(b) LIAP and Release etc. personnel allotted transportation ¹⁹⁷⁴ in November, mainly from this District, who could not be lifted by that means, have had to be re-bid for rail lift during period 3 - 9 Dec, to the exclusion of LIAP personnel. Should there be no flying days 19 - 30 Nov 45, it will be necessary to curtail LIAP vacancies for period 10 - 16 Dec, although it is hoped on not quite such a drastic scale as for LIAP 34.

In this case the priority for LIMP on length of service overseas may be relaxed as long as inclusion of personnel in Age/Service Groups 29, 30 and 31 out of their normal turn, does not prejudice the chances of LIMP of those who are thus excluded.

3. Responsibility for sub-allotments is as previously.

(c) Where units are moving from one area to another the formation from whose area the unit is moving will be responsible for making mutually satisfactory arrangements, with the receiving formation for taking over that unit's LIMP responsibility.

1. Information has now been received from the War Office that compulsory posting overseas of ATS has now ceased, and ACI 370/45 will be amended, in due course. GRC 636/45 will shortly be cancelled.

2. As only volunteers will now proceed overseas, and they have the option of withdrawing their certificates at any time until being called for actual drafting, it is considered that fiancées should arrange direct with officers or auxiliaries of the ATS any question of withdrawal of overseas certificates.

3. In the case of the Women's Services of the RN and RAF, it is understood that there are, and it is likely that there will continue to be, sufficient volunteers forthcoming to meet overseas requirements, which means that women serving in these Services are not normally posted compulsorily overseas, so that, as for ATS, the problem should not necessarily arise. In the case of members of the WRNS, however, requests for deferment of their posting may be forwarded by their fiancées (if British Army officers or OR) together with the relevant facts, direct to the Director, Women's Royal Naval Service, Queen Anne's Mansions, LONDON S.W.1.

4. The position with regard to personnel of QAIMS is not altogether comparable with personnel of the ATS, in view of the military status of QAIMS, and they are of course still liable for posting overseas.

If, however, an application is received from a British Army officer or other rank for deferment of posting overseas of an engaged nursing officer, or woman member of the RANC or AD Corps, on the grounds of his anticipated return to UK within 12 months and of his intention to marry the woman in question as soon as possible after his return, full details of the woman concerned may be submitted to this HQ, and although no guarantee of any sort can be given, every effort will be made to arrange for her retention in UK.

Applications will be submitted only by those considered by you to have a reasonable chance of return to UK within 12 months.

1960

List A

1. Information has now been received from the War Office that compulsory posting overseas of ATS has now ceased, and AOI 370/45 will be amended in due course. GRC 658/45 will shortly be cancelled.

2. As only volunteers will now proceed overseas, and they have the option of withdrawing their certificates at any time until being called for actual drafting, it is considered that fiancées should arrange direct with officers or auxiliaries of the ATS any question of withdrawal of overseas certificates.

3. In the case of the Women's Services of the RN and RAF, it is understood that there are, and it is likely that there will continue to be, sufficient volunteers forthcoming to meet overseas requirements, which means that women serving in these Services are not normally posted compulsorily overseas, so that, as for ATS, the problem should not necessarily arise. In the case of members of the WRNS, however, requests for deferment of their posting may be forwarded by their fiancées (if British Army officers or OR) together with the relevant facts, direct to the Director, Women's Royal Naval Service, Queen Anne's Mansions, LONDON S.W.1.

4. The position with regard to personnel of QAIMS is not altogether comparable with personnel of the ATS, in view of the military status of QAIMS, and they are of course still liable for posting overseas.

If, however, an application is received from a British Army officer or other rank for deferment of posting overseas of an engaged nursing officer, or woman member of the RANC or AD Corps, on the grounds of his anticipated return to UK within 12 months and of his intention to marry the woman in question as soon as possible after his return, full details of the woman concerned may be submitted to this HQ, and although no guarantee of any sort can be given, every effort will be made to arrange for her retention in UK.

