up in 502 and 503 Coys.

The increasing shortage of Allied manpower has forced us to make the maximum use of the Italian Army. Generally speaking experience of the past few months despite unfavourable and discouraging conditions of service, Italian Army units have worked well. *show that,* 1009

Italian Army Smoke Coys have been forced and employed in different parts of the country and no adverse comments have been received on them.

Every effort must be made to train 502 and 503 Coys to the standard required. Any questions regarding the suitability of personnel in the units should be referred to MMIA who will render all practicable assistance.

Please instruct 25 AA Bde to render on 1 Aug a full and detailed report on the state of the two Coys.

K. M. Allen MCol fr

Lieutenant-General,
Chief of General Staff.

Subject: Deficiency of personnel in 507 Smoke Company.

L.O., Army Sub-Commission, (ACC).,
XXXI Italian Corps,
Ponteferrade-CATANZARO.

11/21
July 44.

Ref: C.6/322.

To: H.Q.,
XXXI Corpo d'Armata.

Copy to: Army Sub Commission, ACC.,
Main H.Q., (M.M.I.A.),
LEQUINE. (LECCO).

On 25 June 44 I visited the 507 Smoke Coy. at REGGIO. The strength required was 5 officers and 281 O.Rs., and I inspected on parade this number plus a reserve of about 10%. At the same time, I informed Lt. Col. MARTINELLI that the Company would most likely move on June 26th, i.e. the next day.

2. On the morning of July 4th., I was informed by Major DRAGA, XXXI Corps H.Q., that the 507 Smoke Coy. left REGGIO on 3 July 44 with 37 men short of the strength required by the Allied Programme. The reason put forward for the shortage was that some Commander had allowed a greater number of men to go on leave than could be covered by the reserve held.

3. It is obvious, therefore, that the person responsible for the absence of these men on leave has been guilty of gross negligence resulting in the serious hampering of the Allied Programme - the most important aspect of XXXI Corps contribution to the war effort.

4. In these circumstances, I must ask for this person to be dealt with most severely, and an account of your investigations and disciplinary action to be sent to me immediately for transmission to my H.Q.

Ref 502 and 503 ITALIAN Smoke Coys.

1. Although the above coys have been training for more than the three weeks specified by AFHQ, they are still not acceptable to 25 AA Bde under whose command they are to operate.

2. The following reports, copy to you, have been made on the coys :-

- (a) 2 District 2045 G(AD and GW) dated 22 May 44. — 61
- (b) HQ 61 Inf Gp HQ/79/24 dated 9 May 44. — 60A
- (c) 25 AA Bde G/9/58 dated 23 May 44. — 64A
- (d) 25 AA Bde G/9/61 dated 25 May 44. — 65A

3. It is necessary that these coys should be made operational at the earliest possible moment and it is requested that all deficiencies in personnel and clothing should be made up without delay.

4. The majority of Italian units which have been formed so far have been satisfactory and it is not understood why, in this case, so much trouble appears to have arisen. Will you please investigate and report what you consider to be the reasons for the unsatisfactory state of affairs as far as these coys are concerned.

4 Jun 44.

HQ, No 2 District, COME.

Reference your 2045 G(AD & CW) of 22 May 44 to this HQ (copy to MMIA).

1. Italian Smoke Units.

It has been agreed and MMIA are arranging that Capt MARLETTA be appointed Smoke IO to your HQ for all Italian Smoke Coys in the Eastern seaboard and that Capt MONTONE be appointed OC 503 Coy vice Capt MARLETTA.

2. Indian Pioneer Smoke Coy.

(a) This question has been referred to DDL this HQ who does not consider it essential to have a British Major appointed as Smoke O.C. for TARANTO and BRINDISI. It is considered that the AA Bde Commander will exercise necessary control.

(b) As Smoke Coys are AFHQ troops, the matter has been referred to DDL, AFHQ, whose decision will be communicated to you when received.

(c) The last paragraph of your letter has been noted.

Ref our 2045 G(AD & CW) dated 27 May 44.

1 Comd 25 AA Bde has now received final reports from his Smoke Coy Comds (Brit) in connection with training of 502 and 503 Italian Smoke Units.

2 Details of these reports have already been covered in our 2045 G(AD & CW) dated 22 May and 2045 G(AD & CW) dated 26 May 44.

3 It is again stressed that the present rate of pay of 9 lire a day is insufficient and is, undoubtedly, a contributory cause of the large number of desertions and the low state of morale and dissatisfaction of the men. It is strongly urged that energetic steps be taken to stabilise the rates of pay, on the same basis as for other Italian troops working for the Allied Forces.

