⑦ Reference folio 2.

It was not my understanding that the designation of the units shown under Category 1 (C), Section 7 Movement Control would be changed, but only the operational procedure would be changed in so far as this headquarters would have control over the entire section.

To enable us to control the rations, each unit will have to have a unit designation. Therefore, I do not recommend the change as shown at folio 2 in the attached file.

Oct 45

TO : CG. MTOBIA, APO 542, U.S. ARMY

Attached herewith at Appendix "A" is letter reference 350.09 (OMI/IM/IMVO) of 25 Sept 1945 from Headquarters USMKT, Office of the Assistant Chief of Staff G-2.

The following is a draft reply to be forwarded to the above HQ, if concurred with by your HQ.

1. Enclosed herewith is the most recent published Order of Battle of the Italian Army. The Combat Groups are shown from page 20 to 25.

2. Equipment.
Among other equipment they were issued with:

25 pounders, 17 pounders, and 6 pounders

40 mm guns

3" and 2" mortars

Machine carbines

Light machine guns

Rifles

Complete range of radio equipment

Normal field engineer kit

Engineer units equipped to build Bailey bridges

Workshops fully equipped for any contingency.

3. General appreciation.

The Italian Combat Groups reached a standard of good second class troops and were very adequate in the defensive role for which they were organized. They fought courageously and tenaciously and were a reliable force in the line with Allied troops.

The soldier is tough and can exist and fight in extremes of discomfort on a reduced ration.

Headquarters are Officers and the senior NCOs.

Reference this HQ ORBAT 2/12.

1. It will be noted that the nomenclature now accepted for the 3rd Bn "San Marco" Inf Regt "Folgore" Combat Group is 3rd Bn (Marini).
2. The Italian War Ministry have now represented that this unit is universally known in the Italian Army as 3rd Bn (Caorle).
3. After investigation, it appears that this is in fact true and that the name "Marini" was given to the Bn by the Allies as a result of a misunderstanding between this HQ and AFHQ.
4. It is therefore strongly recommended that the official title of this unit be amended from "Marini" to "Caorle" thus avoiding the present confusion, and your agreement is requested.

Italian Searchlight Platoon

1. Owing to a misunderstanding with the 820 Italian Searchlight Battalion Headquarters a different location of the Searchlight Platoon against their ammunition was given by this Headquarters.

2. The following is the correct ammunition location :-

84.1 Italian Static Platoon	Bari	
84.2	Foggia Main	
84.3	Celone	
84.4	Portoferra	
84.5	Amendola	
84.6	Pedigliano	
84.7	Rossignano	} Disturbed
84.8	Brindisi	
84.9	Almas	

3. It would be appreciated if you instructed the 227 Division at Bari that the 84.7 Platoon is not BARI but ROSSIGNANO and, therefore, no action whatever is to be taken as far as Bari is concerned. It is particularly important that they be advised that transport (1 truck and 1 motor cycle) belonging to 84.1 Platoon be returned to the Officer-in-Charge immediately.

50/92 (41)

No. 5364

APR 75, 21 JULY 1945

SUBJECT: Authorized Strength.

TO : MIA - Liaison Office for Sardinia - CAGLIARI

The Italian Army General Staff (SME) with circular 11500 dated 10 March 1945 has set the T/O of the 14th Hygiene Platoon at 1 officer and 27 M as from the Order of Battle attached to the "Italian Army Strength State No. 2/10 dated 6 June 1945".

With letter 5275/SP dated 9 May 1945 forwarded to the Medical Office for Sardinia, the Medical Office of the Rome Territorial Hq indicated instead the T/O to be: 1 officer and 30 M and, pursuant to clarification requested by our office, also confirmed it with letter 6081/SP dated 7 July and added that the above mentioned circular 11500 of SME should be understood as thus modified.

Since it is to be presumed that the change in the T/O has been fixed in accordance with MIA - Rome, request you make the consequent amendments on the order of battle No. 2/10.

With reference to your query regarding the Scuola Servizio Fotografico Sansevero, PVB Unit No 15 APO 512 and IX Reparto d'Assalto.

1. The Photographic School at Sansevero is an Allied Training Unit to which Italian Br-III Combat personnel were attached for training. The 10 rations issued on 6 March were correctly issued to students undergoing instruction.

2. The P.W.E. Unit No 15 APO 512 was in the process of dishandment which was not completed until 9 May 45. The 20 rations issued on 1 May 45 were correctly issued to the 20 personnel who remained at Cagliari until 9 May, awaiting embarkation.

3. The IX Reparto d'Assalto is an incorrect designation for the 3rd Bn of 68th Inf. Regt of "LEGNANO" Combat Group which can be found in Category 2 on page 22 of the Italian Army Strength State for 8 June 45. Steps have been taken to ensure that this unit will in future be correctly designated.

Reply letter SD/92 of 8 July 1945.

1. The S. SEVERO Photo Service School and the British Photo Intelligence School under MAIU West have, by your orders, arranged 3 courses for Italian Airplane observer personnel to be sent to Combat Groups.

2. The P.W.B. Unit No. 15 APO 512 is P.W.B. "Radio Sardegna" shipment of which to the mainland was ordered by your letter SD/18/2 of 20 April 45. On 1 May 45 20 units were still left who were embarked at CAGLIARI on 9 May 45.

3. The 3rd Bn of the 68th Inf Regt of the Combat Group "LEGNANO" is wrongly named the 9th Assault Unit and is authorized by you in Category 2 page 22 of the Strength State of the Italian Army at the date 6/6/45.

This S.M. has informed the "LEGNANO" Combat Group of the correct name to employ.

2. As it is frequently necessary to change the strength of the various Movement Control Areas, it is requested that all personnel be held under one heading (Italian Movement Control) and not as at present split between the various Areas.
3. No change of ceiling is involved, the breakdown being 151 Officers, and 389 ORs.
4. An analogy can be drawn between the method requested above and British Movement Control, all of whose personnel are held as G.H.Q. troops and are distributed in whatever way the G.H.Q. concerned may think best.
