SUBJECT: Release from Prisoner of War Status of Italian Cooperators
in Italy and Sicily

TO: All Concerned

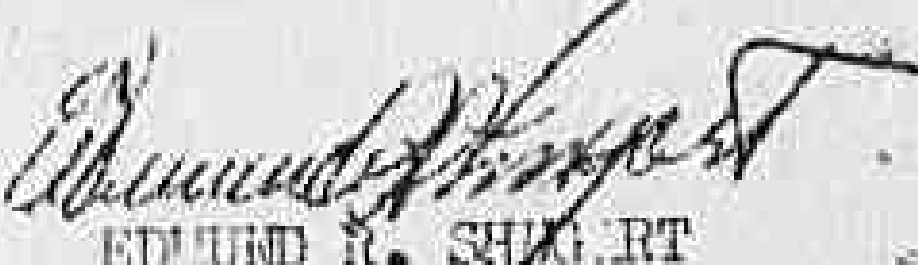

1. Reference is made to letter, this headquarters, file and subject as above, dated 15 June 1945.

2. The following arrangements will be made for the reorganization of Cooperator Prisoner of War Units under British control on release to BR-III Italian Army status.

a. Units with an administrative element considered adequate by the Italian Authorities, and units to which it will be reasonably possible to add an Italian administrative element, will be retained unless otherwise directed by this headquarters. Where, as in some "diluted" British units, it would be impracticable to provide Italian Administration, personnel will be withdrawn as reinforcements for other units, under arrangements Land Forces Sub-Commission, Allied Commission (ALF).

b. Land Forces Sub-Commission, Allied Commission (ALF) will be responsible for submission of all new or re-written War Establishments to this headquarters for approval by WEC. British personnel will be shown on separate war establishments from Italians. Where organizational changes are desired by Staffs or Services, all amendment proposals will be submitted as soon as possible in accordance with letter, this headquarters, file 210/Org-3, dated 14 March 1945.

MEMO for Major Chevne

Ref. letter SD/103 dated 12th inst.

We hereby return a copy of the list of co-operator units under British control.

As per agreement, this SMRE's opinion in regard to the completion of or the re-assignment of the personnel in question, has been indicated beside each item.

In expressing said opinion, as per agreement, the following policies have been kept in mind:

1. 1st Section:

- a. Assign a commanding officer (captain) to the unit mentioned in War Establishment CM/158/1 (series no. 1).
- b. Leave unchanged the other units that already have the personnel necessary for self administration.

2. 2nd Section:

- a. Large units: make the units self-administrating with the addition of personnel strictly necessary (accountant officers and senior NCO's, clerks, cooks etc).
- b. Small units for which self-administration would not be convenient: attach the personnel to units (at the same place or in the neighborhood) of the administrative departments concerned for the territory.

3. 3rd Section:

- replace the mil. personnel with civilians. Part of the soldiers thus made available, would be used in order to complete the units mentioned in par. 2, (above), and the rest would be sent to Reinforcements Transit Camps.

PLEASE:

- specify the names that the units must assume when liberated
- let us know as soon as possible what will be definitely laid down, as it will then be necessary to issue orders for the liberation of the personnel and to see to the registration and administration of said personnel. These operations will take three or four weeks.

In expressing said opinion, as per agreement, the following policies have been kept in mind:

SD/94 dated March 45.(a) P.B.S. 51,500 (AFHQ 52,000)

This figure is recognised in FX 32461 of 24 Feb, from CG MTOUSA to MMIA.

(b) US-ITI REINFORCEMENTS 4,500 (AFHQ 4,500)

This figure has always been used by MMIA (vide Appendix "A" to MMIA Adm Instruction No 12 of 12 Oct 44, 10 copies to AFHQ). It fits in with 2(a) above; otherwise there would be a shortage of 500 on US-ITI ceiling.

This figure has always been used by MMIA (vide Adm Instruction No. 12 of 12 Oct 44.) It is not known under what reference you have added 1,000.

(d) The 1,000 referred to in para (c) have been allocated by MMIA as follows:-

(i) 600 included in -

MISCELLANEOUS 1,200 (AFHQ, SEARCHLIGHT UNITS 600)

This is made up as follows -

S/L Units	450	(These S/L units have since been transferred to IR-ITI, so that the 450 are now "unallotted".)
Gd Regts Hq (three)	120	(one not implemented)
PWB Radio Station	50

III. REASONS FOR THE PROPOSAL

In the case of a new establishment these will necessarily include its function and should be as concise as possible but enough to give members of the Committee a clear description of the purpose of the organisation.

