I must point out that there are some differences between the request I was made by Capt CRUMP during the conversation referred to, and the request now confirmed in writing, e.g.:

- I was asked 34 men to be posted to 758 It GT Coy, and the letter states 35 men; the difference consists of one blacksmith.
- I was only given the ranks and specializations, but not the names of the personnel to be transferred as they now appear in the letter.

The consequence is that:-

- 34 men instead of 35 have already been posted to 758 It GT Coy
- ranks and specializations are those required, but the men might be others than those now indicated.

From 227 Div. HQ I understand that the movement has already taken place yesterday morning, Nov I4.

Owing to the fact that commitments in Naples have been reduced by the issue of vehicles to 807 Italian Transit Camp Ravisconina, and that additional vehicles have been issued to No 7 Admin Tpt Coy at Florence, it is considered advisable to re-unite the two platoons referred to above with their company HQ at Genoa.

O.C. British Cadre 1005 Italian GT Coy. reports that considerable difficulties are being experienced by the Italian Commander of his Unit as he is now responsible to three Higher Commands I.e.

513 Infantry Regt. in NOLA.
230 Div. in FLORENCE.
518 Regt. in BARI.

All are issuing conflicting orders to the Italian O.C. and instead of the Coy. being treated as such each detachment is being treated as a separate command. 513 Regt. have posted drivers to the Detachment in Nola and ordered that men shall be released. This release has been contermanded by the British Cadre of this Unit.

All of the commands want a detailed report after the move of even one man or vehicle detailed by them.

It would be appreciated, if this matter could be taken up with MMIA so that the Italian H.Q. of this Unit come under command 518 Inf. Regt. Bari, for all purposes, and the Detachments under 513 Regt. and 230 Div. for discipline only; not for administration.

It is found that the soap issue to Italian personnel of this Unit is insufficient to meet all requirements.

It is essential that these men have sufficient soap to ensure that they are clean at all times, in view of the fact that they are employed in the preparation of bread.

There is no allowance of soap or soda for cleaning purposes.

The issue of soap from British sources is used for washing the Italians' white overalls and there is none to spare for any other purposes.

In view of the importance of cleanliness in the work being carried out by these men, could the matter be taken up with the Italian Military Authorities, with a view to having a special issue of soap and soda.

1. Enclosed please find copy of translation of joining instructions for three Italian officers of this unit for a course at CESANO, in the first part of next month.

2. I wish to protest most strongly against sending Captain Avallone for the following reasons:-

(a) He is the only regular Italian officer I have.

(b) He is O.C. 759 Italian G.T. Coy.

(c) He has only joined the company within the last 7-10 days, and is in the process of taking over from his predecessor, who is about to be released.

(d) He is the only Italian officer who has some idea of how to maintain discipline, as my opinion over the last seven days, is that the men fear him at any rate, even if they do not necessarily respect him.

(e) Finally, in order to ensure that the impending visit of the D.S.T. War Office to this unit is the success that it has to be, the presence of Captain Avallone for the next three weeks is of vital importance to me. He has also expressed the opinion to me that at this stage, just when he is taking over the company and settling down, he has no wish to go away for two to three weeks.

In addition, I myself am the only British officer here at present - my British subaltern is on detachment at Capua, my 2 i/c was recently posted, and my Workshops officer has not yet joined the company, as he proceeded on LIAP at the time of posting.

3. I have put the above objections before M.M.I.A. L.O. (Captain) at H.Q. 3 District, who regretfully informed me that he was unable to do anything as General Browning M.M.I.A. was most insistent that officers detailed should attend the course. He agreed on my suggestion that through S & T channels or District or A.F.H.Q. level perhaps something could be done in view of the circumstances as set out above.

4. I therefore submit this letter in the hope that you may be able to institute prompt action on behalf of my unit.

5. Since writing the above, instructions have come in for a further three Italian officers - Lieutenants, (2 Platoon officers

5. Since writing the above, instructions have come in for a further three Italian officers - Lieutenants, (2 Platoon officers and 1 H.Q. subaltern) of this unit to go on courses immediately.

