1. The term "effective"

M.M.I.A. explained that the difference between the effective strength of the Italian Army, standing at 340,000 and the ration strength at 303,000, was accounted for entirely by personnel absent on leave, absent without leave, sick and in hospital or in transit. Personnel on leave whilst awaiting demobilisation, amounting at present to 35,000, were NOT counted as "effective."

2. Assets in SARDINIA

M.M.I.A. stated that there were, at present, in SARDINIA awaiting shipment to the mainland, 22,000 to 27,000 Italian Army personnel to meet service unit requirements. The wide margin is accounted for by the presence of personnel due for demobilisation the exact number of whom is NOT known. These 27,000 personnel are ALL counted as "effective". It was agreed that AFHQ should again be asked to provide an augmented personnel list from SARDINIA.
