DPR/1-S/ADM.

SUBJECT: D.F.R.S.C. Plan for Northern Italy.1. Area Covered.

as it is impossible to divide Northern Italy into two parts either for dealing with refugees during operations or later repatriating Italians from outside the Frontiers, this plan deals with Northern Italy as a whole and concerns the five Regions of EMILIA, LIGURIA, LOMBARDIA, PIEMONTE and VENEZIA.

2. GENERAL PLAN.

This general plan is divided into two phases. The first phase being the operational phase, when the most important task is the care of war refugees. The second phase is mainly repatriation. These two phases may have to function conjointly if North West Italy is liberated before North East Italy.

3. PHASE I (Operational)

Refugee Centres handled as previously in 5th and 8th Armies' areas, and in the rear of those, by the three existing Groups of Centres. Allied Nationals in large towns to be cared for by Forward Representatives of D.F.R.S.C. who will accompany A.M.G. squads, and in addition by mobile Forward Groups, who will deal with both Italian and Allied Nationals, as required, as far as possible centres selected for this phase will be those which will also be required in Phase II.

4. PHASE II (Repatriation)

a) Italian. There are approximately one million Italians to be returned to Italy from outside the Northern Italian Frontiers. It is impossible at present to forecast by which route most of the Italians now in Germany will arrive - Viz:- By train through Switzerland, or from the North East.

They may consist of:-

- (i) Former Italian Soldiers.
- (ii) Ex-Italian P.W.
- (iii) Italian workmen, including some women.

It has been agreed in view of the difficulties of distinguishing repatriates, that D.F.R.S.C. in conjunction with the High Commissioner for

This general plan is divided into two phases. The first phase being the operational phase, when the most important task is the care of war refugees. The second phase is mainly repatriation. These two phases may have to function conjointly if North West Italy is liberated before North East Italy.

3. PHASE I (Operational)

Refugee Centres handled as previously in 5th and 8th Armies' areas, and in the rear of these, by the three existing Groups of Centres. Allied Nationals in large towns to be cared for by Forward Representatives of D.P.A.S.C. who will accompany A.M.G. spearheads, and in addition by mobile Forward Groups, who will deal with both Italian and Allied Nationals, as required. As far as possible centres selected for this phase will be those which will also be required in Phase II.

4. PHASE II (Repatriation)

a) Italian. There are approximately one million Italians to be returned to Italy from outside the Northern Italian Frontiers. It is impossible at present to forecast by which route most of the Italians now in Germany will arrive - Viz:- By train through Switzerland, or from the North East.

They may consist of:-

- (i) Former Italian Soldiers.
- (ii) Ex-Italian P.W.
- (iii) Italian workmen, including some women.

It has been agreed in view of the difficulties of distinguishing repatriates, that D.P.A.S.C. in conjunction with the High Commissioner for Italian Refugees, will establish an organisation to deal initially with all repatriates arriving in Northern Italy. After the initial processing of repatriates, those who are found to be former Italian soldiers or Italian ex-P.W. will be handed over to be dealt with by the Military Organisation concerned, either in part of the same centre or another centre as is convenient.

b) Non-Italian. It is estimated that at present there are some 30,000 non-Italian Displaced Persons in Northern Italy who will require to be returned to their own countries. The centres as proposed will deal with these, and in addition there will be centres at GEMDA and TRIESTE from which Allied Nationals can be repatriated. These may be part of centres outlined in this plan, or separate centres according to available accommodation. The further Allied National Centres to be selected later on.

5. ORGANIZATION.

a) Advanced Repatriation Headquarters consisting of advanced Representatives of H.Q.D.P.R.S.C. with such representatives of War Materials Disposal and Italian P.W. Sub-Commission and Land Forces Sub-Commission if required, as are considered necessary, and their opposite numbers in the Italian Government, will be set up either at MILAN or in the vicinity of the Allied Military Organisation concerned.

b) Group Headquarters will be set up at each Allied Commission Region Headquarters, except EMILIA. D.P.R.S.C. Centres in EMILIA would be eventually controlled from the Group Headquarters in LIGURIA. It may be necessary to have a second Group Headquarters in VENETIA Region.

c) Each Group Headquarters will control several Collecting and Transit Centres, which in turn will control certain Frontier Repatriation Posts.

Collecting and Transit Centres - Capacity 5,000 persons.
Frontier Repatriation Posts - Capacity 1,000 persons.

The most suitable accommodation is ex-P.Z. Camps, Barracks, Schools, Hotels, or other large buildings. Such places are essential for centres as NO curves is available. Centres to be in or near to the places named, and if possible not more than ten miles away and sited on or near main communications.

d) Establishments of D.P.R.S.C. Group Headquarters and various D.P.R.S.C. Centres are shown in the attached appendices "A", "B" and "C". These appendices do not include the necessary personnel for handling and documenting Italian P.W.'s and soldiers. A further appendix will be issued to show this requirement. Additional personnel required have been requested from A.F.H.Q. C.C.R.R. if not available, will be replaced by Italian Military personnel.