This is just tolerable, as my experience is that generally the platoon sergeant is twice as valuable as the platoon officer.

But this does make the presence of Captain Avallone even more vital to the efficient running of the unit.

It would be much appreciated if instructions regarding accident procedure in an Italian C.T. Coy., could be brought to hand.

An Italian driver causes damage to his W.D. Vehicle. Is the total cost of the damage to be charged to the Italian Army, if so, in what manner is the debit to be raised. On advice from me the Italian O.C., will make an award from the man's pay towards the cost, but how are the British authorised to receive this credit.

Owing to the heavy release programme of the Italian Army it is very necessary that instructions should be received in the near future, for otherwise it will be impossible to collect the sums.

In the case of an Italian Soldier being awarded forfeiture of pay towards the cost, would you please advise if following procedure as advised by D.A.D.O.S., 3 District in adjusting accounts would by accepted by you.

Normal procedure using P. 195/A to support Imprest Account, but the money to be actually handed over by the soldier to the British Cadre Imprest Account and credited.

Owing to the material, up to date, being mostly on the British Cadre charge, it is essential that some such procedure be adopted as no other accounting procedure has been instituted.

1. HQ 227 DIV has already taken up with NAPLES Territorial HQ the question of requisitioning extra billets for 758 (Italian) GT Coy. The question will be watched by this office.

2. The ration scale for Italian Forces is laid down by Combined Chiefs of Staff. There is no chance of any increase in rations being authorised, especially in view of the present world shortage of foodstuffs. Should further complaints occur, it should be pointed out to the Italian Commander that Italian Combat Troops operated in mountainous sectors last winter on the same ration scale.

An inspection was carried out by 15 Field Sanitary Section RAMC, of the billets of the Italian personnel of this Unit.

The following points were brought out in the report and I should be pleased of your assistance in the matter.

1. Personnel should be re-arranged in the billet so that the beds are at least 6 ft apart.

Certain materials are necessary for carrying out repairs and these are not forthcoming from British sources. Application has been made to the Italian Regt but they inform me that they cannot supply these materials.

Further accommodation is required. Can you please advise me as to what action to take, as I understand that it is an Italian responsibility to provide accommodation for their men. I have notified the Regt of this fact.

2. Cook House and Messing.

A general cleansing of floors and furniture in the cookhouse, prep room and dining room is required. Where windows are broken, they should be repaired and fly-proofed. 3 Container washing of mess tins should be adopted.

Soap and materials cannot be supplied from British sources. I have applied to the Regt but they inform me that they are unable to supply. I have also applied to CRASC, 26 GT Coln, RASC, under whom this Unit comes for administration and disciplinary purposes, for assistance in obtaining the necessary materials and a special issue of soap and disinfectant for use by the Italians, but I have been informed that this is impossible, and that it is my responsibility to force the Italian authorities to issue the necessary materials.

Would it be possible for me to meet a representative of your branch to discuss the matter more fully?

1. A Staff representative of 27 Division recently visited this area to inspect and discuss points in general re this Unit.

2. I requested him to take up on high priority the following points:-

(a) The Italian authorities here appear to have no power of requisitioning of buildings for Italian Troops. At the present time, many buildings are held by the Cadre for the Italian Army. They should therefore be derequisitioned by us and re-requisitioned by the Italian authorities. Still more winter accomodation is urgently required for this area and unless the necessary authority is forwarded quickly, the troops will still be under canvas and undergoing acute discomfort. In view of the vital need to us to keep the men working, I have earmarked certain buildings for moving in.

(b) Many of the troops complain of the insufficiency of food. I am keeping a careful eye on the internal administration of the rations and certain leakages have been stopped. A case does exist however for extra rations for these men who work at high altitudes. If you can give any support to the case, the Division will undoubtedly give the matter more consideration.

(c) I reminded the representative of the urgent necessity for winter clothing and dispatched this week an Italian Officer with transport to collect. The representative appeared to view the issue of 2 pairs of boots as a difficult problem and asked whether we could help - if only for the supply of leather and nails for essential repairs to old boots. Can you please help?

