SUBJECT: Recovery of personnel attached to II/5 - "AOSTA" Regt.

SD/13 II 4/1

Ref letters SD/15 and SD/46 dated 25 Jan 45.

1. On the night of 13th inst., 264 military of the 347 men who were recovered (up to 12th inst) from the personnel attached to II/5 "AOSTA" Regt, left VIBO VALENTIA for ASTRONI.

2. The difference in number of men who did not leave is due to:-

25 men sick
26 men admitted to hospital
32 men absented themselves prior to the departure.
83

These men, as soon as they become fit to travel or those who will be recaptured, will be sent in small groups to "GLI ASTRONI" Camp as it has been laid down.

3. It has been impossible to prepare a larger number of men for the date mentioned above, because:-

- the effective strength of NCOs and men of the two internal security Bn of the CALABRIA was, as at 24 Jan 45 1520

- authorized strength of NCOs and men for the two Bns 852

- number of men absent (leave, hospital or other purposes).... 70

  Since the effective strength in question included 195 men absent, it has been rendered necessary to consider part of these absentees in the number in excess to the strength. These men could be recovered at a later date.

- Non-Italian speaking Itelian soldiers who absented themselves on 27 Jan 27

SUBJECT: Provision of Italian Drivers for Allied Commission in NW ITALY.

TO : President, Allied Commission.

3. Relative to establishing priorities for total personnel 16 Italian officers and 386 Italian OR will be provided from Peninsular Base Section trucking companies in 7 weekly increments and replaced by the Allied Commission on the highest priority of distribution of recruits available for the US - ITI category.

4. MMIA will arrange provision of personnel for the first unit of 1,500 and remaining unit of 1,000 after previously meeting the outstanding requirements for muleteer and combat reinforcements/replacements.

SUBJECT: Supply of US-ITI Personnel and Equipment for Allied Commission Truck Battalions.

TO : Commanding General, Peninsular Base Section, APO 782.

1. In order to improve facilities for the distribution of essential civilian supplies in Italy, there have been allotted to this theater seventeen hundred (1700) each, 1½ ton trucks of United States commercial design. It is expected that approximately 95% of the vehicles will have arrived by the end of March. The maximum utilization of these vehicles is deemed a matter of the utmost importance, because it is considered that only by effecting the complete distribution of all available civilian supplies can the unrest of the Italian civilian population be sustained within limits consistent with the security required in the rear of combat operations of the Allied Armies.

2. It has been decided by Allied Force Headquarters that these vehicles can be most efficiently operated and maintained by providing units of the Italian army to perform these duties. The Italian military personnel and the operation of all vehicles will be placed under the control of the Allied Commission, and for this reason are considered a joint United States and British interest to be shared equally. Therefor, it will be necessary for the United States Army to make provisions for operation and maintenance on only eight hundred fifty (850) vehicles, or ½ of the total. It is planned that the approximate equivalent of seventeen (17) United States truck companies plus maintenance facilities will be organized and that an allotment of twenty-five hundred (2500) United States ITI's will be loaned to the Allied Commission by Peninsular Base Section.

3. Because of the necessity in placing these vehicles in service with the least practical delay, the organization of new truck companies and the training of drivers by the Allied Commission must be expedited. It is believed that this can be best accomplished by the provision of organized cadres of trained personnel selected from Italian military units now assigned to Peninsular Base Section. Therefor, it is desired that you organize cadres of Italian personnel, composed of one (1) company grade officer and twenty-four (24) EM each, and furnish such cadres to Allied Commission at Rome on

E 438

SECRET

the following schedule:

Delivery Date	Number of Cadres	Total Personnel
Immediately (Date of actual delivery to be designated as D day)	4	100
D plus 7	3	75
D plus 14	3	75
D plus 21	2	50
D plus 28	2	90
D plus 35	2	30
TOTAL	16	450

4. The Italian enlisted personnel of each cadre will be composed of the following:

a. Administrative personnel - Four (4) EM qualified for performing duties comparable to United States army 1st Sergeant, Mess Sergeant, Supply Sergeant, and general clerk.

b. Motor personnel - Three (3) EM of which one (1) EM will be qualified for performing duty comparable to United States army motor sergeant and remaining two (2) EM will be qualified auto mechanics.

c. Truck drivers - Seventeen (17) EM of which all will be qualified truck drivers, and included in this group will be two (2) EM capable of performing duties of Sergeant, section leader.

5. Selection of these cadres must be made in such a manner that the individuals furnished the Allied Commission will consist of dependable and qualified personnel that would be acceptable to Peninsular Base Section in the event the situation were reversed.

6. This procedure will effect the actual withdrawal from Peninsular Base Section of four hundred (400) Italian personnel; however, MMIA is being instructed to replace this personnel on the highest priority of distribution of recruits available for the United States - ITI category. A high priority is being established for the provision of an additional eleven hundred (1100) Italian army recruits to be furnished the Allied Commission as a part of the filler personnel required for the twenty-five hundred (2500) allotment on loan from Peninsular Base Section. Actually this will represent a diversion of replacement troops that would normally have been assigned to Peninsular Base Section for units of United States - ITI category. The remaining ten hundred (1000) Italian personnel will be furnished Allied Commission on a lower priority, yet of a rating consistent with the urgency of the assigned mission and the progress of the driver training program.

7. Direct correspondence with Allied Commission is authorized on the provision of these cadres.

9. Instructions will follow on the supply of housekeeping and maintenance equipment for these units.
