SUBJECT: Guards for Italian Ports

TO : Land Forces Sub-Commission (M.M.I.A.)

1. The Italian Ministry of Treasury has pointed out the seriousness of thefts in Italian ports, especially in the case of goods arriving from abroad, and for which the Italian Government have to pay. It is foreseen that as winter approaches, these thefts will assume even greater proportions, to the point of jeopardizing the national economy.

2. In a letter (translation attached), the Ministry give a few typical instances of thefts in ports, and they ask that the Italian Ministry of War be authorized to place 1000 soldiers on guard duty at the various ports and motorpools for a period of a few months.

3. The lack of sufficient guards often holds up the dispatch of trucks at shipside, causing delay in port clearance, as frequently happens in Naples civilian port area and elsewhere.

4. However, we understand that these guards should not be assigned to the "Carabinieri" but be controlled by Port Authorities, the Pubblica Sicurezza, who are the police of this Country, and to whom public safety is entrusted, and whose number is at present insufficient.

5. The situation, as has been outlined to us by the Treasury and by other Government Departments and from our own knowledge, is a serious one, and the loan of 1000 men from guard battalions should help very considerably in diminishing theft from port areas.

6. In view of the present situation, it is hoped that the M.M.I.A. will be able to authorize the assignment of the 1000 guards asked for by the Italian Treasury and so enable goods shipped by the Allied Authorities to Italy to be delivered safely to destination.

7. The ports have for the last year been guarded by U.S.-IMI detachments who, as individual ports are handed over to the Italian Government, are being withdrawn. It is essential that these troops should be replaced.

8. I should be glad, therefore, if you would explain to the Ministry of War and emphasise to him the importance of replacing these troops. In order to arrange details he should consult the Treasury and Directorate General of the Merchant Marine. Please report action taken and results.

AMBLATION

MINISTRY OF TREASURY

No. 130971

Rome 28 Sept 1945

To : A.C. Transportation S/C  
ROME

Pursuant our No. 122893 dated 28 July 1945 we send you the attached list of missing goods in May and June from the "Magazzini Generali" where imported goods are stored and from transports from the ports to the deposit.

We also informed that beginning last month has begun the turning over to the Italian Government of numerous trucks. The motor - pools which are in uncontrolled country place are easy prey to robbers.

We therefore beg the Transportation S/C to recommend to the Allied Military Mission to put at the disposal of the Ministry of War at least 1000 soldiers or guards to be assigned to the "Arma dei Carabinieri" which together with its own men could guard the ports and the storehouses or pools.

We thank you

THE MINISTER

1. In order to create 10 I.S. Bdes of an approximate strength of 2,500 each certain units are already being transferred under Italian Op Command to, or formed within, the III-IV Category. This is likely to cause in the future certain difficulties.

2. At the moment sufficient ceiling can be found to cover these units already transferred. The new layout of ceiling in the III-IV Category as it will appear in CHART 2/13 (at 8 Sep) is attached at Appendix "A".

3. When, however, the number of units created or transferred reaches its peak the present spare ceiling will not be enough, as shown below:-