It would be greatly appreciated by this unit if the winter clothing issue could be made as soon as possible.

There are a considerable number of personnel within this unit who have only one shirt K.D., and one pair of K.D. longs.

Indents have been submitted to Div: H[illegible] but the amount of clothing released has not met the requirements by a long way.

It would be appreciated if you could take some action on behalf of this unit.

1. It is most vital that winter clothing arrives at the earliest possible date for Italian soldiers working on timber production in the mountains (in many cases Platoons are working at over 6,000 feet).

2. On September 5th an indent was submitted by the Italian office for:-

350	Giubette	(Winter jacket)
350	Pantaloni	(Trousers)
350	Maglie	(Winter Vests)
350	Mutande	(Pants)
350	Cappotti	(Overcoats)
350	Farsetti a maglia	(Pullovers)

3. In addition S/Ten. Mattoni of 758 Italian G.T.Coy called personally at the Italian H.Q., near Naples, on September 8th in order to hasten action.

4. Major Possenti of the Italian H.Q. told me personally on his visit here a month ago that the material was all ready.

5. It seems unreasonable to expect Italian personnel to work in 6 feet of snow (as they will do) with only one pair of boots. Can the Division please be approached re revising the scale in special circumstances.

6. I thank you for your action in the case of Capt. Marsili (your letter ref 3 DLO/3 dated 19 Sept 45 refers). He is still here and Capt. Catalano has arrived as his substitute. Do I release Capt. Marsili when I am satisfied his substitute has settled down?

1. HQ 227 DIV are doing their best to obtain the necessary reinforcement for 761 (Italian) GT Company. There is an extreme shortage of specialist MT personnel, and now that the older classes are being unconditionally demobilized it is becoming increasingly difficult to get good ones. It is really a question of accepting indifferent ones or going without.

2. There has apparently been some misunderstanding of your reinforcement demands upon the part of the Italian Admin Regt and it is recommended that these be submitted through the Italian OC of the Unit and not directly by you.

1°)- In base all'ultima richiesta complementi inviata - direttamente a questo comando - dal maggiore inglese addetto alla compagnia trasporti in oggetto (foglio 478 del 18 corrente) il personale occorrente per mantenere la compagnia nella forza organica e con militari delle prescritte specialità, era il seguente :

- 1 capitano
- 3 subalterni
- 3 meccanici
- 1 elettricista
- 1 fabbro
- 1 verniciatore.

Sono stati assegnati :

- 1 capitano
- 1 subalterno (gli altri 2 saranno assegnati quanto prima).

Non sono invece risultati disponibili i 6 militari specializzati richiesti né presso l'807° Campo Transito né presso il disciolto 1732 plotone officina.

2°)- Il comandante interinale del reparto, capitano SEVERINI che é stato invitato a presentarsi a questo comando per fornire spiegazioni, ha riferito che le richieste di cui sopra non tenevano conto delle necessità conseguenti ai congedamenti in atto. Ha pertanto inoltrato, in data 24 corrente, la seguente nuova richiesta di complementi :

Per questi ultimi, in data odierna, é stato inviato un apposito incaricato a Ravviscarina, per esaminare la possibilità di trarre una parte dei militari richiesti dagli specialisati ivi esistenti.

-/-/-

Declassified E.O. 12356 Section 3.3/NND No. 765020

3°)- Da quanto ha dichiarato il predetto capitano SERVENTI si rileva quanto segue :

a)- le richieste complementi sono state finora fatte dal maggiore inglese il quale ha tenuto conto quasi esclusivamente dei bisogni dell'officina, non preoccupandosi eccessivamente del reparto, nè della necessità di richiedere prima i sostituti per i militari aventi diritto al congedo.

