Subject: Departure of recalled military personnel from the military district of Salerno, bound for the 209th Division.

Scan 9-1
2 1/2

In compliance with Maj. Baumann's verbal request, we enclose a copy of the report on the investigation, received by us from the Naples Territorial Command in connection with the above matter.

The reasons submitted by Col. Gentile to explain the absence of the 73 recalled soldiers are, in general, acceptable, and the difficulties experienced cannot be attributed to faulty organization or carelessness in the ~~part of the~~ Salerno district.

The Colonel in charge stayed himself at the railroad station until the departure of the convoy to ensure that everything would be carried out in as orderly a manner as possible.

As for those absent without leave, the territorial command at Naples ordered that they be all reported to the military court of justice.

Said command, moreover, is investigating the reason for the dispatch to Salerno from the induction center at Afragola of NCO reinforcements wearing the most varied types of clothing, without grade insignia and some even in civilian garb.

As for ~~the~~ personnel needed ~~797st~~ guard and sentry duty and for internal duties at the barracks where the recalled soldiers are quartered, it was not possible to send any contingent of soldiers since — as is known — the Naples Territorial Command has no personnel own and above the war establishment, that might be used

A part from the comments which I will make in my report concerning the progress of the recall of the 1914-1914 classes (1st four-month period) I am reporting the events which took place at the departure ordered by means of phonogram No. 3/1583/Mob. of the 2nd ult.

When the order was received to prepare the contingent of 250 recalled troops to be sent to the 209th Division, there were immediately formed 7 groups, corresponding to the number of railroad cars made available for the transport of men.

In addition to the captain and subaltern furnished by the 227th division, I placed in charge 7 NCO's (one for each group) whom I drew from the ^(NCO) reinforcements which I had received.

The groups were made to leave from the "Pia case Barracks" separately and at considerable distance from one another, since it was believed that by doing so it would be easier to control and watch them. Their departure started at about 12.30 and ~~the trip~~ ended ~~at~~ at about 14.15

Meanwhile, ever since the morning hours the first absences without leave became apparent, evidently because of the news of the departure which surely must have spread among the men before it was announced by the unit commanders.

In view of this, and of the men on hand, groups were organized at the rate of 280 outgoing men instead of 250. However, during the trip from the Barracks to the station, the entraining and the stop at the station, the groups

later drafts, so that the number of outgoing men went down to only 177.

I) Causes to which it is believed the difficulties are to be attributed.

a) The arrangement of rooms in the Barrack and its structure resembling a labyrinth (it is an old convent), which greatly favor concealment and provide opportunities for escape by climbing over the walls of the various courtyards.

b) the psychological influence exerted by some particularly unmanageable individuals whom it was impossible to identify within a few days' time.

c) the tendency of recalled men to take advantage of the fact that they were not known by the personnel in charge and the impossibility to verify the truth of reasons for absenteeism given by several men at a time during the trips (necessity to relieve themselves, to take a drink, to say good-bye once more to their relatives, acquaintances, friends, etc.)

d) the low prestige of many NCO reinforcements who, as a matter of fact, arrived here dressed in the most varied types of clothing, without any grade insignia and some even in civilian garb.

e) the nearness of the home towns of the recalled men or even the presence of their families, friends and acquaintances in this locality.

f) the fact that railroad cars were kept far apart and even on different tracks, instead of being grouped on the same track and placed close to one another: which, of course, in view of the terrible side-doors of each car made it more difficult to watch the recalled men.

- (3)
- g) the long wait at the railroad station (from 14 to 19) and the darkness due to the falling night and the ensuing rain.
 - h) the fact that the ~~roof~~^{roof} of one railroad car was badly disjoined thus allowing a considerable infiltration of rain water; wherefore said car had to be evacuated in the darkness and its load of men distributed among the other cars in better condition.

II) Measures recommended:

To overcome the aforementioned difficulties it is believed necessary either for the recalled men not to stop at Salerno at all or to stop there for a length of time sufficient to restore their military spirit and discipline;

- a) by organizing them into units which are not provisional, but which — as was done formerly and as should be done now for even more potent reasons — ~~are~~ are led by officers, senior and junior NCO's, all of whom belong to the units of destination; the need for this will be obviously felt all the more if one considers the possibility that in the near future the bulk of recalled personnel may be made up of rounded up men;
- b) by having available a group of soldiers already in the service, to be used as guards or sentries or for the adequate discharge of internal duties, such as guarding the ~~+ gates~~ and emergency entrances to the barracks, and guarding the dormitories where, unfortunately, damage and destruction have already occurred.
- c) by ordering the dispatch of recalled men to their destination by motor transport at least as far as some ~~stopping~~ ⁷⁹⁶⁵ beyond Naples, and having them continue the journey by railway only thereafter; since in addition to the men who absented themselves before the departure

785020

- and who are now gradually reporting back - others are
dribbling in who left the train during stops at stations
after Salerno.