1 502 and 503 Italian Smoke Coys are, at present, being trained in the operational use of smoke, by British Smoke Coys in 2 District.

On completion of training (approx 3 Jun 44) these Italian Coys are expected to take over the AA Smoke Green commitments at MANFREDONIA and BARLETTA.

505 and 506 Italian Smoke Units will then arrive for training in 2 District.

2 After the first week or so of training 502 and 503 Coys, 25 AA Bde report that there are quite a number of men in these Smoke Coys who are unsuitable for the type of work.

The AA defence of ports is based on the assumption that an effective smoke screen will be operative.

It, therefore, follows that if these Italian Smoke Units are ever to reach the state of efficiency rightly demanded by AA Bde Comds, the personnel of these units must be at least of normal intelligence and physically fit.

3 This HQ has requested that Capt FRANCESCO MARLETTA at present OC 503 Italian Smoke Coy be released from this appointment and attached to 2 District as Italian Smoke LO for Eastern Italy.

Capt MARLETTA is well known by G(CW) this HQ and is a CW and Smoke expert.

It is considered that if the appointment of this officer as LO is approved, he would be very useful for vetting Italian Smoke personnel and weeding out unsuitable men, before the period allotted to these units for initial training has expired.

Further to this HQ C/9/58 dated 23 May 44 and ref your message SD1/808 dated 13 May 44.

1 I have received a further report from OC 848 Smoke Coy and have come to the conclusion that the type of men provided for these Italian Smoke Coys is such that they could not be relied upon to carry out their duties satisfactorily in action and I could not in any circumstances consider their deployment at either RABLETTA or MANFREDONIA except for trg purposes.

2 In the case of 503 Italian Coy, out of 200 men who were supplied from Italian Infantry units there have been 90 deserters during the trg period. Unquestionably therefore it would be ludicrous to consider deploying this Coy in an operational role.

3 I would very strongly urge that you refrain from attaching any other Italian Coys for trg until you have given consideration to the pts raised in my C/9/58 referred to above, with particular ref to the selection of suitable personnel.

1. The attached copy of letter from 25 AA Bde is forwarded for your information.
2. With ref to para 2(a) of 25 AA Bde letter, this HQ is writing to ACC on the subject of suitable replacements for deserters and useless bodies. Not received
3. It is understood from 'Q' Branch this HQ that the question of Scale 'A' Rations for the Italian troops has been raised unsuccessfully on many previous occasions and it would seem that issue of rations on this scale is most unlikely.
4. 'Q' Branch this HQ has already written to ACC on the question of clothing and general welfare of these Italian Smoke troops (our 2045/G dated 22 May refers).
5. As far as the Br. attached personnel are concerned it would appear that the existing WE under NA/172/1, of 1 Offr, 1 CQMS, 1 Cpl is now firm. It is considered that the duties of the British L.O. require clarification as the present situation is unsatisfactory to all concerned.

1. The three weeks try period allotted to the Italian Smoke Coys will not end until 3 Jun 44. Several pts have however arisen as a result of experience so far gained and they are submitted below for your consideration and action if thought necessary.

2(a) QRs. Whilst some of the personnel are reasonably quick and intelligent there are quite a number who are obviously unsuitable for this type of work and if the Smoke Coys are to be made efficient it is considered essential that the unsuitable men be weeded out and replaced by men of a more suitable type.

(b) Rations. The present scale of rations is clearly inadequate and is having an adverse effect on the morale of the personnel. This pt is commented on by both Smoke Coy Comds who are of opinion that a satisfactory state of trg will not be achieved unless this is remedied. It is suggested that the Italian Coys be issued with scale 'A' Rations immediately.

(c) Clothing and Welfare Generally. Welfare arrangements in the case of both Coys needs considerable improvement and in the case of 503 Coy in particular an issue of new clothing is essential. The condition of the men on arrival was appalling and a great deal of time had to be spent in delousing them and cleaning them up generally. Unless the men are properly clothed and some provision is made for their welfare they cannot be made into an efficient op unit.

(d) British Attached Personnel.

- (i) As the Italian Coys are fed, clothed and paid by the Italian Army the provision of a British CQMS appears to be unnecessary.
- (ii) The following British WOO's are considered necessary:-

2 Sgts } - duties: assisting in trg and liaison, and superintending
2 Bdrs } the op duties of the men under the supervision
of the British offr.