Questo sistema è indubbiamente difettoso e sarebbe più opportuno lasciare ad una sola persona (preferibilmente al comandante italiano del reparto che è più al corrente della situazione matricolare dei suoi dipendenti,) il compito di inoltrare tempestivamente le necessarie richieste per mantenere aderente agli organici la forza del suo reparto.

b)- Dei complementi assegnati, buona parte non viene ritenuta idonea al suo compito e dallo stesso maggiore inglese, viene, senz'altra procedura, inviata a Ravioscanina.

Ne consegue che :

- questo comando ritiene che il reparto abbia avuto un certo numero di complementi mentre lo stesso ne ha ritenuto la metà e magari anche di meno;
- i militari avviati a Ravioscanina hanno tutta la possibilità di allontanarsi arbitrariamente senza che nessuno ne sia a conoscenza;
- si crea a Ravioscanina una situazione per la quale risultano presenti moltissimi specializzati, che rappresentano il puro scarto dei reparti che gli hanno colà avviati e che quindi non sono più accettati da nessuno.

Se tutti i reparti si regolassero nello stesso modo in cui ha fatto finora la 701ª cp. - trattenendo cioè solo gli elementi scelti - vi sarebbero a Ravioscanina centinaia di specializzati senza alcuna possibilità di trovare impiego.

Bisognerebbe invece convenire che, considerato che il congedamento delle classi anziane ha ridotto di molto il numero dei buoni specializzati, è necessario accontentarsi del materiale umano disponibile e cercare di utilizzarlo ugualmente invece di disfarsene inviandolo a poltrire presso l'807° campo transito.

4°)- Per quanto riguarda le lettere citate dal paragrafo 1) del foglio 1162 ST/S in data 18 settembre del 3° District, si rappresenta che le lettere stesse:

- non erano indirizzate a questo comando ma al comando del 403° rgt.

Declassified E.O. 12356 Section 3.3/NND No. 765020

tuazione matricolare dei suoi dipendenti, il compito di inoltrare tempestivamente le necessarie richieste per mantenere aderente agli organici la forza del suo reparto.

b)- Dei complementi assegnati, buona parte non viene ritenuta idonea al suo compito e dallo stesso maggiore inglese, viene, senz'altra procedura, inviata a Ravviscanina.

Ne consegue che :

- questo comando ritiene che il reparto abbia avuto un certo numero di complementi mentre lo stesso ne ha trattenuto la metà e magari anche di meno;

Se tutti i reparti si regolassero nello stesso modo in cui ha fatto finora la 761^ cp. - trattenendo cioé solo gli elementi scelti - vi sarebbero a Ravviscanina centinaia di specializzati senza alcuna possibilità di trovare impiego.

Bisognerebbe invece convenire che, considerato che il congedamento delle classi anziane ha ridotto di molto il numero dei buoni specializzati, é necessario accontentarsi del materiale umano disponibile e cercare di utilizzarlo egualmente invece di disfarsene inviandolo a poltrire presso l'807° campo transito.

4°)- Per quanto riguarda le lettere citate dal paragrafo 1) del foglio 1162 ST/5 in data 18 settembre del 3° District, si rappresenta che le lettere stesse:

- non erano indirizzate a questo comando ma al comando del 407° rgt. pionieri da cui il reparto dipendeva;
- erano delle pure e semplici richieste di complementi (e non chiedevano alcuna risposta) alle quali il detto comando di rgt. non poteva che dar corso riepilogando le richieste stesse su gli appositi periodici inviati a questo comando;

./.

Declassified E.O. 12356 Section 3.3/NND No. 765020

Questo comando non poteva quindi e non doveva rispondere ai fogli in esame ma soltanto assegnare i complementi - tenendo conto del fabbisogno complessivo di tutti i reparti dipendenti - in relazione alle sue disponibilità.

Ciò é stato fatto e non é colpa di questo comando se la 761ª cp. non ha potuto avere tutti gli specializzati richiesti.

5°)- Per risolvere i problemi connessi con l'assegnazione dei specializzati nella quantità e nella qualità voluta dai reparti che ne hanno attualmente bisogno e tenuto conto della situazione attuale (pochissimi elementi di scarto a Ravviscanina, nessuna possibilità, per ora, di averne dal comando tappa 212 (1) né da reparti in via di scioglimento), é pertanto necessario vengano al più presto assegnati i complementi richiesti con foglio 01/8280/op. del 15 corrente.