Collecting and Transit Centres and Frontier Repatriation Posts are shown on the sketch map (appendix "D") and listed by Regions (appendix "E").

6.

MEDICAL.

10 bedded Sick Bay - each Frontier Repatriation Post.

50 bedded Centre Reception Station - each Collecting or Transit Centre.

100 bedded hospital will be installed at GENOA and TRIESTE for Allied Nationals.

Medical stores required will be supplied through Public Health Sub-Commission. Equipment as available locally and to be brought up to scale by what may be obtainable from army or A.C. sources.

7.

TRANSPORTATION.

Collecting and Transit Centres - Capacity 5,000 persons.
Frontier Repatriation Posts - Capacity 1,000 persons.

The most suitable accommodation is ex-P.W. Camps, Barracks, Schools, Hotels, or other large buildings. Such places are essential for centres as no curves is available. Centres to be in or near to the places named, and if possible not more than ten miles away and sited on or near main communications.

a) Establishments of D.P.R.S.C. Group Headquarters and various D.P.R.S.C. Centres are shown on the attached appendices "A", "B" and "C". These appendices do not include the necessary personnel for handling and documenting Italian P.W.'s and soldiers. A further appendix will be issued to show this requirement. Additional personnel required have been requested from A.F.H.Q. C.C.R.R. if not available, will be replaced by Italian Military personnel.

Collecting and Transit Centres and Frontier Repatriation Posts are shown on the sketch map (appendix "D") and listed by Regions (appendix "E").

6.

MEDICAL.

10 bedded Sick Bay - each Frontier Repatriation Post.
50 bedded Centre Reception Station - each Collecting or Transit Centre.
100 bedded hospital will be installed at GENOA and TRIESTE for Allied Nationals.

Medical stores required will be supplied through Public Health Sub-Commission. Equipment as available locally and to be brought up to scale by what may be obtainable from Army or A.C. stores.

7.

TRANSPORTATION.

The normal method of moving refugees is by back-loading army and Allied Commission transport. As this will be insufficient, one S.I. Coy. of 100 vehicles, 10 ambulances and 10 water carts for each Group Headquarters has been requested from A.F.H.Q.

8.

FEEDING.

a) Centres will be on the "Allied Commission Italian Refugee Scale". Supplies have been requested from Food Sub-Commission and will be included in bulk supplies to Regions.

b) In special centres set up for Allied Nationals, rations will be A.F.H.Q. Scales 24 - 30.

9. ACCOMMODATION STORES FOR CENTERS.

To supplement stores at present in possession of this Sub-Commission, local purchase and Army sources will be utilized.

10. DUTIES OF D.P.R.S.C.

Officers Commanding Group Headquarters of D.P.R.S.C. will work in close touch, and will be available to assist and advise Regional Headquarters on Italian Refugee or Allied National problems.

In view of their limited numbers D.P.R.S.C. personnel are normally only responsible for inmates, or those refugees moving to and from D.P.R.S.C. Centers. Refugees and Displaced Persons in Provinces and Communes will continue to be the responsibility of the Italian authorities, supervised by Regional and Provincial Welfare Officers or such other persons as the Regional Commissioner may direct.

1. OBJECT

It is desired to arrive at a standard organisation for the 3,000 ITI-ITI military personnel who are operating under AC.

2. LIST OF UNITS

(a) This HQ therefore wishes to publish a list in the form at Appendix "A", showing :-

(i) each of the units formed or to be formed within the ceiling of 3,000.

(ii) their correct standardised nomenclature and numbering.

(iii) their War Establishment strength of officers and ORs.

(iv) their location, or if designed to operate in parts of ITALY still occupied, intended location.

(b) You are requested to complete the proforma at Annex "A", correcting where necessary the incomplete details at present in consideration of this HQ which have been inserted in it.

(c) This list will supersede page 1 of the list attached to this HQ letter G/11 of 8 Jan 45.

3. PERFECTED UNITS

- (a) It will be necessary to show each of the refugee camps etc separately but his has not been attempted on Appendix "A" because it is understood that the required organisation differs considerably from that shown under the heading WE in G-1 Br 604/1 of 26 Feb. It is suggested that considerable economy of manpower could be made here.
- (b) It is requested that you now furnish particulars of this type of unit as called for in para 2.

4. CC. RR.

Carabinieri should not be included in these WE's as they are treated as separate detachments.

5. SCOPE

All AC requirements including those anticipated when the whole of NORTH ITALY is liberated should be included within the 3,000 ceiling.