1960

Applications will be submitted only by those considered by you to have a reasonable chance of return to UK within 12 months.

5. It is emphasised that the concession in para 4 applies only to British Army personnel and NOT to personnel in the other services or in Allied Forces.

6. Applications already made in connection with nursing officers or women members of the RANC or AD Corps may be re-submitted if desired.

DRAFT ARO

Ref para 3 (vii) of GEO 1015/45.

1. The question of imposing "MT holidays" in 3 District has been considered and the following orders will be effective from Nov 1945:-

- (a) Every vehicle, incl motor-cycles, will be put off the road for one week-day (ie excl Sundays) every week, with the exception noted in sub para (e) below.
- (b) Each unit will arrange to "stagger" the "holidays" of its unit tpt, and normally one-sixth of the tpt will be off the road each day.
- (c) Every veh will have painted on it, to be clearly visible, the day of the week on which it should be on holiday. In the case of vehs with windcreens, this will be at the top of the windcreens and motor-cycles, it will be on a suitable part of the front wing.
- (d) If in the opinion of the CO of a unit, it is absolutely essential for a veh to be used on its "holiday", the CO will sign the work-ticket on that day himself. Such occasions should be extremely rare.
- (e) The exceptions noted in sub-para (a) above are the task vehs of 3 rd line RASC MT Units (i.e. GT Coys, Amb Car Coys, Tipper Coys, Tank Tpt Coys, GHQ Car Coys, RFF IIs and Sta Tpt Coys) the task vehs of 58 HA Regt Tpt Coy, and 939 and 940 Depot Tpt Control Unit. Domestic tpt of these units will however comply with this order.
- (f) CMT personnel and others responsible for unit or general discipline will check that vehs are not on the road on the day they should be on holiday and will take suitable action in cases of non-compliance with this order.

2. The scheme has been introduced in this form as it has not been considered practicable to enforce in this Area a MT - less days as done in the UK in the early days of the war, and such as is planned in the e/m GEO. **1955**

3. This order for MT holidays is designed to conserve MT and POL

- (c) Every veh will have painted on it, to be clearly visible, the day of the week on which it should be on holiday. In the case of vehs with windcreens, this will be at the top of the windcreens and motor-cycles, it will be on a suitable part of the front wing.
- (d) If in the opinion of the CO of a unit, it is absolutely essential for a veh to be used on its "holiday", the CO will sign the work-ticket on that day himself. Such occasions should be extremely rare.
- (e) The exceptions noted in sub-para (a) above are the task vehs of 3rd line RASC VC Units (i.e. GT Coys, Amb Car Coys, Tipper Coys, Tank Tpt Coys, GHQ Car Coys, BFT Fls and Sta Tpt Coys) the task vehs of 88 HAF Regt Tpt Coy, and 939 and 940 Depot Tpt Control Unit. Domestic tpt of these units will however comply with this order.
- (f) GT personnel and others responsible for unit or general discipline will check that vehs are not on the road on the day they should be on holiday and will take suitable action in cases of non-compliance with this order.
2. The scheme has been introduced in this form as it has not been considered practicable to enforce in this Area a 10% less ^{as was} done in the UK in the early days of the war, and such as is ¹⁹⁵⁵ noted in the a/m GHO.
3. This order for LT holidays is designed to conserve IT and POL and Os C Units will readily appreciate the necessity for this at the present time. Attention is drawn to para 1 of the a/m GHO.
4. The loss of tpt resulting from the holidays will be made good by cutting out journeys which are not absolutely essential and by full use of the tpt available. It will not be made good by increased details on 3rd line tpt through Q Branch this HQ.

1. The following statement regarding the GHQ policy of posting officers is forwarded for information.

2. This policy is governed by the following three requirements.

(a) Maintaining the War Establishment of all types of units with officers who have sufficient time to serve in order to make it worth while continuing their training from a unit point of view. At the moment this means that officers in A/S Group 32 and later are required for all permanent regimental units.