Further to this Office report on the position re technical personnel the undermentioned facts are forwarded for your information and action as you may consider necessary.

On the 11 Sep 45, this Unit was allocated 24 tradesman. On arrival there were only 11. The difference of 13 was made up of personnel absent from their Unit or awaiting trial by Court Martial. Of the 11 who actually arrived at this Unit, when tested 5 (five) of these proved that altough classed as as fitters the y knew next to nothing about the work. A total of 6 (six) persons are therefore left who are able to perform their duties with any degree of satisfaction.

It will be seen from the above that the requests for technical personnel as long ago as 6th Aug have not yet been completed.

In addition, three Unit which have been ordered to break-up have handed over to this Unit all the documents, baggage etc., of those personnel posted, and the men themselves sent on leave with instructions to report to this HQ on their return.
These personnel, a total of approximately 70-80, are held against the W.E.of the Unit, but have not as yet reported. This means that the number of personnel within the Unit on leave is a large one and the people who have actually become due for leave within the Unit cannot go as the total number ob leave is already excessive, and men of this Unit are having to stand down in favour of others.

It will be appreciated that to maintain the present transport commitments of this Unit with the aver changing personnel due to release etc.involves a considerable amount of work without the additional work, which is in effect, Transit Camp work.

It would be further appreciated if the question of Artifieer personnel is given careful consideration as mentioned

1. Herewith, in duplicate

(a) List of personnel of 1766 Co-op Pl due for discharge.
(b) List of deficiencies.

2. The Italian Sgt Major in charge of the Italian Military personnel of this unit has many times approached the Italian Military authorities for the release of the men overdue for demobilisation, and has always been told that no replacements are available. Unfortunatelt, all these requests were verbal and nothing has ever been put in writing. The Italian Sgt Major gives the following particulars of interviews:-

10 July 45 — Visit of Italian Lieut. Colonel Commanding 2nd Battalion 403 Regiment P.I. in BARI, when he spoke of early releases.

5 Aug 45.)
10 Aug 45.) — Visits of Lieut. Colonel LOCATELLI, C.O. 1 Battalion
20 Aug 45.) — 403 Regiment ANCONA, who promised to write to the Divisional Commander regarding the releases.

3. Capt. SQUIRE (O.C. 1766 Platoon) was present at all these interviews and personnally pointed out the difficulties which were being caused through the non-release of these men both at BARI and ANCONA.

Personnel Ex Co-operator Units.

1. Since the instructions have been received from the Italian sources in each case for the release of personnel, this unit made the O.C. Italian Unit responsible that a man for man was produced.

2. This unit has, in order to obtain the required number of drivers to complete WE to take on strength more than double the number, and then conduct tests to ascertain as to whether personnel posted from the Italian reinforcement depot, were in actual fact drivers or not.

3. Artificers personnel do not seem to exist at all, and the only way that this unit has been able to maintain the unit W/Shops to working capacity, has been by the employment of civilian labour.

4. This is in spite of many letters to Italian H.Q. and the personnel visit of British personnel to the reinforcement depot.

5. With the orders issued a few days ago by the Italian Division that the Class 1915 personnel were to be released, unless the Italian reinforcement depot can produce the re required number of artificer personnel, this unit will have two alternatives,
   A. To completely suspend the release itself.
   B. To revert to an entirely civilian W/Shops.

6. It would appear that there is no co-ordination between Div H.Q. and the reinforcement depot, and that no notice whatsoever is taken of letters written to them on the subject of manpower or the representation of Italian Officers as mentioned in para 1.
   It would be greatly appreciated if some action can be taken.

