TRANSLATION.

From: Ministry of War.

To: M.M. I.A.

Date: 8/9/45.

Subject: Provincial Committee of Trieste - Italian Red Cross.

The Italian Red Cross Central Committee has ~~XXXXXX~~ informed me that until now they have found it impossible to contact the Provincial Committee of Trieste, these contacts are considered necessary and urgent for the reorganizing of the committee, in a region where the need for Red Cross assistance is most felt.

Through several letters, we have only just found out the grave difficulties in which the a/m Association finds itself, as a result of war events. A great deal of the hospital equipment and a large part of the ambulances has disappeared.

To ascertain the real conditions of the a/m Committee and to start reorganizing the presence of an envoy of the Red cross G.H.Q. is unavoidable. I will therefore be extremely grateful if you would kindly authorize the passage to Trieste of one Inspector of the Red Cross.

Jacini.

Carter.

Cross Rossa is nothing to do with AMIA
but that they should apply in normal way through
the Quarta where Public Safety Sub-Comm have

type of case. A.R. 12 Sept. 2151*

1. In view of the focus of attention which is being pointed at Allied occupied VERONA GIULIA it is necessary that AFHQ be more fully informed on security and public order conditions than would ordinarily be the case. Anti-Allied agitation by JUGOSLAV agents infiltration of trouble makers across the MORGAN line the behaviour of JUGOSLAV civil administrators and stay-behind JUGOSLAV organisations in VERONA GIULIA hostile activities of ex-members of the Guardia Del Popolo and infiltration of JUGOSLAV agents into the GARIBOLDI Division are the type of questions which AFHQ desires to be kept informed. A brief summary of events in connection with the arrest of *in* TRIESTE on 9 July is requested as soon as practicable.

SUBJECT: Suspected black market activities

Results of our investigation so far do not show that S/Bjt Stanislas FARINELLI has engaged in black market activities recently by dealing in paper.

Said NCO, while denying all accusations, explains the fact that suspicions arose concerning him due to the frequent presence in ROME as his guest of a friend, one Modesto Martonelli, residing in NAPLES, 18 Via delle Torrette a dealer in paper and supplies thereof to the Allies, who, during the second half of April is said to have used the telephone at the Farinelli home to discuss business matters concerning his line of work.

On his part, Martonelli, while in ROME, gives the NCO's home as his address to all persons with whom he deals.

Our information is however, that Farinelli in no way participates in Martonelli's activities, nor have any other unfavourable facts been reported concerning him.

The investigation, however, is continuing, and it is believed that it would be made easier by full information concerning the individual to whom the unlawful offers are reported to have been made.

Accordingly, your mission is kindly requested to let us have, if possible, the name of said individual, as well as any other information he might have, which may be of help in the investigation.

CONFUNIONE MILITARE
il commissario straordinario

Rome, May 4th 1945

Dear Infante,

I hope you will forgive my bothering you again to obtain through your intervention and as soon as possible, a pass for North Italy, (Milan, Genoa, Bologna, Torino, Verona) for the General Manager of this Unione Militare,

Dr. Giuseppe RANUCCI, of the late Giovanni

(postal card n. 286125, issued in Rome, June 2nd 1943) - Address: Unione Militare, Largo Galdoni, Rome.

He is to reorganize the branches of the firm in the North, to avoid a disastrous crisis, and to stabilize before long the prices in favour of the officers of the various Army forces.

As you know, unlike other firms, this organization has no lucrative aim, and aims only at saving the patrimony of the officers, and at reducing its sales at prices which are inferior to those of the other firms.

This should make it easier to obtain, exceptionally, a pass.

grateful for whatever you will be able to do, I remain,

Truly yours,

SUBJECT: CI/Security Instruction (Austria) No. 3 - Travel to and from Austria

TO: All Concerned

Travel to and from Austria (zones occupied by American or British Forces) will be severely restricted and regulated in four phases.

1. First Phase - from the date of surrender or occupation of the whole or part of the territory concerned to the date when a skeleton form of CI Travel Control has been established. During this period:

- a. The Frontier Zone will be occupied by tactical units with the object of "sealing" the borders as they existed at 31 December 1937.
- b. The frontier will be closed to all travellers (including Kleiner Grenzverkehr - fronteliere) not forming part of the Allied Forces of occupation.
- c. CIC/FC Control personnel will take up posts on the frontier.
- d. Forward CI Travel Control Office will be set up at HQ Occupying Force in the American and British Zones respectively, and machinery for occupation and disposition of applications for authorization to cross the frontier will be prepared.
- e. Travel to Austria will only be permitted to the following:
 - (1) US and British military personnel on duty. When travelling as individuals, military personnel must be in possession of regular travel orders.
 - (2) Holders of Allied Force Permits endorsed "Valid for entry to Austria only" and issued by G-2 (CI) Section, this headquarters, or other authority designated by that office. Allied Force Permits at this stage will be issued "for entry only" unless exceptional circumstances are present and to individuals whose proposed journey is of immediate operational importance.
- f. Travel from Austria will only be permitted to the following:
 - (1) US and British military personnel on duty. When travelling as individuals they must be in possession of regular travel orders.

1. Ref your LO/1/AQ of 28 Apr.

1. (a) MMIA LO's are authorized to counter-sign duty travel passes, i.e. "Foglio di Viaggio" for Italian Military travelling into Army Areas. Recently liberated territory is, however, strictly out of bounds to Italian Military. Only in rare cases when Italian Military are specifically requested by 5 and 8 Armies can passes be counter-signed by you. The Army authority must be quoted on the "Foglio di Viaggio".