(b) Replacements in vacancies on the Staff where the appointment concerned must be retained. This includes Staff Lieuts and Grade 5 Staff Appointments or above. Where an officer of A/S Group 32 or later is asked for by a Regimental Unit will be given favourable consideration by GHQ provided he has the necessary background and that the shortage of that particular type of officer is not too acute.

(c) Provision of officers for Extra Regimental employment to fill the necessary War Establishment. These vacancies should normally be filled by officers not required in vacancies referred to in sub paras (a) and (b) above, for example, by officers in A/S Group below 32.

It is not intended to restrict HQ officers any more than Infantry, or P40, etc. Each Arm must be judged by its future requirements as far as these can be foretold, together with the future known availability in that arm.

(c) Provision of officers for Extra Regimental employment to fill the necessary War Establishment. These vacancies should normally be filled by officers not required in vacancies referred to in sub paras (a) and (b) above, for example, by officers in A/S Group below 32.

1951
It is not intended to restrict WA officers any more than Infantry, or RLC, etc. Each Arm must be judged by its future requirements as far as these can be foretold, together with the future known availability in that Arm.

2. The policy is, therefore, to plan about six months ahead, utilising officers' with less than six months service to complete to fill vacancies either in War Establishments which are likely to be reduced or disbanded; or in vacancies where requirements of continuity and training do not necessitate the retention of one particular officer for any length of time.

3. With regard to the policy stated above, it is also GHQ policy to minimise movement of individual officers as far as the requirements of a changing theatre make it practicable.

4. In Infantry, the situation is aggravated by the presence of grave deficiency and action is being taken to review, with a view to replacement by RA officers from disbanded RA regiments, all Infantry officers in Extra regimental employment.

1. As the total numbers in Release Groups become larger, each Group will be despatched to UK and released there over a correspondingly longer period. It is expected that for the larger release groups the release period in UK may be four or five weeks.

2. As far as movement restrictions allow, formations will be allotted a proportionate amount of travel accommodation by GNR 2nd Echelon for movement of release personnel to the Assembly Centres. It will be left to the discretion of the Commanders to sub-allocate this space, laying down the order of priority within each group as they consider suitable.

3. All troops affected should have the priority laid down explained to them, and the fact that the numbers (stated below) who have to be transported from ITALY to UK make it impossible for every man to arrive on the first day of release for his group.

1. As a result of the serious deficiency of Infantry Officers at regimental duty, it has become necessary to review the employment of Infantry Officers at present serving in ERE units or with other Arms of the Service, excluding Staff Appointments.
2. A considerable number of Infantry Officers employed in this way are capable of regimental duty with occupational units or Garrison battalions, and it is proposed, wherever practicable, to return these officers to regimental duty, replacing them with RA Officers who will become available as a result of the disbandment of RA units.
3. In most cases only Infantry subalterns will be affected by these cross-postings, though, if suitable vacancies occur, temporary captains may be selected. All cross-postings will be authorised by GHQ CEF and the outgoing Infantry Officer need not be despatched to his new unit until the RA Officer replacement has arrived to take over his duties.
4. The Infantry Officers affected will, as far as possible, be posted to battalions of their own Regiment or to battalions of Regiments with the nearest geographical affiliation. Officers in the later age and service groups will be withdrawn first.
5. It is realised that some inconveniences will be suffered where officers have settled down and got to know their work thoroughly, but formations and heads of services are requested to give their full co-operation to these transfers in order that the available officers in the theatre can be used to the best advantage.

17th October, 1945

Consideration has been given to the question, in the present circumstances, of the provisions of para. 1001, King's Regulations, 1949, as modified by A.O.I. 1928 of 1941, in so far as these forbid the wearing of uniforms by of the "Maid Penny" by troops or city.

Approval is hereby granted to a notification in the applicability of this regulation to the extent that authority is given for the wearing of the above uniform by all ranks when on duty, should they so desire, provided that when so worn it is of reasonable dimensions.