Un ufficiale superiore di questo Comando recatosi a Crotone per ispezionare la 758ª cp. trasporti generali ha potuto rilevare che i maggiori inconvenieti derivavano:

- dalla mancanza di un sottufficiale furiere e dalle conseguenti difficoltà in materia amministrativa in cui si sono travati gli ufficiali del reparto;

Entrambi gli inconvenienti sono attualmente superati in quanto:

1. 227 Div are sending you the requisite rfts as soon as possible, though the difficulty of finding the necessary specialists and your remotness from the rft centres will impose a small delay. However I anticipate that they should be with you by the end of the month.

2. You are entitled to retain all ex-coop personnel incl those belonging to other arms till suitable replacements are forthcoming. Many units have however released unessential personnel without waiting for replacements.

3. If you feel that the medical authorities are being too generous with convalescent leave, you should at your discretion retain the individuals concerned and report names and brief particulars to me, instructing the Italian O.C. to report similarly to 227 Div?

SUBJECT: Ex-co-operators - 758 Co-operator G.T. Coy.

see folio 45

TO : Major Thrupp,
Liaison Officer,
M.M.I.A.,
C/o HQ 3 District.

Ref: IGT/RO/ 3419

1. While it is appreciated that the change over of Co-operators to Br-iti status is causing much confusing work at your HQ on account of the number of companies involved, I would like to point the difficulties encountered by 758 Co-op. Coy. and ask for your assistance.

2. The above mentioned company is employed on Timber production in Calabria under the operational command of 9 C.R.E. who have a heavy timber production programme. It is therefore essential to keep the wheels of the transport carrying timber running smoothly.

3. The greatest difficulty is shortage of manpower. The company is 25 below strength and in addition 16 have been released or died, 10 have been graded unfit for duty (EF.16) and 9 have been sent on 60 to 90 days convalescent leave which is understood to be tantamount to Release.

4. The Italian authorities state that 15% should be sent on leave. Of the last 20 who were given leave 16 have returned, 4 being absent without leave for 1 month to date.

5. After considerable trouble 227 Division have sent 10 replacements. Of these, three have become absent without leave after only a few hours.

Summing up and adding those at present on leave and in hospital, the company is 95 men below its War Establishment.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785020

6. Orders have now been received for 7 men to be transferred to the Italian Navy and another 7 to the Italian Air Force. This includes the Maresciallo of the W/shops and some of the best fitters and drivers.

I have given instructions to the Senior Italian Officer not to act on these orders until such time as I can get advice from you.

You may agree that to man a Workshops, maintaining 203 vehicles, engaged on very heavy work over 2nd class roads with such a skeleton staff as will remain to the company if men continue to leave, is well nigh impossible.

7. Your advice as to whether I am empowered to stop the transfer of these men to the Italian Navy and Air Force would be appreciated.

8. Apart from the above, the Italian officers state that another 100 men of the company consider they have the right to return to their homes under Italian law.

9. Your instructions and further information on the above subject would be greatly appreciated.

Ref your signal F 16233 of 2 July cite FHGCT.

1. It is considered that 1, 2 and 3 G.T. Coys should be disbanded not later than 31 August. Their retention until that date is recommended in order that they may be employed during the interim period for the following reasons.

2. The Italian Army has not yet obtained possession of the military vehicles of Italian origin recovered in the North, which were ordered to be handed over to MMIA by Allied HQs in your letter AG 386.3/163 LOG-O 22 June. The work of organising and deploying the seven Admin. Tpt Coys (ITI-ITI) involving the selection of vehicles and personnel can NOT be completed before the 31 August.

NT.

3. Commencing on approximately 15 July, an unusual demand for transport will arise from the stocking up of ITI-ITI Supply Depots prior to the opening of ITI-ITI Distribution Depots in the North. It is appreciated that these Depots will eventually have to supply all Italian Soldiers irrespective of category when Allied Depots close down. This may require assistance from Allied Transport resources in the areas VENICE - BOLZANO and MILAN - GENOA.

4. NAPLES remains the principal Base Supply Depot of the Italian Army and very heavy demands on local Italian Transport Units (operating old vehicles) has led to a decline in the lifting capacity which will not be remedied until replacement vehicles can be provided.