- In esito a richiesta verbale del magg. BAUMANN, si trasmette copia della relazione sull'inchiesta pervenuta a questo S.M. del Comando territoriale di Napoli in merito all' oggetto. =
- Le argomentazioni adottate dal Colonnello Gentile per spiegare l'allontanamento dei 73 richiamati sono in linea di massima accettabili e l'inconveniente verificatosi non può addebitarsi a deficiente organizzazione o incuria del distretto di Salerno.
- Lo stesso colonnello comandante rimase presso lo Scalo ferroviario fino alla partenza del convoglio per assicurarsi che le operazioni si svolgessero il più ordinatamente possibile.
- Nei riguardi degli assenti arbitrari, il comando territoriale di Napoli ha disposto che siano tutti denunciati all'autorità giudiziaria militare.
- Lo stesso comando sta accertando inoltre per quale motivo furono inviati a Salerno dal campo di affluenza di Afragola sottufficiali di rinforzo vestiti nelle foggie più varie senza distintivi di grado e taluni persino in abito civile.

A prescindere da ciò che dirò in sede di relazione circa l'andamento del richiamo delle classi 1914-1924 (I° quadrimestre) riferisco quanto verificatosi in occasione della partenza disposta con fono n.3/1583/Mob.del 2 u.s.

Allorchè pervenne l'ordine di approntamento del contingente di 250 richiamati per essere avviati alla 209^a Divisione, si provvide subito a formare 7 nuclei, quanti appunto erano i carri ferroviari messi a disposizione per il trasporto uomini.

All'inquadramento di essi, oltre al capitano ed al subalterno messi a disposizione dalla 227^a divisione, destina i 7 sottufficiali (uno per ogni nucleo) traendoli da quelli avuti in rinforzo.

I nuclei furono fatti defluire dalla "Caserma Pisacane" separatamente ed a notevole distanza l'uno dall'altro, ritenendo che in tal modo ne fosse più facile la disciplina e la sorveglianza. La defluenza iniziò verso le ore 12,30 e terminò verso le ore 14,15.

I nuclei furono fatti defluire dalla "Caserma Pisacane" separatamente ed a notevole distanza l'uno dall'altro, ritenendo che in tal modo ne fosse più facile la disciplina e la sorveglianza. La defluenza iniziò verso le ore 12,30 e terminò verso le ore 14,15.

Intanto sin dal mattino si cominciarono a notare le prime assenze arbitrarie, evidentemente in relazione alla notizia dell'arresto, che certo dovette diffondersi fra i richiamati prima che essa fosse loro annunziata dai comandanti di reparto.

In considerazione di ciò, con gli elementi presenti, i nuclei furono costituiti sulla base di 280 partenti, anziché di 250. Tuttavia, nel tragitto dalla Caserma alla stazione, durante le operazioni di carico e durante la sosta nello scalo, i nuclei subirono successivamente decurtazioni, sicchè il numero dei partenti si ridusse a soli 177.

1°) Cause a cui si ritiene debba attribuirsi l'inconveniente:

- a) La compartimentazione della Caserma e la sua struttura labirintica (vecchio convento), che molto facilitano l'occultamento, nonché la possibilità di evadere, arrampicandosi per i muri perimetrali dei vari cortili;
- b) la suggestione esercitata da qualche elemento maggiormente refrattario, non identificabile nel volgere di pochi giorni;
- c) il profittare da parte dei richiamati del non essere conosciuti

per il tratto successivo proseguire in ferrovia; giacchè oltre alla ripresentazione, che sta man mano avvenendo, di coloro che si assentarono prima della partenza, ne vengono riaffluendo altri allontanatisi dal treno durante le fermate negli scali dopo Salerno.

SD/72/1 51

1. FIGURES. Average for last few days improved - 10 per day, including volunteers.

Total received Jan 20th - Jan 29th - 94 called up
26 Volunteers.
120

These have been disposed of as follows: -

8 - temporarily exempt.
14 - hospital.
16 - Caserma Bianca, ROME.
26 - CESANO (Volunteers)
44 - CESANO.

108

12 left at VITERBO.

There was a big response in October (3,290), but some 2,000 were exempt, temporarily or permanent.