(b) Duty travel is unrestricted as far north as the Rear Army Security Control Line (see our INT/109 of 30 Apr att for easy reference). The "Foglio di Viaggio" does not require your counter-signature but the Italian Military must be in possession of their Identity Documents.

(c) NO passes will be issued to Italian civilians.

(d) Leave:— Italian Military on leave in uniform may travel with leave passes instead of standard movement of civilian passes as far North as Rear Army Security Control Line. These passes do not require your counter-signature. To travel North of that line, Army, Base or District authority must be obtained (in accordance with para 6 of A/17 of 30 Dec 44). This authority will be quoted on the leave pass and countersigned by you.

2. NO passes will be issued to places in the Region of VENEZIA GIULIA.

I am often asked to sign travel permits for Italian Officers and other ranks (not to mention relations and friends) in this area.

2. With regard to the two former categories I sometimes comply, when I see no harm in it. A system which seems to have been followed by predecessors.

3. However as it has certain disadvantages I would be grateful if you would now define my duties in this respect or refer me to any document or documents which give the answers.

4. Could your instructions please include indication of:-
- (a) The geographical regions for which passes countersigned by me are necessary.
 - (b) Tests and certificates to be demanded by me before signing passes for.
 - (I) Duty
 - (II) Leave (privileged or compassionate).

5. I have studied AQ/I7 of 30 Dec. & 13 Jan. referring to leave regulations but no mention is made of passes being signed by MIA LOs.

1. Sold. BILLI Guglielmo, 7 Regg. Salmeria, holder of the attached Foglio di Licenza, was intercepted in the English Army area. It will be noted that the pass in question authorized travel only as far as FANO, which is just South of the Rear Army Security Control Line.
2. A number of cases of this nature have been recently encountered in the Army areas, involving Italian military and Naval personnel. Certain individuals with homes in the Army areas appear able to acquire leave passes made out to a destination just south of the Rear Army Security Control Line, whence they attempt to make their way to their real destination as best they can.
3. It is requested that representation be made through the appropriate channels, with the Italian military and naval authorities to prevent this abuse of leave facilities for Italian service personnel and to ensure that leave passes are not made out to destinations just south of the Control Line unless the applicant can produce good reasons for the visit (such as location of home, family or business).

vertenze per i militari in licenza.

There is a lot of talk about the importance of the environment, but it is not always clear what this means in practice. The environment is a complex system, and it is difficult to understand how it works. We need to learn more about the environment, and we need to find ways to protect it. This is a challenge, but it is one that we must face if we want to survive. The environment is the foundation of our life, and it is the only home we have. We must take care of it, and we must make sure that it is healthy for all of us. This is our responsibility, and it is our duty. We must act now, before it is too late. The environment is our future, and it is our hope. We must protect it, and we must make it a better place for all of us. This is our goal, and it is our dream. We must make it happen, and we must make it real. The environment is our life, and it is our love. We must cherish it, and we must protect it. This is our mission, and it is our destiny. We must fulfill it, and we must make it our reality. The environment is our home, and it is our life. We must live in it, and we must love it. This is our way, and it is our path. We must follow it, and we must make it our journey. The environment is our world, and it is our future. We must create it, and we must make it our dream. This is our vision, and it is our hope. We must achieve it, and we must make it our reality. The environment is our life, and it is our love. We must cherish it, and we must protect it. This is our mission, and it is our destiny. Order issued some time ago by MMIA stated that Military personnel that have to go, for ^{other than service} ~~service~~ reasons, into the A/M areas will be in possession, among other documents, of the yellow pass which is to be requested ~~to~~ from the local A/C/AMG office or from the Guessture.

In actual practice it has appeared that following the normal procedure to obtain such pass requires a period of about 20 days, this owing to the fact that the Guessture has to request the approval of the allied Command for the locality where the bearer of the pass has to go to, before they can issue the yellow pass.

Such procedure causes great inconvenience specially for personnel that have to proceed on leave for urgent and ^{family} ~~serious~~ reasons of ~~familial~~ ^{family} ~~emergencies~~ (death or illness of very close relatives)

So as to avoid, or at the least ²⁰⁶⁹ reduce such, inconveniences which are very serious, as we have shown above, and also absence without leave from units - it would be necessary ~~that~~ ^{for} the

1. Herewith for necessary action, please, is an extract from 417 PS Section's W/417/AR/2I dated 2 March 45.

" Two cases of Italian Military personnel being granted leave to HIERNA (R2458) occurred during the week. These came to light since the persons concerned had to apply to PS for ration cards. Both cases are in contravention of the limitations notified in I District letter 700/IO/GSI of 12 December 44, para 1(s). The individuals in question have both been given strong warnings by PS that leave to the Army Zone is not permitted, but it is felt that the fault lies with the officers who grant the passes, and who should know that they cannot grant such leave. Details are as under:-

(a) GIOVINALLI Basilio. Site, - Unit: Compagnia Direzionale, Direzione Artiglieria del Comando militare del Lazio Umbria Abruzzi. Leave pass issued in ROME on 9 February 45, signed by Col Commanding, signature illegible. Travelled to AREZZO by Italian military truck being granted a movement order (in Italian) by UFFICIO Servizi Sezione Automobiliamo, NO.1873 dated 8 Feb 45.

(b) SATTINI Vasco, S/Capo - Unit: S. Gruppo Antisom BRINDISI. Leave pass issued BRINDISI on 5 Feb 45 signed by Tenente di Vascello SABINI Leonardo.