In the case of amendments they should show what has necessitated the change.

It will assist the Committee and consequently the sponsors if sponsoring branches anticipate the questions which are likely to be asked by the Committee and other interested branches. In particular a clear picture of the organisation in diagrammatical form should be included.

A long detailed description of the duties of each individual will be unnecessary, but the sponsor must be prepared to give oral answers on the duties of each individual at the meeting.

Sufficient detailed information to provide the Committee with a basis for assessing the need for the numbers proposed must always be included for example :-

- Instructors - the number of students and basis of allotment.
- Mess Orderlies) The number type and strength  
and Cooks } of each mess.

British WE File

Dear

Many thanks for your DO letter ASD/361 of 21 Feb. I will deal with each point in turn.

1. Ref your para 3(a). We feel that British Trg Incr (CI/733/1) might well be amalgamated with 1st BU (CESAW) (CI/732/1) but that as you have approved the continuation of 2nd Trg Team RA (CI/510/1) for a further two months it might be desirable to make the amalgamation then rather than now. We think that in two months it might be possible to abolish altogether the 2nd Trg Team RA. At the present moment, too, the Brit Trg Incr (CI/733/1) is working very closely with Brit Trg Unit (CI/700/1) which does NOT get abolished until a Trg Branch is added to our own W.E.. A further advantage in leaving the matter for two months would be the fact that our own C-1 (Trg) would have been able to have seen the various Trg Increments working and so be able to advise us on the most economical method of effecting the disbandments and/or amalgamations.

My General is anxious not to make any alterations at the present in the existing Set-up for Trg Combat Rts. It has been a big and difficult proposition to get going at short notice, so he would far sooner let all that business sort out and be running on an even keel before we start altering it. He is sure it will pay us handsomely to let it run for two months more.

2. Ref your para 3b(i) and (iii). We feel that the Brit Trg Incr to BUUs (CI/512/1) and REHE Trg Incr (CI/640/1) should remain increments and should NOT be amalgamated with BUUs. They should be added to BUUs only during initial periods and we feel they should pretty soon be disbanded. If, however, EIGHTH Army and FIFTH Army consider that the Trg Incr should be permanent (which it is hard to believe) then they must initiate an alteration to BUU W.E. and put forward to your W.E.C. some very sound reasons to support their case. We have therefore sent a letter to 15 Army Op vide Appendix A att.

...leaving the matter for two months would be the fact that our own G-1 (Trg) would have been able to have seen the various Trg increments working and so be able to advise us on the most economical method of effecting the disbandments and/or amalgamations.

2. Ref your para 2b(i) and (ii). We feel that the Brit Trg Iner to HUs (C/542/1) and REHE Trg Iner (C/640/1) should remain increments and should NOT be amalgamated with HUs. They should be added to HUs only during initial periods and we feel they should pretty soon be disbanded. If, however, EIGHTH Army and FIFTH Army consider that the Trg Iner should be permanent (which it is hard to believe) then they must initiate an alteration to HLU W.E. and put forward to your W.E.C. some very sound reasons to support their case. We have therefore sent a letter to 15 Army Gp vide Appx "A" att.

3. Ref your para 3b(ii). We forwarded our views to you on this point vide our SS 618 of 11 Feb 45. Actually my General has spoken to Gen. HARRISON and we hope the matter has died a natural death.

4. I gather you are easing along our own W.E. smoothly for us. Thank you very much. If there is any further information which W.E. would like, just let us know. Please ask him to phone us when the W.E.C. date is fixed so that we can arrange our tours to visit you on that day.

Kindest regards,

Yours,

1. It has been suggested that the many small W.Es. effecting ELUs and Trg Increments to ELUs might well be tidied up.
2. It is felt by this HQ that Brit Trg Incr to ELUs (CM/542/1) and REHE Trg Incr (CM/640/1) were designed to be added to ELUs during the initial period of trg and equipping and that these small units should, at some specified date, be disbanded. Will you please say if you agree.
3. If you do NOT agree and consider that these units or a portion thereof are necessary as a permanency, will you please initiate an amendment to W.E. ELU (CM/508/1) through normal staff channels.