1 Cpl) - duties: clerk to British Liaison Offr and in charge of
British loaned MT and other British eqpt provided.

(e) The duties of the British Liaison Offr require clarification. It seems obvious that he must himself have some experience and knowledge of smoke duties in order that he may be an effective link between the AADC and the Smoke Coy. He must also take some responsibility for the adm of the Coy as bad adm will effect the op efficiency. It is suggested that the duties of this officer be set out in some detail for the benefit of the offr concerned. At the present moment they do not appear to be clear as to where their responsibility starts and where it finishes.

(b) Rations. The present state of rations is such as to have an adverse effect on the morale of the personnel. This pt is commented on by both Smoke Coy Comds who are of opinion that a satisfactory state of trg will not be achieved unless this is remedied. It is suggested that the Italian Coys be issued with scale 'A' Rations immediately.

(c) Clothing and Welfare Generally. Welfare arrangements in the case of both Coys needs considerable improvement and in the case of 503 Coy in particular an issue of new clothing is essential. The condition of the men on arrival was appalling and a great deal of time had to be spent in delousing them and cleaning them up generally. Unless the men are properly clothed and some provision is made for their welfare they cannot be made into an efficient op unit.

(3) British Attached Personnel.

(i) As the Italian Coys are fed, clothed and paid by the Italian Army the provision of a British CQMS appears to be unnecessary.

(ii) The following British NCO's are considered necessary:-

2 Sgts) - duties: assisting in trg and liaison, and superintending
2 Edrs) the op duties of the men under the supervision
of the British offr.

1 Cpl) - duties: clerk to British Liaison Offr and in charge of
British loaned MT and other British eqpt provided.

(e) The duties of the British Liaison Offr require clarification. It is suggested that the duties of this officer be set out in some detail for the benefit of the offr concerned. At the present moment they do not appear to be clear as to where their responsibility starts and where it finishes.

3. It is pointed out that the above have arisen as a result of a limited experience and that doubtless several other pts will arise by the time the trg has been completed. On the other hand I think it would be wrong to wait until the trg is completed before remedying some of the more obvious difficulties as this would merely mean that the trg would be largely wasted.

1 ITALIAN SMOKE UNITS.

(a) As will be seen from copies of the attached letters from Labour and "Q" this HQ, considerable difficulty and loss of time has been experienced in the initial stages of training these Coys. 946

(b) Owing to inadequate rates of pay, methods of coercion used to produce the required number of men, and the almost complete absence of discipline, desertions are frequent (503 Coy at the moment have 80 deserters).

(c) There is no doubt, but that AA Bde Comds are viewing the matter with grave concern, and unless replacements for the deserters are of better moral, and physical fibre, the question of these units ever attaining a reasonable standard of operational efficiency is very doubtful.

With a view to increasing their efficiency, the following proposals are suggested:-

(i) Capt MARLETTA, formerly of the Chemical Warfare Regt (ROME) and now O.C. 503 Coy, be released from his present appointment and attached as Smoke L.O. to 2 District for all Italian Coys on the Eastern Seaboard. This officer has proved very useful to us in the past on matters of Italian C.W. Intelligence, and it is considered he would be employed to better advantage if he were attached to this HQ in the above role. O.C. 848 (SM) Smoke Coy P.C. who is responsible for the training of 503 Coy, has fully agreed with this proposal. It is proposed to appoint Capt MCINTYRE, who is with the Coy, at present, O.C./Capt MARLETTA, vice

(ii) Rates of pay to be stabilised on the same basis as for other Italian troops working for the Allied Forces.

(iii) Energetic steps be taken to ensure that a better type of Italian soldier is drafted to these Smoke Coys.

Detailed reports from Cs.C./ Smoke Coys, who are training 502, and 503 Coys, are expected shortly, and will be forwarded for your information.

2 INDIAN PIONEER SMOKE COY.

At an interview with AADC. TARANTO S.C. 1981 (Bech) Smoke Coy and G (CW) this HQ, on 20 May 44 the following proposals were suggested:-

In the event of 1252 Ind Pnr Coy taking over Smoke Commitments of 1981 (Bech) Smoke Coy P.C. i.e. TARANTO Fort and BRINDISI, a British white Officer (Major) be appointed as Smoke C.C. for the two screens.

Declassified E.O. 12356 Section 3.3/NND No. 785020

- 2 -

This is considered most desirable, as it is felt by all concerned that with such a large and mixed complement of Italians employed on the two screens, a senior White Officer would be in a position to exert better control, both operationally and administratively. Capt A.P. Dobson, at present 2 i/c 1981 (Bech) Coy, is suggested for the appointment, if agreed. The above officer is widely experienced in Smoke and is considered to be the right type of officer for the job in question.

