Fra i pochi colonnelli che posseggano le qualità richieste (preparazione professionale, conoscenza di lingua inglese, ecc.) pare che il più gradito alla Sottocommissione Alleata per i prigionieri di guerra sia il Col. d'art. s.p. - titolo S.G. - Rinaldo FIORE VERNAZZA.

SIM who handle the question of Interpreters are still "in process" of dealing with this matter, but they have informed BARBERINI that no vacancies exist with 8 Army.

Our LO has however approached the War Ministry who state that they are prepared to grant BARBERINI an immediate commission and to employ him with the Gruppi. I think this is the sort of thing he wants and, if so, will he apply to Lt. Col. SANSONE at Ufficio CA at the War Ministry who will, I understand, be able to give him full particulars.

Let me know if there is anything further I can do to help.

"Extracts from a letter addressed to Count de Salis
from Princess Barberini."

18th February 1945

Dear Count de Salis.

Let me thank you very much for your kind interest in my
son in his great wish to be liaison officer with the British.

Yesterday, however, the Italian authorities, after
assuring him he would be off within the week, now say they
have a surfeit of liaison officers and that no more may be
needed. So now the boy, besides being bitterly disappointed
really finds himself in the situation of being neither fish nor
fowl as his demission, (asked for again and again) from the
Corps of the Guardie Nobili, has at last been, with much
difficulty, accepted by H.H. the Pope. You will understand
this particular situation better than any other; may we again
turn to you for help? As you see, my husband and I approve
our boy's desire to take his part in the struggle. In any
case, thank you!

.and believe me yours sincerely,

Henriette Barberini.

FROM: Lt-Col. Count de Salis, Adv AFHQ Liaison Section, 19 Feb 45.

TO : Captain K. Chaytor, Army Sub-Commission, Hqs. A.C.

Reference our telephone conversation this morning ^{15.50}
the above is self-explanatory. It would be very kind of you
to see if anything can be done.

Renewed apologies. I have tried to convey to all
concerned that these questions are completely beyond my powers,
but without avail so far.

Confirming our today's telephone conversation, our Liaison Officer is arranging with the Ministry of War for URBANO BARBERINI to be posted to the 8th Army Pool of Interpreters as soon as may be after he has enlisted in the Italian Army.

I cannot say how long this may take as I do not know whether the Italian Army authorities will require BARBERINI to go through any Basic Training or other courses before enlistment, nor, if so, for how long.

I suggest that when he is posted to the Pool of Interpreters he should get into touch with this office again, and we can ask our LO with 8th Army to give him a recommendation.

TO : Captain K. Chaytor

With reference to our telephone conversation this morning and in confirmation.

Major Fleming, British Embassy, came to see me yesterday afternoon with the following request.

Urbano Barberini, son of Prince Barberini and Princess Barberini (American) is aged 21, has not had any previous service and is described as "about to join the Italian Army Liaison service".

His parents are anxious that he should be attached if possible to a Guards Regiment or to some unit where he would feel at home. The applicant states that he is anxious to see active service.....

He is described as speaking English and French perfectly.

I understand from Major Fleming that Lady Charles is interested in this case, hence I forward the application on its merits.

I am sure that any assistance you may be kind enough to give in this matter will be much appreciated.

With all my personal apologies, as this is completely beyond my terms of reference!

Reference conversation Capt SELBY - Col PIRIE on morning 6 Feb 45.

1. The Commandant RACTD has requested that an English speaking Italian Officer may be attached to his Depot, located at RIETI, for liaison purposes.
2. Though he has two interpreters, he is of opinion that an Italian officer with his military background and status would very greatly facilitate liaison between RACTD and the various Italian Authorities with which they must necessarily come into close contact.
3. As you are aware, RAC units in the forward area have attached to them an English speaking Liaison Officer and these it is understood have been found to be of great use. Whilst the contacts of the Liaison Officer at RIETI would necessarily be more concerned with civilians than with Italian military organisations, it is considered that the Liaison Officer would acquire a useful knowledge of RAC organisation and training.
4. In the past RACTD have had the assistance of a British officer who speaks Italian, but this officer is shortly leaving.
5. I recommend the application and should be grateful if you would please inform me in due course whether you anticipate being able to make an officer available.

Subject: Italian Army Interpreters

Information as below

1. It is probable that a pool of Italian Army Interpreters will shortly be formed under the title of "Italian Groups" and consisting of both officers and in-liaison.
2. These interpreters will, in the case of units and formations in forward areas, be attached for investigation of civilian and Italian personnel coming from enemy territory and encountered within the area for the organizing of people and Italian units. For Italian units, all of units both in forward and in rear areas, they will be assigned to Italian formations and units. Italian units will be assigned to the units of one per officer, as these officers will be attached to Italian units singly.