Sellers of the Maid Penny are not, repeat not, to be permitted to enter military barracks, camps and establishments for the purpose of selling these uniforms. In this connection the British Legion has been instructed that the sale of poppies in barracks be carried out only by those who normally have access to barracks, camps and establishments at all times and that arrangements be made with Commanding Officers to this effect by the local Poppy Day Committees.

There is no objection, in writing as aforesaid, to their making voluntary collections and sales of Maid Penny on behalf of the British Legion, and (in Scotland), the Earl Haig Fund, with or without the sale of poppies, and forwarding the proceeds direct to the Organising Secretary, Earl Haig British Legion Appeal, British Legion, Gordon House, Richmond Hill, Richmond, Surrey.

The British Legion have also been instructed that no names of units or establishments may be shown in the lists of subscriptions which they publish either privately or in the local press.

Notification should be made in Command, etc., orders accordingly.

Approval is hereby granted to a modification in the applicability of this regulation to the extent that authority is given for the wearing of the above emblem by all units when on duty, should they so desire, provided that when so worn it is of reasonable dimensions.

Sellers of the King's Guard are not, except not, to be permitted to enter military barracks, camps and establishments for the purpose of selling these emblems. In this connection the British Legion has been informed that the sale of poppies in barracks be carried out only by those who normally have access to barracks, camps and establishments at all times and that arrangements be made with Commanding Officers to this effect by the local Poppies Day Committees.

Subject : Discipline of Surrendered Enemy Personnel

To : All concerned.

1. Since the dispatch of German service units to major commands, there has been an evident relaxation of the standard of discipline of surrendered enemy personnel. This has been particularly apparent in their bearing in the presence of Allied personnel, and in their behavior while travelling in motor vehicles. In the latter case surrendered enemy personnel have been observed :
 - a. Driving German vehicles on other than essential assigned missions.
 - b. Driving such vehicles in a reckless manner.
 - c. Shouting to civilians when being transported in trucks.
 - d. Parking vehicles in front of civilian premises.
2. While it is realised that the number of guards and work supervisors are inadequate for them to insure the necessary discipline under all circumstances, there are sufficient German officers and non-commissioned officers for the purpose.
3. Movement of German vehicles outside compounds or enclosures will be restricted to the absolute minimum and only specifically authorized journeys will be permitted. On such occasions each vehicle will be accompanied by a German officer or non-commissioned officer, who will be responsible for its proper use and for the discipline of all German personnel therein.
4. Commanders concerned will take steps to insure that all German officers and non-commissioned ranks make it their responsibility to effect and maintain a proper standard of discipline among surrendered enemy personnel. Such steps will include the use of Allied provost personnel to effect compliance with such orders as are issued to give effect to this letter.

BY COMMAND OF THE ACTING SUPREME ALLIED COMMANDER.

1. The object of this memorandum is to clarify as far as possible the situation regarding the compulsory retention of Officers from Group 21 inclusive, and particularly to take fully into the confidence of CHQ CMF, those who are mainly affected by the application of this measure.

2. It is probably known to all that the Middle East and EMOR have already been forced to retain a considerable number of Officers, and certain recent Press articles indicate that SMC has also taken similar steps.

The present shortage of Officers in CMF on existing War Establishments is of the order of 4,000. As, however, certain extensive disbandments are impending, it would probably be correct to say that the true shortage is of the order of 2,500. To this must be added the incidence of LLIP which further aggravates the shortage.

3. It may be alleged that one way to meet the shortage would be to stop or drastically curtail LLIP; indeed some of those Officers whose release has been compulsorily deferred may feel that they are being retained mainly in order to allow others to go on leave.

In this connection it must be clearly stated that it is the official view at CHQ CMF that the LLIP project of getting all those home on 28 days leave who have been 18 months or more in the theatre must be carried out, for reasons of morale and welfare; or, in other words, that LLIP is just as much a commitment which has to be met, as is the provision of a garrison in GREECE or the occupation of AUSTRIA and VENEZIA GULIA.