It is requested that under no circumstances will 1981 (Bech) Smoke Coy P.C. be relieved of their present smoke commitments without prior reference to 8 AA Bde and this HQ.

- 3 It is strongly recommended that, on completion of trg, the men of the Coy are paid at the increased rates which it is understood are given to tps working for the Allied Forces.
- 4 The necessity for this unit and all other Italian units working with the Allied Forces to be properly administered is considered to be vital.

"1 The above unit arrived in this area in a deplorable condition. An immediate kit inspection was held and some deficiencies made good. The following deficiencies are at present unobtainable from Italian sources:-

Puttees	prs	153	Underpants	prs	83

Identity Discs		240	Summer Jackets		281
Summer Trousers		202	Grey Trousers (Denim)		52

(Unit strength = 282 ORs)

2 (a) An Italian HQ was ordered to hold an MVI inspection. This was held under the surveillance of the unit IC and proved unsatisfactory. This HQ lent sufficient soap and old sacking for the men to have an immediate bath as they lacked both soap and towels.

(b) As the MVI inspection was so unsatisfactory this HQ HQ today held another at which was discovered 38 cases of lice and scabies and one of VD. Proper disinfection will be completed by 11 May.

3 In view of the fact that these men have to work alongside a British coy, often in strictly confined spaces, it has been found essential for the hygiene of the pioneers to take drastic de-lousing action.

4 The above unit has three weeks to learn its job of which three days have already been taken up on internal economy and until the indents for many of the articles enumerated in para 1 above are met, it will not be in a fit condition to start proper training, and will produce a serious hold-up in the plan for training such coys envisaged by AFHQ in conjunction with AAI.

5 Not unnaturally, the men are surely, disgruntled and disillusioned at this past neglect which further adds to the difficulties of training them. Their rate of pay is only 5 lire per day as opposed to the Dock Workers 20 lire per day when working. The officers are keen and ready to collaborate but on account of these past circumstances are finding the unit a difficult problem. It will take some time to rebuild the men's faith in their officers; thus the steadiness of the unit, if called upon to work under fire in the near future, cannot but be doubtful.

SUBJECT:- 501 Italian Smoke Coy - Role.

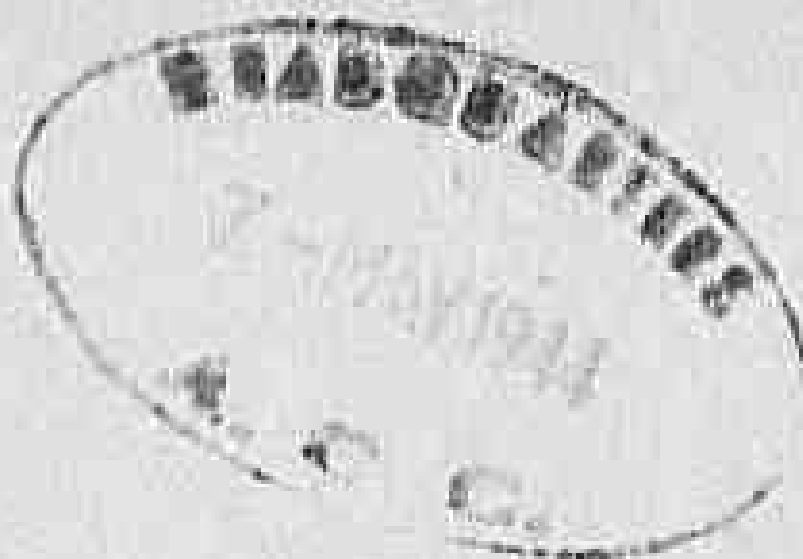

G(3D) AAI

Copy to:- 22 AA Bde
MIA (Main HQ)

In confirmation of conversation Lt col McQUEEN - WARNER of 5 May.

1. It is requested that early direction is given as to whether the proposed role of 501 Italian Smoke Coy, under comd of 22 AA Bde (NAPLES) is "POT" or "SO" generator discharge.
2. "POTS" (Generator No 24) are used for immediate discharge along the shore at NAPLES, are quicker in action, but cover does NOT last as long as "SO's".
3. "SO's" are sited on the higher ground, are slower in action, but make a thicker screen which lasts longer.
4. Both types have their role, therefore. In order that 22 AA Bde may make a firm plan for 501 Italian Smoke Coy's operational deployment and role, may the above requested ruling please be given so that the Coy may train in the required role as soon as possible.
5. Further, if they are for "POTS", no special training or provision of equipment is required, but, if they are for "SO's", both special training and the provision of the necessary equipment will be necessary.