1,117 went to 8th Army.
114 " " 5th Army.
63 " " CESETI.
30 " elsewhere.

Colonel TROYSI considers the call-up should continue until Feb 20th with an average of at least 20 per day.

2. CARABINIERI.

In nearly all 'comunes' the CC.RR are very badly equipped, with little or no arms or ammunition. Several are in civilian clothes. This has been taken up by the District Commissioner. When the trucks arrived from VITERBO to take 5 men from GRADOLI, the villagers stoned the CC.RR 'with sticks and stones' and they were forced to give them up.

The CC.RR of BACCHESIO complain that it is too dangerous for them to visit the 'station' LUBICANO ~~republican~~. Orders have been given for the arrest of one Advocate RONCHI of TERNI for inciting the youth of BACCHESIO not to join the Army 'because they don't know what they are fighting for.' There were posters with this man's name on them in ORVIETO.

FACTORS AFFECTING MILITARY CALL-UP
VITERBO PROVINCE

1. Carabinieri

Too small in numbers to make any large-scale arrests. Average three Carabinieri per small village and in VITERBO only about 25 available for this work. Consequently afraid to use force against a hostile majority.

2. Communist propaganda

Every Carabinieri Comandante complains of this, particularly in VITERBO and VALANTANO. Prefect of VITERBO has spoken to head of Communist Party.

3. Bombardments etc.

700 civilian casualties in VITERBO alone through Allied bombings. All records destroyed and therefore easy for a family to pretend that the son is a POW in GERMANY of AFRICA or is working elsewhere.

4. Other Factors

(a) Families with sons or brothers who were called up last October have had no news since. *Call?*

(b) It was understood that for every young man that was called up an old one would be released from service. This has not visibly been the case.

(c) A mysterious American Colonel seems to have visited LATINA saying that the call-up was voluntary not compulsory.

(d) Reception barracks at VITERBO are in extremely poor condition. 7928

(e) Until recently weather very bad, affecting roads and telephone lines to outlying districts.

(f) Churchill's speech in its original form received a lot of publicity.

(g) Students taking their final examinations are excused call-up. Con-

700 civilian captives in the records destroyed and therefore easy for a family to pretend that the son is a POW in GERMANY or is working elsewhere.

4. Other Factors

(a) Families with sons or brothers who were called up last October have had no news since.

(b) It was understood that for every young man that was called up an old one would be released from service. This has not visibly been the case.

(c) A mysterious American Colonel seems to have visited LATPA saying that the call-up was voluntary not compulsory.

(d) Reception barracks at VITERBO are in extremely poor condition.

(e) Until recently weather very bad, affecting roads and telephone lines to outlying districts.

(f) Churchill's speech in its original form received a lot of publicity.

(g) Students taking their final examinations are excused call-up. Consequently every "Student" is always armed with a sheaf of exemption papers.

The Ministry of War calculated that there should be 57 men per day from the Province, with a total of about 700 at the end of the month. In point of fact there has been an average of six per day, plus a few volunteers.

Civilians say that there was plenty of enthusiasm six months ago, but the Allies took the arms away from the Patriots and seemed to discourage any efforts to join the war of liberation. In fact there was quite a big response to the Call-up in October. Colonel TROYER, who is in charge of the Call-up, seems very capable and has had a good record in CORBICA and elsewhere. He has sent several men who were arrested by the Carabinieri to a military Tribunal, and has also sent a circular round to every house. Propaganda for the Call-up is extremely bad, and a real drive will be needed before there can be any sort of enthusiasm in the Province.

The position of the Carabinieri is illustrated from the attached extract from the Communist paper "Unita" of Jan 21st. This was quoted by the German Radio, as "disturbances resulting from the compulsory Call-up in the VITERBO Province".

7938

- 2 -

From "Unità" Jan 21st headed "The Carabinieri of Graffignano fire on an unarmed crowd"

Fascism and the 5th column is dead? Then it must have been anti-fascists who have posted pamphlets on various ROME Municipal buildings, telling men to desert, "not to betray the dead", and not to "serve English imperialism". Then it must have been authentic democrats who set fire to the seat of the Communist party at ROMA.

Let us say that the unhappy incident at Graffignano in the province of VITERBO was a proof of democracy and not of persistent fascist education. The population of Graffignano organized a demonstration against the Mayor and advanced with their hands up to show their pacific intentions. But without provocation the Carabinieri fired on them wounding several.

It is time to see things clearly and to make enquiries at their root. It is not possible otherwise to tolerate the perpetuation of a situation which has become a matter of concern for democracy and Italy.