4. Reverting again to the world wide shortage of Officers, it was ascertained about three weeks ago that the War Office were contemplating shortly issuing an Order standing all officers who have been in the theatre for 18 months or more on 28 days leave.

1. The object of this memorandum is to clarify as far as possible the situation regarding the compulsory retention of Officers from Group 21 inclusive, and particularly to take fully into the confidence of GHQ CMF, those who are mainly affected by the application of this measure.

2. It is probably known to all that the Middle East and BAOR have already been forced to retain a considerable number of Officers, and certain recent Press articles indicate that SEAC has also taken similar steps.

The present shortage of Officers in CMF on existing War Establishments is of the order of 4,000. As, however, certain extensive disbandments are impending, it would probably be correct to say that the true shortage is of the order of 2,500. To this must be added the incidence of LLP which further aggravates the shortage.

3. It may be alleged that one way to meet the shortage would be to stop or drastically curtail LLP; indeed some of those Officers whose release has been compulsorily deferred may feel that they are being retained mainly in order to allow others to go on leave.

In this connection it must be clearly stated that it is the official view at GHQ CMF that the LLP project of getting all those home on 28 days leave who have been 18 months or more in the theatre must be carried out, for reasons of morale and welfare; or, in other words, that LLP is just as much a commitment which has to be met, as is the provision of a garrison in GREECE or the occupation of AUSTRIA and VENETIA GULLIA.

4. Reverting again to the world wide shortage of Officers, it was ascertained about three weeks ago that the War Office were contemplating shortly issuing an Order stopping all Officer release from (including) Group 20 for four months. In order to give those concerned as much notice as possible, a warning order was sent out from this HQ. Later information disclosed that the War Office Order would probably only be operative from (including) Group 21, and in consequence the GHQ CMF instruction has been amended accordingly.

1888

5. Now it is not yet known what exactly will be the terms of the War Office Order, nor what condition may be attached to it. For this reason it is not desired to amplify the GHQ CMF Order until the War Office Order is received; otherwise it may simply mean a succession of amendments, which is clearly undesirable. It is hoped that the War Office Order will be received within about a fortnight from now.

/Continued.

- 2 -

6. Assuming that the basis of the Order is virtually a four months moratorium on the release of Officers, on present calculations this would mean that Groups 21 to 24 are likely to be most affected, while the release of later Groups may be correspondingly delayed. Though it is hoped not to a great extent. It is likely that a number of individuals in Groups 21 to 24 may, in expectation of early release, have made private arrangements in connection with their return to civil life, the cancellation of which would involve them in considerable hardship. It is therefore proposed that special allotment of 14 days leave, nominally a modified form of LIP, but actually compassionate leave, should be granted to deserving cases in Groups 21 to 24 where genuine hardship has been experienced by Officers, even if the Officer has had LIP already. Permission to grant this special leave will be delegated to BIA, 13 Corps, Districts, 15 GRCOE and TMI, but it is emphasised that it only be granted to genuinely deserving cases. Apart from this, Officers in Groups 21 to 24 will not be granted LIP, since they will be within some four months of release, assuming that the ban is lifted early in March or possibly sooner.

It should incidentally be mentioned that a War Office ruling has just been received that in order to economise in manpower one principle governing the grant of LIP should be that an individual should give a useful period of four months service after return from leave. This, with certain modifications, is being made the subject of a separate instruction.

7. Finally it should be made clear to all concerned that GHQ CMT will keep the Officer situation under close watch with a view to ensuring that the retention of Officers is not carried on one moment longer than is necessary. It must however be remembered that, assuming that Officer retention is needed by the War Office on a world-wide basis, it will presumably also only be removed on a world-wide basis; the best that CMT can do, therefore, will be to submit recommendations or make representations that the ban on release be lifted.

8. Addressees may act on this letter in so far as the grant to Officers of the 14 days special compassionate leave, referred to early in this letter, is concerned.