1. At present contemplated, the MANTOVA Division will be the only troops stationed in CALABRIA to carry out the programme heretofore outlined. This has been communicated to you several times previously. When troops now performing Missions for the Allies in CALABRIA are removed from CALABRIA for inclusion in the programme, the Missions must be performed by elements of the MANTOVA Div.
2. This HQ has repeatedly requested SMRE to concentrate the MANTOVA Div in CALABRIA in anticipation of the withdrawal of all other troops. After a long period SMRE finally acted. Transportation has been applied for and will be provided in due course.

Your Excellency,

1. This is urgent.
2. On 9 April you were requested to form certain Smoke Companies. You selected for this purpose some units in CALABRIA. On 12 April you advised this HQ that the 501 Smoke Company, being organised at CATANZARO, would be ready to move on 20 April, with the required strength.
3. This Headquarters has been advised that the 501 Smoke Company entrained on 25 April, with 5 officers and 235 OR's. Therefore the company was short 44 OR's.
4. Despite the fact that 80 men are reported to have deserted just prior to departure and that 36 were supplied from reserves available, the fact remains that the proper number of men was not entrained.
5. This is not the first instance where units have been ordered to move, reported ready, and then entrained with a large part of the required personnel absent. Especially is this true in several recent movements in the XXXI Corps.
6. Effectiveness of the Italian Army can be judged only by its prompt response to instructions. To maintain men for a long period of time to have them absent when ordered to proceed on some mission as a misuse and waste of time, rations, and clothing. To have large numbers of men desert indicates a serious lack of discipline and control. Several times such occurrences have been reported to you, yet they still continue.
7. I must therefore demand that drastic action be taken forthwith to remedy this state of affairs and ensure that the Italian Army becomes in fact effective.

AG 091.711-1 (Italian) C-0

SUBJECT: Formation of Italian Smoke Coys.

TO : Commander-in-Chief, Allied Armies in Italy.

1. The formation of nine (9) Italian smoke companies, to be composed of Italian personnel organised on a War Establishment of a normal Italian labor company, has been agreed by this headquarters. It is requested that arrangements be made for the formation of these companies, three at a time. The first group of three to be formed immediately and the remaining two groups of three companies at intervals of three weeks.

2. In order that these companies may be trained in smoke duties they should be attached for a period of three weeks to the following companies :-

847 British Smoke Company - BART
 848 British Smoke Company - ALFREDA
 849 British Smoke Company - WILLES

It is believed that during this period of training the Italian companies will gain valuable experience if allowed to "double bank" the British companies on the inner ring.

3. During the training period the companies will require the following equipment in excess of War Establishment N.472/1 :-

Bicycles	3
Motorcycles	2
Trucks 3-ton 4 x 2	3

4. When these Italian smoke companies are actually employed on smoke duties, the following eqpt or such portions as may be required, will be made available on a temporary basis by the appropriate Base Section or District in which the company is operating :-

Bicycles	3	) as required
Motorcycles	2	
P.U.	1	) Initial issue of 50 each.
Truck 3-ton 4 x 2	3

Torches, hand	100 with 50% spare batteries	
Lamps, Hurricane	20	

5. A small British cadre of one Officer and two ORs will be provided, but to prevent the efficiency of the units from deteriorating over long periods of inactivity, high grade Italian personnel should be employed. The British cadre will be provided from North Africa. It is desired that you notify this Headquarters of the date and location to which the first three and subsequent cadres report.

6. Captain ~~WILSON~~'S name has been suggested as a suitable person to be placed in charge of the companies. He may be contacted through No 2 District.

7. The first company formed and trained should be employed immediately on the MPLES defences to replace the company withdrawn for duty with Fifth Army.

By command of General WILSON:

Sgt. J.L. TARR,
Colonel, G.D.,
Asst Adjutant General.

Confirming information passed to you by Capt BUBBIN this morning:-

1. You are requested to form Nine (9) Smoke Coys for employment with the Allies.
2. Three are required as soon as possible and the remaining two groups of three companies at intervals of three weeks.
3. Each company is to consist of 5 officers and 209 other ranks, and will have a small British Cadre of 1 officer and 2 other ranks attached.
4. Each company should be organised to operate independently and should be fully equipped with light tentage and household equipment.
5. In order to speed up delivery of the first three companies, Allied Hqs have been informed by signal that they can be moved promptly and deficiencies of clothing made up at destination.
6. Please advise this HQ as soon as possible of the designations and locations of the first three companies selected and of the clothing etc that will be required on arrival.
7. Destinations and movement instructions will follow. 873