SUBJECT: Recall of 1914 Class.

LAND FORCES SUB.COM. A.C.
(M.F.I.A.)

24 SD/38/1
JAN 45

TO : Ministry of War.

Ref your 201411/11 of 20 Jan (being the date on which VITERBO recall started)

1. This HQ is informed by its LC that the recall in the VITERBO district has produced only 25 men in the first four days.
2. Your forecast of numbers to be enrolled was 70 per day, i.e. 280 for the first 4 days.
3. In view of the failure to date of this recall the suggestion contained in your letter under reference cannot be agreed, especially as all arrangements had already been made (your letter was received by NMIA on 21 Jan).
4. Arrangements exist for the screening of reinforcements received at CESANO, and therefore any men unfitted medically or otherwise for combat will be weeded out.

Recall of 1914 class.

1. As it is known, when the formation of the Combat group was started the personnel belonging to the 1914 class was excluded because.

They are the oldest class under arms (if we exclude those from still occupied Italy that are being kept temporarily.)

They are better fitted, therefore to serve in pioneer units, also in view of their previous war services.

Naturally, Volunteers of the 1914 class could and still can enter the Italian Combat forces.

2. MMIA. In the distribution of recalled personnel of the 1914-1924 classes of LAZIO, already started, have directed that the VITERBO contingent be sent to the training center of CESNO (approx 670 men) to be enrolled in the combat groups. However this contingent includes 1914 class personnel. 7873

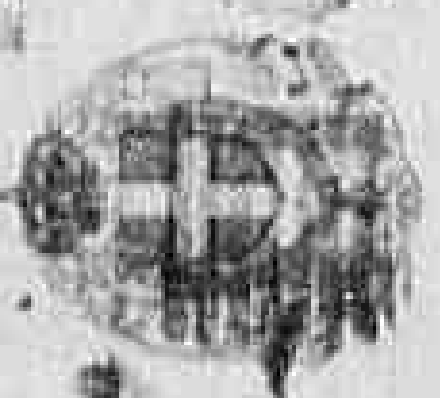

3. We consider our duty to point out the evident morale repercussion that the enrollment of military of the 1914 class in the combat groups would cause to the public opinion, because of the obvious injustice that could be done and would be a new cause to increase the sense of distrust towards the military Institutions.

which we are trying in every possible way to avoid.

As Confident of the understanding of HMIA we must ensure that they will authorize the employment of the personnel of the 1914 class in the auxiliary services as previously arranged.

- 2° - Codesta M.M.I.A. nel fissare la ripartizione del gettito dei richiami delle classi 1914-1924 nel Lazio, testè iniziato, ha stabilito che il contingente di Viterbo (previsti 670 richiamati) venga destinato al centro di addestramento di Cesano, per essere immesso nelle forze italiane di combattimento, ivi compresi i richiamati della classe 1914.

- 3° - Ritengo doveroso al riguardo mettere in evidenza i dannosi riflessi morali che il provvedimento dell'immissione nei gruppi di combattimento dei richiamati della classe 1914, avrebbe nel confronto dell'opinione pubblica, per il senso di paese ingiustizia che in esso può essere riscontrato. Sarebbe un nuovo elemento destinato ad accrescere quel senso di sfiducia verso le istituzioni militari al quale si sta cercando con ogni sforzo di porre rimedio.

- 4° - Confido nella comprensione di codesta M.M.I.A. perchè venga autorizzato l'impiego dei richiamati della classe 1914 nelle forze ausiliarie come fino ad ora stabilito.

20 January 1945.

SUBJECT: Call-up.

TO : Land Forces Sub-Commission (MMIA).

1. I am informed that on 18 Jan 45 there was delivered to Public Safety Sub-Commission by hand a directive issued by you dated 7 January, giving particulars of the call-up which was to take place in LAZIO and CAMPANIA districts on 20 January.
2. Public Safety Sub-Commission immediately dispatched signals warning the Regions concerned, but it should have been advised earlier.
3. The troubles recently experienced in SICILY point to the need for the earliest possible advice of the intention to call men to the armed forces, and it is obviously important that the Regional Commissioner and his Public Safety Officers should be aware of a matter which, we have seen, is capable of provoking considerable disorder.
4. I would like to refer to another and similar omission. Your SD/53/1 of 18 Jan 45 giving the administrative details of the call-up in SARDINIA did not include the Regional Commissioner in its distribution.
5. It would assist coordination if the subject of this letter could be brought to the notice of all concerned.