Allied assistance has hitherto been readily forthcoming but this is no longer available.

5. It is, therefore, recommended that the three G.T. Coys are allocated as under, for the purpose of meeting essential demands on Italian Army Transport resources and that each in turn be withdrawn to ORVIETO for disbandment as circumstances permit.

6. As regards disposal of the vehicles held by these G.T. Coys.

In view of the number of British vehicles at present held by the Gruppi, it is for consideration (assuming such vehicles are eventually to be disposed of to the Italian Government) whether they should be regarded as a reserve to make up deficiencies in British Transport holdings of the Italian Army.

1. Reference AFHQ letter G.1(Br)/3001/1/A-2 dated Jun 45. All the instructions in this letter have been implemented as far as possible. The instructions contained in this and other letters attached to it are very meagre from a Company Commanders point of view. I have enumerated below numerous questions to which I shall require an answer. In some cases it has been necessary to take action although no instructions have been given. I have decided to divide my questions into two parts:-

(a) The question.
(b) The policy, if any.

2. My queries regarding the Imprest Account were dealt with by my GT/Q dated 30 Jun 45 addressed to No 8 Command Pay Office, copy to you for information.

3. May we be informed of:-

(a) The official title of the new company.
(b) The designation of the British Cadre.

4. May a copy of the New War Establishment (British Cadre) be forwarded.

5. (a) Are we entitled to employ civilians? At the time of change over civilians were employed in the following groups:-

Group (a) Cleaners for the Italians..... 10
Washerwomen for the Italians..... 9

Group (b) Cleaners for the British..... 2
Washerwomen for the British..... 3 (includes one forewoman to control all washerwomen, cleaners and cook).

Group (c) Artificer personnel..... 17
Interpreters..... 6

(b) Policy All those under Group (a) who obviously were working in the interests of the Italian Army have been dismissed. It will be necessary to employ those in Group (b) in the domestic interests of the British Cadre. It is obvious that the hygiene standard of the Italians will gradually fall below their present high level and as I have no disciplinary

Declassified E.O. 12356 Section 3.3/NND No. 795020

questions into two parts:-

(a) The question.
(b) The policy, if any.

2. My queries regarding the Imprest Account were dealt with by my GT/Q dated 30 Jun 45 addressed to No 8 Command Pay Office, copy to you for information.

3. May we be informed of:-

(a) The official title of the new company.
(b) The designation of the British Cadre.

4. May a copy of the New War Establishment (British Cadre) be forwarded.

5. (a) Are we entitled to employ civilians? At the time of change over civilians were employed in the following groups:-

Group (a) Cleaners for the Italians..... 10
Washerwomen for the Italians..... 9

Group (b) Cleaners for the British..... 2
Washerwomen for the British..... 3 (includes one forewoman to control all washerwomen, cleaners and cook).

Group (c) Artificer personnel..... 17
Interpreters..... 6

(b) Policy All those under Group (a) who obviously were working in the interests of the Italian Army have been dismissed. It will be necessary to employ those in Group (b) in the domestic interests of the British Cadre. It is obvious that the hygiene standard of the Italians will gradually fall below their present high level and as I have no disciplinary powers over them it will be far from satisfactory to employ Italian personnel as fatigue men. With regard to Group (c) these employees are still required for the efficient running of the company from a British operational point of view. The interpreters will have more work than ever. The artificers will still be required if the vehicle availability is to remain at its present level. In addition to this the vehicles are only on loan to the Italian Army vide para 3 of letter AG 400/105/D-O dated 22 Sept 44 and para 12(a) of letter AG 400/031/DS-O dated 6 Oct 44, and will be returned to the British Army on completion of the present operational roll. Therefore I consider it is in the British interests to keep the vehicles in the best possible condition. This can only be done with the assistance of the civilians that we have had in the past. I shall continue the policy as set out above until I receive definite instructions to the contrary.

Declassified E.O. 12356 Section 3.3/NND No. 765020

6. Clothing

(a) Para 13 of letter G.1(Br)/3001/1/A-2 dated Jun 45 states that holdings of Reserve and Winter Clothing held within units will be returned through Ord Channels to RSD. According to DADOS MMIA the Winter Clothing i.e. Greatcoats, Battle Dress, Jersey Pullovers and Gloves - knitted should be returned through him to 227 Italian Division. Which is correct?

(b) On the 30 Jun 45 co-operators were not in possession of summer scale of vests and pants although authority for the issue of these had been made. It has therefore been decided to hand over vests and pants woollen in lieu.

(c) Para 9 of AFHQ letter AG 400/031/GDS-O dated 6 Oct 44 setting out the preparation of vouchers for the handing over of clothing and necessaries says that the price will be stated. New articles will be charged at full prices, and used articles at prices as advised by AFHQ. Are these prices to be put in by unit in conjunction with ADOS Area before submitting to MMIA or will the prices be inserted by MMIA.

(d) Co-operators on 30 Jun 45 were in possession of mosquito nets. Are these to be retained by them or handed over on loan or withdrawn.

7. Vehicles

(a) Vehicles and G 1098 on loan are dealt with in para 12 (a) & (b) of AFHQ letter AG 400/031/GDS-O dated 6 Oct 44. There again the question of pricing items needs clarifying.

(b) Para 14 of letter Gi(Br)/3001/1/A-2 dated Jun 45 needs general clarification. The policy will be until further instructions are received to issue all vehicles and equipment on loan under para 12(a) of letter AG 400/031/GDS-) dated 6 Oct 44. The War Establishment of the British Cadre is also mentioned in this paragraph. The War Establishment we have worked on in the past is the W.E. of a co-opera tor company which does not differentiate between British and Italian portions of the W.E.

8. Discipline

How are CMP charges to be dealt with.

(a) Those that arrive after 1 Jul 45 for offences committed before 1 Jul 45.
(b) Those offences committed after 1 Jul 45.

9. Accidents

(a) What method will be used for traffic accidents that occur before 1 Jul 45 and have not been dealt with from a disciplinary point of view.
(b) Those accidents that occur after 1 Jul 45.

Declassified E.O. 12356 Section 3.3/NND No. 785020

New articles will be charged at [illegible] prices, [illegible] prices as advised by AFHQ. Are these prices to be put in by unit in conjunction with ADOS Area before submitting to MMIA or will the prices be inserted by MMIA.

(d) Co-operators on 30 Jun 45 were in possession of mosquito nets. Are these to be retained by them or handed over on loan or withdrawn.

7. Vehicles

(a) Vehicles and G 1098 on loan are dealt with in para 12 (a) & (b) of AFHQ letter AG 400/031/GDS-O dated 6 Oct 44. There again the question of pricing items needs clarifying.

The main question here is when a driver is obviously to blame and damage done to the vehicle.

10. Unit Signs

Is the 4004 Serial Number to remain on the vehicles or shall we be issued with a new serial number or will there be no serial number at all. Existing signs will remain until instructions are received.

Declassified E.O. 12356 Section 3.3/NND No. 795020

11. Returns

In future it is presumed that returns effecting personnel required by you will not include Italian Military personnel of the new company.

12. I quite realise that some time must elapse before I can have all the information required above. The most pressing question is that of para 5 dealing with civilian employees. Should it be impossible for you to give a direct answer would you give me a covering letter approving the policy I have adopted.

4 Special Transport Company (CROTONE).

The supply of clothing and equipment to the a/m unit is far from satisfactory. Although it is realised that this unit is ITI-ITI whereas the 63 Forestry Coy is ER-ITI, the difference in their treatment is causing dissatisfaction.

Last week 25 reinforcements arrived in a deplorable state, being dressed like tramps and with practically no equipment. Indents were immediately sent to 227 Division but have not been met.

Can you please take steps to ensure that 227 Division meets indents from this unit more expeditiously and that reinforcements to both 4 Special Transport Coy and 63 Forestry Coy are properly clothed and equipped before leaving their depot.
